Calcutta

Calcutta 1801

Sunday 19th - Hunt

Borrowed from Mr. Mearns
the 10th Vol. of the Encyc.^o B.^o
+ with him alone -

In the evening much
thunder and lightning -
little rain - lightning greatly
unusually - flames crossing
each other dividing into drops
of light & some the extremities
several times from upper

1881

H.

Monday 20 April

Blowing much dust up
at the College. Nothing

the Provosts present.

+ La Sfoin French present
is taken by the Abbots.

and carried into Madras.

- The form is a sheet of
superior force by the latter.

H.

Tuesday 21 April

Cloudy - blowing between
whirls -

- Saw W.W. of the first part
of the Heads of the Section
to copy far out for the
prep -

College - no body from

- A full college council is
to be held, it is said this
week

8 p.m. Thunder and rain

Some loud claps - a
good deal of rain fell during
the night -

Patersona 20

Wednesday 22 April
at a.m. Ther 70°

Visit from Mr. Du Plessy
report says that the students
from Madras and Bombay have
had their choice either to re-
main at the College or
return to their respective settle-
ments. Several of them it is
said intend to return -
- while the present quart. re-
main the College will not go on
properly - They brought with
them into this country ideas very
different from that of going to
School again.

10012
Thursday 23 April
at a.m. Ther 01°

College at eleven - None of the
officers present
- Read the late regulations -
Oath de fidele -
- Visit to John & Jackson
Two expeditious, one against the
Americans, the other against
Egypt -
+ The Archbishop has brought
Mr. Webb secretary to the
Madras Govt, who arrived in
town yesterday morning
Capt Bromage of the La
Cyron would have fled from
the Archbishop, but was pre-
vented by his men.

- M^r Du Messey and
Taylor with us.

+ Thunder storm in the eve
wind and rain beat
all the night -

1001^h
Friday 2^d April

The rain last night has
rendered the air very cold and
mild this morning

+ A packet over land - Puffin
was with puffin - The 4th
leaf at two shillings -

Saturday 25th —

Some English Ships escaped from
the embargo laid on them by the
Emperor of Russia; on which he
ordered all the other Ships in his
ports to be burnt, which was done
accordingly, and the Officers and
crews conducted on board a
Sloop of 10, to the ^{small} interior parts
of his dominions. A very curious
manuscript was published by the
Emperor on the occasion.

1801 A
Sunday 26th April. —

Very Dull
+ Mr. Macnab 10 in com-
pany
+ Polycar escaped from our
guards and took possession
of their fort which had been
peacefully demolished.

— Buonaparte finding that Malte
must fall into the hands of the
English made a present of it
to the Emperor of Russia. The
artifice had the desired effect.
The back emperor thought he had
only to demand it from G. B. He
made the demand and was refused.

Catcutt p

Monday 27 April

Employed in finishing the
Analysis -

Monday 20th April 1854
Went to the college - Shew to
the Committee half of the Notes
Must be ready on Monday -
Gave the Analysis to Ferris & Co
to be printed. -

Mr. Reid called showed me a list
of books lately imported from
England

Calcutta

Wednesday 29 April
Went to see the books yesterday
I got the catalogue yesterday from
Mr. Reed, (American) several
the amount of 55 Rupees
The books are charged high -

- 1801 -

Thursday 30 April

O. C. M. called on the Vice-Chancellor
with a proof of the first sheet
informs me that my lectures were
fixed by the college council to
begin on Sunday the 7th of
May at 8 o'clock in the evening
to be continued every Monday
and Thursday.

- Sent the list of books to
Capt. Humphreys, returned it.
Says the books are charged too
high -
- Paid for books purchased yesterday.
55 Rupees -

Calcutta

Friday 1 May 1801

Set our plan below for
so S. Paper of 10 weeks, not finished
by concluded

Finished the Analysis -
returned the rest of books to
Mr. Reed -

Saturday 2 May

Apparatus now done
and will be ready on Monday

Mr. Pritchard called. News
La Jolie lost in the red sea
Alexandria taken by storm
All the French captured by
the Arabs &c.

Mr. Pritchard returned from Wolla-
by without having made any
purchase.

Sunday 3 May 1801

4 A.M. Thur 87.
very busy and sore
all night —

Monday 4th May 1801

4 A.M. Thur 87.
This is the first day of term
in the College. — No business
to be done this week — I am
two rooms for my Apparatus
which will answer very well
— Visit from Mr. Taylor, a
letter on the same —

4 This evening at 9 P.M.
Mr David Stone called on
his arrival in Calcutta
— News. English fell into
rather in off a-bath fields,
and kept the rest
had for some some part pro-
posed ethiopia. — he is president
of a Society of Whites. —

- By Mr. Stone received a letter
from the Rev. Mr. J. Wann
Antony young in the ^{name} of
English -

1801th

Tuesday 5 May 1801

- Mr. Stone at Northport -
- took on Mr. Lamb - introduced
Mr. W. - took at home - too
little light - -
- Mr. W. with us - Mr. F. -

Wednesday 6th - May 1801
Went to the college two rooms
for apparatus with Shelton

2nd p.m. Thes — 91

Employed on the Analysis -
- Letter from Judda mentions
the conquest of Adonnet Blongues
at that part with well except
the La Frole which struck on
a rock foundation but despite they
were obliged to run here on a
shoal - none was lost - Report
from the the Alexandria had
been taken by Genl. Abercromby

Thursday 7th May 1801

Sunny - afternoon very clear
and cloudy

2nd p.m. Thes — 91

- with W. McNabb - Capt.
Hoble -

- The Armed Neutrality is actu-
ally signed - Russia, Prussia,
Sweden and Denmark.

Do not ~~rest on~~ ^{rely on} this league
in that formidable point of
view that some do. Open here
is better for England than an
armed Neutrality -

+ Thunder Storm at 4 p.m.
same rain —

Friday 8th May 1801

9 a.m. Thur — 06

Wrote since the rain last
College, rooms not ready.

of Col. W. M. Parthey; Theo-

ditite to Genl. M. Douglas
to be sent to W. Caulfield

+

1801th
Saturday 9th May

Went to the College and
staid all the afternoon
in the room —

Read the last sheet of the
Analysis —

— Sent the Analysis to Mr.
Harrison to look ^{at} with
an apology for not dining
with him —

Calcutta
Sunday 10 May 1801

Notes for the first and
second lectures

+ with M. A. - C. - M. P. 11,
Fug - Hunter Kells Es. W. W.
and Brown

- Great Britain has declared
war against the American
States

- Some Thunder and lightning
in the evening. little rain

Monday 11th May 1801

College - arranged the app^{ts}
on the shelves -

- Read 60 analyses for the
Students and a Dozen
bills sent for the members
of the College Council.

+ with M. A. - C. alone -

1801th
Tuesday 12 May.
waited in the Vice-Chancellor's
with a copy of the Analysis -
left copies for the
Council at the Provost's
Chamber

- Visit from a Mr. Wilkins
son of Mr. Wilkins printer
in London - He has been bred
in the Chemical line - I mean
to employ him for a month
or two -

1801th
Wednesday 13 May
At the College in the morning
the pump cuts well - got
ready what is wanted for
tomorrow's lecture -

th
2 $\frac{1}{2}$ p.m. Ther - 93^o
Very Sultry -

- A visit from Capt. Leigh
[#]

4 $\frac{1}{2}$ p.m. Ther - 94.

- Capt. L. invites me to
dine with him on Sunday
at 6 $\frac{1}{2}$ p.m. -

Thursday 14th May

At 8^h p.m. Gave my introductory lecture to the Philosophical course - Full room audience - the Provost, two Professors, and almost all the students. Very attentive & went off pretty well. I shall improve the latter part - 4 $\frac{1}{2}$ p.m. in a thunder storm. Two steps near; one in the direction of the fort, properly on the Esplanade.

Friday 15th May 1801

All day set out for the residence - met W. Hamilton who says there have been two packets received within these two days. ## News - Paul of Russia has challenged G. III to single combat!! He kicked W. Bernstorff out of his presence, & immediately set out for a courier safe at Copenhagen + Committee of the Asiatic Society - Determined to write a circular letter to the different Presidents requesting them to send proposals for printing the 7th Vol of the Asiat. Researches.

- Mr Ammeron has given in
a paper to the Senate Room
on the 12th day of the first
book of Euclid —

+ yesterday afternoon a
man was killed by light
ning on the road leading
to the Casuarina Gate of Ft
Latham, about 20 yards
distant from 10 pieces of
very cannon. This was of
the flesh which I judged
from the interval must
have fallen on the explosion

+ 4 $\frac{1}{2}$ p.m. Th^r — 93
Cloudy - very sultry all
the morning —

1801th
Saturday 16 May
Went to the College this
morning - shelves fixed
Locks not yet on all the
doors

- Visit from Mr. Tuley born
report that the Emperor
has made peace with
England - (that one of
the Genl. Division for the
Council of W. U.) does not
seem —

The
Sunday 17 May

Very sultry last night

no rest on account of the
tom tom - Mupshun - for
days - Bust beating -

for bed the greatest part
of the day.

with Mr. Fairlie -

Mrs. C - Mrs. D - Mr.
Loui -

Ocean is certainly connected
between France and Austria

It is supposed that Count
of Ruffin will be destroyed.

He proposed a tournament
the King of Sweden - Came

on the siege of Malen, took
it by storm and gave a great
entertainment on the occasion

Monday 18 May 1801

9³/₇ a.m. Ther. - 90°

+ Read Mr. Grant's bill. of
Mining Society. quarterly meeting
the 1st April -

wrote to Messrs. Franklin & Co.
respecting the - is in
instruments -

+ At the College preparing
for the lecture - Rooms
will be very damp. -

+ Give the first lecture of
the course - Subject the
properties of matter -

+ Mr. Westhead sent to the
Laboratory - began with
him -

Monday 19th May 180

Sailing last night - got
under way - (Disturbed with
the muzzles Tom Tom

+ This morning called on
W. Buchanan - abroad

- Williams called - gave him
a gold watch in remembrance

- Genl M^r Ince's come here
also here

- with Capt. Lough, Capt
Levon of the Swallow pack
and 8 other Gentl.

- The three ships will not
be able to work out of the
bay this season - will in all
probability be driven back
next

Capt. L - says that M -
was bad tempered
+ Sir L. Merton died beyond
of West Ind^s -

+ Capt. Gaggell Extra^d came
between Austria and France

Dispatches from England to
Russia of a pacific nature
were returned unanswered
with several letters by a sailor

- He is believed to be insane

- Mr. Forsyth called and
promised to go over the water
to wait on Mr. Harcourt

1801th
Wednesday 20th May

Tom Tom put down nice the
whole night - Sultry

- A female dentist operated

on one of my beavers. She

had two sticks by ^{which} ~~with~~ she

showed the teeth making

use of several elegant instruments

and accompanied them with

a constant language, she

concluded with a motion

of the instrument across

her forehead

+ Paid Mr. Taylor 200 s. for

for a present to be presented

Thursday 21st May 1801

3rd Section Well
This morning felt a violent

pain in that part of my back

which struck the ground on falling

out of bed -

Visit from Doctor Ware Jones

to enquire for Mr. Ware watch

maker

- Mr. Bateman called - He had

a dozen Terriers who with

their mother all went mad

on the same day. It was on

the day when there was an

eclipse of the moon, and

he predicted the accident

some time before!! -

12th Then

09th

somewhat cloudy -

Much less sultry than for some

days past.

Friday 22 May

Purchased Linn's Hydrom.
of M. Shubert price 44 S. P.

- Found it with M. Swamy's
found the difference the same
in way but, that is $\frac{1}{2}$ of
Cent. A - ye getting the spec
so much stronger. This is
owing to a small change
on the ball of the instrument.

- With M. Taylor - By the
person with a finger he
had nearly brought it to
a mortification which is
+ this country is more exact
and more active than at
home

- Loyde Anchor and Hope
met for the first time here.

Saturday 23 May

Putty last night kept
cool this morning - cloudy

- Visit to the College
nothing done further
respecting the sub; but
Mr. Johnson to have
them ready for this days
lecture -

- With M. De-
- Thunder storm in the
evening. Not very violent

th

Sunday 24th May

Much water in consequence
of the rain last night

With Mr. Fairlie -
Mr. Davidson - Ladies

Evening a Mr. Weston -
wind in strong flames

very abrupt - heavy
rain for a short time

remarkably cool after
Two ships arrived

is said to have left on
10th Jan^y - In my new

papers -
Mr. F. informs me that

I have a book box &
Co. on the Calcutta -

books I suppose

1001th

Monday 25th May

Cool and pleasant after
the rain. —

Gave the 4th Lecture of the
course - Subject the Mith^l
power - went off well. —

N. B. I ought to write out all
the lectures, whether to be used
in the class or not. —

1861. 4th
Monday 26 May

Extremely sultry at the
day

Thunder storm at 7 p.m.

Went to Mr. Fairlie's -

Collecting Experiments for the
fifth lecture -

Went to the lecture room
to see whether the Labo-
ratory be put in repair.

1 p.m. Ther. 92°

South^{ly} wind - very sultry

+ with M. Familie - Super

D-n and St-n.

- The capture of the river
ships by the French ships
of war seems not to be
confirmed -

- Engaged a Portuguese
servant at 12 S. Super
D. Month -

Monday 1st June
to lecture

Acoustics - Collisions
and Theory of Projectiles
- Greatly appreciated by
the best of the Day - The
lecture however went off
better than I expected

Tuesday 2nd June
Moved the greater part
of my furniture to
the College -

- Messrs Taylor and Nor
with us -

- Evening - whether
Americans, Danes, &c, can
carry merchandise direct
from this country to London
This asserted by one Gent.

Monday 3 June
Moved wholly to the
College - Better accom-
modation than I first sup-
posed -
- very sultry during the
night - Slept indef-
erently -

11
Tuesday 4 June
At seven was a Royal
Salute with the new
colours hoisted - Three
batteries of fire arms each
three Divisions stationed
in different parts of
the Fort -
- A strong southerly wind
has prevailed for these
ten days part caused
by hot
- The current of the large
Electric machines has
gone away -
- Lecture part of 11th
to morrow
+ with Mr Fairlie

1801th
Friday 5 June

Borrowed of Capt. Mump
a one pound Coronade
wounded -

- At home for the first
time in my new lodging
+ Lecture 7 Observations
on Practical Geometry
Intended to have consid-
ered also the Ancient
Engines of war - but had
not time - This Lecture
did not in my opinion
go off so well as the former
Students attend it -

1801th
Saturday 6 June
Strong wind in flames
all day - Sundry
- with Mr. Munnab -
- This evening much cooler

1801 No
Sunday 7 June
Mr. Moffat paid his note
500 Silver Papers -
- to Mr. M. Fairlie -

- Various reports from a
packet said to have been
received over board. That
the Swedes and Danes had
refused or at least demurred
with respect to signing the
armistice -

Monday 8 June 1801
at Helms
Ancient Engines of war -

+ At home -
- Exceedingly hot - a
strong S. East wind with
clouds moving rapidly to
wards the N. West -

Friday 9th June
A Thunderstorm at 4th
took the air much
Evening agreeable -
- Bet from Ferris and
Co 360 odd Super
Accepted it - To pay on
the first of next month.

Wednesday 10th June
I went to the G.
Jury. L^d W - would not
examine me. He says that
as the Grand Jury sits in
the morning, as my prin-
cipal collegiate duties are
in the evening, his Lordship
does not think he would
be justified in complying
with P. D.'s application.

Chance however gave
me what justice could not
obtain. I was not drawn
- W. Knell. applied to Mr.
C - Pub: D. The answer was
from Mr. Kellaby to Mr. C -
+ with Mr. M - Mess. J. M. and How

at 5¹/₂ p.m. —
— A very heavy shower
with little thunder — This
is not doubt the introduction
of the rains, which I am of
opinion, will be frequent
and heavy for some time

Thursday 11th June 1807
Last night cool and pleasant
9th hour — — — — — 93¹/₂
9th hour
Council did not was —
went off but tolerably
— wanted spirit — words also
somewhat deficient —
— Evening Mr. T. called in
his way from the court house
— Robinson tried this day for
murder spoke near eight
hours — had no council
— Sir J. A. had begun to
address the jury —
— At eleven Mr. Duffley
returned from the court house

The Jury has brought in
Kollason guilty to the great
surprise and indignation
of the whole audience -
The fate of this man is
peculiarly hard. But a
few particulars that he
collected after wards, on the
subject. -

Friday - 1801
Friday 12 June

This morning Kollason
was brought to the Pen
where he received sentence
of death - to be hanged
on Monday next -
+ A visit to Jo - a!! -
Doubtless -
+ with W. Fink -
W. Estlin -

Saturday 13th

Cool and pleasant after
sweet smelt showers

- Mr. Robinson wrote a letter
to Mr. Taylor Seal Engraver
to come to the jail and
see him as he had some-
thing very particular to say
to him. He went and
has received all his papers

- Messrs. J-2 (D-4) and
were with me

Mr. J-2 had been with
at the morning
went home D-4.

Sunday 14th June

After breakfast went with
Mr. Fairs to see a picture
at Stritrong - Moon light
scene - called on W-4
found him drunk - spoke
with J-2 who goes to
Cory, it is said to be Copistick

- Mr. J-2 -

- with Mr. McNabb - Col
White and Son and a Mr

Calcutta 181 ¹¹⁷
Monday 15 June

1001 — H

Wednesday 24-June-

A John: Jy - Dined with
the Pope and another lodge -

Bought and paid for 3 Days
of elixir ————— 60 sh.

Thursday 25th June

Mr. Bernard from the county
went to see a house struck
with lightning & had
thunder storm - nothing
remarkable -

- Paid Harris & Co bill
for purchase of paper \$369.10
+ at half past one I took
Mr. Armstrong's work
shed & perceived a vio-
lent shock like that
of an earthquake. The
rafters were so much
propped out of the perpen-
dicular that the tiles
were obliged to be taken off.

Friday 26th June

went of see Armstrong's
work shed. It looks like
the effect of a whirlwind -
- Dined with him & I - a
ride after dinner, to the Cape
made - Mr. C. D. tells
me that Th. - i has given
the Throats a very bad
character.

Saturday 27th June
M^r. Barnard and Pupple
with me —

— It is singular to meet
with a man so great a
misanthrope in theory;
and so much the contrary
in practice as M^r. B. —

— He considers this world as
a scene of eternal evil at
least with regard to man,
says that my Day Time is
much happier than any man's

Sunday 28th June

Monday 29th June

Accommodations for the
Students palatkins are
making on the side of
the Great Bank in front
of the College - From this
it would appear that the
reports respecting the ~~real~~
abolition of the College are
unfounded

Tuesday 30th June

Perusing the Suppl. to

Thursday 2 July 1801

This day was published the
Gazette as usual but without
the Egyptian news.

+ Put in the evening the
G. Extra. made its appear-
ance containing the news mainly
and the news from Egypt
which had reached London.
Lined by private channels
but no official account had
arrived.

- Visit from Capt Douglas
delivered to the Major
Mardonald's pamphlet.

Friday 3 July 1800
Take post in evening of the
Gazette with a list of the
Shipping for 1800, 1800 —

+ with M. D. y — His wife
and little Daughter

— Evening a walk on the
Esplanade —

— Visit in Caspitallah.

+ Egyptian news not
believed by some —

French. —

+ Queen may not the Change
in the English ministry
affect her Lordships Subjects
and consequently the College?

Saturday 4 July

Got the five subscribers
to Walling's coffee —

only five wanting. These
I will visit as liberality
in this country not to be
found at home. —

— Weather in the evening
day rainy and very close

Sunday 5th July 1801.

9 a.m. Ther — 82°

Close light rains more
frequent than when in the dry
season. The thermomometer was
at 90°

— Green what can be
observed for a certain de-
gree of heat during the rainy
season being more uncom-
fortable than in the dry
season

Monday 6th July 1801

Showers all day — Ther.

Perspire much —

— Gazette extraordinary
— Report — Matter to be given to
the Emperor of Russia — Pruss
and Denmark do not agree

— A letter from Mr. Watson
requesting me to speak
to Mr. Fairlie for a situa-
tion in one of his Judge's
wards, he had heard that
two Europeans were wanted

— Mr. Fairlie says he does not
want any European at pre-
sent

Friday 7th July 1800
A general search for the
lost part of Sonorali Beyars
but to no purpose per-
son —

The news from Egypt
is generally believed. And
it is said, are received of
the arrival in Egypt of our
expedition. It is hoped
they will have nothing
to do —

Calcutta
Wednesday 8th July 1800
Read the Ex: Gazette
Speeches in Parliament.
Mr. Pitt mentions the cause
of his resignation, Emancipa-
tion of the Catholics in Ire-
land, also the respect of the
East and Corporation acts.
Mr. Pitt it is said contended
for the respect, but was upon
particularly (it is conjectured,
by the King — ^{to} ^{be} ^{born} ^{with}
his resignation because the act
of the Privy Council did
not extend to the persons
formerly held out to the Catholics

Admittath
Thursday 9 July 1801

Yesterday received an invitation to dine at Keddaspore house on Wednesday next the 15th Instant. —

At 1/2 a.m. there — 03^o
Cloudy - little wind S.E.

- no rain then two days.

+ yesterday evening had a long walk on the Esplanade. Mr. A. + joined us. —

- with Mr. Fairlie -

+ It appears evident that the King is insane -

Mr. Sheridan's speech and motion, and Mr. Pitt's speech on Dec^r the motion - great. —

Friday 10 July 1801

I saw ^{the} ~~the~~
There is no doubt respecting Egypt's being invaded by the French -

+ This morning sent Wol-
ling's subscription paper to Mr. Wholl - He filled it up - 5 subscribers —

- Received from Mr. Fairlie a beautiful large green line caterpillar - preserve it in spirits of wine —

1801 the
Saturday 11 July

Perchard of Rod, Kenon.
3 Gyps returns and East
were ones and two nests of
Cuculles —

— Got an order from Captⁿ of
Relio to the Officer Com:
on board the Mornington
to receive Watling and his
baggage on board.

— A permission from Gov^t
to go on board must be
obtained on Monday sth

— Mr. M. gave W. 100
for a month's teaching

1801 the
Sunday 12 July

Sunⁿ took — muzzling

Last night the news from
Egypt is confirmed Genl.
Maurombi has died
of his wounds. Between
4 and 5 thousand French
are killed and taken pri-
soners —

— Called on Mr. W. to
see my picture, found
him quite drunk in
bed — I found my self
quite as a top how to

To act. I had pleasure
to have given him
to Deming
+ Received a letter from
W. M. Carthy - Chatta-
hoochee
+ letter to Francis.

See bookings at my
act. account, receiving of
Messrs F. G. & Co from
1000 J. M. P. charges
to my debit (at my
credit) -
