TO WHOM IT MAY CONCERN.

This is to attest that I have known Mrs. Alma Jodrey for many years, beginning when she was employed in my home as cook-housemaid. During all this time she has supported herself in employment of this sort, of necessity, because her husband has never made known his whereabouts nor contributed to her support in any way. She maintained herself successfully until recently, when her health began to fail, and for that reason had never asked her son, (Private Harold Jodrey F-87222, deceased) for financial help. At the present time she is housekeeper for Ervin Colp, an elderly retired mariner, who is himself in poor circumstances and unable to pay cash for her services. She had intended to make her poverty known to her son, and was communicating with him on the subject when she received news of his death.

Yours very truly,
