HALIFAX, NOVEMBER, 1954

NEW SERIES

ALUMNI ASSOCIATION

Hon. President.....	Major J. W. Logan
President.....	A. Gordon Archibald
First Vice-President.....	Mrs. H. S. Heaps
Past President.....	M. E. Keating
Past First Vice-President.....	Miss Florence Wall
Second Vice-President.....	Clinton B. Havey
Treasurer.....	Arthur Moreira
Associate Treasurer.....	Miss Margaret Graham
Membership Secretary.....	J. W. E. Mingo
Secretary.....	Miss Dorothy P. Rhind
Editor Alumni News.....	W. Graham Allen

EXECUTIVE

Edward J. Dunsworth	Dr. F. Murray Fraser	Miss Nancy Briggs
D. K. Crowdis		Mrs. Douglas Murray
Dr. A. B. Campbell	S. S. Jacobson	Mrs. Ian Zobb
Peter Doig		Mrs. J. L. Ryan

ALUMNI REPRESENTATIVES ON BOARD OF GOVERNORS

1952-55.....	W. D. Outhit
1952-55.....	Magistrate R. E. Inglis
1953-56.....	Gordon S. Cowan
1953-56.....	M. E. Keating
1954-57.....	Dr. H. L. Scammell
1954-57.....	G. Raymond Smith

ALUMNAE REPRESENTATIVES ON BOARD OF GOVERNORS

1952-55.....	Mrs. J. R. Longard
1953-56.....	Mrs. Ralph Hebb
1954-57.....	Mrs. F. R. Duxbury

Address all communications to Mr. Arthur Moreira, Alumni Office,
Dalhousie University, Halifax, N. S.

Membership Fee.....	\$ 3.00
Life Membership Fee.....	50.00

Your Alumni Office maintains a filing system containing information on about 10,000 Dalhousians. The value of such a record to the University and to the Alumni Association is obvious. Many individual alumni, too, have found the system of value, in locating old classmates and in many other ways. But the system only reaches its peak efficiency with *your* co-operation. A post-card or telephone call to advise the office of any change of address or occupation will help us to keep the records in tip-top shape.

ANOTHER TERM BEGINS AT DALHOUSIE

With registration slightly higher than last year, Dalhousie has entered upon another term. In contrast to some other universities where the year began with rioting, damage, and even personal injury (and a \$4,000 fine) Dalhousie's welcome to new students was quiet. At Senate's direction, the welcoming period was reduced from a week to three days and new students were welcomed rather than hazed.

Freshmen were introduced to campus life at an assembly addressed by heads of student organizations and at a special convocation where they were officially greeted by President Kerr. The remainder of the program consisted of parties and receptions.

Early in the term, new students were guests of the Alumni at a party staged in the Dalhousie Gymnasium and organized by Orval Troy who has carried out the same undertaking for the past several years. Refreshments were provided by a group of alumnae headed by Mrs. Olga Martell.

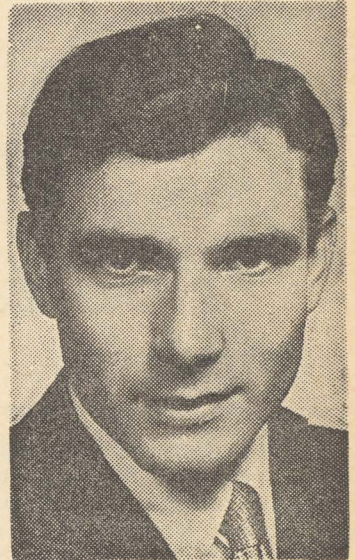

President Kerr and officers of the Alumni Association were present to meet the new students and a number of prizes were presented during the evening.

TEACHES SPANISH AT DALHOUSIE

Antonio M. Garcia Lopez, a graduate of the University of Madrid, where for five years he studied Law and the Humanities, has joined the staff of Dalhousie University and is teaching Spanish during the present academic year.

A native of Madrid, Mr. Lopez received his early schooling in that city and passed the state examinations for the university in 1947 with the grade of "notable". He received his law degree in 1952. During his years as a student, Mr. Lopez attended a Summer school program at the University of Santander on "Problems of Modern Society" and studied for four semesters in Madrid seminars, working towards his doctorate.

During the past year he has been taking courses in the Foreign Affairs School of the University of Virginia, and plans to spend another year in North America before returning to Europe.

ANTONIO M. GARCIA LOPEZ

DEAN OF DENTISTRY RETIRES

Dr. J. Stanley Bagnall, who became so well known as a member of the Faculty of Dentistry at Dalhousie, retired from his position as Dean at the end of August. Dr. Bagnall who came to Dalhousie from Prince of Wales College, Charlottetown, in 1911, interrupted his studies to serve overseas with the Artillery in World War I. Following the war he completed his Dental course and graduated, as a University Medal winner, in 1921. In the same year, he joined the teaching staff of the Dental School as Instructor, was promoted to the rank of Professor in 1929, and succeeded Dr. W. W. Woodbury as Dean of the Faculty in 1947.

Referring to Dr. Bagnall's retirement, President Kerr says in his report: "He has received extraordinary honors in his profession and commands the confidence of leaders in Dentistry throughout the Dominion. I wish to record the University's debt to Dean Bagnall and to express the gratification of all his colleagues that he has acceded to the proposal of his successor that he continue on the staff for the transitional period as part-time Professor of Dentistry.

NEW PROGRAM IN EDUCATION DEPARTMENT

Dalhousie University now offers a full program for young men and women who plan to make teaching their profession.

Junior Diploma in Education

A course leading to the Junior Diploma in Education is offered, designed for teachers of grades I to VI. All candidates must fulfil the usual matriculation requirements of the University upon entry to the course. For students entering with Junior Matriculation (grade XI) the course is one of three years. The first two years are spent in the regular academic subjects studied for the B.A., B.Sc. or B. Comm. degrees. The final year is a year of professional education and includes classes in general principles of education, history of education, and methods of teaching in the elementary grades. It also includes practice teaching in both urban and rural schools.

For students entering with Senior Matriculation (grade XII) the course is one of two years, the first spent in the study of academic subjects, the second on professional education.

Successful completion of the course entitles the candidate to the Junior Diploma in Education and the Teacher's License (Class III) of the Province of Nova Scotia.

Senior Diploma in Education

A course leading to the Senior Diploma in Education is offered, designed for teachers of the elementary or junior high school grades. For students entering with Junior Matriculation the course is one of four years, three of which must be spent in academic study and one in professional study. For students entering with Senior Matriculation

the course is one of three years, two of which must be spent on academic study and one on professional study.

Successful completion of the course entitles the candidate to the Senior Diploma in Education and the Professional Certificate (Class I) of the Province of Nova Scotia.

Degree of Bachelor of Education

The university offers a course leading to the degree of Bachelor of Education. This degree may be obtained only by students who possess a B.A., B.Sc., or B. Comm. degree from a recognized university.

Successful completion of the course entitles the candidate to the degree of Bachelor of Education and the Professional Certificate (Class II) of the Province of Nova Scotia.

Dovetailing of Courses

All professional classes in all courses outlined above are carefully dovetailed with one another. As a result a student who has obtained the Junior Diploma in Education may obtain the Senior Diploma by one more full academic year of attendance at the university. This need not follow the Junior Diploma years immediately. In other words, a teacher possessing a Junior Diploma may return at any later time to complete requirements for the Senior Diploma. Similarly, a teacher who possesses a Senior Diploma in Education may obtain a B.A., B.Sc., or B.Comm. degree after one more full academic year of study, provided that his previous academic classes have been chosen with this in view. He may also, upon fulfilling certain additional requirements, which do not require full-time attendance at University, qualify for the degree of Bachelor of Education.

Fees in Professional Years Paid

During the years of academic study the regular university fees must be paid by the student. Those vary somewhat according to the classes taken, but amount approximately to \$275 per year.

For Nova Scotia students all fees in the professional years of study will be paid by the Nova Scotia Department of Education, and there will be no charge to the student.

Placement of Graduates

In recent years the demand for trained teachers has considerably exceeded the supply. Dalhousie University has never experienced any difficulty in placing the graduates of its teacher-training courses, and many of them have been successful in obtaining the highest paid posts open to beginning teachers.

GIFT ENHANCES LIBRARY

Accurate listing of about ten million literary works is now available in the MacDonal'd Library of Dalhousie University with the installation of the Library of Congress Author Catalogue. The

\$1,200 Catalogue, which consists of 233 volumes, was given to the university by the Dalhousie Club of New York.

The New York Dalhousians have supported the university in many ways and their latest gift provides reference material of incalculable value. Acquisition of the Catalogue had been strongly recommended by the university library authorities and the members of the Dalhousie Club of New York adopted the idea as one in which they might appropriately have a special interest.

According to Douglas G. Lochhead, Dalhousie Librarian, the Library of Congress Catalogue is "the greatest bibliography ever assembled and will be of great use to staff, faculty, and students." It has been placed in a prominent and easily accessible location in the cataloguing department on the ground floor where it will contribute greatly to the library's facilities.

The Catalogue, Mr. Lochhead explains, has been created by photographing the millions of file cards in the Library of Congress, listing practically all of the holdings in that collection of more than ten million works and reproducing them eighteen to a page. The Catalogue is kept up to date by monthly supplements and annual cumulations.

Since the books in the Dalhousie Library are already catalogued according to the Library of Congress system, the new installation is integrated easily with existing library procedure.

In addition to listing the holdings of the Library of Congress, the Catalogue also includes books of many government departmental libraries and various large public and university libraries in the United States.

The Catalogue is famous, Mr. Lochhead says, for the accuracy of its information and for the wealth of detail it contains about authors, publishers, dates of publication, editions, and translations. Other materials covered include pamphlets, serials, motion pictures, filmstrips, maps, atlases, and music.

OTTAWA ALUMNI PLAN BUSY YEAR

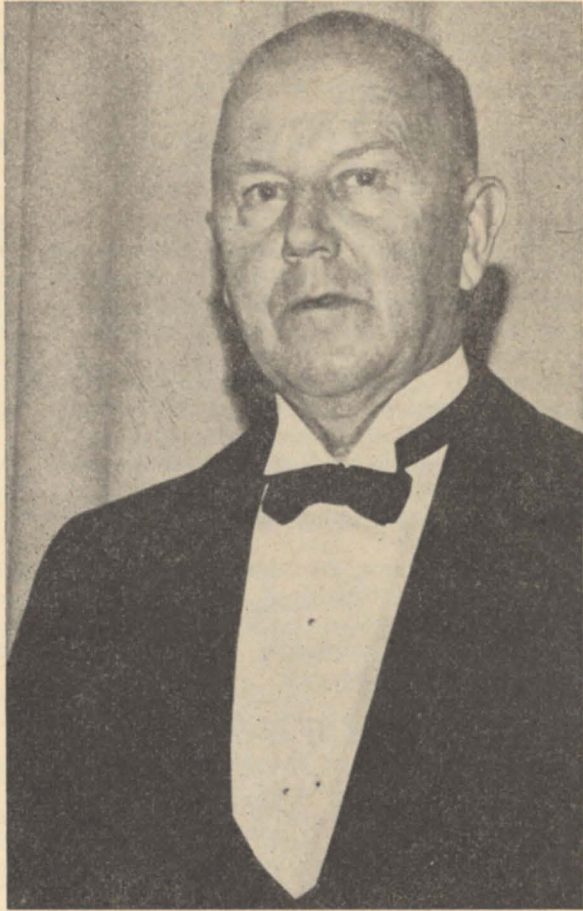

One of the most active of the Dalhousie Alumni Association branches, the Ottawa group, is looking forward to another busy year. Last season's activities wound up with an extremely successful party at Lansdowne Park Assembly Hall, attended by about 120 Dalhousians, who enjoyed the bridge, square dancing, and other features of the evening.

Directing the branch's activities for 1954-55 will be:

Honorary President, W. D. Findlayson; President, Dr. John Morton; First Vice President, Ray McClelland; Second Vice President, Sydney Gillies; Secretary, Mrs. A. T. Sunderland; Treasurer, Eric Mercer.

Executive Committee:

Mrs. E. J. Bousfield, Dr. W. Frost, Mrs. M. N. Reynolds, Carleton Smith, Keith Eaton, Mrs. R. Girouard, Sol Samuels.

HARRY GOUDGE GRANT

HARRY GOUDGE GRANT

(As the May issue of The Alumni News was going to press, Dalhousie was shocked and saddened by the sudden death of Dr. H. G. Grant, Dean of the Faculty of Medicine. It was possible to publish a bulletin only at that time. A more detailed account is presented herewith.—Ed.).

Dr. Harry Goudge Grant, 64, Dean of the Faculty of Medicine, died on Saturday morning, May 8, at the Victoria General Hospital in Halifax. His death came as he was about to retire from his office as Dean in which he had served since 1933. It had previously been announced that the Spring Convocation on May 11 would be his last.

The final illness came upon Dr. Grant suddenly and unexpectedly. He had been admitted to hospital no earlier than 4 o'clock on Saturday afternoon.

News of his death came as a shock to everyone in the University and it was planned, at first, to curtail the usual Convocation week activities. However, at the request of his family the program was observed as planned.

Under Dr. Grant's leadership, Dalhousie's Medical School had enjoyed steady progress and was recognized as one of the best in Canada. As Dean, he played a large part in arranging the construction and establishment of the Medical and Dental Library and, in recent years, he was able to interest the Kellogg Foundation in a program of post-graduate education, with the result that doctors of the Maritime Provinces have been enjoying post-graduate facilities never known before. As Secretary of the Nova Scotia branch of the Canadian Medical Association, he was acknowledged to have been instrumental in expanding the scope of the society to its present high degree of organization.

His colleagues knew Dr. Grant as a man of great personal friendliness and charm. Many of them enjoyed renewing his acquaintance during the Dalhousie Medical Reunion a year ago. He had planned, upon his retirement from the service of the University, to remain active in the field of public health.

Harry Goudge Grant was the son of the late A. J. and Mary B. Grant. His father was the head of the wholesale hardware firm of A. J. Grant and Co., Water Street, Halifax. Born in Halifax in 1889, he went to Halifax County Academy and graduated in Medicine from Dalhousie in 1912 with his M.D., C.M.

Following his graduation from Dalhousie he went to England and spent over a year studying in London. There he earned the degrees of Master of the Royal College of Surgeons and Licentiate of the Royal College of Physicians. After returning to Canada he married Marguerite Silver, daughter of H. St.C. Silver, and settled in Rose Bay, where he practised successfully until 1919. Following a further year of study in England, he returned to Halifax, where he practised for three years in association with Dr. H. B. Atlee and the late Dr. J. N. Lyons.

He then went into public health field and, going to the United States, became assistant to the commissioner of health of the State of Virginia.

In 1932 he joined the faculty of the Dalhousie Medical School and on the death of Dean W. H. Hattie the following year, assumed the headship.

He has also held the secretaryship of the Nova Scotia branch of the Canadian Medical Association for 20 years.

Dr. Grant is survived by his widow; three sons, Arthur St.C. G., Ottawa, Harry J. A., Yarmouth, and Dr. Robert S. Grant, Halifax; and one brother, James R., Dartmouth.

The funeral service was conducted in All Saints Cathedral Wednesday, May 12, by the Dean of Nova Scotia, the Very Rev. W. W. Davis. Interment was in Fairview cemetery.

PROGRESS OF SPEECH CLINIC OUTLINED

Miss Marie Rudd, Instructor of Speech Therapy, Dalhousie Public Health Clinic, which is sponsored by the Junior League and assisted with funds by Halifax Rotary Club, told members of the Halifax Council of Women of the ground covered in the first year in the local clinic.

Individual cases were discussed following her talk, with interest in the therapist's statement that boys outnumbered girls 13 to one in treatment of stuttering. Emphasizing that intelligence was not lacking when speech was slow in youngsters she told that the clinic had helped to reassure mothers of two-year-olds not interested in conversation.

INTERNATIONAL FISHERIES EXPERTS AT DALHOUSIE

Scientists and administrators from the ten member-nations of the International Commission for the Northwest Atlantic Fisheries gathered at Dalhousie in June for the fourth annual meeting of that organization and the first plenary sessions held since the Commission established its permanent headquarters at Dalhousie.

Nations represented on the Commission are Canada, Denmark, France, Great Britain, Iceland, Italy, Norway, Portugal, Spain, and the United States.

Fittingly enough, the official welcome to the Commission was extended by Dalhousians: the Hon. R. M. Fielding, Q.C. (B.A. '20, LL.B. '22) Provincial Treasurer, spoke on behalf of the Government of Nova Scotia and R. A. Donahoe, Q.C. (B.A. '30, LL.B., '32) Mayor of Halifax, spoke on behalf of the City.

In the absence of President Kerr, Dean Horace Read of the Faculty of Law welcomed the delegates to Dalhousie and A. I. Barrow extended the greetings of the Halifax Board of Trade.

Commander Tavares de Almeida, Lisbon, Vice-Chairman of the Commission, thanked all concerned for their assistance in setting up

the permanent headquarters. "On behalf of the staff which is now resident in Halifax," he said, "I should like the local people to know also that the staff is very happy to be here in the pleasant surroundings that have been given us."

The opening plenary session was held in the Board and Senate Room in the Arts and Administration Building, with business meetings in other parts of the University.

A FAREWELL TO DALHOUSIE

The graduating class of 1954 chose as its Valedictorian, Benson T. Douglas, who entered Dalhousie in Pre-Law in 1950 and received his degree of LL.B. last May. Mr. Douglas, a native of Grenada, B.W.I., so impressed a number of his hearers that they requested The Alumni News to publish the greater part of the Valedictory.

And here it is:

"Tonight, in retrospect, we glance upon the years which are now behind us, and the many incidents which filled the minutes of those years seem as it were, to pass in review before our mind's eye; and though in this matter every individual must render an account of his stewardship to himself, it is no hazard to conclude that we have all accomplished much. True, few of the graduated perhaps can accept praise for intellectual brilliance, but all of us have learned that there is a reward for effort, and the worthwhile 'heights cannot be attained by sudden flight.' But it is not necessary to recount our probable accomplishments; rather it is more appropriate that we acknowledge our great indebtedness to those who in no stinted measure have contributed to these varied accomplishments. As the Pharos put it—wittily, but certainly truthfully—'the persons who shape our destiny.'" The persons whose tolerance, patience, and persistent faith in humanity gave them the fortitude to keep on in the struggle of helping us prepare to make something of ourselves. Indeed, there were occasions when we thought of members of the faculty as the most uncompromising and taxing of creatures; but a man's a man for all that, and Dalhousie's professors are the grandest of persons for all that.

"And so, we can all be assured of this, that tonight every heart beats out a desire to say 'thank you' for every kindly act, every word of guidance, of encouragement and advice which individual members of the faculty had on so many occasions found it necessary to give to each and all of us.

"We are extremely proud of being graduates of Dalhousie, because we know that as an institution of learning it is unexcelled in affording opportunities for the pursuit of intellectual eminence, as well as for spiritual development, and social maturity. The greatness of our school is not to be found in its imposing structures, well-supplied libraries, or adequately-equipped laboratories; but rather in that living and personal relationship which subsists between the university

faculty and other personnel on the one hand and the student body on the other. Dalhousie is a great school because President, faculty members, administrative personnel and caretakers—each and all of them strive to do their duty well, because it is done for Dalhousie's sake. It is this undying pride in the university, this personal interest, this devotion to duty that make, and will continue to make our school the greatest of them all.

“Those of us who are about to depart its hallowed halls and fraternal atmosphere can at this point show little by way of tangible expression of our gratitude for all Dalhousie has done for us: but, this we can promise, and this indeed we promise, that whatever our vocation, our profession; in whatever walks of life our endeavours lead us, we shall forever be conscious of the great tradition in which we stand and of our duty to do nothing to sully or bring into disrepute the good name of our venerable school, but rather strive at all times to meet that standard of dignity, and integrity befitting all Dalhousians.

“Today, perhaps more than ever before, when there is such political unrest and economic imbalance, when nationalism has become a byword and national independence a holy quest; when an ideology which was once hailed an ark of safety for all free peoples is now being rocked and shaken by turbulent currents of intrigues flowing from a new enslaving ideology; when there hovers over us a constant threat of global war and our entire civilization groans and moans in the iron grips of perpetual fear and persistent insecurity; when there is a marked tendency towards conformity and an obvious lack of willingness to test the weight of thought and the worth of desires by any standard other than that of mass opinion; when leaders are perhaps too prone to please and go-along rather than to guide and direct—when all these are apparent, we cannot avoid recognizing the tremendous responsibilities which are ours of so employing and utilizing our training that we may steer others and ourselves away from the paths of superficial existence to those of more serious and purposeful living. We believe that to live up to such responsibilities is to make our university worthy of its existence; and the efforts of our professors to some measure, rewarded.

“We shall not forget our privilege as alumni. A privilege, because we are now given the opportunity to share in the grand work of perpetuating that personal fellowship which we so much enjoyed while we were students. And here perhaps we find an antidote to the sadness with which this occasion must otherwise be tinged—we say goodbye, but we do not really sever ourselves from our beloved school. We are, irretrievably so, forever Dalhousians. This, we will remember. And so for an Institution whose service to humanity can be adequately performed by none other, we wish continued success; to it, we bid farewell.”

AWARDED DUNN SCHOLARSHIP

Award of the Sir James Dunn Scholarship for post-graduate study in law to William Andrew MacKay, B.A., LL.B., by the Faculty of Law, Dalhousie University, was announced last term by President A. E. Kerr.

Mr. MacKay is the son of Dr. and Mrs. R. A. MacKay, of Ottawa, formerly of Halifax. For a number of years, Dr. MacKay was Professor of Political Science at Dalhousie. He is now Canada's Deputy Under-Secretary of State for External Affairs.

William Andrew MacKay received the degree of Master of Laws at Dalhousie in the field of constitutional law and modern social legislation at the Spring Convocation. He graduated in Arts at Dalhousie in 1950 and in Law in 1953.

His career as a leader of student activities and as an athlete was outstanding, including debating, student government, journalism, basketball and football. In 1949 he won the Climo Trophy, awarded annually to the student who best embodies the qualities of athletic ability, clean sportsmanship and team spirit. He was selected as most valuable player of the Nova Scotia Canadian Football League in 1952 and in 1953 was recipient of the Malcolm Honor Award, highest honor conferred by students and faculty for unselfish service.

The scholarship which Mr. MacKay has been awarded bears the name of its donor, Sir James Dunn, well-known financier and industrialist who graduated in law from Dalhousie in 1898 and has been a generous benefactor of the law school.

HONOR PAID DR. S. H. PRINCE

Nova Scotia's low-cost housing program was described by guest-speaker architect A. Edwin Priest at the annual banquet of the Dalhousie-Kings Sociology Club held at the Dresden Arms Hotel. Mr. Priest illustrated his address with stereopticon pictures of the hundreds of new homes which have been constructed in various parts of the Province through the efforts of the Nova Scotia Housing Commission.

During the evening tributes were paid by student speakers to Dr. S. H. Prince, Professor of Sociology, the founder and honorary president of the club, and on behalf of the 1953-54 Sociology classes the Rev. L. J. Galey, a past-president of the organization, presented Dr. Prince with a desk-set of gold-plated scissors and paper-knife, suitably engraved. In accepting the gift, Dr. Prince told of the history of the club and the role which it has played on the campus for over a quarter of a century in providing opportunity for student fellowship and for the advancement of informal social education.

Enlivening the proceedings were songs, toasts and speeches, the latter by Mrs. M. J. Hudson of Country Harbor, Miss Ruth MacDormand of Bridgewater, Miss Joan Venner, of Halifax, and G. R. Hatton of Springhill. Max Clattenburg, club president, presided.

"MEN OF STEEL AND STEAM" (See opposite page)

"MEN OF STEEL AND STEAM"

The picture reproduced on the opposite page is taken from a greeting card issued in 1908 and shows the Dalhousie Football Team, champions of Eastern Canada. The team's record that year was: Dalhousie vs Army 53-0, 63-0; Crescents 32-0; Wanderers 13-0, 17-0; St. Francis Xavier 27-3; Old Boys 13-0. Total 218 against 3: How many do you remember? Front row, left to right, W. W. Malcolm, W. C. Ross, F. Kenny, E. K. Maclellan. Second row, Dr. John Rankine, M. G. Burris, D. A. Cameron, H. W. Flemming (capt.), N. C. Ralston, C. R. Chipman, P. R. Flemming. Third row, S. MacKenzie, E. R. Archibald, D. McNeil, E. M. Forbes, J. R. Collib, L. Siderski, J. J. Macdonald.

WIFE WORKS HARDEST

According to the results of a survey, as quoted by Dr. Lea Steeves of Dalhousie University, the most arduous work in modern society is done, not by the tired business man, not by the manual laborer, nor even by the harassed intellectual, but by the housewife. Apparently the "female of the species" is not merely "more deadly," but also more hard-working than the male.

Even as a pure matter of physical movement, women in the course of their daily chores probably walk as much as do most men in a week. And while a man generally has only one job to fill his day, a woman's day is filled with matters as diverse as cleaning the basement and acting as psychiatric counselor to a teenage daughter. And no matter how far the mechanization of the house may go, it can never go far enough to take the full load off the shoulders of society's hardest worker, the housewife.

MENTAL HEALTH CLINIC FOR CHILDREN PLANNED

Plans for the establishment of a new mental health clinic for children in Halifax were announced last Spring by Health Minister Harold Connolly who said the department has secured funds for the city through health grants.

This clinic will be a co-operative undertaking by the department, the City, and Dalhousie University. It will take over and add to services formerly carried on by the Dalhousie Child Guidance Clinic.

It will be located in the Dalhousie Public Health Clinic building on University Avenue and will be operated as part of the city's Health Department under supervision of Dr. Allan Morton. Assisting will be Dr. Clyde Marshall, chief of the Neuropsychiatric Division at Dalhousie.

Dr. Frank Dunsworth will be director of the organization, to be officially known as the Halifax Mental Health Clinic for Children.

The complete staff will include two half-time psychiatrists, two psychiatric social workers, a psychologist and secretarial workers. The clinic will work in close collaboration with school authorities.

MEDICAL DOCTORS MEET FOR SHORT COURSE

The medical doctors of South-western Nova Scotia held a short course in Children's Diseases last Spring at Yarmouth. Speakers were supplied by the Dalhousie Post-Graduate Committee and were Doctors Norman Coward and Robert Grant, both on the staff of the Children's Hospital, Halifax.

Following an enjoyable dinner and a short business meeting under the chairmanship of Dr. D. R. Sutherland, the visiting doctors gave an illustrated lecture on the subject, "The Child Who Fails to Thrive".

The following morning a round table discussion was held at the Yarmouth Hospital and several subjects related to children's diseases were discussed and problem cases presented.

The following doctors were present:

Dr. G. V. Burton, Dr. George Burton, Dr. R. M. Caldwell, Dr. B. J. d'Eon, Dr. C. K. Fuller, Dr. D. F. MacDonald, Dr. W. C. O'Brien, Dr. S. W. Williamson, Dr. D. R. Sutherland, of Yarmouth; Dr. P. LeBlanc, of Little Brook; Dr. J. E. LeBlanc, of West Pubnico; Dr. E. Melanson, of Eel Brook; Dr. A. F. Weir of Hebron.

EIGHT DAL GRADUATES, STUDENTS HONORED

Awards of National Research Council Fellowships, Studentships and Bursaries for the year 1954 were announced last Spring. These scholarships are open to all graduate students in Science of Canadian Universities. Graduates of the Departments of Chemistry, Physics, Physiology and Zoology of Dalhousie University have been successful in obtaining eight awards, totaling \$8,200, President A. E. Kerr announced.

National Research Council Studentships of value \$1,100 were awarded to the following students enrolled in the Faculty of Graduate Studies at Dalhousie:

A. L. Carter, B.Sc., son of Mr. and Mrs. L. A. Carter of Dartmouth. Mr. Carter received the B.Sc. degree with Honours in Physics from Dalhousie University in 1952, and was admitted to a course leading to the M.Sc. degree in Physics, which he received at the May Convocation. During his course Mr. Carter was the holder of a James Gordon MacGregor Assistantship and also a National Research Council Bursary. For the past year Mr. Carter has been engaged in research on radiocarbon dating under the direction of Dr. J. E. Blanchard. Mr. Carter is continuing his studies toward the degree of Ph.D. at McGill University.

M. J. Fraser, B.Sc., son of Mr. and Mrs. A. J. Fraser of Halifax. Mr. Fraser received the B.Sc. degree from Dalhousie with Honours in Chemistry in 1952. He was then admitted to the Faculty of Graduate Studies for a course leading to the degree of M.Sc. in Physiology which he completed this spring. During the session 1953-54 Mr.

Fraser has been the holder of an N.R.C. Bursary, and has been engaged in research in cellular physiology under the direction of Dr. J. G. Kaplan.

R. E. Green, B.Sc., son of Mr. and Mrs. H. Green of St. John's, Newfoundland. After a brilliant record at Memorial University, Mr. Green came to Dalhousie and was awarded the degree of B.Sc. in 1952. He then registered in the Faculty of Graduate Studies for a course leading to the master's degree in Physics. While a student in this Faculty he was awarded a National Research Council Bursary and also a James Gordon MacGregor Memorial Fellowship. During the past year Mr. Green has been working on "The Angular Correlation of Annihilation Radiation" under the direction of Dr. A. T. Stewart. He received the M.Sc. degree in Physics at the May Convocation, and left for Montreal in September to begin work leading to the Ph.D. in Physics at the Radiation Laboratory, McGill University.

A. D. B. Woods, B.Sc., son of Mr. and Mrs. S. J. S. Woods of St. John's, Newfoundland. Mr. Woods entered Dalhousie in 1951 from Montreal University and received the B.Sc. degree in 1953. He then was admitted to the Faculty of Graduate Studies to a course leading to the master's degree in Physics and was awarded an N.R.C. Bursary for the session 1953-54. During this year Mr. Woods has been working on the velocity of sound in gases under the direction of Dr. A. D. MacDonald, and will continue work on this project at Dalhousie.

Two recent graduates of Dalhousie University were also awarded National Research Council Studentships, Miss Natasha Coffin, B.Sc. and G. A. Dauphinee, M.Sc.

Miss Coffin is the daughter of the late Professor C. C. Coffin and Mrs. Coffin of Halifax. After an outstanding record at Dalhousie, she received the B.Sc. with First Class Honours in Chemistry in May, 1953, and was awarded the Governor-General's Gold Medal. Having been awarded a N.R.C. Bursary for the session 1953-54, she proceeded to McGill to begin a course leading to the M.Sc. degree in Chemistry, and plans to continue her study leading to the degree of Ph.D.

Mr. Dauphinee is the son of Mr. and Mrs. A. S. Dauphinee of Halifax. Having received the degree of M.Sc. in Chemistry from Dalhousie in May, 1953, he then proceeded to the University of Toronto to begin study toward the Ph.D. degree in Organic Chemistry under the direction of Dr. G. F. Wright.

National Research Council Bursaries of value \$800 have been awarded to the following students who are presently enrolled at this University:

Miss Verna Cornick, B.Sc., daughter of Mr. and Mrs. Chesley Cornick of Grand Falls, Newfoundland. After receiving the B.Sc. degree from Dalhousie in 1953, Miss Cornick was admitted to the Faculty of Graduate Studies to a course leading to the M.Sc. degree in Zoology. During the past year Miss Cornick has been studying

phosphorus metabolism in arthropods under the direction of Dr. F. R. Hayes. She will continue this research at Dalhousie during the coming year.

Miss Charlotte Sutherland, daughter of Mr. and Mrs. J. R. Sutherland of Sussex, New Brunswick, completing work toward the B.Sc. degree.

TELLS OF HELP GIVEN TO STUDENTS

The course of action taken when a school finds a student who is having difficulty adjusting himself to his school-mates and studies was described by Miss Mary Cooke, of the mental health department of Halifax city schools, at a meeting of the Chebucto Home and School Association.

Dealing with the importance of mental health in school children, Miss Cooke told how parents, school officials and mental health departments co-operate in finding solutions to the problem of a mentally maladjusted school child. She referred to Dalhousie University's Child Guidance Clinic which is to become incorporated with a new Mental Health Clinic for children of Halifax. A federal grant of \$14,400 to assist such a clinic has been announced by the Department of National Health and Welfare.

HALIFAX DOCTOR HONORED BY ROYAL COLLEGE SURGEONS

Dr. H. S. Morton, O.B.E., F.R.C.S., F.A.C.S., who is Assistant Professor of Surgery at McGill University and associate surgeon at the Royal Victoria Hospital and consultant in surgery at Queen Mary Veterans' Hospital, was invited to be Hunterian Professor of the Royal College of Surgeons, England, and deliver the Hunterian Lecture in London, the third Canadian to be given this honor.

Son of Dr. C. S. Morton, he received his B.A. degree from Dalhousie in 1925 and his M.Sc. in 1927. He was the first Canadian postgraduate student of Professor Babkin in physiology. He graduated from the University of London in 1932 and did postgraduate work at the London Hospital and in Edinburgh and on the Continent. When he returned to Canada, he was appointed to the Royal Victoria Hospital as Associate in Surgery and worked with Dr. Archibald in part-time research on cancer.

He served during the war with the Royal Canadian Navy Volunteer Reserve, attaining the rank of Surgeon Captain, and he became interested in the electrical phenomena in the body. After the war, he resumed the practice of Surgery and, in addition, has directed the development of the electrogastrograph for clinical use. This instrument, similar to the electrocardiograph, is used for the study of the function of the stomach and diagnosis of its diseases. This

work has been carried out with a grant from the National Cancer Institute.

The Hunterian lectures were established in 1799, by the British Government, six years after John Hunter's death, to honour this famous pioneer surgeon, who founded the museum of the Royal College of Surgeons. The title of Dr. Morton's lecture is the "Potentialities of the Electrogastrograph."

BLIND GRADUATE TO SEEK NEW HONORS

Blindness may be a handicap but it is a handicap that can be overcome, even by one who desires to become professionally qualified. And now that John Thomas Connors has overcome that handicap to the extent of earning his degree of Bachelor of Laws from Dalhousie Law School, he is looking forward to fall when he expects to receive his Bachelor of Arts degree and resume his studies once more—this time post-graduate study in Criminal Law at Harvard University where he has been awarded a fellowship.

Mr. Connors not only received his degree in spite of total blindness but also placed high in the standing of the graduating class of Law students. This position is no stranger to the native of St. John's, Nfld., for he has consistently maintained a high academic standing since he first entered Dalhousie Law School in 1951. At the end of his first year in the school, Mr. Connors received the Nova Scotia Barristers' Society Scholarship, which is awarded to the student standing highest in the class. At the same time he won the Class of 1911 prize given to the student who makes the highest mark in the course, History of English Law.

At the end of his second year in law school Mr. Connors missed first place in his class by only a slim margin and in this year's graduating class he came third, still only a point and a few tenths out of first place.

During the course of his studies at Dalhousie, which embraced some six years, he has been awarded the King George V Jubilee Scholarship, the S. R. Hussey Scholarship of the Canadian Council of the Blind, and a grant from the Canadian National Institute for the Blind to assist in defraying the cost of tuition. But not satisfied with graduating with the Bachelor's degree even with high standing, Mr. Connors plans to enter Harvard University this fall for post-graduate study in the field of Criminal Law. He has already been awarded a fellowship by that university to continue his studies in criminology.

Until the time comes to take up his post-graduate work he will continue his articling with the firm of McInnes, McQuarrie, and Cooper where he spent three months articling in the summer of 1953. He will be just a few months short of being qualified for admission to Nova Scotia bar when he leaves for Harvard University.

Mr. Connors was not always blind. In 1943 he began his study with the intention of entering medical school but in 1944 he completely lost his vision. That cut short his studies at University for four years but in 1948, after having attended the Halifax School for the Blind, Mr. Connors resumed his formal university studies, this time in arts. This time illness interrupted his course with the result that he is one course short of filling the requirements for his Bachelor of Arts degree. He expects to write off that examination this fall and receive his E.A. at Dalhousie's fall convocation.

Mr. Connors married the former Doris Esson, Newcastle, N. B., in 1952, and he gives Mrs. Connors credit for much of his success in his studies. He met her at the School for the Blind where she was teaching. He himself had a part in some of the supervisory work at the school during his period he spent there after his blindness.

The Halifax Mail-Star, May 14, 1954.

CHIEF SECRETARY, DEFENCE DEPARTMENT

Dan Wallace, 43, formerly of Halifax, has been appointed chief secretary of the defence department. He succeeds W. R. Dick Wright of Montreal, now assistant to Donald Gordon, president of Canadian National Railways.

Mr. Wallace has been in Ottawa for 12 years. For the last 6½ years he has been executive assistant to Health Minister Martin. He was research editor for the Wartime Information Board in 1942 and for the next four years was secretary to the National Film Board. During his residence in Ottawa, he has been active in the local branch of the Dalhousie Alumni Association and has served as its president.

Mr. Wallace attended Dalhousie University in Halifax and was Nova Scotia Rhodes Scholar in 1933. On his return from Oxford, he was associate professor of English at St. Francis Xavier University, Antigonish, N. S., for two years and earned his doctor of philosophy degree at Harvard in 1939.

In 1947 he sought the Liberal nomination in a Halifax federal by-election but was defeated by John Dickey, now parliamentary assistant to Trade Minister Howe.

Mr. Wallace is still keenly interested in sports. He won nine Maritime championships in boxing and sculling. He now coaches scullers and does a bit of sculling himself as well as skiing.

REFRESHER COURSE HELD AT DALHOUSIE

Another in the series of semi-annual post-graduate courses in obstetrics and pediatrics given in Halifax for general practitioners of the four Atlantic Provinces was held in May with almost a full week of lectures, demonstrations and discussions.

The course was given under the auspices of the Post-Graduate Committee of the Medical School of Dalhousie University. Used

throughout the week to carry out the work prescribed in the course were the facilities of the majority of institutions with which the Dalhousie Medical Faculty is affiliated—the Victoria General Hospital, the Children's Hospital, Grace Hospital and the Dalhousie Public Health Clinic.

The course is designed as a "refresher" for all general practitioners in the Atlantic Provinces who wish to avail themselves of the opportunity it offers. Its purposes are to revise their knowledge of medicine as practised in the specialized fields which the course covers and to bring them abreast of the latest developments in those fields.

It has been given semi-annually for the last four years and, course officials said last May, its success has been sufficient to warrant plans for continuation of the course at regular intervals.

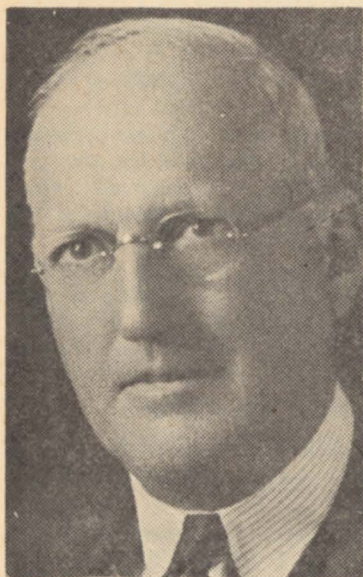

WINNERS OF PRIZED SCIENCE AWARDS

Two Nova Scotian graduates of Dalhousie University have received important scientific awards, it was announced last spring by President A. E. Kerr.

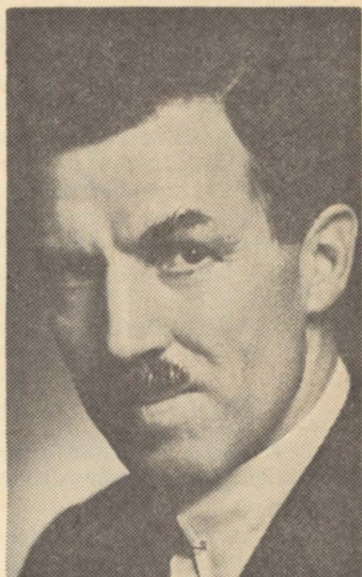

A Fellowship of the Royal Society of London, a most coveted honor in the scientific world, was received by Professor F. C. MacIntosh, formerly of Stellarton, head of McGill University's Department of Physiology. Murray J. Fraser, Halifax, who received his M.Sc. in Physiology at Dalhousie's Convocation this month, was awarded one of three 1851 Exhibition Scholarships available to Canadians for study in England.

Son of the late Rev. Dr. C. C. MacIntosh, Professor MacIntosh, high-schooled at Stellarton and New Glasgow, entered Dalhousie in 1927 on a George H. Campbell Memorial Scholarship, received his B.A. in 1930, and an M.A. in Biology in 1932. At McGill he studied under Dr. Boris Babkin obtained a Ph.D. and was awarded a National Research Studentship. Dr. MacIntosh continued his studies in Great Britain distinguished himself through his researches in physiology and pharmacology of the nervous system. It was for this work and for his research into methods of biological assay that Professor MacIntosh was elected to a Royal Society fellowship.

Mr. Fraser attended Yarmouth Academy and Queen Elizabeth High School, entered Dalhousie with a Morton R. Heinisch Memorial Scholarship in 1948 and received a B.A. with honors in Chemistry in 1952. He was also awarded the John Hamilton Barrett Prize, offered for exceptional ability in fourth year Science. Mr. Fraser has since carried out post-graduate work in Physiology under Dr. J. Gordin Kaplin. His recent award will support his scientific studies for a Ph.D. at Cambridge.

DENIS STAIRS

H. R. MILNER

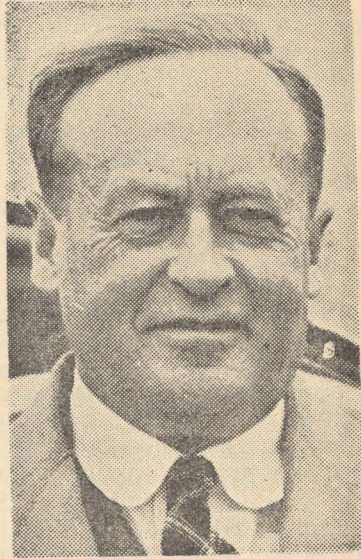

G. A. GAHERTY

FIVE HONORED AT DALHOUSIE CONVOCATION

Five distinguished Canadians were honored by Dalhousie University at the annual spring convocation in the Capital Theatre, on Tuesday morning, May 11. The honorary degree of Doctor of Laws was conferred upon Geoffrey A. Gaherty and Denis Stairs, O.B.E., M.C., both of Montreal, who were members of the last class to receive degrees in Engineering from Dalhousie before the University agreed, in 1909, to surrender professional teaching to the new Nova Scotia Technical College; Benjamin Franklin Haanel, Ottawa, Chief of the Fuels Division of the Mines Branch from 1910 until his retirement in 1946; Robert Alexander MacKay, Ottawa, formerly Professor of Political Science in Dalhousie and now Deputy Under Secretary of State, Department of External Affairs; and Horatio Ray Milner, a Dalhousie graduate who is a prominent Edmonton lawyer.

More than three hundred students received degrees and diplomas at the convocation ceremonies, marking the end of the University's 1953-1954 academic year. Dr. MacKay delivered the convocation address.

Mr. Gaherty, who was born in Dickinson's Landing, Ont., was educated in private schools in Halifax and at Upper Canada College, Toronto. He graduated from Dalhousie with the degree of Bachelor of Engineering in 1909. After serving as an engineer with various industries from 1909 to 1930, he was appointed Vice President of Montreal Engineering Co., Ltd., and has been President of that company since 1934. He is a director of several public utility companies. In World War I, Mr. Gaherty served as a lieutenant with the 1st Canadian Artillery on garrison duty in Halifax until 1916 when he went overseas as orderly officer with the 1st Brigade, Canadian Garrison Artillery. He served in France until 1918 when he was wounded and discharged with the rank of captain. He was recently appointed a member of the federal commission investigating the problem of the application of atomic energy to industrial uses.

R. A. MACKAY

Dr. Denis Stairs, who has had an outstanding career in Engineering and public service is a native of Dartmouth who graduated with great distinction in Engineering from Dalhousie in 1909. In 1948, the Nova Scotia Technical College honored him with the degree of Doctor of Engineering. He is Chief Engineer of Montreal Engineering Co., Ltd., and a director of several public utility companies. In recognition of his war services as Director General of the Defence Projects Construction Branch, Department of Munitions and Supply, he was made an Officer of the Order of the British Empire.

Mr. Haanel was born at Coburg, Ontario, and educated in Coburg and later in Syracuse, N. Y., where his father held the chair of Physics at Syracuse University. He obtained the degree of B.Sc. from Syracuse in 1899 and then studied Mechanical Engineering for two years at the Massachusetts Institute of Technology. After some years in industrial engineering, he returned to Canada in 1905 to accept a position with the Mines Branch, becoming chief of the Fuels Division in 1910. During his tenure of office, Mr. Haanel directed investigations concerning the fuel resources of Canada, including special tests on the coals of Nova Scotia. As a direct result of this work, considerable quantities of Nova Scotia coals were used for the manufacture of domestic gas and coke in Canadian plants which heretofore had used only imported coals.

Dr. R. A. MacKay who was born in Victoria County, Ontario, obtained the degree of Bachelor of Arts from the University of Toronto in 1920 and the degree of Doctor of Philosophy from Princeton in 1924. He was Professor of Political Science at Dalhousie from 1927 to 1947, but was granted leave of absence in 1943 to take a temporary post in External Affairs, receiving a permanent appointment in 1947. He was a member of the Royal Commission on Dominion-Provincial Relations from 1937 to 1940, deputy chairman of the committee of officials on union of Newfoundland with Canada during 1948 and 1949, and since 1950, has been a member of the Canada-United States Permanent Joint Board of Defence.

Mr. Milner, for many years a leading citizen and prominent lawyer of Edmonton, was born at Sackville, N. B., and educated at King's Collegiate School and King's College, Windsor, graduating with the degree of Bachelor of Arts in 1909. He received the degree of Bachelor of Laws from Dalhousie in 1911. Mr. Milner was called to the Bar of Nova Scotia in 1911 and the Bar of Alberta in 1912. He was created a King's Counsel in 1921. A leader in Alberta political life, he is a former president of the Alberta Conservative Association. During World War I, Mr. Milner was twice wounded during service overseas. For his work in establishing the Faculty of Law at the University of Alberta, he is popularly known as "The Father of the University of Alberta Law School."

The exercises commenced at the theatre with the singing of the hymn "From Ocean Unto Ocean". The invocation was delivered by Rev. D. M. Sinclair.

Dr. Kerr delivered his presidential address charging the graduates to remember all the lessons they had learned at Dalhousie. He paid tribute to the memory of Dr. H. G. Grant, dean of the faculty of medicine, whose death last week-end saddened the university. The assembly observed a moment of silence in his memory.

Following presentation of degrees, diplomas, medals and prizes and conferring of honorary degrees, Dr. MacKay delivered the convocation address.

He reminded the graduates that the future of Canada, no less than that of other countries, "hinges on the progress we can make in establishing some tolerable form of world order. You as graduates of this university have had opportunities enjoyed by only a small portion of Canada's young men and women, and by an even smaller proportion of the youth of the Western World as a whole.

"You have had the privilege of being taught by great teachers and through them have made contact with the living past. And society expects in return that you be good workmen in a work-a-day world into which you are going. You are joining that company of trained university graduates without whose responsible guidance and skill our highly technical civilization would soon grind to a stop," he said.

"On you, as university graduates, rests a special responsibility for helping to develop a sound public opinion on the great and small affairs of state. In these days when rival social philosophies are struggling for the mastery of men's minds, when the world is full of hate and fear, when nations are girding themselves against possible future wars with the most powerful weapons ever invented by man . . . the university graduate should be relied upon to throw his weight on the side of patience and reason, of tolerance and understanding . . . to steady the electorate," he said.

To some, of course, may come the privilege of taking a direct hand in affairs, but for each of you, whatever his vocation, whatever his status, there is the opportunity of bringing to the discussion of public affairs these qualities of reason, cool-headedness, patience and tolerance, which are so needed in resolving our difficulties at home and abroad", Dr. MacKay said.

FIRST WINNER OF NEW SCHOLARSHIP

Miss Shelia H. Ellman, of Fredericton, has been named as the first recipient of the newly-established Union Carbide Canada Limited Scholarship at Dalhousie University, according to an announcement by President A. E. Kerr. The scholarship has a value of \$500 a year for four years. In making the announcement, Dr. Kerr said that the standing of all scholarship winners this year has been extraordinarily high.

The new Union Carbide scholarship, which is to be awarded annually, is designed to assist able and deserving students who are interested in business or industrial careers to obtain a university education and to

develop more men and women qualified for future executive and administrative positions. Scholarships have been established in eighteen Canadian universities. The selection of the students and the administration of the scholarships are entirely in the hands of the universities concerned. In due course, four of these scholarships will be running concurrently at Dalhousie, this being the maximum allotted to any participating university.

Although it is anticipated that career opportunities in many fields will always exist in Union Carbide Canada Limited and its divisions, there is no obligation on the part of either the company or the student with respect to subsequent employment.

Arrangements for the establishment of the scholarship at Dalhousie were made by A. A. Cumming, President of National Carbon Company, a division of Union Carbide. Mr. Cumming is a graduate of Dalhousie and the son of Dr. Melville Cumming of Halifax.

GIFT OF \$232,000 TO DALHOUSIE

Governors of Dalhousie University, Halifax, will receive \$232,031.66 from the estate of Dr. A. C. Fales, a graduate of Dalhousie Medical School, and a prominent physician whose death occurred November 24 last at his home in Wolfville. The net amount of the estate was \$269,746.03 and after providing a number of bequests to relatives and friends, the net amount for Dalhousie University to be maintained by them as a separate and distinct trust fund; the income and interest to be used for the following purposes: (a) to endow a chair in the domain of physics to be called "the Dr. A. C. Fales chair theoretical physics"; (b) to provide a sum to be put at the disposal of the department of physics for the furtherance of research in physics.

DALHOUSIE DEAN GETS FELLOWSHIP

The youngest dean of a faculty of Dentistry in Canada, Dr. J. D. MacLean, 34, of Dalhousie University, Halifax, was granted a fellowship in the Canadian section of International College of Dentists at the I.C.D. annual dinner held at the Algonquin Hotel, St. Andrew's, N. B.

Dean MacLean, graduated from the University of Toronto in 1942, served with the Canadian Dental Corps during World War II and after hostilities completed a year of post-graduate studies at the University of Minnesota.

He was presented for membership by Dr. J. S. Bagnall, of Halifax. It was also announced that the International College of Dentists, Canadian Section, has set up a board of trustees to administer a scholarship fund which will provide annual scholarships at the faculties of dentistry at Dalhousie University, Halifax; University of Montreal, McGill University, University of Toronto, and the University of Alberta.

FORMER MARINE IS NEW COACH

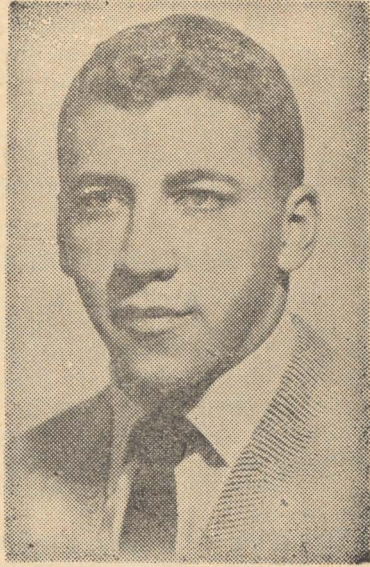

A one-time United States marine and graduate of Springfield and Illinois universities, Alan H. Thomas, of Waltham, Massachusetts, has been named assistant director of physical education and football coach at Dalhousie University.

After graduating from high school where he captained the basketball team, Thomas enlisted in the United States Marine Corps for two years. During his hitch with the Marines he played football, basketball and softball, his softball team winning the All-Navy East Coast title. He also carried out duties as football official and swimming instructor.

In September, 1949, he entered Springfield College, the International YMCA college at Springfield, Mass., to major in physical education. There he was active in intercollegiate football, lacrosse, baseball, hockey and golf, and was elected hockey captain in 1953. In the same year he received the degree of Bachelor of Science. In September, 1953, he was appointed assistant in Physical Education at the University of Illinois.

At Illinois he taught courses in swimming and tennis and undertook studies leading to the degree of Master of Science in Physical Education. During the past Summer he has been completing work on his thesis for this degree.

Thomas is married and has two children. His wife, whom he met while both were students at Springfield, is the daughter of Mr. and Mrs. L. M. Bohaker, Granville Ferry.

ALAN H. THOMAS

COSMOPOLITAN DALHOUSIE

As is usually the case, Dalhousie's student population for the current term has a cosmopolitan flavor. Along with the 1,355 or so Canadian students, are 62 students from other countries in many parts of the world, as follows: Africa 4, Bermuda 11, British West Indies 13, British Guiana 4, Dominican Republic 1, England 2, Germany 1, Greece 2, Hong Kong 3, Korea 1, Puerto Rico 1, Scotland 2, U. S. A. 17.

N.R.C. FELLOWSHIP FOR DALHOUSIAN

D. A. Livingstone, a graduate of Dalhousie University, last spring was awarded a National Research Council of Canada University Post-Doctorate Fellowship to be held in the Biology Department, Dalhousie University. This Fellowship has an annual stipend of \$3500 and is normally tenable for two years.

Mr. Livingstone is the son of Mr. and Mrs. H. L. Livingstone of Halifax. He received the degree of B.Sc. with Distinction from Dalhousie in 1948 and the M.Sc. degree in Zoology in 1950. Having been awarded an N.R.C. Special Scholarship, he then proceeded to the Osborne Zoological Laboratory, Yale University, where he received the Ph.D. degree in 1953. He was then awarded an Overseas Fellowship by the National Research Council of Canada which he has held at Cambridge University during the past year.

ALUMNI HOLD ANNUAL MEETING

A. Gordon Archibald was re-elected President of the Dalhousie Alumni Association at the annual meeting on May 6 and Major J. W. Logan, for many years an active and dedicated Dalhousian, was unanimously elected Honorary President.

As has been the custom for some years, the meeting was held in Shirreff Hall with members of the graduating class as guests at a buffet supper. The guests were received by President and Mrs. Archibald, Vice President Florence Wall, and by Gary Watson, President of the Class of '54.

Following the supper, the Dalhousie Quartet—Gordon McMurtry, John Campbell, Stuart MacKinnon, and Graham Day—presented a number of selections, after which President Archibald called the business meeting to order.

Arthur Moreira, Treasurer, presented the financial report for the past year which showed revenue of \$8,441 and expenditures of \$6,192, leaving a net operating surplus of \$2,248 which, together with cash on hand, totalled \$5,741. Against this was the cost of the May issue of *The Alumni News* to be deducted.

Miss Margaret Graham presented a report on the Emily Bevan Harrington Fund and the Loan Fund. The former showed receipts totalling \$102. Loan Fund receipts totalled \$1,485 with four outstanding loans of \$571.

Miss Wall reviewed the activities of the Women's Division for the year. Highlights included a reception given for the Earl of Dalhousie; another for the distinguished art critic, Eric Newton; a supper meeting addressed by Miss Constance MacFarlane; and the annual tea and sale from which furnishings for the common rooms had been bought and monies contributed towards furnishing the Art and Music Rooms.

Mr. Archibald reviewed the year's activities, commenting on the large number of paid-up members and the strong financial condition

of the Association. Contact with the student body of the University was maintained through a Freshman party and support of Glee Club productions. The highlight of the year, he said, was the semi-annual dinner meeting attended by 375 alumni and addressed by Dr. Sidney Smith. The success of this venture warranted making it an annual event.

The Scrutineers' report showed the following to have been elected: President, A. Gordon Archibald; First Vice President, Mrs. Doreen Alley Heaps; Second Vice President, C. B. Havey; Executive Members, Miss Nancy Briggs, Mrs. Ruth S. Murray, D. K. Crowdis, E. J. Dunsworth, Dr. F. Murray Fraser; Alumni Governors, Mrs. Muriel Duxbury, G. Raymond Smith, Dr. H. L. Scammell.

Dr. J. R. Corston then moved the nomination, for Honorary President, of Jotham Wilbur Logan, recalling Major Logan's outstanding service—covering two-thirds of a century—to Dalhousie, as lecturer, Alumni president, and University governor. Though now confined to Camp Hill Hospital, Major Logan maintains a constant interest in the welfare of Dalhousie. In seconding the nomination, Mrs. Murray Rankin referred to the wealth of affection in Major Logan's heart for all Dalhousians and the answering affection found in the hearts of all those who were privileged to study under him. The nomination was unanimously adopted with hearty applause.

On behalf of the University, Dr. Kerr thanked the Association for its continuing interest in Dalhousie and complimented the executive particularly upon the success of the semi-annual dinner meeting.

IN MEMORY OF ROY DAVIS

The Canadian Club of Boston has instituted a series of annual lectures to be known as the Roy Davis Lectures in memory of a great Dalhousian who devoted many years to improving Canadian-U.S. relations and who fathered the idea of just such a series. The lectures are designed to give an annual interpretation of viewpoints of peoples of both neighboring countries in Canadian and United States universities. The series was inaugurated by the Rt. Hon. C. D. Howe, former Dalhousie professor and now Canada's Minister of Trade and Commerce, who spoke at Boston University in October.

PERSONALS

Rev. E. J. O. Fraser, B.A. '14, B.D. (Pine Hill), D.D. '46, after forty years service spent with the United Church Korean mission, has returned home. He is now residing in Pictou. He received an honorary degree of Doctor of Laws from Mount Allison University in September at the 16th General Council of the United Church of Canada.

Mrs. Jean Gordon Forbes, B.A. '02, received an honorary LL.D. degree at the same convocation.

David Lewis C. Miller, B.A. '50, has been appointed associate professor and acting head of the Philosophy department at the University of New Brunswick. For the past four years he has been attending the University of Edinburgh where he received his M.A. with first class honors in 1952, and has recently completed all formal requirements for his Ph.D.

R. D. Caldwell Stewart LL.B. '33, was created a Q.C. last November. He is Town Solicitor for St. George, N.B., chairman of the Consolidated School District, president of the Charlotte Regional Home and School Association, president of the Saint John District Branch of the Canadian Diabetic Association, among other activities.

Dr. David J. Posner, B.Sc. '35, M.D., C.M., '40, practitioner in Levittown, N.Y., has recently been elected secretary-treasurer of the Nassau Pediatric Society.

Dr. Lorne H. Burdett, M.D., C.M. '48, is completing his fourth year of training in Plastic and Reconstruction Surgery, most of which was done at the Straith Clinic of Plastic Surgery, Detroit. Prior to this, he practised at Red Rock, Ontario.

Dr. D. L. Sutherland, B.A. '44, M.D., C.M. '48, who has been with the Neurological Service at Albany Hospital, N. Y., is now on the staff of the Montreal Institute, Montreal.

Gerald D. Lutwick, B.Sc. '52, has been appointed to a position with the Government Atomic Energy Research Laboratories at Ottawa. He received his M.Sc. in Analytical Chemistry from Dalhousie this year.

Donald MacLennan, B.Sc. '49, M.Sc. '51 of Sydney, received his Ph.D. in Physical Chemistry from McGill University this year. At present he is employed by the Defence Research Department, Dartmouth.

Lloyd R. Gesner, B.A. '51 (K), is the new headmaster at King's College School, Windsor. He replaces Rev. J. Franklin Rudderham B.A. '29, who has taken a parish in Massachusetts.

Dr. William I. Morse M.D., C.M. '45 has been named among 20 Canadian doctors granted travelling and research fellowships by the R. Samuel McLaughlin Foundation. He will study Metabolic Diseases at Peter Bent Brigham Hospital in Boston for the year 1954-1955.

Dr. Lynn E. Bashow, M.D., C.M. '43, was honored on his departure from Hantsport, N. S. after seven years service by a reception and presentation. He has entered the field of physical medicine in Toronto, and during the next three years will study Workmen's Compensation, at the Sunnybrook and Toronto General Hospitals.

Sister Francis d'Assissi, B.A. '21, M.A. '26, Ph.D. (Fordham), former dean, has been appointed president of Mount Saint Vincent College, Rockingham.

Dr. Arthur F. McKay, B.Sc. (McGill), M.Sc. '40, Ph.D. (Toronto), has been

appointed director of research and development of Monsanto Canada Ltd. He will direct the company's program of research and development from the Montreal head office laboratories, including research activities in Vancouver. Previous to this appointment, Dr. McKay was head of the organic chemistry division of Defence Research Laboratories, Dominion Government, Ottawa.

Dr. Martin M. Hoffman, Med. & Arts '36-'39, M.Sc. '41, Ph.D. (McGill) '43, has been named full time director of the department of medicine at the Jewish General Hospital in Montreal. Before taking the post at McGill University of associate professor of medicine and psychiatry, he was professor of experimental medicine at Dalhousie.

Dr. E. Irene Pentz, B.Sc. '39, M.Sc. '43, biochemist in the Argonne Cancer Research Hospital University of Chicago, is in Oak Ridge, Tennessee, where she is enrolled in an advanced course in the techniques of using radioisotopes in biochemistry. She is one of 50 scientists and physicians from throughout the United States participating in the course.

David Jamieson, B.Sc. '50, D. Eng. '50, since 1951 a student at Cambridge for the degree of Ph.D. in physical chemistry, has returned to his home in Halifax to accept an appointment with the National Research Council. In 1951 he was awarded a British Government scholarship for postgraduate work in chemistry.

C. M. Rosenblum, Q.C., LL.B. '27, has been appointed crown prosecutor for Cape Breton Island. He succeeds the late Donald D. Finlayson, Q. C. who died in October.

A. MacGillivray, LL.B. '18, has been appointed Assistant Prosecuting Attorney for Cape Breton County. For the past 15 years he has been Town Solicitor of Glace Bay.

Dr. C. J. Mackenzie, B.E. '09, LL.D. '41, president of the atomic energy control board and former president of the National Research Council has been elected chancellor of Carleton College.

Dr. Lauchlin D. MacDonald, B.A. '30, B.Sc. '33, was appointed by the United States Atomic Energy Research

Commission to do research in mathematical logic at Oak Ridge Institute for Nuclear Studies, during the summer months. A professor of philosophy at the University of Mississippi, Dr. MacDonald is a minister of the United Church of Canada. He has been a minister of College Presbyterian Church, Mississippi, for the past seven years. Prior to going to the United States, he was minister of the United Church in Bridgewater.

Professor Roy McKeen Wiles, B.A. '27, of McMaster University, has seen two sons graduate at two universities, within a week. At the Spring convocation, David McKeen Wiles received the B.Sc. degree from McMaster and Evan Stuart Wiles, the elder son, received his B.Sc. at Dalhousie, and was also granted a diploma in engineering.

Mason MacDonald, B.A. '51, has been appointed Physical Education Director for Fredericton schools. A native of Sydney, he was for a time Physical Education Director at the Sydney "Y".

Gerald C. Shaw, B.Sc. '49, is now in charge of a new chemical laboratory opened by Haliburton Oil Well Cementing Co. Ltd., at Edmonton. He is a native of Hartland, N. B., and was at one time employed by the Dearborn Chemical Company as sales engineer in Western Canada.

Patrick D. O'Neil, LL.B. '49, has opened a law office at Prince George, B. C. Since graduation, he has been associated with a law firm in Kelowna, B. C.

Mrs. Liliac McDonald Toward, B.A. '32, since 1951 field secretary of the Community Planning Association of Canada, has given up that position to study law at Dalhousie. Prior to World War II, she took post-graduate study at Froebel Institute in London and the University of Edinburgh.

Renate Fisher Chernoff, B.Sc. '50, and her husband Dr. Amos I. Cheroff, who since their marriage have been living in St. Louis, Mo., spent the summer in Bangkok, Thailand carrying out studies on a newly discovered abnormal human pigment. After leaving Siam, Dr. Chernoff presented the result of their findings before the meetings of the International Society of Blood Transfusions at the Sorbonne in Paris.

Air Commodore Keith L. B. Hodson, D.F.C., B.Sc. '37, B.Eng. '37, chief staff officer of the R.C.A.F. Air Division in Europe, has been appointed chief staff officer at Air Defence Command, St. Hubert, Que. After the war, he served as chief instructor at the R.C.A.F. Staff College in Toronto and later as director of strategic air plans.

Dr. H. Sinclair Tait, M.D., C.M. '14, Superintendent of the Weston State Hospital, Weston, W. Va., attended the Mental Hospital Institute meeting in Minneapolis recently and was awarded certification as mental hospital administrator by the American Psychiatric Association. Dr. Tait visited England and Scotland in June of this year and included a visit to Queens College, Oxford, where he was a student in 1910.

Morton Civen, B.Sc., '51, M.Sc. '53, is one of four Brookline residents to receive appointments at the Harvard Medical School. He has been appointed Teaching Fellow in Biological Chemistry.

Dr. William Fielding Hanna, M.D.C.M. '15, received an honorary degree of Doctor of Law from the University of Alberta. On his return to Canada after the first World War, he studied at the University of Alberta, taking degrees of Bachelor of Science and Master of Science in Agriculture. He attended the University of Minnesota as a research student and later joined the faculty as professor of plant pathology. The degree of Doctor of Philosophy was conferred by the University of Manitoba. In 1944, in recognition of services in the R.C.A.F. in World War 2, the C.B.E. was conferred on Dr. Hanna. At present he is government botany and plant pathology chief at Ottawa, and has done much research on diseases of plants, particularly wheat rust. He has recently returned from Moscow where he was one of four Canadian government experts sent there to attend the All-Union Agriculture Exhibition in August, this year.

George E. Herman, B.A. '11, has been appointed Chief of the N. S. Government Bureau of Information. He is a native of Dartmouth, a war veteran, and has had wide experience

in publicity work throughout the Maritimes.

John M. Reeves, B.Sc. '52, has completed his studies at the University of Toronto and will receive his M.Sc. degree in organic chemistry. He is an honor graduate in chemistry from Dalhousie.

James Bryson McLachlan, B.A. '52, has been awarded a Nova Scotia Light and Power Teaching Fellowship in English and an Archibald MacMechan Scholarship in English. He comes from Glace Bay.

Nancy Wickwire, B.A. '54, has been awarded a French government scholarship for a year at Sorbonne in Paris. She is taking a 10-month course in French and literature.

Miss Joan Cahill, B.Sc. '53, of Halifax has been awarded the Eddy Fellowship valued at \$500 towards the degree of Master of Science in Pharmacology. She received her early education in New Glasgow High School and Sydney Academy.

Rev. William MacDonald, B.A. '03, recently preached his farewell sermon in the Covenanter's Church at Grand Pre. He has just completed fifty successful years in the ministry. He was honored by a reception and presentation by his congregation.

Murray J. Fraser, B.Sc. '52, M.Sc. '54, has gone to Cambridge University, England on an Exhibition of 1881 Overseas Science Scholarship in Psychology which he was recently awarded.

Claude Lovitt Sanderson, Q.C., LL.B. '05, who next year will be observing his 50th year of practice at the bar, was elected honorary president of the Western Counties' Barristers' Society at their last annual meeting.

W. R. E. Butler, B.A. '53, has been named boys' secretary of the Young Men's Christian Association, Halifax.

Charles Keith Hoyt, B.Sc. '49, M.Sc. '50, has been awarded a National Research Council of Canada University Post-Doctorate Fellowship to be held in the Physics Department of Dalhousie University. This Fellowship is normally tenable for two years.

Dr. Eliza Perley Brison, M.D.C.M. '11, has been awarded the Coronation Medal by Queen Elizabeth II. Dr.

Brisson served for 22 years with the Department of Health and Welfare before her retirement two years ago. For a number of years she taught in the public schools of the province, and after graduating in medicine, took post-graduate courses in psychiatry in Boston and New York. For a time she worked as an anaesthetist at the V. G. Hospital before joining the Welfare Department.

Dr. D. A. Livingstone, B.Sc. '48, M.Sc. '50, of Halifax, has won his third National Research Council award in four years. After graduating from Dalhousie, he went on to Yale University, obtained a Ph.D. and spent two summers in Alaska under U. S. Navy sponsorship, investigating the formation

of lakes and bogs. During the past year, on a NRC Overseas Fellowship, Dr. Livingstone has been carrying out research at Cambridge University, England. There he has been studying pollen grains of ancient trees by examination of more samples taken from Alaska.

Alan Wallace MacIntosh, B.A. '49, M.A. '50, B.Ed. '54, of Halifax has been awarded two valuable scholarships at the University of Toronto. He received the MacKenzie King Scholarship in Modern History valued at \$500, and the I.O.D.E. Scholarship valued at \$200. He is presently pursuing his studies towards his doctorate at Toronto University.

DEATHS

Nathan Joseph Lockhart died at his home in Estevan, Sask., May 20, 1954. He was born at Aylesford, N. S. and his school years were spent at Cavendish, P. E. I. He obtained his B.A. degree in 1895 from Acadia University, and his M.A. degree the following year. He graduated from Dalhousie Law School in 1902, and practised first in Sydney, and later in Louisburg. In 1906 he went to Winnipeg, and finally settled in Estevan, where he lived ever since. For many years he was Crown Prosecutor in his district, and was made a K.C. in 1914.

Colin MacKenzie, Q.C., died in hospital at Sydney, May 19, following a heart attack. He was 72 years old. He was born at Red Islands, C. B. but had resided for over 45 years in Sydney, first in practice alone, and then in partnership with A. A. MacIntyre, Q.C., LL.D. who predeceased him by several months. He graduated in Arts from St. F.X. in 1906, and from Dalhousie Law School in 1910. Last year he was honored with an LL.D. degree from St. Francis Xavier, in recognition of his leadership in educational activities. He was active in many community undertakings, including the Kiwanis Club, Knights of Columbus, and served as alderman for several terms, some years ago.

John T. MacQuarrie, Q.C., died at his home, May 16. He was in his 49th year. He attended school in

Westville, where he was born, and was an honor graduate of Pietou Academy. He received his Bachelor of Commerce degree from Dalhousie in 1927, and Bachelor of Law degree in 1929. From 1931 to 1933, he was a member of the Dalhousie Faculty of Law, and for the next four years practised in partnership with his brother Hon. Mr. Justice J. H. MacQuarrie in New Glasgow. For the past number of years he was a member of the firm which is now McInnes, MacQuarrie and Cooper. He was counsel for many important cases, including that of counsel for the Department of Transport in the Noronic inquiry at Toronto, and for the case involving the collision of the destroyer Miemac and a freighter in the Atlantic.

Ralph Sanderson Billman of Montreal, but formerly of Armdale, Halifax, died suddenly on May 17. He was a graduate of Royal Military College, Kingston in civil engineering, 1906, and had previously attended Dalhousie (Arts '02-'03). He served overseas for the duration of the First World War, being a captain in the R.C.A., and was awarded the Military Cross. In World War Two, he served with the Air Force, and was stationed in Halifax. Surviving are his wife, a son and a daughter.

Rev. James A. Scrimgeour, a former teacher at the Halifax School for the Blind, died at his home in Port Credit, Ontario, June 14. He was 73 years

of age. He had served as a United Church missionary in Trinidad and British Guiana for 40 years, until his retirement in 1937. While in Trinidad he served as principal of the United Church Theological College at San Fernando and on the Island Board of Education. He was a native of Point de Bute, N. B., and graduated from Dalhousie with a B.A. degree in '04, and M.A. in '09, also receiving a B.D. degree from Pine Hill College in 1909. In 1941, Dr. Scrimgeour was awarded the O.B.E. in recognition of the service of the Canadian mission to the East East India community in particular, and for his service as a member of the Board of Education.

Rev. James A. Ramsay, died at his home in Moncton in May, in his 81st year. He had retired in 1943, having served as a minister for more than 50 years. A native of Malpeque, Dr. Ramsay received his education at Prince of Wales College, and later graduated from Dalhousie in 1899, and Pine Hill College in 1901, following which he attended New College, Edinburgh. In 1933, he received the honorary degree of Doctor of Divinity from Pine Hill. His years of ministry were spent in the Maritimes, since 1925 in Moncton.

James Stanley Hillis, died May 15 in Halifax after a long illness. He was born in Halifax in 1903, and was a graduate of Halifax Academy. In 1925 he received his Diploma of Engineering from Dalhousie and in 1927 his B.Sc. in Engineering from the Nova Scotia Technical College. Except for five years spent in the engineering department of the Bell Telephone Company in Montreal, Mr. Hillis lived his whole life in Halifax and Bedford, since 1933 being a member of the family firm Hillis & Sons Limited. He received his commission in the Army as a lieutenant in 1939. He is survived by his wife, the former Pauline Torey, B.A. '28, and son, Eric.

Dr. Henry Kirkwood MacDonald, for many years on the faculty of Dalhousie University, and for 10 years professor of surgery and head of the department, died in May at the age of 81. He retired as president of the Medical Council of Canada in 1948. He was a past president of the Medical

Council of Canada, a councillor of the Royal College of Surgeons past president of the Nova Scotia Medical Society and a Fellow of the Royal and American Colleges of Surgeons. He was born at Lyons Brook, Pictou County, and attended Pictou Academy. He graduated from McGill in 1896.

Rev. George A. Grant, retired United Church minister, died at New Glasgow, June 16. He held several pastorates throughout Nova Scotia, the 50th anniversary of his ordination being recognized by the Pictou Presbytery in 1950. He was born in San Fernando, Trinidad, the son of the late Rev. Dr. Kenneth J. Grant, pioneer missionary to Trinidad. He came to Canada in 1892, entering Dalhousie the same year, and graduated with a bachelor of arts degree in 1896, and master's degree in 1898. Mr. Grant then entered Pine Hill Divinity Hall, graduating in theology in 1900, and in 1910 received his bachelor of divinity degree. Except for three years spent in British Guiana as a missionary, Mr. Grant's ministerial service was spent in the Maritimes until his retirement in 1940.

Dr. Joseph F. Griffin died at Camp Hill Hospital, Halifax, after a short illness, June 19, at the age of 49. He was born in Truro, and received his early education at Pictou Academy before coming to Dalhousie. He graduated in dentistry in 1930. During World War Two, he served with the Royal Canadian Dental Corps and shortly after his return joined the staff of Camp Hill Hospital.

J. Albert Bell, one of the oldest Dalhousians, died at his home in San Gabriel, California, July 10, 1954. Born in Halifax 91 years ago, Mr. Bell graduated from Dalhousie with a B.A. in 1883. He had worked for a time as a reporter on the Halifax Chronicle, but soon after graduation went to Texas and later to Los Angeles. For many years he was chief engineer for the water department of Los Angeles, and later worked as a consulting engineer, specializing in water supply work. Mr. Bell's home in San Gabriel was named "Bloomfield" after the estate of his grandfather, which occupied an area by the same name in Halifax.

William Rollo Rognwald Gunn, died in Westville, July 15. He was born

at St. Andrews, N. B. in 1891, and attended the University of New Brunswick, and later Dalhousie University in Dentistry 1918-1919. His wife and one son survive.

R. Wallace "Mike" Heine, Jr. was killed in an automobile accident at Gimli, Manitoba, on July 12. He was born at Norton, N. B. in 1922 and was a graduate of Sussex High School. He received his diploma of Engineering from Dalhousie in 1950, and two years later graduated from Nova Scotia Technical College. Since then he had been with the Department of Transport at Gimli. During the Second World War he served with the 409 Beaufighter squadron, and also as staff pilot at Charlottetown. Besides his wife, the former Nancy Allen, Arts '45-'49, he is survived by three young daughters.

Wilfred E. Hillis, died in Halifax July 25, at the age of 64, after a long period of illhealth. His brother, J. Stanley, pre-deceased him by two months. Mr. Hillis received his early education at the Halifax Academy, and attended Dalhousie in Arts from 1907 to 1909. After a course in training in foundry operation at Watertown, Mass, he returned to Halifax and entered the business, with his father Hillis & Sons, Limited, as foundry superintendent. After the Halifax explosion in 1917, in which his father and other close relatives were killed, and the business destroyed, he reestablished the business, and conducted its operation until a short time before his death. He was an active member of the Anglican Church at one time was president of the Halifax Rotary Club.

Rex Birdsall LeCocq, was drowned accidentally while fishing on Loon Lake, Ontario, July 24. He was born at Fort William in 1912, where he attended local schools, and graduated from Fort William Collegiate Institute. He obtained his degree of Bachelor of Commerce from Dalhousie in 1933, and was a member of the firm of chartered accountants Crawford and LeCocq and Company at Fort William. He was one of the original organizers of the Ontario Society of Cost Accountants, a branch of the Canadian society. His wife, two sons and a daughter survive.

Dr. Hubert Antoine Lyons, a native of Kentville died in the U. S. Veterans' Hospital, Brooklyn, N. Y., June 27, at the age of 54. He received his early education at Kings County Academy, and later studied medicine at Dalhousie University, graduating in 1923. He served for a time on the Montreal General Hospital staff, later moving to Boston, where he served at Carney Hospital, and later at Roosevelt Hospital, N. Y. During and since the last World War, he has been a surgeon commander in the U. S. Navy. He was also a past president of the Dalhousie Club in New York.

Rev. David Kenzie Grant, died suddenly at his home in Halifax August 4. He was 86. He was one of the oldest living graduates of Dalhousie University, and a former captain of the Dalhousie football team. He was born at Riverton, Pictou County, and attended Pictou Academy from which he entered Dalhousie on a Junior Munro Bursary. He also received a senior Munro Bursary, and the University Prize for classics. He graduated with a B.A. in 1888, and an M.A. in 1891. He then studied law, receiving his LL.B. degree in 1895. He received his theological training at Princeton University, U. S. A. He held charges in Minnesota, Alberta and Bermuda before coming to Nova Scotia as Liquor Control commissioner, which post he held in the attorney-general's department until his retirement in 1947. Rev. Gordon MacGregor Grant, B.A. '25, M.A. '28 of Toronto is a son of the late Rev. Mr. Grant.

Frederick James A. McKittrick, M.Sc., LL.D., died at Schenectady, N.Y., August 12, at the age of 84. Born in Kentville, he was educated in the local schools, and taught for a few years in Kings County. He graduated from Dalhousie University with a B.Sc. in 1894, winning the 1851 Research scholarship. He received his Master of Science degree from Cornell two years later, and almost immediately entered the employ of the General Electric Company at Schenectady. He served as General Representative of the Company for some years in Australia and later in South America, and at a banquet given in his honor on his retirement in 1940, was lauded as the

pioneer of the great development of the General Electric in both those countries. On his return to the United States he was promoted to the office of Vice-president and later head of the Canadian Division. In 1940 he was honored by Dalhousie with the honorary degree of LL.D. Since retirement he spent his summers in Kentville, and winters in New York and Florida. He never married and was the last immediate surviving member of his family.

Dr. Albert C. Hayford, died July 29 at Mahone Bay, where he had practised ever since his graduation in dentistry. He was born at Westport, Digby County, 1889, and taught in a number of schools before attending Acadia University. He later graduated from the Dalhousie school of Dentistry in 1922. He was an active Mason, and took a keen interest in all community activities.

Miss Minna Liechti, died in Lunenburg May 1, at the age of 87. She was born in Halifax the daughter of the late Professor Liechti, professor of Modern Languages at Dalhousie at that time. She attended Dalhousie University in Arts '86-'89, '97-'99. For the last several years she made her home in Lunenburg.

Professor R. P. Donkin died in Halifax April 17, 1954. He was a native of New Brunswick. He received his early education at North Dalhousie, N. B., and attended Dalhousie University in '08-'09. For many years up till the time of his death he was on the staff of the Nova Scotia Technical College. He is survived by his wife and son Peter, Sp. Arts '42-'44.

Dr. Edward Dudley Dickie, CM., died in Digby at the age of 37, after a period of ill-health. He was born at Barton, moving to Digby in 1927 where he attended Digby Academy. After his graduation he attended Mount Allison University, and graduated from Dalhousie Medical College in 1941. Until his voluntary enlistment in the R.C.N. in 1942, he practised in Digby with his father Dr. W. R. Dickie. He served in the navy until the close of the war, and returned to practise in Digby until 1949, when he entered the Medical Branch of the Civil Service and was stationed at Qu'Appelle, Sask. After leaving the Civil Service he began

private practice in Liverpool, where he practised until ill-health forced his retirement.

Guy Mason, retired professor of English at the Provincial Normal College, Truro, died at Camp Hill Hospital in August after an illness of several months. He had retired about a month before from the college on account of ill-health. He was born in Tangier in 1893, and received his early education there. He enlisted in the Canadian Army in 1916, after a year spent at Dalhousie University and served in France for three years. Following his return he taught at the School for the Blind, Halifax and later in Western Canada. He received his Arts degree at the University of Manitoba. He also studied at Dalhousie in the years '19-'20. In 1932 he joined the staff of the Normal College to head the department of primary methods, and in 1951 was appointed professor of English literature, serving in this capacity until his retirement. He is survived by his wife and three children.

Dr. Gerald F. Murphy, professor emeritus of Metallurgy at the Nova Scotia Technical College, died in Halifax, September 11, after a brief illness. He was 68 years old. Born in Halifax he received his early education at the old LaSalle Academy and later in England. He graduated in Mining Engineering from Dalhousie University in 1908, and did post-graduate study at Columbia University. He then returned to Halifax to join the Faculty of the newly opened Technical College, and was one of the members of the original faculty of that institution. During World War I, he was employed with the New Glasgow Steel Company in charge of the heat treatment of shells, and from 1917-'20, he acted as Inspector of Metal Mines for the Province of Nova Scotia. In 1921 he was appointed professor of Metallurgy which position he held until his retirement in 1951. In 1951 the N. S. Technical College conferred on him the degree of Doctor of Engineering (Honoris Causa) in recognition of his contributions to engineering education in Nova Scotia.

Rev. George W. Wood, died in Toronto September 12, following a

heart attack. He was in his 78th year. He had been a minister in the Presbyterian and later the United Church of Canada for nearly half a century until his retirement in 1947. Since then he had been assistant minister in St. George's Church, Toronto. He was born in Scotland, coming to Canada as a boy. He graduated in Arts from Dalhousie in 1898, and later in theology from Pine Hill Divinity College. During the first World War he served as Chaplain in the Army, retiring with rank of Honorary Lieutenant Colonel. He held various charges in both Nova Scotia and Ontario.

Dr. Henry S. Crowe, a native of Onslow and retired medical doctor, died in Truro September 21, after a year's illness. He was 76 years of age, and had retired to his old home a year ago from Schreiber, Ontario, where he had practised his profession for nearly 46 years, during which time he was medical health officer with the C. P. R. His early education was received in his native Onslow, and at the Colchester Academy. He graduated from Normal School before attending Dalhousie. He graduated in Arts in 1898 with high honors in classics. He taught for four years before entering McGill, graduating in medicine in 1907. Except for a few months spent in Nova Scotia and Newfoundland Dr. Crowe's medical work centered around Schreiber.

Donald Duncan Finlayson, Q. C., Crown Prosecutor for Cape Breton, died September 29, after a few days' illness. He was 44. He was born in Sydney, educated in the Sydney schools and later at Dalhousie. He graduated in Arts in 1930, and in Law in 1932. At one time he was associated with Attorney-General Malcolm Patterson and in 1945 he was named Crown Prosecutor. He was an active member of the Cape Breton Barristers' Association, and held the post of president for two years. He was also solicitor for the County of Cape Breton and the joint expenditure board. His ability as Crown Prosecutor won him province-wide recognition. He is survived by five children.

Dr. James G. McCabe, died at Somerville, Mass., in October. He was formerly of Kinkora, P. E. I. and was 53

years old. He was a graduate of St. Dunstan's University, and attended Dalhousie in Dentistry '27-'30, later graduating in Dentistry from Tuft's University. Since his graduation he practised in Somerville, Mass.

Dr. Cameron St. Clair Guild, died at his home at Tupper Lake, N. Y., October 18, at the age of 58. He was born at Musquodoboit Harbor, and graduated in Medicine from Dalhousie in 1925. Later he received his doctorate in Public Health from Yale University. Since his graduation he has resided in the United States, for the past few years being chief of professional services at the U. S. Veterans' Hospital at Sunmount, N. Y. He is survived by his wife, one son and a daughter.

Redvers Robert Ross, lost his life in a plane accident in the Yukon, October 2. Mr. Ross who was a federal government engineer, was on a 250-mile round-trip flight between Whitehorse and Ross River, when the plane vanished in a snowstorm. Two weeks' later the bodies of all four occupants were found. Mr. Ross was born at Meadowville, Pictou Co., educated at Pictou Academy, and later at Dalhousie. He received his D.Eng. in '26, and B.Sc. degree in '27. His home was in Ottawa.

Dr. Simeon Spidle passed away at his home in Mahone Bay, September 26, at the age of 87. He was educated at Acadia University, Newton Theological Institution, Mass., and Clark University, Mass. In 1911, he became Professor of Theology and Philosophy at Acadia University, a position he held for 27 years. In 1919 Dalhousie University conferred upon Dr. Spidle the honorary degree of LL.D., and in 1926 Acadia University recognized him with an honorary Doctor of Divinity degree.

Dr. John Burris Reid died suddenly at his home in Truro, November 8. He was born in Middle Musquodoboit in 1890, and was educated in the Musquodoboit schools, before coming to Dalhousie. He graduated from Dalhousie Medical School in 1914, and did post graduate study in London, England, 1920-'21, coming to Truro in 1923 where he has practised since. He was a prominent member of the Nova Scotia Medical Board for the past 10 years, and a Fellow of the American College of Surgeons. He is survived by his

wife, one daughter, and a son, Dr. John Burris Reid, Jr., M.D.C.M. '44, who practises in Truro.

Raleigh Trites, Q.C., died in Saint John November 6, after a period of ill health. He was 73 years old. A native of Sackville, N. B., Mr. Trites attended Mount Allison University and took law studies at Dalhousie University, graduating in 1904. After graduation he entered the firm of Powell, Bennett and Trites, and continued his practice in Sackville after the dissolution of the firm. Throughout his years in Sackville he took a keen interest in community affairs and was also active in curling and golf circles. He was considered one of the ablest lawyers in the Eastern provinces until his retirement several years ago. Two sons survive, Horace B., LL.B. '47,

of Moncton, and Alan G., LL.B. '50, practising in Toronto.

Dr. Matthew Dominic Palevich died suddenly in his home in Detroit on October 4. He was a Staff doctor at the Detroit Memorial Hospital, Selective Service Examiner, member of the American Medical Association and examiner for other insurance organizations. He received six citations from the President of the United States for his work in Selective Service, and also a letter of congratulation from the Governor of Michigan for his work in the community, as well as citations for many other good works. Dr. Palevich was born in Lithuania in 1887. He attended Michigan University before coming to Dalhousie, from which University he received his M.D.C.M. degree in 1926. He is survived by his wife and two daughters.

WEDDINGS

May 1, 1954, in Riverport, N. S., Charlotte Louise Ritcey, of Riverport, to Francis Keith Boates, B.Com. '53, of Kentville.

May 1, 1954, in Dartmouth, Donna Marie Miller, of Dartmouth, to William Frederick Morris, Dip. Pharm. '47, B.Sc. '48, of Dartmouth.

May 15, 1954, in Halifax, Jean Marie Hicking, of Sydney, to Dr. Ralph John Day, M.D., C.M. '54, of Gaultois, Nfld.

May 22, 1954, in Halifax, Patricia McClelland, of Halifax, to James William MacEwan, Dip. Eng. '52, of Halifax.

May 28, 1954, in Ottawa, Frances Audrey Godsoe, of Ottawa, to Daniel Philip Wallace, B.A. '31, M.A. '33, of Halifax.

May 29, 1954, in Charlottetown, Heather Jean Lantz, B.Com. '54, of Charlottetown, to John Alpheus Smallman, B.Com. '52, of Summerside.

May, 1954, in Halifax, Verna Joyce Cornick, B.Sc. '53, of Grand Falls, Nfld., to Ralph Alden Norrad, Dip. Pharm. '54, of Sussex, N. B.

May, 1954, in Sandy Cove, N. S., Dorothy Lorene Saunders, Mus. '48-'49, of Halifax, to Donald Alan Stewart, D.D.S. '54, of Summerside.

May, 1954, in Halifax, Elizabeth

Margaret Baleom, B.A. '46, of Halifax, to George Brandys of Toronto.

May, 1954, in Minto, N. B., Kaye Marie Henderson, of Newcastle Creek, N. B., to Dr. Robert Lyman Smit, M.D., C.M. '53, of Avondale, N.S.

May, 1954, in Halifax, Marion Jean Seaman, of Halifax, to Dr. Robert Norman Anderson, M.D., C.M. '54, of St. Peter's Bay, P. E. I.

June 1, 1954, in Sydney, Florence Epstein, of Sydney, to Dr. Irving Hershall Koven, M.D., C.M. '54, of Grand Falls, N. B.

June 2, 1954, in London, England, Helen Gertrude Littlejohns, of Reserve, N. S., to William MacKay Creelman, B.Sc. '40, M.Sc. '42, of Halifax.

June 5, 1954, in Poughkeepsie, New York, Pearl Veronica Goodwin, B.Sc. '52, of Halifax, to Halsey MacDonald Harper.

June 5, 1954, in Toronto, Gay McLean, of Toronto, to Harold Lloyd Wood, Sp. Eng. (Jan. '46-July '46) of Pugwash Junction, N. S.

June 9, 1954, in Sackville, N. B., Norma Joyce Kay, of Sackville, to Dr. Wallace Boyd Rendell, M.D., C.M. '54, of Heart's Content, Nfld.

June 16, 1954, in Middleton, Myrna Elaine Brinton, of Middleton, to Clyde

Chester Walls, Eng. '49-'50, of Louisbourg, N. S.

June 16, 1954, in Montreal, Lillian Wood, of Montreal, to Rev. John A. Simms, B.A. '48, of New Glasgow.

June 19, 1954, in Halifax, Julie Denyar, of Halifax, to Graham McGee Thomas, B.Sc. '51, Dip. Eng. '51, of Halifax.

June 19, 1954, in Lunenburg, Gretchen Elizabeth Hewat, B.Sc. '53, of Lunenburg, to Ian Leslie McCulloch, B.A. '53, LL.B. '54, of Montreal.

June 26, 1954, in Halifax, Jean Valerie Ann Snedden, B.A. '53, of Halifax, to Robert Stephen DeMone, B.Com. '52, of Dartmouth.

June 26, 1954, in Campbellton, N. B., Gladys Elizabeth MacLennan, Dip. P.H.N. '52, of Campbellton to Charles Edward Connely, B.Sc. '54, of Campbellton.

June 26, 1954, in Peterborough, Ont., Shirley Ida Mae Bowe, of Annapolis Royal, to Gerald Day, B.A. '51, of Trinity South, Nfld.

June 26, 1954, in Saint John, N. B., Katherine Toye Campbell, of Saint John, to Dr. George Lawrence Ramsay, D.D.S. '51, of Malpeque, P. E. I.

June 1954, in Sydney, Sophia (Sally) Newman, B.A. '51, of Sydney, to Sheldon Kert of Toronto.

June, 1954, in Halifax, Adele Lorraine Carter, of St. John's, Nfld., to Dr. Patrick Farrell Ashley, M.D., C.M. '50, of St. John's.

June, 1954, in Dartmouth, Margaret Lawson, of Dartmouth, to Murray E. Higgins, Pre-Law and Law '49-'52, of Halifax.

June, 1954, in Glace Bay, Eleanor Joyce Cameron, B.A. '49, of Glace Bay, to Ronald Ashby Hutchinson, Eng. '46-'47, of Bridgetown, N. S.

June, 1954, in Fredericton, Mary Helena Flemming, of Juniper, N. B., to John Cooper Chesley, Sci. '48-'51, of Saint John, N. B.

June, 1954, in Morristown, N. S., Pauline Joyce Hutchinson, of Morristown, to George Douglas Mattison, Com. '47-'50, of Halifax.

June, 1954, in Saint John, N. B., Phyllis Shirley Hoffman, B.A. '52, of Saint John, to Morton Civen, B.Sc. '51, Dip. Food Tech. '51, M.Sc. '53, of Brookline, Mass.

July, 1954, Rachel Emily MacSween,

of Sydney, to Dr. Maurice Allan Harquail, D.D.S. '54, of Dalhousie, N. B.

July 3, 1954, in Bedford, Jean Renton Baker, B.A. '50, Dip. Educ. '51, B. Educ. '52, of Bedford, to David Sherman Inkpen, B.Com. '49, of Dartmouth.

July 3, 1954, in Halifax, Mary Frances Titus, of Halifax, to Gordon Mitchell Graham, LL.B. '31, of Halifax.

July 3, 1954, in Margaree Harbor, N. S., Lettie Munro, of Bella Cote, Cape Breton, to Stewart Douglas Strickland Vair, B.A. '37, of Halifax.

July 7, 1954, in Halifax, Alexa Eaton Wright, Sp. Med. '48-'49, of Riversdale, N.S., to William Andrew MacKay, B.A. '50, LL.B. '53, LL.M. '54, of Ottawa.

July 7, 1954, in Dartmouth, Sheila Stevens Matthews, of Tuft's Cove, N. S., to Rev. Melvin John Findlay, B.A. '53(K), of Dartmouth.

July 10, 1954, in Boston, Mass., Anne Irene McLean, B.A. '52, of Black's Harbor, N. B., to Charles Edward Dobbins, of Woburn, Mass.

July 17, 1954, in Halifax, Lillian Louise McKenna, Sp. Med. '50-'51, of Halifax, to William Freeman Case, of St. John's, Nfld.

July 17, 1954, in Halifax, Sheila Lauraine Maehum, of Halifax, to Neville N. Lindsay, LL.B. '52, of Edmonton.

July 20, 1954, in Halifax, Gretchen Fraser, B.A. '51, of Halifax, to Donald Mowbray Gillis, Com. '47-'48, of Halifax.

July 24, 1954, in New Glasgow, Mary Read Douglas, of New Glasgow, to Russell Bruce Webber, Sci. & Eng. '40-'43, of Halifax.

July 31, 1954, in Moncton, Janet Douglas Rodd, B.Sc. '54, of Moncton, to Robert William Alexander Cochran, B.Com. '53, of Saint John.

July, 1954, in Saint John, N. B., Mary Joan Rogers, of Saint John, to Joseph Victor Robichaud, Dip. Pharm. '53, of Shippegan, N. B.

August, 5, 1954, in Dartmouth, Winnifred Mary Nicholson, B.A. '48, Dip. Educ. '49, B.Ed. '50, of Dartmouth, to Andrew John Ross, of Orillia, Ont.

Aug. 7, 1954, Geneva Elsie McKay, B.A. '50, of Nappan, to Gerald C. Raymond, of Centreville.

Aug. 7, 1954, in Sydney, Elinor Joyce

McLanders, B.A. '53, of Sydney, to John Allan Wright, B.Com. '54, of Toronto.

Aug. 12, 1954, in Pietou, Helen Grace Powell, B.A. '48, Dip. Educ. '51, of Pietou, to Douglas St. Clair Buckler, of Morse Road, Bridgetown.

Aug. 14, 1954, in Halifax, Helen Marguerite Hartnett, of Halifax, to William Fitzgerald Garth, B.A. '52, M.A. '53, of Halifax.

Aug. 14, 1954, in Ottawa, Mildred Vera Bovey, of Ottawa, to Lieut. Gilbert Scott Morrison, B.Com. '51, of Halifax.

August 14, 1954, in Halifax, Margaret Willis Liittler, Sp. Arts '19-'20, of Halifax, to Dr. William Weatherspoon Woodbury, B.Sc. '05, LL.D. '53, of Halifax.

Aug. 19, 1954, in Boston, Mass., Janet Mabel White, B.A. '19, of Middle Musquodoboit, to John McDonald Wilkinson, M.A. '39, of Guysboro.

August 21, 1954, in Halifax, Joan Mary Bissett, Arts '52-'53, of Sydney, to Gerald Foster Cunningham, of Halifax.

August 21, 1954, in Halifax, Dorothy Emily Ball, Arts '40-'41, of Halifax, to Christopher David Cooper Smith, of Leeds, England.

August 23, 1954, in Nelson, B.C., K. Ethel Gray, of Nelson, to Dr. Lorris E. Borden, B.A. '99, M.D., C.M. '02, of Nelson.

August 28, 1954, in Hammonds Plains, N. S., Isabel Haverstock, of Hammond Plains, to Gerald Edwin Moulton, Dip.Pharm. '52, of North Sydney.

August, 1954, in Aylesford, N. S., Esther Josephine Kirkpatrick, of Aylesford, to Dr. Harry Peter Poulos, B.Sc. '47, M.D., C.M. '51, of Halifax.

August, 1954, Barbara Jean Smith, of Barrington Passage, to Dr. William Harris Young, D.D.S. '54, of Kentville.

September 2, 1954, Thelma M. Winmill, of Scotsburn, N. S., to Albert Harold McMahon, B.A. '50, M.A. '52, Dip. Educ. '51, of Aylesford, N. S.

September 4, 1954, in Halifax, Valerie Mary Joyce Cato, B.A. '50, of Halifax, to Dennis Jeffery Biggs, of Halifax.

September 4, 1954, in Passchendale, N. S., Cleophas Angela MacKinnon,

Dip.P.H.N. '54, of Glace Bay, to Dr. Eldred Hugh MacDonnell, M.D., C.M. '54, of Port Hood.

September 4, 1954, in Halifax, Kathleen Viola Hutchinson, of Halifax, to Malcolm Ford Harlow, B.A. '52, of Halifax.

September 4, 1954, in Ottawa, Mary Isabel Rettie, B.Sc. '50, M.Sc. '52, of Ottawa, to Ian Haliburton Smith, B.Sc. '49, M.Sc. '50, of Halifax.

September 4, 1954, in Halifax, Anne Elizabeth Walker, B.A. '44, of Halifax, to Cyril Joseph Murphy, Grad. Sci. '51-'52, of North Sydney.

September 8, 1954, in Dartmouth, Catherine Ann Olding Hebb, B.A. '53, of Dartmouth, to Lewis Eldon Aalders, of Kentville.

September 11, 1954, in New Haven, Conn., Hope Bingham Bridgeford, B.A. '48, M.Sc. '51, of Saint John, to George Finlay Simmons, of Glen Ellyn, Illinois.

September 11, 1954, in Halifax, Marilyn Joyce Hebb, Arts '46-'47, of Halifax, to Frank Wray Convery, of Toronto.

September 11, 1954, in Halifax, Elizabeth Anne Morton, Arts '52-'54, of New York and Halifax, to Charles Lonsdale Waterhouse, Sci. & Com. '49-'51, of Halifax.

September 11, 1954, in Halifax, Marilyn Dawn Gilvear, of Halifax, to Alexander Edward Lomas, B.Com. '53, of Halifax.

September 11, 1954, in North Sydney, Sheila Margaret MacDonald, of North Sydney, to George Graham Muttart, B.Com. '53, of Summerside.

September 15, 1954, in London, England, Janet Augusta Farquhar, B.A. '53, of Halifax, to Sub-Lieut. William H. Evans, of Winnipeg.

September 17, 1954, in Halifax, Marjorie Caroline Parsons, of Halifax, to Eric Kempt Myers, D.Eng. '52, B.Sc. '54, of Dartmouth.

September 25, 1954, in Boston, Ellen Williams Shepherd, of Boston, to Dr. D. James Sieniewicz, M.D., C.M. '50, of Halifax.

September 25, 1954, in Halifax, Doris Ruth George, of Queensport, to Harry Densleigh Wickwire, Sci. '33-'34, of Halifax.

September, 1954, in Louisbourg, Marian Rae Nicholson, of Louisbourg,

to James Horace Matthews, M.Sc. '54, of Campbellton, N. B.

October 2, 1954, in Glassville, N.B., Kathryn Louise Ronald, of Glassville, to Kenneth Russell Holt, Dip. Eng. '53, of Saint John, N. B.

October 10, 1954, in Saint John, N. B., Elea Kaplansky, B.A. '51, of Saint John, to Jonas London, of Montreal.

October 16, 1954, in Sydney, Marjorie Ann MacKenzie, of Sydney, to Elbert Andrew Stevenson, B.Com. '52, of Sydney.

October 26, 1954, in Halifax, Mary Foley, Arts 33-35, to Joseph Patrick Connolly, Q.C., O.B.E., LL.B. '29, both of Halifax.

BIRTHS

(Although it has not been the custom to record births in The Alumni News, provision will be made in future for brief notices.—Ed.)

At Western Memorial Hospital, Corner Brook, Nfld., on December 19, 1953, to Florence (Roberts) Edwards,

R.N., and Brian W. Edwards, (B. Sc. '51, Dip. Ed. '52) a son, David Allan.

At Ottawa Civic Hospital, to Dr. James S. Campbell (B.Sc. '43, M.D., C.M. '47) and Helen (Cameron) Campbell, R.N. ('46 V.G.H.) a son, Harold Edward Alexander.

As We Go to Press . . .

There has been a good deal of talk, back and forth, about the idea of having a Dalhousie Reunion, and the Alumni Executive would like to know how you feel about it.

We'll be glad to have your views—for or against.

Won't you fill in the coupon below and mail it to the Alumni Office, Dalhousie University?

I am in favor not in favor of a Dalhousie Reunion.

I suggest that a Reunion Program include

*Give Hours of Reading Pleasure
As Your Christmas Gift*

A GIFT subscription to the Dalhousie Review, Nova Scotia's premier literary magazine, will keep your Christmas wishes warm all the year through. It is a bit of fine Nova Scotiana which will be keenly appreciated by Dalhousians both at home and abroad.

In order to introduce the Dalhousie Review to as many new subscribers as possible a special price of \$2.00 per year is being offered for a limited time only. (Regular price is \$3.00.)

An attractive Christmas card will be sent to the recipient of each gift subscription. Please send your gift order to us as soon as possible, so that cards may be mailed in plenty of time for Christmas. Use this sheet as a convenient order form—
