'83

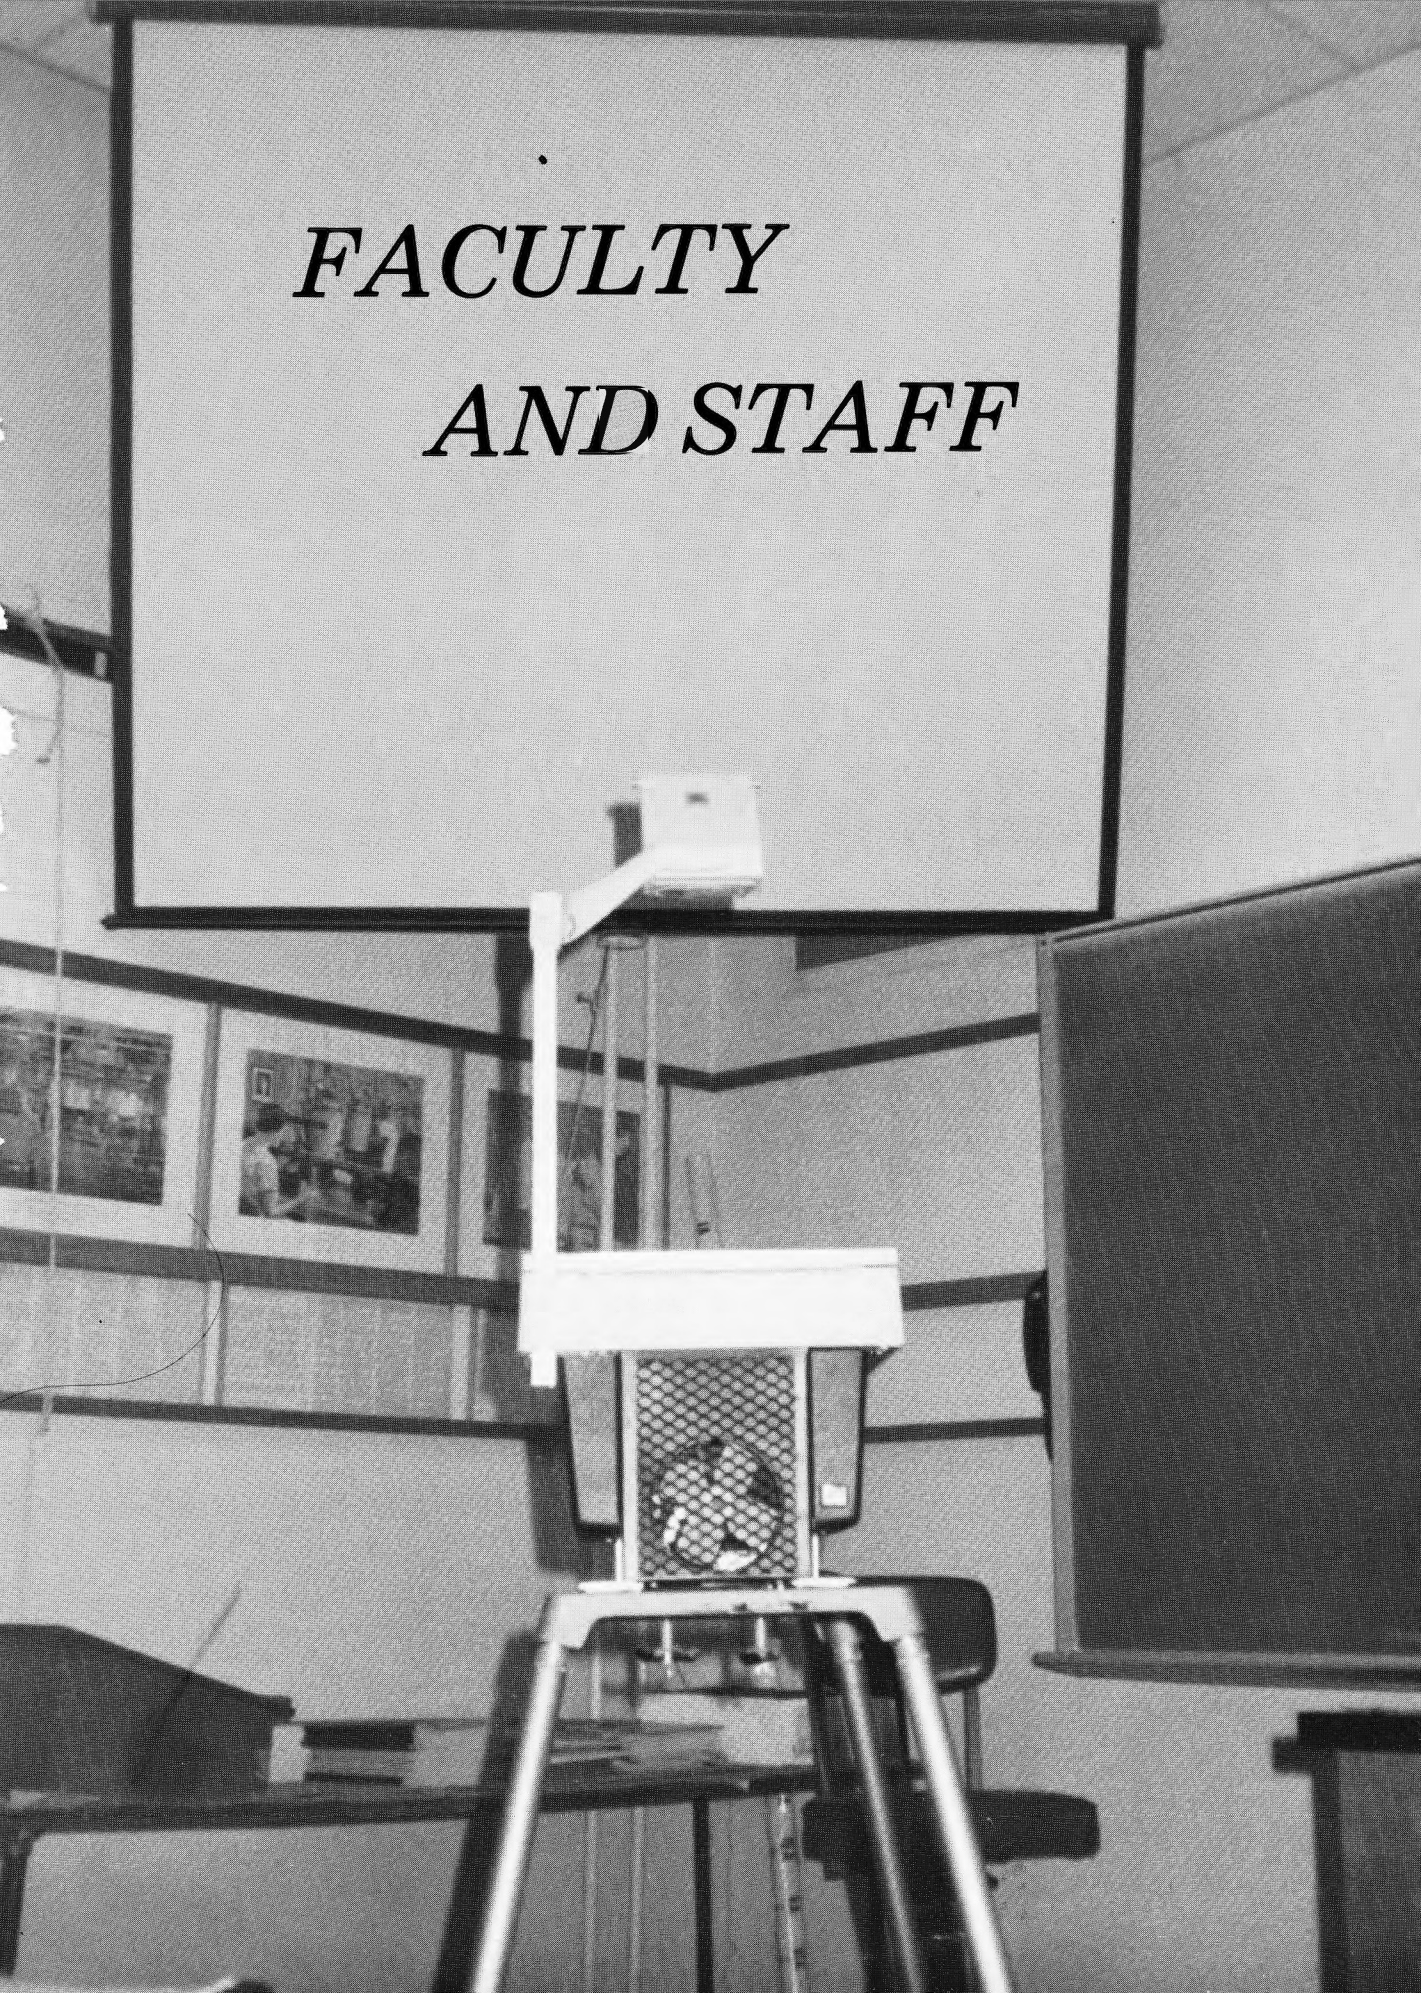

*FACULTY
AND STAFF*

DIRECTOR'S MESSAGE

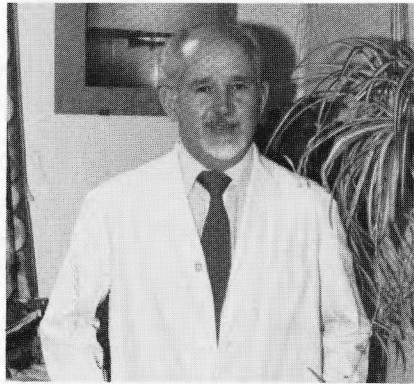

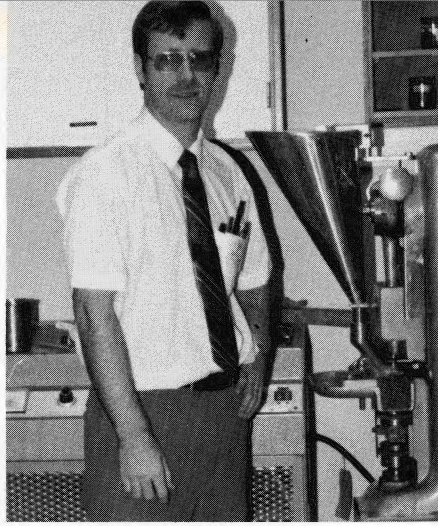

Dr. David Yung

The 1982-1983 session has not been an easy one, for either the pharmacy faculty or the pharmacy students. The school year started shortly after the provincial government's announcement that some of the promised funding to Dalhousie would not be forthcoming, causing the University to cut its budget in the middle of the fiscal year. In mid October, President MacKay declared a situation of financial constraint and froze all faculty replacements and reappointments. In December the question of whether or not the Dalhousie Faculty Association was going to strike confronted the students with the real possibility that their studies might be interrupted. Then two faculty members left the College in the middle of the academic term, creating a total of three vacant faculty positions on our teaching staff. The lack of announcement from the government as late as March regarding the level of fundings to universities created uncertainty and uneasiness among faculty and students. This is a very gloomy picture. However, we must not allow these events to destroy our picture. However, we must not allow these events to destroy our spirit or our commitment to excellence. We cannot afford to give up hope!

I would like to take this opportunity to say farewell to the graduating class of 1983. Please keep in touch and remember, always, it is your responsibility, as it is mine, to maintain the integrity of the pharmacy profession. To the students who are coming back in the Fall, I wish you a productive summer.

Finally, I wish to say thanks to Jim Gay, Sandra Grant, and the Executive of the Dalhousie Student Pharmacy Society for providing us with another year of excellent social and professional programmes. Being able to work with a group of enthusiastic students is a reward for the Director of the College.

THE POWER TO HEAL

The Wellcome Trust has donated well over one and one half million dollars to medical schools and libraries throughout Canada.

The Wellcome Foundation Ltd., of which we are one of the worldwide constituents, is an organization without parallel in the pharmaceutical industry.

The energies and resources of the Foundation are channeled into the Wellcome Trust, set up exclusively to fund and advance research in medicine and allied sciences. We are proud to say: "Research is our only stockholder."

Our symbol, the unicorn, is linked to the power to heal and cure. The advancement of medicine and the detection, prevention and cure of disease is our high goal, as it is yours.

D.S.P.S. 1983-1984

PRESIDENT'S MESSAGE

Well here it is, the end of another academic year and the end of my term as President. This year has been one that I will never forget, full of activity with a vitality that I hope will continue.

At this time I would like to thank the DSPS executive for their hard work in organizing the various events throughout the year. I can't put into words how indebted I am to all of you, it has made my term as president so much more fulfilling to have had such support.

To Dr. Chandler, thanks for the advice and on behalf of the executive **MANY THANKS!** Your open door policy proved invaluable, your guidance in many matters was well appreciated.

Dr. Yung, without your support we could not possibly have succeeded. The time you spent helping us with such events as PDW'83 will never be forgotten.

I would like to extend my sincere congratulations to Marthe and Monique for putting together such an excellent yearbook, it makes all the hours spent worthwhile doesn't it?

I wish all the best to the undergraduates at the College and to my fellow graduates . . . Thanks for all the good times and may the profession prove to be fulfilling and prosperous.

Respectfully,
Jim Gay

CAPSI

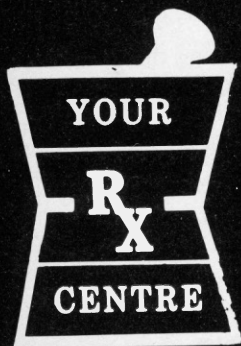

Another year full of activities has passed at the college. This year, we attempted to communicate more effectively what CAPSI is all about. In September on national CAPSI day we put up a series of posters illustrating the many functions CAPSI performs. We hope this, as well as talking with people on an individual basis has helped achieve this objective.

The referendum we held in March as to whether we would remain mandatory members of CPhA passed with an overwhelming majority, thus we feel support for our national organization is strong.

Of course the highlight of our year was hosting PDW '83. All of the time and effort spent in organizing the event proved worthwhile when we received very positive comments from all those who attended. We feel that this weekend helped our students see more clearly just what the aim of our national organization is: To promote spirit and unity among all pharmacy students in Canada.

In closing, we wish all the best to the new CAPSI representatives. We are confident that under your leadership, CAPSI will remain a growing and thriving organization at Dal and that CAPSI will develop into a stronger, more unified voice of Canadian pharmacy students.

Sincerely,
Jane Farnham (Sr. Rep.)
Roy Cairns (Jr. Rep.)

YEARBOOK

Don Mader

Creating a yearbook involves a lot of work but at the same time it brings about a lot of fun. Many people helped in making this book possible. We would like to express special thanks to Elizabeth Blanchard, Jane Farnham, Glenda LeBlanc and Anne Leslie for their faithful help throughout the year. We must not forget our devoted photographer, Jim Gay, who was always ready to help at any time. We would also like to extend our gratitude to the people who sold the books in every class, namely Janel Nemes, Lydia LeBlanc, Céline Guinard and Anne Leslie. As well, many pages of this book would not have been possible without the assistance of our yearbook advisor Don Mader who's help was only a call away. In closing we would like to wish the best of luck to our fellow graduates.

Marthe Boudreau and Monique Pitre
Co-editors

The CIBA Collection of

MEDICAL ILLUSTRATIONS

by Dr. Frank H. Netter

Seven volumes (9 books) that present human anatomy, physiology and pathophysiology, through comprehensive medical texts and the superb full-colour illustrations of the renowned artist-physician, Dr. Frank Netter.

The nine available titles are:

Nervous System - Volume 1

Reproductive System - Volume 2

Upper Digestive System - Volume 3, Part 1

Lower Digestive System - Volume 3, Part 2

Liver, Biliary Tract and Pancreas - Volume 3, Part 3

Endocrine System - Volume 4

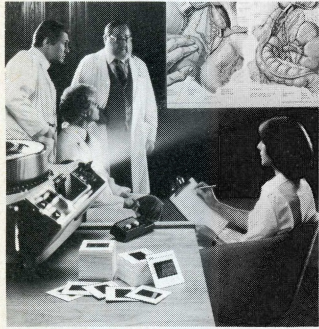

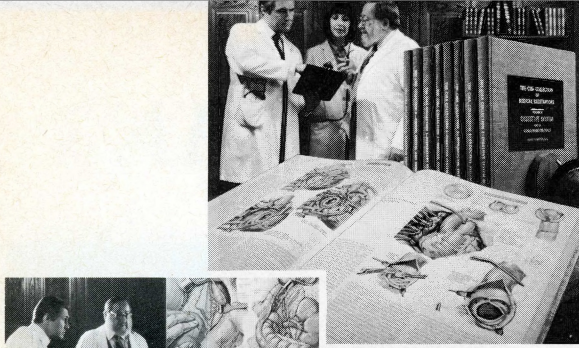

Heart - Volume 5

Kidneys, Ureters and Urinary Bladder - Volume 6

Respiratory System - Volume 7

Clinical Symposia Reprints

To complete or add to your medical reference library. More than 70 editions that have been published over the years are available in their original format with all the full-coloured illustrations. Many are being introduced into Canada for the first time. Please note they contain *no advertising*.

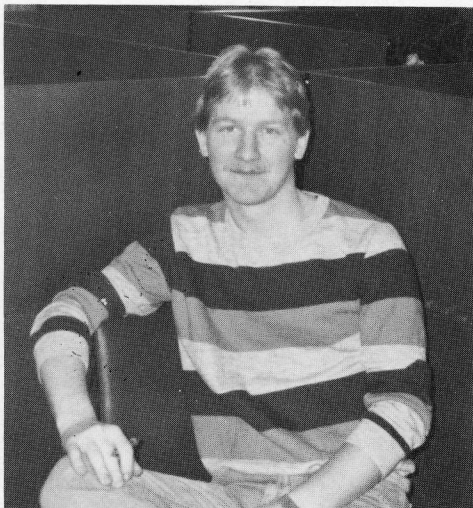

CIBA Medical Slides

Our 35mm Kodachrome slides present over 3,000 of the medical illustrations that are featured in The CIBA Collection of Medical Illustrations and Clinical Symposia. Through the use of our codes and listing, each slide can be matched up with the original illustration.

C I B A

Mississauga, Ontario L5N 2W5

STUDENT UNION

1982-83 has marked Dalhousie University with a taste of hardtimes. With large scale cut-backs and financial restraint, student services have been greatly affected. In addition, this year was marked by the heavy threat of a faculty strike.

It was the intention of the Dalhousie Student Union to provide the university administration with some insight into where students stood on certain issues. In addition, the student union attempted to provide health guidance and advice in other areas affecting students. We also found relief in seeing the slow train ratifying student loans sped by an active force on campus.

Pharmacy students experienced many of the hardships along the way but through an active society were afforded a glimpse of sunshine.

In closing, I wish to guide any persons taking up office on campus or within the DSPS to regard communication as an invaluable resource.

Sincerely,
Glenn H. Levy

Time for a break

Our term as sport reps has been very active and enjoyable. During the year Pharmacy participated in 33 individual and team sports and captured the titles in men's and women's soccer, women's volleyball, and in women's foul shooting. Although we missed out on the supremacy titles I think we all had a great time striving for them - even when it meant broomball or hockey games during the early hours of the morning. We would like to thank all sports participants and all fans who made this year such a success.

SHOPPERS DRUG MART®

THE GROWING FAMILY OF COMMUNITY DRUG STORES

And every store is owned by a pharmacist

THE ASSOCIATE CONCEPT

There are Shoppers Drug Mart stores in every province of Canada and in several of the United States. Each one is owned by a Pharmacist/Owner, known as the Associate.

This arrangement offers the benefits of both an independent business and a large chain operation. As an owner, the Associate is highly motivated to develop the business potential of his or her store, with the freedom to purchase, hire, and administer. As part of a national

organization, the Associate has the benefits of financial backing, national advertising, bulk purchasing professional store design, management guidelines and staff training.

This Pharmacist/owner arrangement is one of several factors which complete the Shoppers Drug Mart concept. Others are: mass merchandising sales techniques; concerned and courteous response to consumer needs; and low prices.

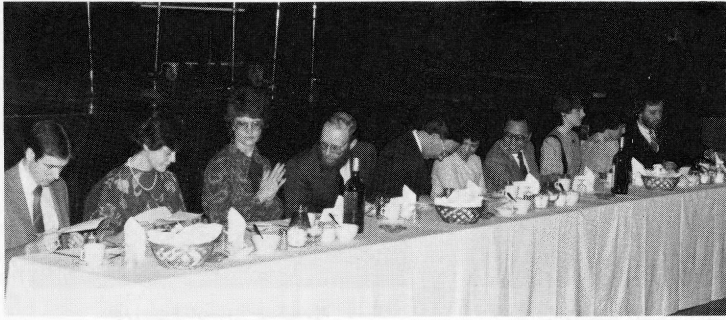

OUR SUCCESS CAN BE YOUR SUCCESS

**PARTNERS
IN HEALTH CARE**

The health care field is a demanding, but satisfying one. Behind each professional health care specialist are years of training, coupled with a dedication to making life a little easier for everyone.

At Crown Life, we recognize the important contribution professional health care specialists like you will make to the community. After all, we're health care specialists too.

Our employee life and health benefit packages provide excellent health care protection right up to retirement, and cover services from Orthodontics to Long Term Disability insurance. Even after retirement, when most health care coverage ceases, Crown Life can offer employers and employees alike the financial protection of a guaranteed pension plan.

We look forward to working with you as partners in the health care field. Like you, Crown Life wants to make life a little easier for everyone.

Halifax Group Office

PDW

The third annual Professional Development Weekend was hosted by students at the College of Pharmacy on February 11-13, 1983.

We had students attending from B.C., Alberta, Saskatchewan, Ontario and Quebec. It was a great opportunity to meet our counterparts from across the country and to exchange ideas and socialize.

We planned a full weekend of events including a city tour, a highly successful pub, an excellent program of speakers, a banquet and dance and even a trip to Peggy's Cove.

Several people deserve special recognition for the assistance they gave us with the weekend. They are Michelle Mezei, Kim Nguyen, Marthe Boudreau, Monique Pitre, Sandra Grant, Annette Chisholm, Kathy Blizzard, Sandra Aylward, Dr. Yung and Dr. Chandler. We really appreciate all of the effort you put into helping us. Thanks also to those who billeted students, met people at the airport and all those who helped out in any way. You made it all happen.

We felt that our efforts had been rewarded when we received so much positive feedback from those who participated.

Sincerely,
Jane Farnham

THE WAY WE WERE

Memories light the corners of my mind.
Misty water color memories of the way we were.
Scattered pictures of the smiles we left behind,
smiles we gave to one another for the way we were.

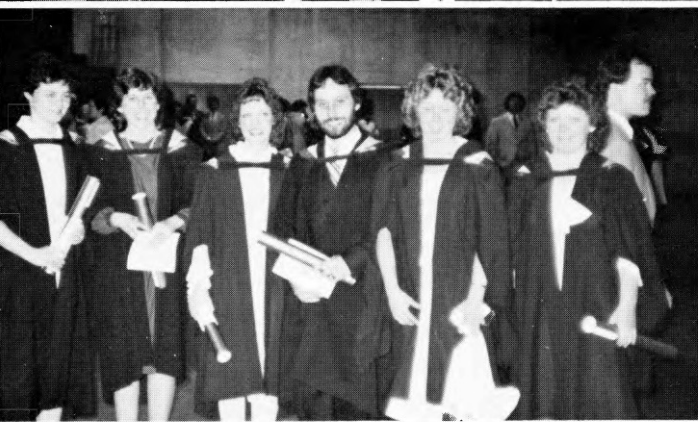

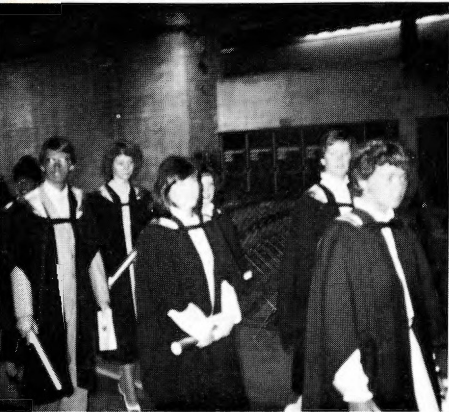

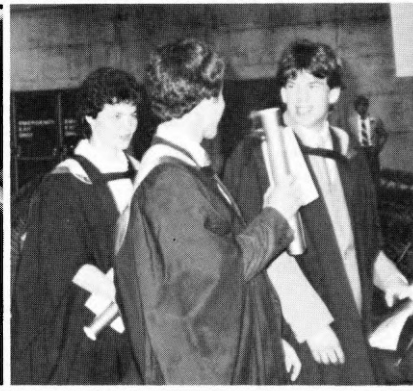

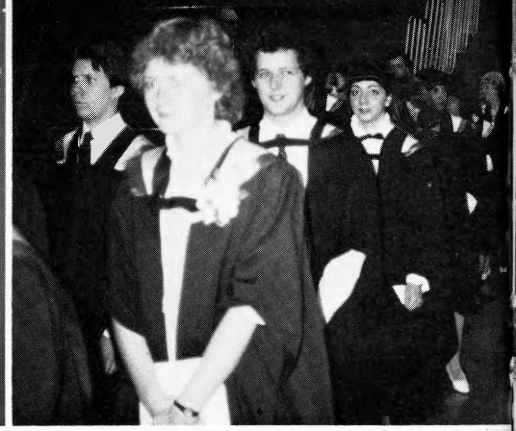

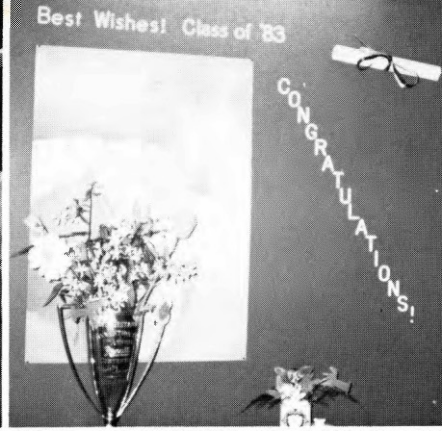

Can it be that it was all so simple then,
or has time rewritten every line?
If we had the chance to do it all again,
tell me would we? Could we?

Memories may be beautiful, and yet,
what's too painful to remember
we simply choose to forget.
So it's the laughter we will remember,
whenever we remember the way we were;
The way we were.
