Administrative history / Biographical sketch

Note

imX Communications Inc. was a Halifax-based film and television production company formed in 1998 by Christopher Zimmer, the company president. His original company, Imagex, was incorporated in 1985 and was placed under the larger umbrella of imX Communications in 1998 to produce feature films, made-for-television movies, documentaries, and animation. The feature films *Margaret's Museum* and *New Waterford Girl* received considerable critical acclaim.

Zimmer had a thorough grounding in television, advertising, and film production in New York and Los Angeles. He has been a member of the Board of Directors of the Atlantic Film Festival, the Canadian Film and TV Producers Association, and on the Canadian Government's Advisory Committee on Feature Films. Along with the Donovan brothers, Zimmer has played a major role in transforming Halifax into a major Canadian entertainment production centre.

imX has co-produced and fully produced feature films, animated productions, and television series and features. The company has also developed service and executive productions. It has become known for its many co-productions with international companies in the U.K., Spain, Germany, Poland, France, the U.S.A., the Netherlands, Venezuela, and Belgium. imX also had a base in St. John's, Newfoundland for several years and was a partner in the Double Helix Animation Studios (Halifax and Sydney) and the CineSite Film & TV Production Centre (Halifax). Its productions are noted for authentic settings, Canadian stories, and their use of local and Canadian talent.

Both Zimmer and imX films have earned numerous industry awards. Some of these include over twenty-five Gemini nominations, seven Leo Awards, and awards from the Seattle International Film Festival,

New York Film Festival, Taos Talking Picture Film Festival, Biarritz Film Festival, Berlin Film Festival, Havana International Film Festival, the Montreal Film Festival, the Toronto Film Festival, the Vancouver International Film Festival, and the Atlantic Film Festival. imX was bought by DHX Media in July 2008.

Custodial history

Records were acquired in two accessions (accessions #2008-051 and #2008-054). The bulk of the materials were acquired in the first accession, which included textual materials, still and moving image materials, audio materials, posters, and publications. The second accession included film and material from The Divine Ryans. Prior to that, the records were in the custody of Christopher Zimmer, President of imX Communications Inc.

Additional materials were received in two accessions in 2010 (accessions #2010-013 and #2010-017) but they are not described in this finding aid.

Scope and content

Fonds consists of records regarding imX's corporate operations, productions, and other projects between 1985 and 2008. Corporate operations include imX Communications and its subsidiary companies: ImageX, Helix Animation, and North/Northeast Ventures. Film productions include theatrical full-length or short films, including documentaries. Television productions include made-for-television movies and documentaries, stand-alone productions, and series. Animated productions include feature length, television series, and shorts.

This fonds comprises ninety-four series which are arranged alphabetically by the name of the corporate entity, production, and project. Textual files contain a wide range of documents including scripts, call sheets and daily production reports, funding applications, cast and crew employment contracts, notes on location scouting, co-production agreements, marketing plans, budgets, music cue sheets, insurance coverage, and correspondence. Electronic mail (4.57 GB) downloaded from the e-mail server at imX corporate headquarters in Halifax contains 32,134 individual messages in 1,054 folders covering all aspects of corporate operations and business transactions. There are also 23,368 electronic files (15.6GB) that support the activities of imX, imageX, and Helix Animation documents in use between 1990 and 2008. Together with the text files, they represent a complete record of the activities of imX Communications and its affiliates.

Most corporate records have been retained in order to provide a full picture of what it is like to run a film production company in Nova Scotia. In addition, the records for three feature film productions, The Divine Ryans, Margaret's Museum, and Love and Death on Long Island, have also been fully retained. 134 linear feet of textual material was not retained.

Scope and content:

Series consists of records documenting the administrative, creative, financial, legal, production, and publicity and marketing activities of this project. This feature film, set in Cape Breton and filmed in various Nova Scotia locations, tells the story of a Maritime woman and her daughter coming home from British Columbia and offers the 1990's response to what happens after Maritimers "go down the road". The 96-minute drama was co-produced by Imagex, directed by Nicholas Kendall, and written by Peter Behrens. The cast starred Jennifer Dale, Mia Kirshner, and Gregory Harrison. Title: New Waterford Girl

Date: 1997-2003 (date of creation)

Scope and content:

Series consists of records documenting the administrative, creative, financial, legal, production, and publicity and marketing activities of this project. This feature film is a 95-minute comedy that tells the story of coming of age and wanting to go down the road and escape 1970s Cape Breton. The film was co-produced by Imagex, directed by Allan Moyle, and starred Liane Balaban, Nicholas Campbell, Cathy Moriarty, Andrew McCarthy, Tara Spencer-Nairn, and Mary Walsh. New Waterford Girl was nominated for seven Genie Awards

and won best Canadian and Nova Scotia features at the Atlantic Film Festival. It was also screened at film festivals in Berlin, New York, Rotterdam, Sundance, Toronto, and Vancouver. This series contains agreements, applications, a cast list, clearances, correspondence, a crew report, film posters, incorporation documents, payroll reports, a press kit, publicity stills, a script, a synopsis, and video recordings.

Series: Seats 3A & 3C

Title: Seats 3A & 3C

Date: 2000-2006 (date of creation)

Scope and content:

Series consists of records documenting the administrative, creative, financial, legal, production, and publicity and marketing activities of Seats 3A & 3C productions. This innovative film series tells contemporary stories in low-budget, digital, feature-film formats developed and entirely owned by Imagex. There are four films in this series: Dragonwheel, Love that Boy, Past Perfect, and The Wild Dogs.

Dragonwheel, a romantic comedy set in Halifax, Mexico City, Barcelona, Tokyo, and on flights in between, was the directorial debut of Tricia Fish, writer of New Waterford Girl. Fish also wrote the screenplay. Dragonwheel starred Graham Gavine and Krista MacDonald.

Love That Boy tells the quirky story of an over-achieving, soon-to-be college graduate improbably falling in love with her 14-year-old neighbour. The 85-minute drama was written by Andrea Dorfman and Jennifer Deyell, directed by Andrea Dorfman, and starred Nadia Litz, Adrien Dixon, Nicki Barnett, PJ Crosby, and Dax Ravina.

Past Perfect follows two passengers sitting in adjoining seats, Seats 3a and 3c, on a flight from Vancouver to Halifax who fall in love and then meet two years later. The film was the directorial debut for Daniel MacIvor, who also wrote the script. The 82-minute drama's cast included Daniel McIvor, Rebecca Jenkins, and Maury Chaykin. Past Perfect won the award for Outstanding Performance as an actor at the Atlantic Film Festival in 2002.

The Wild Dogs is set and photographed in contemporary Bucharest and brings together the stories of a reluctant city dog-catcher, a diplomat's wife, and a visiting Canadian pornographer. It was directed and written by Thom Fitzgerald, who also played a leading on-camera role. The 97-minute drama starred Alberta Watson, David Hayman, Rachel Blanchard, Thom Fitzgerald, and Mihai Calota. It won awards at the 2002 Atlantic Film Festival for Best Canadian Feature, Best Direction, Excellence in Sound Design, and Excellence in Editing.

This series contains agreements, applications, budgets, cast lists, clearances, correspondence, credits, crew biographies, crew lists, day files and video footage, dialogue transcriptions, financial records, marketing plans, outlines, photographic stills and transparencies, a pitch package, press kits, production reports, release prints, research, schedules, scripts, sound notes, sub-titling, treatments, video recordings, and website development plans.
