My Dear Sister

This is Thursday evening
and a little bit on the Rainy side was
on a long march to day about twelve
bars and am feeling just a little quite
tired to night this is the first time that
we have been outside the line since we
came here it certainly is a pretty
bounty all brick and stone buildings
around the bannery and hedges never
see such a thing as a fence I enjoyed
the march very much for the first one.
We had the Bag pipes playing for us
and they certainly did sound grand
Well now it is almost nine o'clock and
getting Dark so You will have to

Please Write on Both Sides.

Excuse Bad Writing I am just feeling
the lines I wrote to Billie a couple
of days ago in fact I am writing
all the time and I forgot who I wrote
to last I suppose that you will
soon be looking forward to school
again get do try and get a good
education for yourself you will never
regret it I can assure you I after
wished to have a little more I hope
that you are enjoying your holidays
I was thinking to my self to day just
one year ago to day I was home
with a fifteen days pass in my pocket
some difference believe me now yet
I can just see my paper so I guess
that I will have to close for this
time I wish that I could take
you down to the nickel to night
and home on the ice cream after

I expect to hear from you next
week and I will be just a little
glad. Will say good night
Give my love to all.

I remain your ever loving Brother
