

ULTIMA THULE
CHESTER, NOVA SCOTIA Saturday

are coming and we would be happy if you could join us - We have been in our own house just over a year now but there is still a lot of field work to be done, it is situated at the junction of the East Road and the Golf Club Road, stands quite high and is pinkish in colour so you should have no trouble in finding it - It means a long drive for you - I am afraid but we would be delighted if you can manage it. We generally have lunch about one o'clock but as I am the cook it will be a cold one & the time flexible - Mother joins me in hoping very much to see you

Sincerely Yours

Grace Holloway
