Dear Sir -

Today I'm keeping a promise to myself, to send a few lines of appreciation to you, for the pleasure that your books have given me, over the years. Having re-read all of them, they remain fresh and clear and the word-pictures of our beautiful province are so true that one can see, feel and even smell the land, the trees, the sea and the fog.

We were delighted to watch your return to Sable Island, on T.V. recently - a dentist friend here told us that it was produced sometime ago - but it was still "special" for us. Heard the tribute at White Point Beach, as well - so we keep "tabs" on you. Spent a few days there, in May, with two couples - the three men had served in the navy together, and we felt that it was time for a reunion. It was a great success.

With kind regards and warm thanks.
Hal & Eileen Norton.
