Dear Superior Mann Borgese,

I have been very lucky to get in touch with Miss Jotiane COURATIER last June, when she was in Tasmania, and to have her present for your Ocean Panel on July 22nd in Baltimore. Unfortunately, at the last moment, I was unable to come to the S.I.D. World Congress and I had to cancel my reservations. Please forgive me for not having been attending the Ocean Panel and for missing the opportunity to meet you. Thanks to Miss Couratier, I know that your Panel was a real success.

As a former International Officer, I have to give some lectures in various Universities. I have been invited to deliver a lecture on "the international fight against pollution in the Mediterranean Sea", at the University of Nice, during next Fall.

Therefore, I should be very grateful if you could let me have some data on the International Ocean Institute of Malta, purpose and main recent activities.

With many thanks in advance, and all the very best for your work,

Yours sincerely,

J. Godchot

Dear Mrs. Borgese,

Thank you for your letter of May 24 and your cable. Unfortunately your letter arrived on June 2 after Miss Couratin's departure for Australia, Tasmania and New Zealand. According to what has been said in her office (Ministry of Foreign Affairs) and, at home by her mother, I am afraid she will be unable to call you in Halifax before the end of June, that is to say after you are gone...

Regarding your chairmanship of the Ocean Panel in Baltimore SID World Conference, I am sorry to say that it is difficult to find somebody who is ready to pay the fare of the travel. Jean-Pierre PERTUS will be at Geneva for the UN Conference of the Sea (drafting the final regulations in French) Jean Claude BUDOL is not free, and has to come to the USA in September on behalf of CNECO. Yves La BRASSIE (now in Brittany) said on the telephone that he will be in Norway during the second part of July.

Mr. PRADA, President of the ASIED, is not free, but has promised to find somebody able to participate in this panel. In such case, I shall let you know at once his name, or her name.

With best wishes for your work, and personal regards,

Yours sincerely,

J. Godchot

Dear Roy:

I hope you got your refund, and that you returned home safely. It was really extremely kind and generous of you to make this uncomfortable trip, and this excellent contribution to the programme. I would have been quite stuck without you.

Sorry we did not have a chance to meet more people. Meetings like this are always interesting; but even though it was very hectic, I learned a lot from the three of you, and enjoyed it.

All the best, and see you in September.

Yours as ever,

Elisabeth Mann Borgese

P.S. I shall send you the transcript as soon as I get it.

Dear Josyane:

I hope you got your money -- if not, please scream! -- and that you got home safely. I did -- and it was nice to get back to where it is cool!

I enjoyed working with you, and want to thank you most warmly for your cooperation. Your paper is really very very good, and I am sure I can use it for the special issue. So please do send me a copy as soon as possible.

I will send you the transcript when I get it (if I get it -- considering what kind of people we were dealing with!), and we go on from there.

It will be nice to see you in September.

All the very best,

Yours cordially,

Elisabeth Mann Borgese

Madam,

As a member of the steering committee of the S.I.D. French Chapter, I have been aware that you are "Guest Editor" of the special issue of the Review International "Development" on "Oceans and the law of the sea".

The French Chapter asked me some months ago to ask Guy de Lacharrière Director of the Legal Department of the French Ministry of External Relations to write a paper for Development on the U.N. Conference of the laws of the sea. Unfortunately Guy de Lacharrière has been recently appointed at the Hague International Court of Justice. Therefore, his assistant Miss JOSIANE COURATIER is ready to write this paper for your special issue. Could you be kind enough to let me know as soon as possible the average length for your papers and the deadline. In the case you will be in June in Halifax, please give me your Telephone number and Miss Couratier will call you from New York where she will stay few weeks from now.

I hope to meet you during Baltimore SID International Conference. I have been attending all SID world conferences since 1958!

With many thanks in advance, I remain, Madam,

Yours sincerely,

J. Godchot

Madame,

Je viens d'apprendre que la lettre par avion que je vous avais adressée le 14 mai était insuffisamment affranchie pour "airmail" et je crains qu'elle ne soit acheminée en "surface mail" ! Veuillez m'en excuser.

Aussi je vous confirme que le chapitre Sid-France a obtenu le concours de JOSIANE COURATIER du Ministère des Relations Extérieures pour écrire un article dans le n° spécial de "Development" que vous dirigez (et qui sera consacré à "Oceans and the Law of the Sea"). Courtois - vous m'indiquez, dès que possible, le longueur max. de cet article et la date finale à laquelle vous desirez le recevoir pour publication (et à quelle adresse, à Halifax, à Malte ou à Rome).

Mlle Couratier est très qualifiée et recommandée par M. de La Charnière Juge à la Cour Internationale de La Haye. Elle est actuellement à New York et si vous m'indiquez votre n° de téléphone à Halifax, elle peut vous appeler dès que je le lui aurai envoyé.

Par ailleurs, je fais un cours à l'Université de Nice sur la pollution de la Méditerranée et serais heureux de recevoir quelques documents de l'International Ocean Institute de Valletta (Malte), si vous pouvez le faire envoyer à mon nom à l'adresse ci-dessus.

Je vous en remercie à l'avance. Je me réjouis de vous revoir et de vous entendre le 22 juillet à Baltimore pour la Conférence Sid.

Je vous prie d'agréer, Madame, mes hommages très respectueux et dévoués.

J. Godchot
