## Student reps-but not on Board of Governors: Acadia

WOLFVILLE (CUP) -- The president of Acadia University last week came out in favor of student participation in university government -- but placed the board of governors off limits to wouldbe student representatives.

Dr. J.M.R. Beveridge said he saw "a number of areas where student participation would be desirable, essential"--but not on

Dr. Beveridge said he opposed student board members because the student would be transient and bear no responsibility for his decisions, and increased board membership would tie up decision

In lieu of direct student participation, Dr. Beveridge suggested students adopt a system similar to the one at Queen's University where students appoint an alumnus or faculty member to represent

## RCMP launches pot probe in Sudbury

SUDBURY (CUP) --- RCMP are investigating a campus newspaper report that at least 20 Laurentian University students are smoking marijuans and that half the 1,200 students there have tried it at one time or another.

Pierre Belanger, editor of The Lambda's French section, said in an article last week that most of the marijuana comes from

The report indicated it's sold in bags sufficient for 10 cigarettes at \$5, or by the cigarette for \$1.

University president Stanley Mullins has ordered an immediate investigation into the report, but says he is convinced there is less use of drugs at Laurentian than "by students on campus at any other Canadian or American university,"

Laurentian students say they can buy marijuana from contacts at the University of Toronto or in Yorkville.

The campus newspaper editor says he has tape recordings to support statements made in his article.

### Saskatoon students want voice too ...?

SASKATOON (CUP) -- University of Saskatchewan's students' council Monday (Feb. 6) made a strong bid for student participation in university affairs when councillors gave almost unamimous approval to motions calling for open decision making and increased

Council recommended that all university council meetings be open to students, including a representative from the student newspaper, and that minutes of these meetings, as well as students' council meetings, be available upon request.

## **Elections no longer** degrade the voter

rather than the historical one team plus putup opposition, will be running.

This change might have enormous repercussions. For if anyone bothers to read while. the platforms, he will discover that neither platform represents the ramblings of an idiot. And while this in itself is hard enough to there is a real contest, and that both teams are fully capable and competent.

One real issue seems to be that of decentralization. Not, in fact, whether or not to decentralize, but rather, how far to go. Both parties recognize that before any real sort of student participation can be affected, changes must occur. The question is one of what changes, and when.

Hankey's answer to this question is complex. It depends upon making small units, such as residences and faculty societies, almost autonomous. Fewer than 18 per cent of Dalhousie's undergraduate students participate in Dalhousie extracurricular activities in more than just a passive way. Hankey believes that this is largely due to the cliquish, bureaucratized operations of the various societies; he also feels that they often have a permanent air of mammoth impersonality. Students have to be oriented about a smaller unit than a three thousand person blob if they are going to contribute to and benefit from the extracurricular life

A case in point is the organization of the Canadian Union of Students. At present it is a sort of Mother, administering kindly discounts to its children. Occasionally communicating the messages which it can sneak secretly onto the back of a dollar bill. Before CUS can serve its real purpose, it has to be able to reach the individual student. And this can only be done by organizing first in small units, and secondly around things that are of concern to the student. Hopefully, what these things are will diversify as the student becomes, through CUS, aware of himself.

And so it is for most organizations. Hankey believes that Campus activities must be made relevant to the student, not to a "little praesidium." The votes he is obviously trying to capture are those of the people who feel that there is something wrong with our present unrealistic and almost mystic system of student government.

A shworth, on the other hand, is attacking things in a different way. His platform is obviously much simpler. So, unfortunately, come again.

When Dalhousie Students vote in to- are some of his motives. He prefers to morrow's elections, they will face a situ- communicate, in true political tradition, in ation completely alien to the normal politi- the vernacular of the promise for everyone. cal life of this university. In short, two teams, His platform is in sharp contrast to Hankey's in that there is no overall philosophy; but his various proposals, while completely without a unity, are none the less quite worth-

The Hankey-Foley and Ashworth-Alexander teams stand in common behind several concepts. Universal accessability (inbelieve, he will also discover that for once cluding first year tuition), open decision making, and increased-medical coverage are basic to both parties. And in other things, the candidates usually differ mostly in their proposed methods of implementation.

Consider the problem of student apathy. Hankey would attack this by granting much more autonomy to the residences, by putting more emphasis on faculty organizations, by decentralizing, and by making the council representative of the students. Ashworth, on the other hand, feels he can effect similar ends by making the establishment of a college band one of his priorities.

Or look at the problem of undergraduate exams. Hankey puts the emphasis on getting students in each class to engage in continual discussion with the professor, so that the professor becomes a part of the class, and the whole class together decides when and how exams will be held. Ashworth, on the other hand, believes that the traditional, liberal, control and pressure "from above" attack is more desirable.

Clearly, these are merely differences implementation. Hankey makes a point of staying away, it seems, from such issues as free parking, residence fees, athletic facilities, student directory, etc. The reason for this is quite clear if one reads his platform. He feels that such things are either obvious, or can and will be taken care of "in passing," He believes that the matter under election is one primarily of ideology, since either side can quite capably "administrate" with little or no difficulty.

This is the first year in many to see an honest campaign and contest for the most important executive positions of the Dalhousie Student Union. It is the first year in many to see non-establishment people challenge the reigns which have chosen so many Presidents and Vice-presidents. It is the first year in many to see two intelligent platforms; and it is also the first time that the outcome of the elections have not been determined even before the polls open. Perhaps now that people are not being insulted when they exercise their franchise, they will take time to consider the platforms and vote.

An opportunity like this one may never

Men's Residence Dalhousie University Halifax, N.S.

The Editor Dalhousie University Gazette Dalhousie University

Halifax, N.S.

With your permission may we offer this reply to Mr. Burslem's recent article in "Perspective." Mr. Burslem:

We read with interest your article in "perspective". You readily discredit the evolutionary theory. We agree that the question of evolution can only be examined with scientific scepticism. Evolutionists are the first to admit the limitations of this theory and do not at present offer it as a final answer. However. won't you agree that this whole question is a scientific, empirical investigation into man's origin, development and fate?

It does not follow that evolution by natural selection "leads to a hopeless, fatalistic philosophy.' Nor does it follow or is it logical to assume that evolution into a "higher being - a superman" is hopeless or repugnant. On the contrary, is not this the common goal of both evolution and Christianity? Is not the "omega" the great Christian Theologian. Chardin, refers to; a "super-

You put forward the idea that "nothing" is incomprehensible to man's mind. Could it not also be said that the concepts of "God, Hell and Heaven" are equally incomprehensible to man? You seem to assume that these concepts are readily understandable. As you said the Christianity is based upon, "doubtful interpretation of scanty evidence and sometimes upon no evidence at all".

We respect your Christian beliefs; but you must realize that they will always remain beliefs as long as they are excused from a scientific verification. We also respect evolutionary theory with the realization of its limits and also with the knowledge that Christian writers of the past and Sir: present have found it compatible with their beliefs.

The crux of the whole matter is this: is it not illogical and inconsistent to denounce one system of thought because at present it cannot be completely scientifically adopt another while excusing it from scientific examination?

> Yours faithfully. Dr. R.G.B. Brown

Dear Sir: The Dalhousie-Kings Circle K

Club spent an interesting evening recently at the Halifax School for the Blind. At this time a new program, dependent upon volunteer assistance, was outlined by the directors of the school. There are a great number of totally or partially blind children living at the school, whose experience outside of the school is almost totally limited volunteer initiative. Certainly, the goal of any program with blind children is to provide the children with, as much as possible, the experience of a child without a handicap.

To facilitate this end, the February 12th., 1967 school has asked us to provide volunteer workers to act as "big God help the state of Dalbiology brothers" to these children, to if Michael Burslem canget as far work regularly with them, and to answer their many questions. ### MacKinnon calls for System College

Student apathy arises from lack of communication and lack of identity with small groups on the students' part. So says Dave Mackinnon, President of Residence Council at DMR. He also added "I think the Administration cares but has not enough resources to do anything about it." Even architecture plays its part. Who can identify with a cold, impersonal building?

One vast improvement would be to have Dalhousie adopt a college system similar to University of Toronto. There one has a block unit of men's and women's residences and classrooms for introductory courses in Arts and Science. Students through close contact are forced to communicate. Similarly is operated the Graduate College where top academic people are jammed to-gether; thus, arises communica-

Dal is recognized as a good university in a low income area. But we can initiate effective changes. For example, why not have the faculty and men students' dining halls combined? The students themselves are trying by having proposed a four house residence system with House Committees to provide a wider range of contact and activity. These changes contribute at least as much as academics to one's education.

Political leadership is needed on the student council. Both Young and Crawford are doing terrific jobs at great expense to themselves. But political leaders are needed, to give speeches and leave the bureaucratic work to others.

Mackinnon feels that the Gazette could be improved by more coverage of campus news and less preoccupation with CUS and CUP events.

NICHOLAS ROGERS "If they don't get you one way,

they'll get you another." is Alfie's parting comment in the final scene of the film. Life for Alfie means one of two alternativesmarriage and obligations-orbachelordom and freedom. The latter seems the obvious choice for an amoral, appealing Cockney series of lovers. But it it? Alfie has no doubts at the beginning, but he certainly has at the end. He tasted the joys of parenthood, he saw the guilt of abortion, and he had his own creed thrown back in his face by a trollope who told him how old he was becoming.

There's humour in this film... cheeky humour .. roguish passes and slick talking, "If a woman gave me her respect, I wouldn't know what to do with it." ... But there's also pathos...the pathos of a man who casually seduces his sick friend's wife and has to murder his own child for the sake of sobriety. And there's also, beneath the breeziness, beneath the Tom Jones antics, the loneliness of a man on the outside looking in. For Alfie is on the outside: Last week, the back page of the when he sees another daddy for Gazette was intended to perpe- his son Malcolm, when he is not part of little Annie's (Jane Asher) thoughts.

So Alfie is not simply the typical rogue. He is playing the rogue's game but he is wrestling with his conscience. He is fighting the love he feels for his child, he is escaping his dilemma by the criticized in many circles on the "objective sex" route, and when campus as a series of ill-con- experience has pricked open his ceived, sloppily written stories, cool exterior he has reached the point where he must deny his basic philosophy and admit that, more becoming of sleazy for a little happiness, for a little peace of mind, one has to make a few sacrifices and give a little. This is no less than a modern

> Michael Craine gave a superb performance as Alfie. I particularly enjoyed his commentaries to the audience, a device which was perfect for projecting Alfie's character. Ruby, the overpowering lush 'in beautiful condition' was convincingly played by Shelley Winters, although she was outshone by the acting of Vivian Merchant (Harold Pinter's wife) as the dowdy wife of Harry, Alfie's mate at the convalescent home, and by Jane Asher, who was the wistful pilgrim to London

There is nothing terribly unusual about the stylization of this film, but it has a powerful theme. It is moreover one of those rare films that do justice, one might even argue, more than justice to the book. The roguish humour and antics of this film have been exaggerated. It is more than a sensational sex plot. It has humour and pathos..and..irony..for Alfie is not escaping from the clutches of possessive women. None of them demand anything more of him than his sensibility allows ... he is fighting himself.

### MUSICAL OPENS TO NIGHT AT NEPTUNE

Right now on Sackville Street there are about thirty people gathering in a theatre muttering "I'm calm", "I'm calm", dashing about methodically, and

Because - yes - tonight's opening night for the DGDS production of "A Funny Thing Happened on the Way to the Forum", the exciting culmination of six weeks' work, spiced with assorted crises and so-

This is the first year in many that the annual musical has been run entirely by students and it seems to have been a good idea; the cast bubbles with show spirit and, hopefully, the audience will find the enthusiasm catching.

For director Chris Brookes, tonight's opening will be an important event. It's his first musical comedy and, in fact, only the second show he's directed. His first, "The Lesson", had a cast of three; "A Funny Thing" has nineteen.

Vocal coaching, done in the early stages by Dianne Mortimer, fell to pianist Peter Mac-Donald several weeks ago when Diane became ill. Amazingly,

he's done that coaching from the piano in Room 21, A & A Building, probably the only such instrument in town on which the C sharp and D keys produce exactly the same tone. (If you want a good giggle some afternoon,

just drop into 21 and play it.) It's a first show for wardrobe mistress Dolores Morrell, who is also assistant stage manager. (And two weeks ago she couldn't even hem—her rise has been meteoric.)

This week has been quite a novelty for a number of members of the cast. Only three of the eighteen have been in a DGDS musical before. It's a real fresh-talent sort of a show.

Take Terry DeWolf, the show's Pseudolus, for instance. Although he has been extremely active in straight drama in the past two years, (his most recent achievement was being named best director in the Connolly Shield competition), this is his first appearance in Dal mu-

The same goes for Doug French, who has been convulsing everyone at rehearsals with his portrayal of randy old Senex.

> Thurs., Aug. 18: "Today was supposed to be cleanup day and the big 'bon-voyage' party at Taylor Major's farm. Again we had a late breakfast - at 8:00. During the morning we packed and weighed our baggage and cleaned up while Dave attempted to type our evaluation forms on Comm. Taylor's sticky typewriter. . . Some of the workers came down at lunch time. . . We had a late lunch and consumed the Crations which we though we would have for our last meal (and as it turned out, this was to be our last meal at Nyehn.). . . Wayne mentioned that we should 'expect the unexpected,' and wouldn't it be something if Mr. Howell came up and said we leave in an hour!

"After lunch Arku, Ray, and Jack went to the boys' house to clean up. About 2:30 Jack heard the VW driving up to Kobba's house and was very surprised to see David, but more surprised to hear that we were leaving for Monrovia in an hour! Mr. Howell had arrived and true to Wayne's prediction had said, 'Pack up; we're leaving in 1 hr.!'. . . One hour to say goodbye to all the people in Nyehn and to pack!

Extra things were given out left and right. The "Old Man" Koneh and Ground Peas arrived - Koneh was planning to sleep overnight in town to say goodbye the next day. Amid much sorrow and tears (esp. Byron and Emmet Taylor) we left our home at 5:00, silently cursing the Y's men for deciding that the road was too bad to go from Monrovia to Major's farm. It was hard to leave, but the prospect of a hot shower and shave at the Ducor was inviting. We left Liberia on August 19, "Africa."

Five months later, I am convinced that this is one of the best things that could happen to a university student in North America. It provides a chance to look at one's own society objectively, and in the light of a different value system. It demands personal development in the necessity of adjusting to the living habits of people with many different backgrounds. It brings socially and economically sheltered people into direct confrontation with the realities of life in the "underdeveloped" nations of the world. It forces consideration and articulation of the place one's own life is to take in the world.

Crossroads does not go to Africa to "teach" or to "help" anyone EXCEPT through the exatively simple life--i.e., without perience of living and working 70-mile-an-hour superhighways, with people of different backhot-dog stands, and beer com- grounds. #### GRADUATE STUDY AWARDS

The Faculty of Graduate Studies of Dalhousie University offers for competition a variety of awards to support graduate study in the Physical and Life Sciences (including Oceanography and Medicine), and in the Humanities and Social Sciences. The following is an outline of the major awards available:

#### SPECIAL VISITING FELLOWSHIPS

These unusual fellowships in the Humanities and Social Sciences are designed to offer a year of comparative freedom to outstanding students who need this time either to complete their doctoral theses (for submission to the universities with which they are now affiliated), or to revise recently accepted Ph.D. theses for publication. Visiting Fellows are asked to do only minimal teaching at an advanced level, and to give one or two public lectures on their researches. The stipends, based on a 12-month year, are \$4,000, for single Fellows and \$5,000 for married Fellows, with travel allowances.

#### POSTDOCTORAL VISITING FELLOWSHIPS

Open in all fields of study at Dalhousie, these Fellowships are tenable in the amount of \$6,000. for a 12-month year for the purpose of bringing to the University those scholars who can contribute to advanced studies at Dalhousie. It should be noted that applications in the natural sciences are required before Feb. 1, others by March 1.

#### IZAAK WALTON KILLAM MEMORIAL SCHOLARSHIPS

The first Killam Scholars, approximately thirty in number, will be chosen for study leading towards the Master's or doctoral degrees in all fields during 1967-68. The Killam Scholarships range from \$3,000. to \$5,000. in value and do not require the performance of instructing or demonstrating duties.

#### DALHOUSIE GRADUATE FELLOWSHIPS

Designed to support students working in all fields, Dalhousie Graduate Fellowships range up to \$3,000, for Master's students, and up to \$4,000. for Ph.D. students. The awards are based on a 12-month year.

Applications should be made to the Dean of Graduate Studies, Dalhousie University, Halifax, Nova Scotia.

Don't just wonder if you're using the easiest, best possible form of sanitary protection. Check for yourself-and you'll inevitably choose Tampax

Worn internally, they give you dependable, comfortable protection. You feel cool, clean, fresh at all times. They prevent odor and chafing. They're totally undetectable in use, and so dainty and feminine. Hands need never touch the tampon itself. There's never an embarrassing disposal problem -everything, even the applicator, can be safely flushed away.

Tampax tampons are available in 3 absorbency sizes, Regular, Super and Junior.

Developed by a doctor over 30 years ago for the benefit of all women, Tampax tampons are the only choice of millionssingle or married, active or not -in over 90 countries

Keddy Splashes way to another Dal win

### Second hoop loss

## U.N.B. raids Tigers, 57-53

Raiders played the Dal. Tigers before a packed crows at the Dalhousie gymnasium. This was a big game for both clubs, a win for U.N.B. gave them a good shot at the league championships, a loss for Dal. meant beating U.N.B. on their home court to win the crown. The Raiders won 57-53.

The games started slowly as both teams missed a couple of quickly as Bourassa and Beattle sank successive baskets. Patterson was then called for a foul and Beattie sank the one shot. It was nip and tuck all the way

with Dal. out ahead by 2 at the quarter-leading 13-11. U.N.B. narrowed the gap to 17-17 when consecutive points to lead 24-17, out with 3 1/2 wins to go in the 1st half, which ended with Dal. ahead by four points 27-23.

the break by sinking twelve points, followed by George for travelling and now Dal. had Hughes with six.

Between halves Kevin White, who had injured his ankle in a

viously this year.

ets from Bourassa and Renford. Dal. again had a chance trailing Dal. was led by eleven points 34- by only two, 51-49. As luck would 23, but this only seemed to spark up U.N.B. into action as they came back to only a two point deficit 38-36. However two good tip-in plays by Bruce Bourassa and Tom Beattie put Dal, in front by 6, 44-38, and they seemed to be on their way. But U.N.B. never gave up and came back with eight consecutive points to lead for the first time since the first basket, 46-44 with only 6 1/2 wins to go. After a Dal. turn to try and cool U.N.B. down, George Hughes sunk a foul shot to narrow the margin to one. But U.N.B. hit for two Dal caught fire and hit for seven quick field goals to lead by five, 50-45. Hughes then scored on a when Coach Yarr called a time good 15-foot jumper from the corner to make it 50-47. After another Dal. turn out Eric Renford scored on a nice hook shot Tom Beattie led all scorers at and Dal. trailed by one point.

U.N.B.'s Cox was then called the ball in an advantageous position with two wins remaining. However, on what seemed to be previous game against S.M.U. re- the key play of the game, George ceived a standing ovation as he Hughes was then also called for

On the eve of Friday, February was presented with a plane ticket travelling. Dal. now had to get 17th the highly rated U.N.B. Red to Quebec by Coach Yarr for his the ball back as quickly as posto Quebec by Coach Yarr for his the ball back as quickly as posfine services to the Tigers pre- sible. However, Bourassa was called on a push and Dave Hill The second half started briskly stepped to the line to shoot one for the Tigers with a 3 point and one with 1:18 left to play. play by Hughes, followed by bask- He made only the first one, so have it Beattie was a little over anxious and was called for travelling. Renford then fouled Cox and he went to the line to shoot one and one. He made only the first so the U.N.B. coach called a train out with 59 seconds left in the game and his team ahead erally ruined what could have

> The Tigers were now forced a big gap and put in a lay-up to give U.N.B. an insurmountable 54-49 lead with 50 seconds to play. MaCousland was then fouled and he went to the line and sank one to make the score 55-49. Dal. came back fast as Hughes again hit on a 12 ft. jumper. However time was running out and the Raider's #22 Cox was fouled with five seconds left. He went to the line and calmly sank two shots to

> wer-eagerness in the last couple of minutes of the game caused Dal. to lose the hall on travels twice in key situations. Also being down they had to get control of the ball quickly, consequently producing fouls on the U.N.B. players.

Little Rod Cox, a Saint John, N.B. native was the hero for the Red Raiders as he came through with eight points in the tense final minutes and ended with 12 for the winners. Dave Hill was high man for U.N.B. with 18, Nutbrown had 11.

For the Tigers Tom Beattie after looping 12 points in the first half, came up with 15 to lead the Dal. team along with George Hughes, who popped nine in the second half for a total of 15. Eric Runford chipped in 10

Next game for the Tigers is at home against Acadia on Feb. 22nd., and then what could be the deciding game on Feb. 25th., at Fredericton against these sunk U.N.B. Raiders.

Varsity swimmers

break some of his bad habits,

In the 400 Free, Sue Etienne In the 100 Free, Terry came came first and Peggy Scannell For the TIGERS: In the 50

Free Rob MacGrail came first and Jeff Smith came second.

In the 100 Freestyle, Jeffturned the tables and came first with Rob coming in second.

For the first time this season, Rob Murray took it on the chin as he came second in the 100 Breast. However he got revenge when he won the 200 Breast. Peter MacCreath won the 200

Butterfly event. In the Backstroke events, the MacMichael Brothers stole the show with Doug coming first in the 100 and Gordie coming second while in the 200 Gordie came first. Ian Bruce came second in the 200 Back.

Gordie MacMichael won the individual Medley and Ian Bruce came third.

The Scottish Medley Relay Team of Doug MacMichael, Rob MacGrail, Rob Murray, and Peter MacCreath easily won their event.

In the Free Style Relay Event, the Number 1 Free Style Relay Team of Jeff Smith, Rob Mac-Grail, Doug MacMichael and Gor-

die MacMichael won. The Number 2 Relay Team featured Dalhousie's brightest "new" light for the swimming future of this university - his name? Coach Robert "Redfish" Graham. His jellyfish float gets better every time out but he still

finished last. The Dalhousie Swim Team is now in intense preparation for the MIAA Swim Meet scheduled for Feb. 25 at Mount A. We wish them all the best and know they will try their "darndest" to win it.

# Newfie girls win

By SHEILA BROWNE GIRLSSPORTS

Dal started the basketball week off fine with two successive wins over Memorial University of Newfoundland, Senior and Junior teams. On Monday, the Seniors were defeated by Dal 29-23, with Helen Murray high scorer with 11 points for Dal. Tuesday saw Dal win again over the Memorial Junior team 31-22. Judy Auhigh scorer with 15 points, was awarded the Trophy for the Most Valuable Player.

Dal ended the basketball week in a different streak - a losing one. Friday night U.N.B. trounced the Dal team 44-26, a humiliating score but not so much

as in their first season game against Dal. The team expected rough competition from UNB but they didi not anticipate the results of their Saturday afternoon game against Mount Saint Bernard. They lost again by a close 29-25 score. Helen Murray showed again for Dal with 10 points, after gaining 11 points the night before in the Dal-UNB game. Margie Muir was also a valuable player in Friday night's game, giving Dal 9 points out of her 26. She left for the Quebec Winter Games after the game, to play on the Nova Scotia Basketball Team.

Dal now stands in a disputable second place after her loss to points, Bruce Bourassa an even the Mount St. Bernard team. She dozen and L. Ryan 1. has finished the season less than gloriously, but during its course she played some very good games. UNB has cinched the leadership as expected.

The Junior Varsity Invitational Basketball Tournament will be held this Friday and Saturday in the gym. The whole gamut of the J.V. games will be over by the end of the week-end and may they may bring home some wins. A cheering squad could help that this weekend the 17th and 18th.
