

Valcartier Camp
16 - 9 - 15

Dear Dr Macneelan,
Many many thanks
for the recent addition
to our library. The
books are snatched up
eagerly by the officers
and make most welcome
tent-mates after the day's
training is over. We all
feel very much indebted
to you for your thought-
fulness. Camp life continues
as usual and training
progresses satisfactorily, though
the men are growing
a bit tired of the delay
in moving over. It can't
be long however before
the whole Battalion will
be in England as the
cold weather will soon
necessitate a move.

I hope you have good
news of the R.C.R.G. to
which regiment I may
eventually be posted should
casualties demand reinforce-
ments.

Kindly give my regards
to your wife & family.
Yours sincerely
Owen W. Jones.
