Dear Dr. Raddall:

I was delighted to have had the opportunity to meet you during my recent visit to Liverpool, and do want to thank you for the tour of the town. It was all very interesting and I thoroughly enjoyed my brief visit to Liverpool. I do hope that when next you go through Fredericton, you will take time to see something of the University of New Brunswick.

I shall not forget about your son and hope that perhaps we may be able to have him come on to U.N.B. for some postgraduate work.

With kindest regards to yourself and to Mrs. Raddall, I am

Yours most sincerely,

Mr. Thomas H. Raddall  
Liverpool, N. S.

Dear Mr. Raddall:

This evening I read your "profile" in THE ATLANTIC ADVOCATE and later on saw an episode of "The Wings of Night", both of which I enjoyed very much.

I have not been back to Liverpool since my visit of some years ago and hope that I may get back to the South Shore once again in the not too distant future.

With my every good wish to you and Mrs. Raddall for the New Year,

Yours most sincerely,

Colin B. Mackay  
President
