Summary information

Repository:	MacRae Library
Title:	William Threlfall fonds
Reference code:	MS-14-33
Date:	1921-1984 (date of creation)
Language:	English
Physical description:	4 books 2 computer-disks

Custodial history

Materials were located in the Agricola Archives and were processed in 2012 (accession numbers A2012-196, A2012-195, A2012-194). Other materials were purchased with Threlfall funds (accession number A2023-047).

Scope and content

Fonds contains records created by William Threlfall that pertain primarily to the diseases, virology, and parasitology of birds and waterfowl. Records are thesis, research notes, and articles.

Notes

Title notes

Arrangement

The Agricola Archives imposed thematic and chronological order during archival processing.

Restrictions on access

There are no access restrictions on these materials. All materials are open for research.

Conditions governing use

Materials do not circulate and must be used in the MacRae Library. Materials may be under copyright. Contact departmental staff for guidance on reproduction.
