HALIFAX, DECEMBER, 1956

NEW SERIES

ALUMNI ASSOCIATION

President	Clinton B. Havey
First Vice-President	Mrs. J. L. Ryan
Past President	A. Gordon Archibald
Past First Vice-President	Miss Electa MacLennan
Second Vice-President	Dr. A. B. Campbell
Treasurer	Arthur Moreira
Associate Treasurer	Miss Margaret Graham
Membership and Dues Secretary	J. W. E. Mingo
Secretary	Miss Dorothy P. Rhind
Editor Alumni News	W. Graham Allen

EXECUTIVE

Miss Christine Irvine	D. K. Crowdis	
Miss Muriel Lucas	Mrs. H. T. Creighton	
Aaron Zive	Orval J. T. Troy	
Mrs. John Woodbury	Dr. W. A. Murray	Carmen Moir

ALUMNI REPRESENTATIVES ON BOARD OF GOVERNORS

1954-57	Dr. H. L. Scammell
1954-57	G. Raymond Smith
1955-58	A. Gordon Archibald
1955-58	Murray McE. Rankin
1956-59	R. E. Inglis
1956-59	Dr. M. Fraser

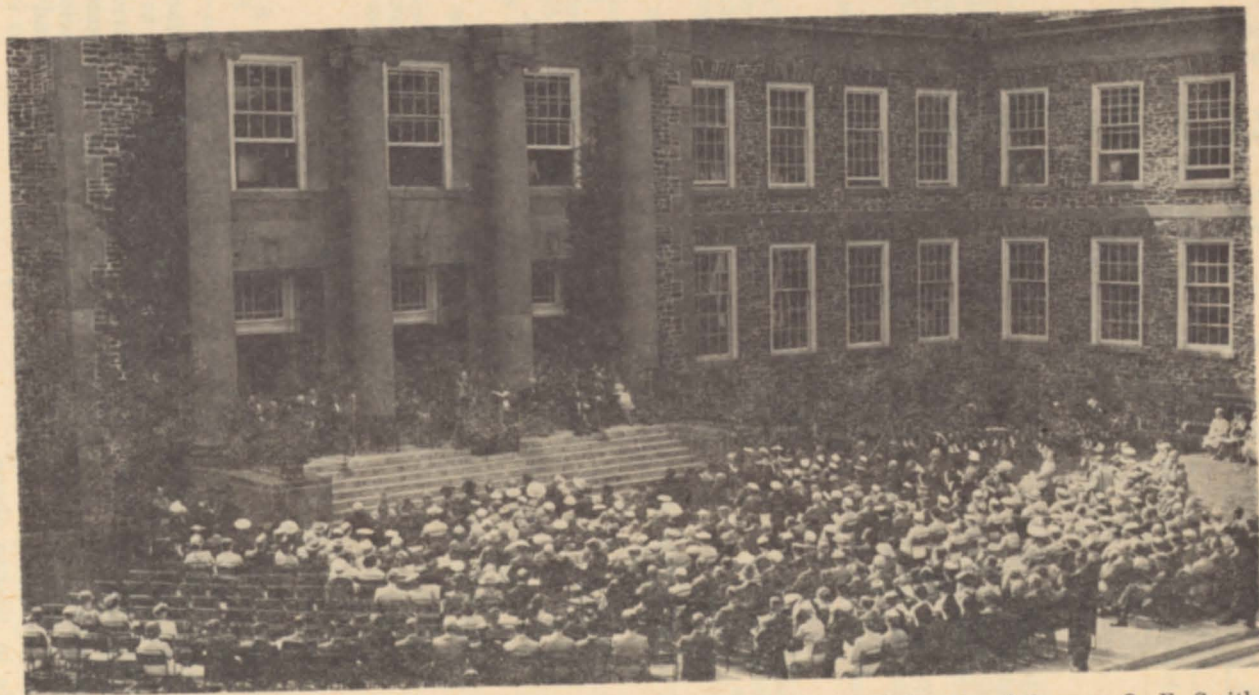

ALUMNAE REPRESENTATIVES ON BOARD OF GOVERNORS

1954-57	Mrs. F. R. Duxbury
1955-58	Miss Zilpha Linkletter
1956-59	Miss Florence Wall

Address all communications to the Alumni Office,
Dalhousie University, Halifax, N. S.

Membership Fee	\$ 3.00
Life Membership Fee	50.00

Your Alumni Office maintains a filing system containing information on about 10,000 Dalhousians. The value of such a record to the University and to the Alumni Association is obvious. Many individual alumni, too, have found the system of value, in locating old classmates and in many other ways. But the system only reaches its peak efficiency with *your* co-operation. A post-card or telephone call to advise the office of any change of address or occupation will help us to keep the records in tip-top shape.

Dalhousie held an open-air convocation on July 20 on the occasion of the dedication of the new O. E. Smith Wing of the Macdonald Memorial Library and the Kipling Room. The ceremony was held on the plaza in front of the Arts and Administration Building.

WE'RE IN A HURRY NOW

The march of events is proving too fast for the Dalhousie Alumni Fund unless a broader support from Dalhousians everywhere can be achieved. Many loyal Dalhousians are giving but many more are needed.

The urgency of raising funds to help erect a men's residence or residences is becoming more painfully apparent all the time. The initial objective of the Alumni Fund, as we hope you remember, is \$100,000 for just that purpose.

The Fund has received \$5,000 as a contribution from the Alumni Association, \$10,916 from more than 500 alumni, and \$4,316 allocated to the Fund from monies raised by the Faculties of Medicine, Dentistry, and Law in the general university campaign. Pledges given to these faculty efforts should boost the fund by another \$16,500.

Altogether, then, monies pledged or received amount to about \$36,732.

But in the meantime, Dalhousie's population is growing. This year the registration is 1,545, the highest it has been since the student veteran period just after the war, and in striking contrast to the figure in 1938 of 883. Thus the need for accommodation is becoming more pressing and will soon be acute, since all the indications are that this year's increase in enrolment is only the beginning of a continual increase which will reach a record high within the next ten years.

Dalhousie needs new residence facilities for men students and needs them badly. Here is a cause in which the alumni can provide urgently needed help. But the extent of that help depends, naturally, on the extent of the alumni support.

Your Alumni Fund is not intended as a brief, blitz type of campaign. Rather it is a system of continual annual giving. We do not ask you to make one large gift—although no contribution will be rejected because it is generous—but we do ask you to give something now and to make a place in your budget for a donation each year.

More and more qualified young people will be seeking a university education. None should know better than a member of the Alumni how important it is for the country and, indeed, for the world that this education should be provided. Dalhousie is prepared to do her part, but can only do so with your help.

If you have not already sent in your gift, won't you do so now?

Alumni in Canada should make their cheques payable to Dalhousie University and mail them to The Dalhousie Alumni Fund, Alumni Office, Dalhousie University. Alumni in the United States are asked to make their cheques payable to the Dalhousie University Foundation Inc., attention Gerald W. Andrew, Treasurer, 55 Broad St., New York 15, N. Y.

DALHOUSIE AT PINE HILL CONVOCATION

Dalhousie was well represented at the annual spring convocation ceremonies of Pine Hill Divinity Hall. Not only were many of those taking part in the order of service graduates or former students of Dalhousie, but three of the four who received the honorary degree of Doctor of Divinity were Dalhousians as were a number of those receiving Diplomas in Theology or the degree of Bachelor of Divinity.

The recipients of honorary doctorates includes the Rev. Charles Jacob Crowdis, (B.A. '04, M.A. '05), Rev. Daniel Murdoch Grant (B.A. '23), and Florence Jessie Murray, (M.D., C.M. '19). Dr. Murray also delivered the convocation address.

Those receiving the Bachelor of Divinity degree included Ernest Lloyd Ivany (M.A. '56) and Jabez Hill Slade (B.A. '48). The diploma winners included James Heber Kean (Arts '48-'49), Levi William Mehaney (Arts '50-'51), and Lester Malcolm Settle (Arts '50-51, '55-56).

NEW SCHOLARSHIP SCHEME

A new system of scholarships in Arts and Science designed to enable young people of superior ability to attain an Arts or Science degree without incurring serious debt was announced by President A. E. Kerr of Dalhousie University at the annual spring convocation in May.

The Board of Governors, he said, now having certain income from the estate of the late O. E. Smith, of Halifax, have allocated a considerable sum for scholarships in the Faculty of Arts and Science. With this and other scholarship funds a new system has been inaugurated.

Dalhousie's constituency, Dr. Kerr said, has been divided into 18 regions of single large high schools or groups of smaller high schools. In each of these regions, the university offers an entrance scholarship of \$600 to the best student, provided that the candidate's marks are of a required standard.

In each of the regions Dalhousie also offers scholarships ranging from \$100 to \$500 for applicants who, while not ranking first in the current year, have marks which might quite well have put them first at another time.

After the first year, scholarships ranging up to \$500 a year will be offered to those students obtaining a certain standing in their university work.

"The effect of this plan," said Dr. Kerr, "should be to assure young people of superior ability, who devote the summer to remunerative employment and practice the personal economy that most people in these provinces know something about, that they should be able to take a university degree without incurring serious debt."

DAL CHANGES ADMISSION, COURSES

New regulations governing admission requirements and courses adopted by Dalhousie University last spring, went into effect with the beginning of classes in Arts and Science on October 2, President A. E. Kerr said in an interview. "These changes have been made," he said, "to ensure the maintenance of worthy academic standards, and not to restrict the size of the student body. In some places the raising of admission requirements has been suggested as a device for keeping the universities from being inundated by the influx of students that population experts foresee, but that has not been one of our motives.

"Our deans and heads of departments for the past year have been endeavouring to foresee the demands which will be made on the University during the next decade, and have been at work on a long-range plan to meet them. A new building for the Faculty of Dentistry is now being erected and other physical expansion appears to be not only desirable but imperative. As the registration increases new staff will have to be secured. It is recognized that the construction of a Men's Residence should not be delayed longer than necessary.

Registration, this year, reached the largest figure since the post-war period when a large number of veterans attended university.

According to Dalhousie's entrance requirements, Dr. Kerr said, only those candidates will be admitted to the Faculty who have passed all the prescribed entrance examinations, and an average mark of 60 per cent with no mark less than 50 per cent will be required.

The revised entrance conditions were reported to a meeting of representatives of Atlantic Province universities last April, Dr. Kerr said, and they were announced publicly at the spring convocation of Dalhousie in May.

"After many months of study by a faculty committee," Dr. Kerr said, "certain changes were effected in the Arts and Science curriculum. As Dr. W. J. Archibald, our Dean of Arts and Science, said to the Faculty when proposing them, the guiding principle of the committee was simply their consensus of what constitutes a sound university education. We are confident that the changes that we have made will improve the educational disciplines that Dalhousie provides.

"One of the significant changes adopted affects the teaching of languages. A study of the classical languages, which has not been compulsory for some time in universities as prominent as Toronto and Harvard, will no longer be required, although the classes will be available as in the past, in Dalhousie. But students who do not study Latin or Greek must take a course of Classical Literature in Translation to familiarize themselves with the heritage which Western culture has received from the Classical civilizations.

"In certain ways the study of languages has been strengthened by the new regulations. All Arts students are required for instance to study at least one language other than English for three years from

junior matriculation to qualify for the Bachelor's degree. We feel that it is more beneficial for the student to obtain a working knowledge of one language besides English than to have a mere introduction to the grammatical structure of perhaps two.

"In fairness to those who had planned their pre-university courses before the new regulations were announced, students entering Dalhousie this year are admitted under the old or the new regulations; next year the new regulations will be in force generally. Students already enrolled may follow either the old curriculum or the new.

"The requirements for admission to the study of Medicine were increased, effective this year, from ten to fifteen classes in Arts and Science, that is from two to three years university study. This corresponds with the practice of practically all medical schools in Canada and the United States.

"The whole question of university study leading to a degree in Law has been the subject of exhaustive investigation by the Conference of Governing Bodies of the Legal Profession in Canada and by the Association of Canadian Law Teachers and it is expected that certain new minimal requirements will be fixed in the near future and recommended to all Law schools in Canada. There also has been some agitation for increasing pre-Law requirements, which in Nova Scotia at present are ten subjects in Arts and Science.

"The School of Nursing will review, and may ask the Senate of the University to revise, the course leading to the Bachelor's degree in Nursing.

"Our new scheme of regional entrance scholarships is intended to lighten financial burdens which might make it difficult or impossible for some outstanding students to obtain a university education. The response to our first notice of this scheme has been most encouraging and the high school records of the winners as well as the comments of their principals suggests that they will bring credit to themselves and to Dalhousie."

RECOGNITION ACCORDED DENTISTRY

The Dalhousie University Faculty of Dentistry, one of the Dominion's five dental schools, has been accorded full "recognition" by the American Dental Association's accrediting Agency.

Also recognized were the four other Canadian dental schools, Toronto, Alberta, McGill and the French-speaking University of Montreal. It marked the first time that dental schools of another country had been placed on the list of accredited schools issued by the U. S. association's Council on Dental Education.

The five Canadian schools have been previously accredited by the Canadian Dental Association, whose program of standards has been worked out in close co-operation and is kept in conformity with the American Dental Association.

DR. D. C. HARVEY RETIRES

The retirement of Dr. Daniel Cobb Harvey as Provincial Archivist for Nova Scotia, effective September 30, and the appointment of Dr. C. Bruce Fergusson as his successor was announced following a meeting of the Board of Trustees of the Public Archives of Nova Scotia at which the Lieutenant-Governor of Nova Scotia presided. His Honour, on behalf of the Board, presented to Dr. Harvey a silver tray.

On his retirement, Dr. Harvey assumed the title of Archivist Emeritus, an honor conferred by the Board in recognition of his 25 years of service. His appointment as Lecturer in Canadian History at Dalhousie University, which he has also held for 25 years, also terminated with his retirement as Archivist.

Dr. Harvey, who was born at Cape Traverse, P. E. I., graduated in Arts from Dalhousie University in 1910 and was selected, in the same year, as Rhodes Scholar for Prince Edward Island. After studies at Oxford, where he received the degree of Master of Arts, he returned to Canada and taught at McGill, Britannia High School, Vancouver, Wesley College, and the University of Manitoba where he was Professor of History for 13 years.

He left the University of Manitoba in 1928 to become Head of the Department of History, University of British Columbia, and left that position in 1931 to assume his duties as Provincial Archivist at Halifax.

Dr. Harvey, who holds honorary degrees from Dalhousie and St. Mary's Universities, is a Fellow of the Royal Society of Canada and a Fellow of the Canadian Geographical Society. He was until recently a member of the Historic Sites and Monuments Board of Canada. He is a member of the editorial board of the *Dalhousie Review*, and a former honorary president of the Dalhousie Alumni Association. He is the author of many works on historical subjects and has been widely published.

His successor, Dr. Fergusson, is also a graduate in Arts from Dalhousie and a former Rhodes Scholar. A native of Port Morien, C. B., he has been Assistant Archivist for Nova Scotia since 1946. Prior to that he had served in the Royal Canadian Navy as a Lieutenant (SB) and had been a Civil Service examiner at Ottawa. In 1952 he received the degree of Doctor of Philosophy from Oxford after spending some time in England on leave granted to permit him to undertake advanced study and research work on behalf of the Archives.

DEAN JOINS DEFENCE RESEARCH BOARD

Appointment of Dr. William James Archibald, Dean of Arts and Science at Dalhousie, as one of two new members of the Defence Research Board was announced in Ottawa in July.

Dr. Archibald, 43, will serve a three-year term in succession to Dr. H. D. Smith, president of the Nova Scotia Research Foundation.

Dr. Archibald was appointed Dean of the Arts and Science faculty at Dalhousie last year. He succeeded Dr. George E. Wilson

NAMED FULL PROFESSOR

Wilfred Berman, B.Com., a member of the teaching staff of the Department of Commerce at Dalhousie University, has been promoted to the rank of full professor, according to an announcement by President A. E. Kerr.

Professor Berman was stationed in Halifax during World War Two as a communications instructor with the Royal Canadian Navy in which he served from 1940 to 1945. He completed studies for his Commerce degree at McGill following the war and joined the teaching staff at Dalhousie in October, 1949. He became an associate professor in 1951.

Besides his regular teaching duties, Professor Berman has given lectures in special evening courses arranged at the request of the Institute of Chartered Accountants and the Society of Industrial and Cost Accountants. He is a member of the Royal Commission on Automobile Insurance. He has also conducted investment courses under the joint sponsorship of the university and the Halifax senior and junior boards of trade. Another of these courses began in October.

HEADS INSURANCE INVESTIGATION

Dean Horace Read of the Law School of Dalhousie University was appointed chairman of Nova Scotia's royal commission on automobile insurance, which resumed studies last summer.

The commission was set up in April, 1955, but was halted by the illness of the commissioner Mr. Justice E. T. Parker of the Supreme Court.

Serving on the commission, along with Dean Read are Robert F. McLellan, a Truro barrister, and Professor Wilfred Berman, of the Commerce Department at Dalhousie.

DR. SAUNDERS IN BRITAIN ON X-RAY STUDY

Doctor R. L. Saunders, professor of anatomy at Dalhousie University has left for England in July to take part in a symposium on X-ray microscopy at Cambridge University, sponsored jointly by the International Union of Applied Physics and UNESCO. The authorities invited seven scientists from various world centres to present papers on the subject under discussion.

Dr. Saunders will remain in England for twelve months on sabbatical leave, working at the Cavendish physics laboratory, Cambridge University. He will return to Dalhousie University and bring with him one of the world's first of three new X-ray microscopes.

FIRST FOUNDATION PAYMENT FOR DALHOUSIE

First payment by the W. K. Kellogg Foundation on a five-year commitment of \$178,213. to support the expansion and further development of the teaching program and facilities of the Faculty of Dentistry at Dalhousie University was announced by President A. E. Kerr last spring.

The dental school plans to add one new full-time staff member each year for at least the next three years to cope with anticipated enrollment expansion from the present 15 students per class to an entering class of 25 students.

"Dalhousie University," said Dr. Kerr, "greatly appreciates the generosity and interest of the Kellogg Foundation as shown in this welcome assistance. We take it to be a mark of confidence in the work of our dental school and of a desire to help the university in carrying out the program of development which Dr. James D. McLean, who became dean of dentistry in 1954 has prepared."

DENTAL MEN MEET IN HALIFAX

More than 200 dentists from the four Atlantic provinces registered at Dalhousie University's Forrest building last June for the three-day Maritime Dental Association Convention.

The convention was held in conjunction with a Dalhousie refresher course sponsored by the Dalhousie Dental School.

Social functions included the president's reception and a dinner-dance. A special program was also arranged for the ladies, highlighted by a tea at Dalhousie University and a luncheon at Citadel Hill.

Lecturers at the refresher course include Dr. John Gray Aldous, Professor of Pharmacology at Dalhousie, Dr. Drexall Allen Boyd, Professor Operative Dentistry Department, Indiana University, Dr. Donald Moore, Faculty of Dentistry, University of Toronto, and Dr. Clyde H. Schuyler, formerly Professor of Prosthetic Dentistry, New York University Dental College.

Other special lecturers included Arthur Lister Murphy, B.A., M.D., C.M., F.A.C.S., and Richard L. D. H. Saunders, M.D., Ch.B., F.R.S., F.R.S.A., of the Faculty of Medicine.

LAW GRAD WINS \$2500 FELLOWSHIP

Alan Murray Sinclair, LL.B., a member of the graduating class of Dalhousie Law School, has been awarded a post-graduate Fellowship for 1956-57 by the Law Institute of the Americas. The Fellowship is of the value of twenty-five hundred dollars, and is for study in Comparative Law at the Southwestern Legal Center at Southern Methodist University, Dallas, Texas. Mr. Sinclair, who has had a distinguished record at Dalhousie, will be a candidate for the degree of Master of

Laws. He is a son of Mrs. S. M. Sinclair of Saint John, New Brunswick.

The Law Institute of the Americas was established in 1951 to promote the study of comparative laws, institutions and governments of the American nations and to train lawyers in handling legal matters pertaining to the countries of the Western Hemisphere. The Fellowship has been previously awarded to only four Canadians, and two of them have been graduates of Dalhousie Law School. It was granted to George A. Rogers in 1952 and to Howard E. Crosby in 1955, both of whom were residents of Halifax. Mr. Rogers is now a counsel of the Canadian Department of Justice at Ottawa, and Mr. Crosby is completing his work at the Southwestern Legal Center.

SEVEN ART SHOWS THIS YEAR

Seven exhibitions to be held during the fall and winter season have been announced by the Art Committee of Dalhousie University. The exhibitions, which are open to the general public, are hung in the art gallery of the Arts and Administration Building.

The first of these exhibitions consisted of prints and drawings recently purchased for the collection of the National Gallery of Canada.

On November 19, the committee presented the second annual exhibition of the "Know Your Artists" series, intended by the committee to enable the public to become better acquainted with the work of Nova Scotia painters. The first of these exhibitions, held a year ago, featured the work of Ruth Wainwright, of Halifax. This year the committee offered a show by Robert Annand, of Truro. Mr. Annand studied originally under Stanley Royle, spent three years at the Ontario College of Art, and later studied mural painting in Mexico.

In the new year, from January 7 to January 28, the gallery will house the travelling exhibition of the Canadian Society of Water Color Painters, consisting of a selection of paintings from the society's annual show in Toronto earlier this year.

From January 30 to February 14, an exhibition of French Canadian painters will be on display. This consists of 25 or more works by contemporary artists, arranged by Jean Ostiguy of the National Gallery of Canada.

A collection of medical art, including work by Rembrandt, Daurier, Hogarth, and Toulouse-Lautrec will be hung from February 25 to March 3. This exhibition, entitled, "Ars Medica," is owned by the Philadelphia Museum of Art and has been assembled especially for a tour of North American galleries.

From March 7 to March 16, the exhibition will be "Highlights of American Painting," a collection of fifty reproductions assembled and arranged by the American Federation of Arts.

The season will conclude with the annual exhibition of paintings by students, faculty, and alumni of Dalhousie. This exhibition will be hung from March 18 to April 13.

NEW TEACHING FELLOWSHIP

Establishment of a new teaching fellowship at Dalhousie University in memory of the late President A. Stanley Mackenzie is announced by President A. E. Kerr. The fellowship, made possible by funds generously provided by an anonymous donor, will be known as the Dr. A. Stanley Mackenzie Teaching Fellowship in Physics. It will have an annual value of \$800 and will be available for award to a suitably qualified student in the Faculty of Graduate Studies who is proceeding to a Master's degree in Physics.

Dr. A. Stanley Mackenzie was a distinguished physicist who graduated from Dalhousie in 1885, received the degree of Doctor of Philosophy in Physics from Johns Hopkins University, served as Professor of Physics at Bryn Mawr from 1891 to 1905, and returned to Dalhousie as Munro Professor of Physics in 1905, becoming President in 1911.

Dr. Mackenzie assumed the presidency of Dalhousie in the year when the university acquired the Studley campus and he played the leading role in the development of that property and in the expansion of the Dalhousie Medical School in the years following the first World War. He was one of the original members of the National Research Council of Canada and first Chairman of the Nova Scotia Economics Research Council. He retired from the presidency in 1931 and died at Halifax in 1938.

NEW FUND FOR MEDICAL RESEARCH

Establishment of a fund for research in Medicine at Dalhousie University as the result of a bequest from the estate of Mrs. Conrad J. Osman, formerly of Hillsborough, N. B., was announced recently by President A. E. Kerr. It is estimated that the bequest will eventually amount to about \$400,000. Dr. Kerr said, with \$250,000 of that amount becoming available in the near future.

The money will be used to establish the Osman Fund for Research in Medicine in accordance with the terms of the gift and the income will be used for the support of the extensive medical research program at Dalhousie.

Mr. and Mrs. Osman were residents of Hillsborough, where the family had manufacturing interests, until 1946 when they moved to Somerville, Quebec. The late Mr. Osman, at one time, was a member of the Legislature of New Brunswick. The bequest is set forth in the will of Mrs. Osman who died at Montreal in August of this year.

GOVERNMENTS INCREASE GRANTS

The Government of Nova Scotia has increased its grant this year to the Faculties of Medicine and Dentistry at Dalhousie University by \$70,000 to \$150,000, President A. E. Kerr announced last spring, and the Government of Newfoundland has increased its grant by \$16,000 to \$26,000. The grants, said Dr. Kerr, were made as the result of representations by Dalhousie to the four Atlantic Provinces for the larger measure of support required to continue the high standard of teaching in the two schools and to keep up with the rate of progress in the fields of Medicine and Dentistry.

Expressing the university's appreciation for the assistance, Dr. Kerr noted that the Government of Nova Scotia has also assisted these faculties by arranging for the extension of the Pathological Institute, in which the Medical School has a direct interest, by making a grant of \$150,000 towards Dalhousie's new Dental Building, and by specifying, along with the other three Province, that a share of the Federal-Provincial Health grants be devoted to Psychiatry and Medical Research.

"The maintenance of Faculties of Medicine and Dentistry is an exceedingly expensive operation for a university," said Dr. Kerr, "and Dalhousie, which has to find its own finances, is therefore most grateful for the co-operation of the provincial governments in supporting the high standards in these faculties."

"It has been the policy of both of these faculties," he said, "to give a high priority to students from the Atlantic Provinces. If this policy were not followed, and admission were equally open to candidates from other areas, the effect on the supply of doctors and dentists for the Atlantic area would be serious. For example, last year, although the university gave wide publicity to the fact that it would accept outside students only in unusual circumstances, more than 100 candidates from the United States applied for admission to the first year class in Medicine." (The total accommodation of the class is 58.)

"The new grants," said Dr. Kerr, "will help to cover the deficits which Dalhousie has been incurring in recent years in the vitally important effort of keeping educational standards at a high level. It is essential that our graduates receive such training as will permit them to give service to the people of the Atlantic Provinces which will be of as high quality as that available to other citizens of Canada. The new grants will help to maintain worthy standards but they still fall considerably short of the amount needed to provide the program that the two faculties, with the forward-looking leadership of Dean C. B. Stewart and Dean J. D. McLean, are endeavoring to follow."

"The advantages gained by expanding and improving these faculties accrue finally to the health services of the entire region," he added. "The construction of a new Dental School within the next year will assist the provinces in reducing the very serious shortage of dentists. The recent appointment of a highly qualified specialist in virus diseases

as Professor of Bacteriology has also made possible the development of a virus diagnostic service for the four Atlantic provinces. This will be a boon to medical practitioners and to the public in general."

"The developments in both faculties have increased the opportunity for post-graduate work by doctors and dentists, and further developments are to be expected."

NEW PATHOLOGY PROFESSOR

The appointment of Dr. William A. Taylor as Professor of Pathology at Dalhousie University and Director of Division of Pathology of the Nova Scotia Department of Public Health has been announced jointly by President A. E. Kerr and Geoffrey Stevens, Minister of Public Health.

"Dr. Taylor has been Associate Professor of Pathology and Associate Provincial Pathologist since March 1955," the announcement said "and has done outstanding work during that period. His interest in research and teaching on the one hand and in clinical pathology on the other makes him eminently suited for the joint position which he now holds."

Commenting on the appointment, Dr. Kerr pointed out Dr. Taylor has been selected from a large group of candidates, many of whom occupied important positions in other universities. The Professor of Pathology at Glasgow University, he said, has described Dr. Taylor in correspondence with Dean C. B. Stewart of the Dalhousie Medical School, as one of the ablest men ever trained in that department.

Mr. Stevens paid tribute to Dr. Taylor's skill in the diagnostic aspects of pathology and noted that he is also highly experienced in medico-legal work.

Dr. Taylor was born in Balloch, Scotland. He graduated with first class honors in physiology at Glasgow University with a Bachelor of Science degree in 1942. Because of the disorganization of the medical schools in Great Britain as a result of enemy action, the Rockefeller Foundation of New York made it possible for 35 British students, of which Dr. Taylor was one, to take clinical studies in North America. He spent one year at Stanford University Medical School in San Francisco and two years at Cornell University Medical School in New York.

He returned to Glasgow in 1944 for the completion of his studies, graduating from Glasgow University in 1945 with the degree of M.B., Ch.B. He continued his training at Glasgow in the specialty of Pathology, on completion of which he was appointed to the staff of that university. He taught there until he came to Nova Scotia in 1955. He was also Pathologist to Western Infirmary and held a number of other important posts in the hospitals and medical organizations of that city. He was also actively engaged in research, most of which was

related to blood transfusions and rheumatic heart disease. Since coming to Halifax, he has completed a survey on cancer in Nova Scotia.

Dr. Taylor's first visit to Halifax was completely unplanned. On his way to the United States as a student in 1942 his ship, the *Loch Katrine*, was torpedoed 500 miles off Newfoundland. One of his fellow students in his cabin was killed, but he and a companion escaped. They were picked up by the corvette H.M.C.S. *Agassiz* and brought to Halifax.

AWARDED FIRST PRIZE FOR ESSAY

Dr. James McL. Hendry, Professor of Law at Dalhousie, has been notified by the Canadian Bar Association that he has been awarded first prize of \$750 in an essay contest conducted by that organization. The competition, which was open to all members of the Bar in Canada, permitted contestants to write on any of four topics. The topic of Professor Hendry's prize-winning essay is "Sovereign Immunity from the Jurisdiction of the Courts."

Professor Hendry is a graduate in Arts and Law of Dalhousie University. He holds Master of Laws degrees from Harvard and from the University of Michigan and, also from Michigan, the degree of Doctor of Juridicial Science.

ON SABBATICAL LEAVE

Dr. Allan Rees Bevan, Assistant Professor of English at Dalhousie University, has been granted sabbatical leave and is spending a year in the United Kingdom doing post-doctoral study on a fellowship recently awarded to him by the Humanities Research Council of Canada. He will resume his teaching duties at Dalhousie with the commencement of the Fall term in 1957.

Dr. Bevan will do most of his work in London, especially in the British Museum, on the writings of John Dryden. A native of Druid, Saskatchewan, he received his B.A. degree from the University of Saskatchewan in 1939 and interrupted his studies for service with the Royal Canadian Artillery during World War II. He received his M.A. from the University of Manitoba in 1947 and joined the Department of English at Dalhousie University in 1949. He received the degree of Doctor of Philosophy from the University of Toronto in 1953.

Dr. Bevan has been heard frequently in broadcast talks and, during the past winter, has presented at Dalhousie a series of evening lectures on the English novel. Besides his faculty duties at the University, he is Assistant Editor of *The Dalhousie Review*.

TO AID MEN STUDENTS

Loan funds of the Dalhousie University Medical School have been increased by \$10,000 as the result of a gift of that amount by Pfizer Canada, Montreal, a division of the large North American pharmaceutical firm, Pfizer Corporation, President A. E. Kerr announced.

"When the Pfizer company learned from Dr. C. B. Stewart, Dean of the Faculty of Medicine, of the genuine need for more assistance to students in the Medical School, they agreed to establish this fund which will be administered in the same way as other University loan funds," said Dr. Kerr." Each loan granted will be free of interest during the time the student is at Dalhousie. As the loans are repaid the money will go back into the fund for the benefit of other applicants. The gift, therefore, is of permanent value not only to medical students at present in the University but also to those who will follow them.

"The Board of Governors of the University are most appreciative of this generosity on the part of Pfizer Canada which will be so helpful to certain of our medical students."

ATTENDED INTERNATIONAL LAW CONFERENCE

Dr. Horace E. Read, O.B.E., Dean of the Faculty of Law, Dalhousie University, attended the Ninth Conference of the Inter-American Bar Association last spring at the Southwestern Legal Center on the campus of Southern Methodist University, Dallas, Texas.

Dean Read was one of two Canadians who were asked to travel to Dallas to speak at the conference, the other being the Hon. Stuart S. Garson, Minister of Justice and Attorney General of Canada. A third Canadian, Howard E. Crosby, of Halifax, who is studying at the Law Institute of the Americas in Dallas, on a fellowship awarded following his graduation from Dalhousie in 1955, took part in a panel discussion on "Aspects of Commercial Law in the Americas."

Dean Read presented a paper in a symposium on Jurisprudence, the subject of his paper being "Some Characteristics of the Judicial Process in Common Law, Canada: 1906-1956."

HEADS CANADIAN LAW TEACHERS

Horace E. Read, O.B.E., Q.C., Dean of Dalhousie Law School, was elected President of the Association of Canadian Law Teachers, for 1956-57 at the annual meeting held recently at the University of Montreal. The Association is one of the newer learned societies of Canada and is the national organization comprising all persons engaged in the teaching of law in the country, whether full-time or part-time. Its purpose is cooperative improvement of legal education.

HONORED BY DALHOUSIE

FLORENCE MURRAY

GEOFFREY WADDINGTON

Dr. Florence Murray, famous Canadian medical missionary, and Geoffrey Waddington, Director of Music for the Canadian Broadcasting Corporation, received the honorary degree of Doctor of Laws from Dalhousie University at the Spring Convocation in May.

Because of the size of the graduating class and the consequent large number of friends and relatives wishing to attend the ceremonies the University held two convocations, morning and afternoon in the Gymnasium.

A native of Pictou Landing, N. S., Dr. Murray entered Dalhousie University in 1915 and graduated in Medicine in 1919. She was appointed to Korea in 1920 by the Board of Foreign Mission of the Presbyterian Church in Canada and, since 1925, has been a missionary of the Women's Missionary Society of the United Church of Canada.

With the support of Zion Presbyterian Church of Charlottetown, Dr. Murray sailed for Korea in 1921 and, after language study, was appointed to work at Hamhung. There she built a hospital and was its superintendent until her work was interrupted by World War II. After being interned for some months by the Japanese, she was repatriated in 1942. Following the Japanese surrender, Dr. Murray returned to Korea in 1947 and served at Ewha Woman's University, Seoul in the

pre-Medical department and at the hospital. Later she was appointed to Severance Medical College and Hospital.

In 1950 when the North Korean forces invaded Seoul, Dr. Murray escaped, with only 15 minutes warning, to a freighter which took her to Japan. After a brief furlough in Canada, she was able to return to Korea in 1951 as the first female official permitted to re-enter the country. She was placed at Pusan and did refugee work at the Australian Mission hospital and at several other hospitals in Pusan and it was here that she was decorated by Denmark for her services to refugees on a Danish Red Cross ship in Pusan harbor.

In 1953 she was able to return to Seoul and helped to rehabilitate Severance College and Hospital.

Geoffrey Waddington was born in Leicester, England, but came to Canada at the age of three and, at the age of 17, was touring Canada as a concert artist. Mr. Waddington has been active in radio since 1926 and has held his present office since 1952. He has been a member of the faculty of the Royal Conservatory of Music, Toronto, an organizer and director of the former Toronto Chamber Music Society, and a first violinist with the Toronto Symphony.

He has appeared as a conductor in many parts of Canada and is known especially in Nova Scotia for his assistance in establishing the Halifax Symphony. Together with his own musical activities, Mr. Waddington has constantly sought to stimulate greater interest in Canadian composers and performers.

AUTHORS HOLD CONVENTION AT DALHOUSIE

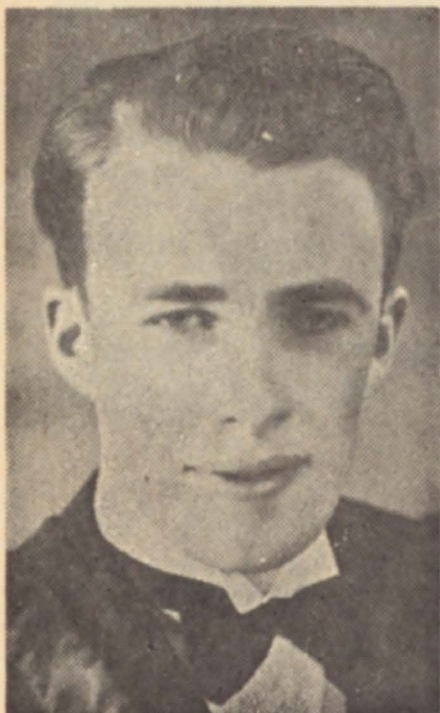

Dalhousie University became a mecca for the local and visiting authors last summer when they gathered in the Arts and Administration building for the sessions of the Canadian Author's Association convention.

The opening day's program at the historic home of education that produced such well-known authors as Dr. John D. Logan, Dr. Hugh Maclellan, Dr. H. B. Attlee, Zillah MacDonld, L. M. Montgomery, Kenneth Leslie, and numerous other well-known writers included, a welcome to the campus by Professor, C. L. Bennet, head of Dalhousie's Department of English, a reply from Olive Know Knox from Winnipeg—Mrs. Knox is the author of numerous books, including a recent release, "Mrs. Minister."

Dr. C. Bruce Fergusson, Assistant Archivist for the Province of Nova Scotia, and president of the local branch of the Author's Association, welcomed the visiting authors on behalf of the local writers.

INVITED TO NEW LABORATORY

Dr. Alexander D. MacDonald, Associate Professor of Physics, Dalhousie University, has been granted a year's leave of absence, President Kerr has announced, to permit him to accept an invitation to participate in a special research project in the newly opened Sylvania Micro-wave Physics Laboratory at Mountain View, California. Dr. MacDonald, accompanied by his wife and three children, left for California in August.

A. D. MACDONALD

The Sylvania Laboratory, which is near San Francisco, was opened in August and Dr. MacDonald is among the first of several scientists invited to use its facilities. He will be one of a group undertaking research in the behavior of micro-wave electrical discharges in gases. Dr. MacDonald has been doing research in this field at Dalhousie with experiments which have attracted attention in Great Britain as well as in North America. Although the research, at present, is conducted as "pure" science, it is considered likely to have an eventual application to the design of switches for use in high frequency communications.

Dr. MacDonald was born in Sydney and attended Sydney Academy before entering Dalhousie in 1941. After a university career in which he was awarded several prizes and scholarships, he graduated [in 1945 with the degree of Bachelor of Science with High Honors in Mathematics and, in 1947, with the degree of Master of Science. He was awarded a teaching fellowship by the Massachusetts Institute of Technology in 1947 and a research associateship in 1948. He received the degree of Doctor of Philosophy from the Massachusetts Institute in the spring of 1948 and was appointed to the Physics Department of Dalhousie University in the same year.

VISITING PROFESSOR AT TORONTO

Dr. James H. Aitchison, Eric Dennis Memorial Professor of Government and Political Science at Dalhousie University, has been granted a year's leave of absence, President A. E. Kerr has announced, to permit him to accept an appointment at the University of Toronto as Visiting Research Professor in the Department of Political Economy. The visiting research professorship at the University of Toronto is made possible by a Rockefeller grant for research in the economic, political, and social development of Canada.

Dr. Aitchison's particular project during the year will be the completion of a book on the development of local government in Ontario, a field of which he has made a special study for a number of years.

A native of Scotland, Dr. Aitchison came to Canada at the age of four and attended school in Saskatoon. He received the degrees of Bachelor of Arts and Bachelor of Education from the University of Saskatchewan and the degree of Bachelor of Science from the London School of Economics. In 1953 he received the degree of Doctor of Philosophy from the University of Toronto. He has been Eric Dennis Memorial Professor of Government at Dalhousie since September 1949. Since coming to Halifax, he has been an active member of the Halifax Branch of the Canadian Institute of International affairs and is a former Chairman of the branch.

J. H. AITCHISON

DISTINGUISHED DALHOUSIAN IS DEAD

Word has reached the university of the death in California on October 12 of a distinguished member of the Class of 1897, Professor John Tucker Murray.

Professor Murray was born at sea, spent his early years in Wales, and, while still in his 'teens, came to Truro where he graduated from the Academy in 1893. In the autumn of that year he came to Dalhousie and, after an outstanding scholastic career, graduated in 1897 as a Bachelor of Arts with High Honors in English and English History. The late Professor MacMechan referred to him as the most brilliant student of English ever to pass through his classes.

After postgraduate study in English at Harvard and later in England, he became Professor in English at Pittsburgh and then at Harvard where he taught until his retirement about twelve years ago. Since then he had made his home in San Clemente, California. His wife, who survives, is the former Mabel Wesson, whose father was a member of the firm of Smith and Wesson.

Surviving classmates, according to class records, are: the Hon. Charles J. Burchell, Q.C., Rev. J. W. A. Nicholson, and Dr. Melville Cumming, all of Halifax; A. E. Crockett, Rochester; Mrs. A. A. Morrison, Eagle Hill, Alta.; Rev. D. M. Reid, Camrose, Alta.; H. T. Morrison, Toronto; Rev. D. G. Cock, Whitby, Ont.; Mrs. F. L. Coombs, Vancouver.

ONE OF FOUR KEY OIL MEN

One of four executives appointed as vice-presidents of Cities Service Company, New York, to carry out a \$750,000,000 expansion program is Alfred P. Frame (B.Sc. '21), of Ridgewood, N. J.

Mr. Frame, is in charge of the company's manufacturing, research and petrochemical activities has been with Cities Service for 31 years and is a member of the Board of Directors. In 1944 and 1945 he was Director of Refining for the Petroleum Administration in Washington and was in charge of domestic petroleum operations for the Petroleum Administration for Defence from 1950 through 1952. He is President and Director of Cities Service Research and Development Company and a Vice-President of several other subsidiaries.

Despite the pressure of his business responsibilities, Mr. Frame has maintained a constant and lively interest in Dalhousie and has been actively identified with many undertakings on behalf of the university.

ROYAL STURGEON AND PEACOCK

Such exotic items as royal sturgeon and peacock featured an Elizabethan Dinner staged by the Dalhousie Society of Great Britain, last spring, in the Elizabethan Room of the Gore Hotel. The meal was staged in the hearty atmosphere of the era of Good Queen Bess with the waitresses dressed in the costumes of the period and a bill of fare consisting of appropriate dishes.

L. T. Pentz, Honorary Treasurer, presided in the absence of the Chairman, Dr. J. M. Collie, who was then on the high seas bound for a holiday in Canada. The distinguished guests present included Lord and Lady Dalhousie who, since their visit to the university a few years ago, have maintained a lively interest in its progress.

A list of the dinner guests is as follows:

Lord Dalhousie, Lady Dalhousie, Dr. Phillip Magonet, Mrs. Phillip Magonet, Dr. Hyman Magonet, Dr. D. Ross, Mrs. D. Ross, Mrs. Duncan-White, Miss E. Wigfull, L. T. Pentz, Mrs. E. Hetherington, Robert Agnew, Murray Fraser, Miss J. Sturdee, Denis Kelly, Miss D. Morton, Michael Howe, Miss B. M. Meagher, Lady Edwina Chamier, Mrs. J. Grant, Mr. Snell, Mrs. Snell, Dr. Freeman Heal, Dr. Shaffner, Mrs. Shaffner, Professor C. MacInnes, Dr. Clarke, Mrs. Clarke, Mrs. Allen, Miss Allen, Miss R. Stephens, Lord Douglas, Lady Douglas, T. Bishop, Mrs. T. Bishop, Mrs. Herbert, Mrs. Hyman Magonet

Other Dalhousians who were unable to attend but who sent greetings included:

Flight Lieut. Emmett, General and Mrs. Spry, G. D. Young (1911/1915), Dr. Forrest Musgrave (1929), Dr. Grace Kenney, Dr. R. W. Kenney, Mrs. Sullivan (1896), Dr. Blauvelt, Dr. A. D. Hudson, Mrs. Renee Wilton nee Garrett, Mr. E. H. Anthony (1953/54), Mr. James H. Matthews (1951/54), Dr. M. Seriol Colley, Jock Cameron, June Grant (appearing in Kismet), Dr. D. A. Darey, Mr. Arthur Foote (1951/54), Dr. W. E. Corbett, Mrs. Maud Roberts, Mrs. Elizabeth Bretell, Mrs. Nancy Harrison (Science 1941/43), Mrs. Patricia Tanner nee Hollis (1941/44).

The society held its annual general meeting last spring at which time Dr. J. M. Collie, who has been an active worker in its program, agreed to remain as chairman. Another active worker, Dr. D. M. Ross found it necessary to resign from the position of secretary and his resignation was accepted with regret. The committee welcomed Mrs. Duncan-White (Claire Murphy, Arts '29) as his successor. L. T. Pentz was unanimously re-elected Treasurer. Mr. Pentz has also been elected President of the Canadian Universities Club.

The Dalhousie group in Great Britain have extended many courtesies, individually and collectively, to visiting Dalhousians and always are delighted to hear from any of the Dalhousie family who are in London. The Secretary, Mrs. Duncan-White, lives at 187 Queen's Gate, London S.W. 7. Telephone KENSington 3340.

OUR ANNUAL MEETING

C. B. Havey was re-elected President of the Dalhousie Alumni Association at the annual meeting held in Shirreff Hall last spring. A large number attended the business meeting and buffet supper, after which members of the graduating class came to Shirreff Hall for an evening of dancing as guests of the Alumni.

George Farquhar, former Editor of *The Alumni News* and an active alumnus for many years, was elected Honorary President of the Association. In moving the nomination, Dr. H. L. Scammell paid a warm tribute to Mr. Farquhar's long and dedicated interest in Dalhousie. The nomination was seconded by Miss Phyllis Blakely and passed unanimously.

Mrs. J. L. Ryan was elected First Vice-President, Dr. A. B. Campbell, Second Vice-President, and the following as alumni nominees for the Board of Governors: Dr. Murray Fraser, R. E. Inglis, Miss Florence Wall. Additional members of the executive elected were Mrs. Terry Creighton, Mrs. John Woodbury, Donald Crowdis, J. E. McCleave, and Dr. W. A. Murray.

Mr. Havey, who presided over the meeting, reported on the activities of the past year which was marked by the recording of more paid-up members than in any year since the organization was formed in 1871.

In his report, Mr. Havey said:

On Friday, November 4, 1955, we held our annual Freshman Party in the Gymnasium. It was well attended and apparently quite successful. I should like to record our appreciation of the work done by Mr. Orval Troy, who has organized all five of our Freshman parties, and by Mrs. H. C. Hebb, whose committee had charge of the refreshments.

Our Semi-Annual Meeting was held in the Nova Scotian Hotel on Tuesday, February 21, 1956, with approximately 250 members of the Association present. It was our privilege to have Hon. Mr. Justice J. Keiller Mackay, of the Ontario Court of Appeal, speak on "Shakespeare and the Law."

During the year—in addition to the efforts of the chronic furnishers found in the Women's Division—the Association spent \$512.75 of your money on furniture for the Men's Common Room in the Forrest Building.

I should like to mention also two other items for which the Association does not claim any credit but to which it did give its blessing and some slight assistance. The first of these is the "Kick Off" Dinner tendered the Canadian Rugby Football Team at the Nova Scotian Hotel on Friday, September 30, 1955, which dinner was organized by Dr. W. A. Murray and a committee working with him. The second is the completion of a collection of more than thirty pictures of football teams of the past, most of them from the years before World War I, made by Dr. Luther B. MacKenzie.

Our major project during the year has been the institution of the Alumni Fund. For a long time many of us had felt that one of the major sources of financial support for the University should be its alumni, and that we should endeavour to obtain regular annual gifts—even in modest amounts—from as many alumni as possible. To make the proposal somewhat more tangible, we decided to set as our first objective the raising of at least \$100,000.00, in a five-year period, to be applied toward the cost of providing residential facilities for men students. However, our long term objective was—and is—to provide a steady source of revenue for such needs of the University as may become apparent from time to time.

As you may have noted from the minutes, it was announced at the Annual Meeting held May 10, 1955, that we had decided to defer our campaign because of other campaigns then about to be undertaken by the University and by the Faculties of Medicine, Dentistry and Law. One factor which tended to offset the restrictions placed on our campaign was a proposal by the Faculties of Medicine, Dentistry and Law to ask the contributors to their special funds to allocate 10 per cent of their contributions to the Alumni Fund, i.e., to the building of a men's residence. In view of that, during the year the Executive decided to proceed with our campaign, notwithstanding the fact that initially we would not be at liberty to approach—and for the first five years could not expect to collect directly from—those alumni who were to be subjected to more specialized professional attention.

We opened the Alumni Fund with a contribution of \$5,000.00 of your money, from the Association's funds, and made our initial appeal to the alumni—some of them—in the latter part of November. In the five and one-half months which have elapsed since that time, we have received \$5,995.50 from 358 individual alumni, bringing the total to \$10,995.50.

I am informed that the Alumni Fund will be credited also with approximately \$15,600. being the allocation from the funds collected and to be collected by the Faculties of Medicine, Dentistry and Law, which will bring our grand total to over \$25,500. Since that \$15,600. figure represents only 10% of the contributions or pledges of those professional men who were willing to have this allocation made, it seems obvious either that they have been canvassed much more effectively than the rest of the alumni, or alternatively that they have taken unto themselves so much worldly wealth as to leave very little in the hands of those whom we have approached. Either way, we thank them for a notable contribution.

I should not like to conclude this report without some reference to various officers of the Association who have done good work over the years. It has long been my opinion that it matters very little who is President of an organization such as this if the work of the secretary and the treasurer, by whatever titles they may be designated, is in good hands—I was convinced of that when I was your Secretary-

Treasurer, and nothing that has happened since has caused me to change my mind about it. I think we should acknowledge the good work of Miss Dorothy Rhind, our Secretary for four and one-half years, Mr. J. W. E. Mingo, our Membership Secretary for four and one-half years, Mr. Arthur Moreira, our Treasurer for three years, and Miss Margaret Graham, our Associate Treasurer for five years. It is perhaps unnecessary for me to mention the work of Miss Electa MacLennan, our First Vice-President, as that will become apparent when she reports to you for the Women's Division. I thank all of them for jobs well done.

C. B. HAVEY,
President.

NEW WING FOR THE LIBRARY

Impressive ceremonies at Studley, on July 20, marked the opening of the new O. E. Smith Wing of the Macdonald Memorial Library. The new wing, includes a special room designed to house and to display one of the world's outstanding collections of the works of Rudyard Kipling.

Immediately before the official opening, the university held a convocation and conferred honorary degrees upon Mrs. George Cambridge, daughter of Rudyard Kipling, and upon James Muir, President of the Royal Bank of Canada.

The Kipling Collection was given to Dalhousie by the late J. McG. Stewart, C.B.E., Q.C., of Halifax, shortly before his death, and was formally transferred to the university by Mrs. Stewart. Because of the importance of the collection, it is anticipated that Kipling scholars everywhere will be visiting Dalhousie or communicating with the Librarian in charge of the collection. Mr. Stewart's gift also included a series of detailed and scholarly bibliographical notebooks. These have been edited and will be published in one volume by Dalhousie University as a definitive reference on the works of Kipling.

For the past year, Professor A. W. Yeats, of Sam Houston College, Dallas, Texas, one of North America's Kipling specialists, has been arranging the collection for Dalhousie, and, in co-operation with the Publications Committee of the university, preparing the notebooks for publication.

The new wing of the library is named in memory of the late O. E. Smith, Halifax philanthropist and for some years a member of the Board of Governors of Dalhousie. As an active member of the Library Committee, Mr. Smith had shown a particular interest in this phase of

Just before the convocation on July 20, the photographer snapped these four people who played important parts in the ceremony. Left to right, Brigadier H. V. D. Laing, Chairman of the Board of Governors; President A. E. Kerr; Mrs. George Bambridge, daughter of Rudyard Kipling; and James Muir, President of the Bank of Canada. (See page 24).

the university's program and a considerable portion of his bequest has been allocated to library purposes including the provision of the new wing and an endowment for the purchase of books and other library expenses. His bequest has enabled the university, also, to establish several additional scholarships in Arts and Science.

The new wing contains not only the Kipling Room but additional stack space for about 50,000 volumes of the library holdings.

The Kipling Room itself is situated on the ground floor of the wing, with its own separate entrance. Designed to provide a quiet atmosphere for study, the room is finished in mahogany panelling, with a slightly domed ceiling, direct and indirect lighting, and soft wall-to-wall carpet. Display cases present items of the collection for public viewing.

The decor and appointments of the Kipling Room together with an endowment for its operation were given to the university by a group of friends and colleagues of the late Mr. Stewart, under the chairmanship of Mr. Muir.

In addition to the collection given by Mr. Stewart, the room contains the original manuscript of an account by Kipling of the service held in St. Paul's Cathedral, London, in 1915, to honor Canadians killed in action. This tribute, cabled by the author to the Government of Canada, appeared in Canadian newspapers on May 14, 1915. Mrs. Bambridge, who has had the manuscript in her possession, offered it to Dalhousie as an item of particular Canadian interest.

The ceremonies on July 20 were held on the plaza in front of the Arts and Administration Building. President Kerr conducted the convocation which included addresses by Mr. Muir and Professor Yeats. Following the academic convocation, Brigadier H. V. D. Laing, C.B.E., Chairman of the Board of Governors, presided at ceremonies of acceptance and dedication. On behalf of the university, Brigadier Laing received the new wing, the Kipling Room, the Stewart Collection, and the gift from Mrs. Bambridge, and officially opened the new library facilities for public inspection. The military band of the Royal Highlanders of Canada (The Black Watch) was in attendance.

The university entertained at a formal dinner in honor of Mrs. Bambridge and Mr. Muir which was one of a number of social events held at the time. Mrs. Bambridge, who came to Canada especially for the university ceremonies was the guest, while in Halifax, of Mrs. J. McG. Stewart and attended a number of functions held in her honor. These included a reception at the home of President and Mrs. Kerr, an afternoon tea at the home of Brigadier and Mrs. Laing, and an afternoon cruise on Halifax Harbour in the launch of Rear Admiral R. E. S. Bidwell, when Admiral and Mrs. Bidwell and Col. K. C. Laurie and Mrs. Laurie acted as hosts.

BUT WATCH THE TIGERS NEXT YEAR

The 1956 Canadian football season proved to be a memorable—if not a glorious—one for Dalhousie's Tigers. For the first time in many, many years, the Varsity squad played a season without winning a single game. This melancholy record may fairly be attributed for the most part to bad luck rather than to any lack of drive or talent by the players themselves. They played hard and played well, and in the closing games of the league won applause from friend and foe.

And although the record was not bright in the won and lost column, Dalhousie came through with some honors. Gordon Rankin, of Halifax, 22, 205 pounds, won the Halifax Herald Limited Trophy when chosen as the best lineman in the five-team league. Rankin, who was a member of Dalhousie's championship team in 1954, was almost a 60-minute man in this year's game and always a tower of strength. The day after this award, league officials announced that Dalhousie's Don Nicholson had been named as winner of the Outstanding Player Award. Nicholson, last year, was winner of the award for best Rookie of the Year. A 22-year-old Medical student from Summerside, he gave a flashy performance in every game and becomes the third Dalhousian to win this trophy, the other two being Andy Mackay and Reg. Cluney.

Although eliminated from the finals, Dalhousie remained in the picture at the Purdy Cup game when a pretty student, Carrie Ann Matheson, of New Glasgow, one of the Dalhousie cheer leaders, was selected from five contestants representing the various teams as Miss Purdy Cup.

Because of a schedule designed to produce a winner to play against New Brunswick in time to determine a team to meet the Ontario-Quebec winner for the Eastern Canada Championship, the league began early this year—in September—and was already under way when the Tigers played their first game on September 29. Since classes in Arts and Science did not begin until October 1, it will be understood that a number of the players had had little time for practice and conditioning.

Early in the season, Dalhousie suffered the loss of several key players due to injuries which kept them out of play for all or most of the season. And their loss was felt keenly as the results indicate.

These costly injuries have given impetus to talk in favor of a change in the league structure. For several years the Nova Scotia league has been a combined services and universities affair. This year the teams involved were Dalhousie, St. Francis Xavier, H.M.C.S. Stadacona, H.M.C.S. Shearwater, and the Bombers from the R.C.A.F. base at Greenwood.

The critics say that the service teams are able to begin working out in July and are in better condition for the opening games than is possible for the university players. They point out, too, that with other universities taking up the Canadian game, e.g., Mount Allison, Acadia,

A group of distinguished visitors from the United States chat with the President. Left to right, the Rt. Rev. F. A. Juhan, D.D., Bishop of Florida, and Mrs. Juhan, Mrs. A. I. duPont, Wilmington, Delaware and Jacksonville, Fla., President Kerr, Mrs. Shands, and Dr. A. R. Shands, of Wilmington.

and St. Mary's, an intercollegiate division would provide more evenly matched contests, and give the collegians an opportunity to toughen up during the season. The winners could then meet the service winners on better terms and without the same risk of injury.

Talk to this effect is heard in several quarters and something along this line is definitely under consideration.

REFRESHER COURSE IN NURSING

Capacity registration marked a refresher course given by the School of Nursing last spring.

The refresher course was designed for supervisors and directors of Nursing Education and was concerned with administration and supervision.

The conference leader was Mrs. Genevieve Knight Bixler, a consultant in Nursing Education, who is at present Director, Nursing Education Project, Southern Regional Education Board, Atlanta, Ga. Mrs. Bixler was for several years Director of Nursing Research, Teachers' College, Columbia University, and later Research Consultant at Western Reserve University. She is the author of many articles and books on nursing, her best known work being the book, "Administration for Nursing Education in a Period of Transition," written in collaboration with her husband, Dr. Roy W. Bixler.

BY WAY OF A REMINDER

With reference to the Dalhousie Alumni Fund, the following item from the G. A. Brakely & Co. Staff Letter has some significance:

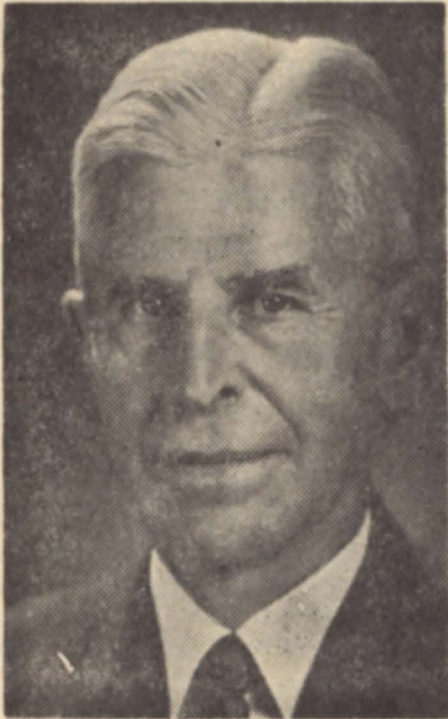

"Princeton University is currently enjoying the results of its most productive annual giving campaign. This year, gifts from Princeton alumni total \$1,031,500. Participation is by 70.7 per cent of the listed names. This sets an all-time high for any college or university fund."

As the farmer said when he put the ostrich egg in the hen house, "This is not by way of reproach; it is merely to show you what is being done elsewhere."

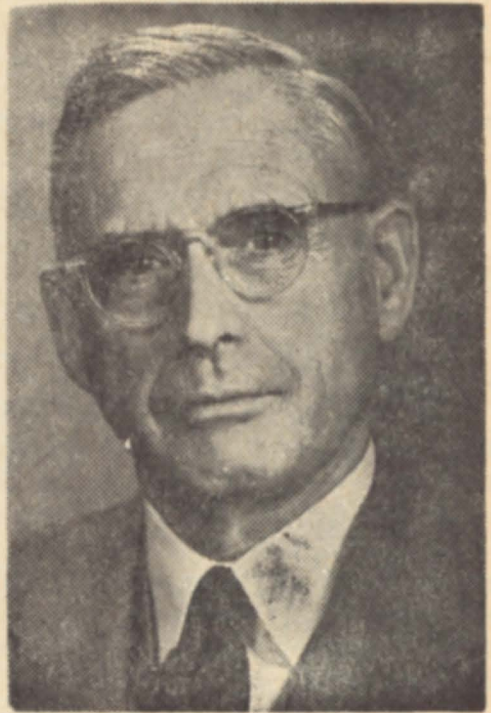

U. S. VISITORS AT DALHOUSIE

A distinguished group of visitors from the United States, on holiday in Nova Scotia, came to Dalhousie campus during the summer and expressed great interest in the work of the university and especially in that of the Faculty of Medicine and the public services rendered by its school. The party consisted of Mrs. A. I. duPont, of Wilmington, Del., and Jacksonville, Fla., the Rt. Rev. F. A. Juhan, D.D., Bishop of Florida and Mrs. Juhan, of Jacksonville, and Dr. A. R. Shands, prominent Wilmington medical authority, and Mrs. Shands. During their visit to Halifax, the members of the party were guests at a luncheon tendered by the university at the Saraguay Club and at a small tea held at the home of President and Mrs. Kerr.

NEW DEAN OF GRADUATE STUDIES

C L. BENNET

J. H. L. JOHNSTONE

The appointment of Professor C. L. Bennet as Dean of the Faculty of Graduate Studies at Dalhousie University, succeeding Dr. J. H. L. Johnstone, O.B.E., was approved by the Board of Governors, effective as of September 1.

Professor Bennet, who joined the teaching staff of Dalhousie in 1922, has been George Munro Professor of English Literature and Head of the Department since 1931. Dr. Johnstone joined the teaching staff in 1918 and has been Dean of the Faculty of Graduate Studies since it was established in 1949. He reached the regular age of retirement during the past year, and relinquished his duties as Dean but the Board invited him to continue as Professor and head of the Department of Physics.

Professor Bennet, who first taught in the Department of English as an associate of the late Dr. Archibald MacMechan and succeeded him on his retirement, is the editor of a series of textbooks and anthologies now used in every province in Canada. He was University Registrar from 1936 to 1946 and Veterans' Adviser from 1946 to 1950. During World War II, he was active in Halifax as Chairman and Trustee of the Anzac Club which provided hospitality for some 30,000 members of the Australian and New Zealand armed services passing through this port.

"As its name indicates," Dr. Kerr said, "the Faculty of Graduate Studies is responsible for the supervision of advanced work leading to Master's degrees and to the degree of Doctor of Philosophy. Although it is our youngest faculty, under Dr. Johnstone's competent direction, and with the aid of scholarships and fellowships that he has been able to secure, it has already established a record of notable accomplishments. We are confident that under the leadership of Professor Bennet its usefulness will continue to expand.

"Dr. Johnstone has made an outstanding contribution to Dalhousie as a teacher and administrator and an outstanding contribution to the nation, as one of its ablest physicists, in peace and war. All of us at Dalhousie recognize his fine record of service and, although the time has come for him to relinquish his duties as Dean, we are grateful that he will continue his teaching duties in the Department of Physics."

Professor Bennet was born in New Zealand and interrupted his University studies in Arts and Law, during World War I, to serve with the New Zealand forces in France. He attended Cambridge University on a New Zealand Expeditionary Force Scholarship from 1918 to 1922 and received the degree of Master of Arts. In the fall of 1922, he came to Dalhousie as Lecturer in the Department of English, being on the King's Foundation from 1923 to 1928. He was granted leave of absence in 1928 for further studies at Harvard where he received the degree of Master of Arts in 1929. In 1930 he was recalled by Dalhousie to rejoin the Department of English on the retirement of Dr. MacMechan.

Dr. Johnstone was born in Pictou and graduated from Dalhousie University as a University Medal winner with high honors in Physics in 1912. He received the degree of Master of Science from Dalhousie in 1914 and that of Doctor of Philosophy from Yale in 1916. After overseas service with the British forces in France and Salonika in World War I, for which he was awarded the M.B.E., he joined the Physics Department at Dalhousie in 1918.

In 1940, Dr. Johnstone and his colleague, the late Professor G. H. Henderson, F.R.S., were recruited for war services by the National Research Council and became responsible for all scientific research for the Royal Canadian Navy on the East Coast. Dr. Johnstone subsequently became Director of Operational Research for the Navy and was awarded the O.B.E. for his services. At the end of the war, he returned to Dalhousie where he became George Munro Professor of Physics and Head of the Physics Department. He is a member of the Fisheries Board of Canada, of the National Research Council, the Nova Scotia Research Foundation, and has been a member of the Defence Research Board.

AWARDED SUMMER RESEARCH ASSOCIATESHIPS

Ten Dalhousie professors spent a busy summer in the university, engaged in research associateships awarded by the National Research Council of Canada. The associateships are provided to support research work by faculty members during the months when they are free of normal teaching duties.

Some of the projects were already under way but were continued, during the holiday period, by men who were able to devote their full time to the research in question. In some of the projects, graduate students assisted.

The professors who received the associateships and the projects were:

Dr. R. L. deC. H. Saunders, Professor of Anatomy: methods of improving microradiographic definition by vacuum and other techniques, and continued research in X-ray microscopy whereby direct enlargement of objects with X-rays is possible.

Dr. F. W. Fyfe, Associate Professor of Anatomy: functions of the human larynx, using electromyographic and radiographic methods to elucidate anatomical points connected with voice production in the living subject.

Dr. J. G. Aldous, Professor of Pharmacology: cellular physiology, with special emphasis on the relation of metabolism and growth of the cell.

Dr. K. E. von Maltzahn, Assistant Professor of Botany: continued investigation of factors involved in the initiation of certain developmental stages in mosses.

Charles Walmsley, Professor of Mathematics: generalized Fournier series of meromorphic functions—a study of summability properties and applications to differential equations etc.

Dr. E. W. Guptill, Associate Professor of Physics; continued measurements of the velocity and attenuation of high frequency sound in liquids, using a new method, which was developed by him last year.

Dr. A. D. MacDonald, Associate Professor of Physics: continued study of ultra-sonic absorption in acetic acid and of the breakdown of gases excited by micro-wave voltages.

Dr. C. K. Hoyt, Assistant Professor of Physics: development of the idea of using a barium titanate cylinder as a length standard in acoustic measurements.

Dr. D. E. Ryan, Assistant Professor of Chemistry: "Reagents for Metal Ions." He continued work in this field, aided by a graduate student.

Dr. H. Dunford, D, Assistant Professor of Chemistry: continued research on "gas-phase chemical reactions," in particular, kinetic studies of reactions of active nitrogen with other compounds.

ALUMNI DUES

Allison, Laurie McC., 2 Rosemount Ave., Arndale.	\$ 3.00	Burns, R. J., Bow Valley Farm, Midapore, Alta.	3.00
Anglin, James, c/o Fraser Co. Ltd., Toronto	3.00	Bowes, John G., 187 Queen St., Apt. 23, Sarnia, Ont.	3.00
Addison, Mrs. W. M. (Marion Rundle) 1530 Bernard Ave., Outremont, P. Q.	3.00	Byrne, E. G. J., Q.C., Bathurst, N. B.	3.00
Allison, Laurie McC., Librarian, Mount Allison Univ., Sackville, N. B.	3.00	Burris, Donald A., 460 Greenoch, Town of Mount Royal, Que.	3.00
Aikins, Dr. Robert L., 42 Bellevue Ave., Halifax.	3.00	Brownell, Miss Pearl, 3B Westmoreland Apts., Winnipeg.	3.00
Archibald, A. D., 180 Duferin Ave., Belle- ville, Ont.	3.00	Britton, Dr. E. M., 25 Elm Ave., Wollaston, Mass.	3.00
Annan, Dr. Robert T., Bridgetown, N. S.	3.00	Begg, Dr. Robert W., Med. Research Dept., Univ. of Western Ont., London, Ont.	3.00
Armstrong, Mrs. O. F. C. (Jean Messenger), Apt. 10, 4725 Ridgewale Ave., Montreal	3.00	Bugden, Dr. R. L., Medical Arts Bldg., Corner Brook, Nfld.	3.00
Allison, E. P., 60 St. Leonard's Ave., Toronto	3.00	Barnaby, Dr. & Mrs. H. C. (Margaret Reh- fuss) 115 Woolwich St., Guelph, Ont.	6.00
Adamson, W. M., Canada Starch Co., Card- inal, Ont.	3.00	Barnes, Prof. James, Head Physicist, Frank- lin Inst., Philadelphia.	3.00
Aller, Miss Maureen O., 32 Greenwood Ave., Halifax.	3.00	Bent, Major Charles Edgar, Berkeley Apts., Halifax.	6.00
Abramsky, Joseph, 1 Benvenuto Place, Tor- onto.	3.00	Bartlett, Mrs. Edward (Mary Carr Bell), 6257 Trans Island Ave., Montreal.	3.00
Allen, Walter W., 13 Roman Ave., Halifax.	3.00	Bell, Dr. H. P., 53 Oakland Rd., Halifax.	3.00
Atkins, Dr. & Mrs. Ainsley S. (Shirley E. E. Clark), 101 Pacific Med. Bldg., Van- couver.	6.00	Blenkinsop, Miss Laura A., 14 Pleasant St., Truro.	3.00
Archibald, Dr. David M., Kingston, N. S.	3.00	Ballem, Dr. J. C., Kirk Hill, New Glasgow, N. S.	3.00
Aikens, Prof. Harry F., Dalhousie University	3.00	Baird, Hamilton, 191 Bonaccord St., Mon- cton.	3.00
Allen, Miss Rosemary, 63 Chebucto Road, Halifax.	3.00	Brunke, Mrs. John J. D. (Catherine Finlay- son), 372 Glengrove Ave. W., Toronto.	3.00
Anderson, Clarence W., Victoria Paper & Twine Co., Halifax.	3.00	Bingham, George J., P.O. Box 122, Moncton, N. B.	3.00
Archibald, Dr. L. J., 117 Oxford St., Halifax	3.00	Baird, Dr. K. A., 562 Dunn Ave., Lancaster, N. B.	3.00
Archibald, Mr. & Mrs. D. F. (Mildred Allen) Port Williams, N. S.	6.00	Balcom, S. R., M.P., Halifax & Ottawa	3.00
Amler, Dr. Alfred B., 2 Bryant Crescent White Plains, N. Y.	3.00	Brehaut, Dr. Lester, Murray River, P.E.I.	3.00
Bingham, Dr. R. H., Dalhousie University, Halifax.	3.00	Boniuk, Dr. Mitchell, Main St., Windsor, Nfld.	3.00
Baldwin, Dr. John Henry, 210 Stewart Ave., Nanaimo, B. C.	3.00	Barnstead, Miss E. G., 1620 Selkirk Ave., Montreal.	3.00

PERSONALS

Zillah K. MacDonald, Arts '02-'05, now retired and living in New York after teaching for thirty years at Columbia University, is devoting her time to writing. Through the years she has already some dozen books and serials and a score of short stories to her credit. In addition to these were several plays, one of which, "The Royal Romance" was the Canadian prize play. Since retirement her pen has been busy and practically each year one or more volumes has been given to the public. Writing mostly for young moderns, "Marcia" has already run through six editions, "A Cap for Corine" through three, "Rosemary" through two, and, continuing the series, "Rosemary Wins Her Cap," is under contract to appear next year.

Dr. J. H. L. Johnstone, B.Sc. '12, M.Sc.'14, has been appointed along with three other outstanding Canadians to a three-year membership on the National Research Council. Dr. Johnstone previously served with the N.R.C. from 1948 to 1951.

A report of Dr. Lawrence S. Van Blaricom, M.D., C.M. '49, appeared in a recent issue of a United States Army newspaper. "A T33 jet pilot and aircraft from 86th Fighter-Interceptor Wing in Landstuhl, Germany, flew an Army brain surgeon from the 98th General Hospital at Neubrucke, Germany, on a mercy mission to Camp Darby, Leghorn, Italy. The doctor, Capt. Lawrence S. Van Blaricom, a neuro-surgeon and assistant chief of the 98th General Hospital, was rushed to Darby to treat a lieutenant colonel who suffered a brain injury in a cargo-crane accident."

Dr. F. R. Townsend, M.D., C.M. '49, certified in the specialty of psychiatry, has joined the staff of the Fundy Mental Health Centre. He will also be associated with the N. S. Sanatorium at Kentville.

Professor Wilfred Berman Sp. Arts '44-'45, Law '54-'55 was among six Canadian University professors undertaking a two-week study at Montreal, this spring, covering underwriting of new security issues, the Canadian money market for investment of short-

term funds, European investments in Canada, selling of securities, securities control legislation, portfolio management and practical investment analysis. The program, worked out by the Investment Dealers' Association of Canada in collaboration with the Montreal and Canadian stock exchanges, is similar to ones being followed at Toronto and the University of British Columbia.

Wendell W. Meldrum, LL.B. '48, has been appointed to the faculty of Mount Allison University to teach commercial law in the department of commerce.

In a letter to President Kerr, Gordon Dickie (B.A. '96) writes:

"Last evening I had dinner with Elma Bruce (nee Baker) who graduated with me at Dalhousie in '96 and we had an interesting talk about old times when President Forrest (I was on the point of saying Lord John) was in command. For each of us the score in years is beyond the eighty mark but we both have vivid memories of "the good old days" at Dalhousie.

Rev. Gordon Dickie came to Dal from Halifax Academy in 1892.

He graduated in Arts with distinction in 1896.

After completing his Divinity Course in Halifax Theological College he was Hopkins scholar at Harvard and received his A.M. degree. He then studied at Berlin and Marburg, and in 1929 and 1930 at Graduate School of Stanford, receiving his Ph.D. For a time he lectured at Montreal Presbyterian College and went west in 1922.

He was appointed Professor of Social Ethics and Practical Theology at Union College, Vancouver in 1939.

Mrs. L. J. Bruce (Elma Baker), came to Dal in '92 from Halifax Academy and Pictou Academy on a Sir Wm. Young Scholarship in '93 and received her B.A. in '96.

She married Leslie J. Bruce, Inspector of Public Schools, Vancouver, where she has since made her home.

Alasdair MacLean Sinclair, son of Rev. D. M. Sinclair, Halifax, who was awarded the Governor General's gold medal as the leading first class honors graduate in Arts and Science. Mr. Sinclair, who received his bachelor of Arts degree at Dalhousie's spring convocation, is now at Oxford as Nova Scotia Rhodes Scholar for 1956.

Dr. George P. Grant, George Munro Professor of Philosophy at Dalhousie University, has been granted sabbatical leave for the current year and is now in England for advanced study, writing, and research, supported by a Nuffield Travelling Fellowship awarded by the Nuffield Foundation. A Rhodes Scholar who interrupted his studies at Oxford to serve in the Merchant Navy, Dr. Grant joined the staff of Dalhousie in 1947.

Charles F. Mackenzie, B.A. '26, LL.B. '28, since 1937 Manager of the Nova Scotia Branch of the Canada Permanent Mortgage Corporation, has been transferred to the Head Office in Toronto as an Assistant General Manager of Canada Permanent Trust and Canada Permanent Mortgage Companies. He is a member of the Bar of Nova Scotia and a member of the Board of Governors of Dalhousie. Mrs. Mackenzie, the former Sheila Macdonald, B.A. '30, and family have now taken up residence in Toronto.

Appointed Assistant Manager for Nova Scotia, of the Canada Permanent Trust Company is George S. Hawkins, B.A. '44, LL.B. '48. He is a member of the Bar of Nova Scotia and lives in Halifax.

Dr. C. L. Gass of Tatamagouche, M.D., C.M. '14, was elected president of the College of General Practice of Canada, the national organization of family doctors. The convention was held in Quebec in June. Dr. Gass was an army doctor in the first World War, and shortly after his return settled in Sackville, N. B., where he founded a medical clinic and served for 25 years as campus physician and physiology lecturer at Mount Allison University. Since his retirement in 1952, he has been active in community projects, notably the establishment of the Red Cross Hospital in Tatamagouche.

Rev. D. M. Sinclair, B.A. '21, M.A. '24, past president of the Halifax and District Ministerial Association, was elected chairman of the Halifax Presbytery, United Church of Canada, this year.

Dr. Norman H. Gosse, M.D., C.M. '22, F.R.C.S., former president of the Canadian Medical Association, received the honorary degree of Doctor of Science from Laval University. He was cited for his contributions to Canadian medicine and the health of Canada.

Rev. E. Melville Aitken, D.D., B.A. '21, minister of First United Church, Hamilton, was recently honored by a gift to himself and Mrs. Aitken, by the Presbytery of Prince Edward Island. He is a native of Charlottetown, and received the nomination for the office of General Moderator for the United Church of Canada from two conferences, that of the Island presbytery and the Hamilton conference.

Dr. J. A. Roach, M.D., C.M. '47 of New Waterford is taking a post-graduate at the Victoria General Hospital in Halifax.

Mrs. Terry Monaghan Pothier, L. Mus. '47, soprano, was heard by a large crowd in a summer concert in Buffalo, N. Y. She recently completed a radio series on CKTB. She is also director of an All Male Dutch Choir at St. Mary's Church, St. Catherine's, Ontario, and is School Music Supervisor for the separate schools in Grant-ham Township. Her husband, Hector J. Pothier, LL.B. '51, is with a law firm in St. Catharine's, and they have three children.

"Dick", James Albert Edward Schwartz, Arts '22-'24, of Ottawa, has been promoted to the rank of Group Captain, R.C.A.F.

Rev. A. J. Farquhar, B.A. '47, was recently inducted as minister of the United Church at Sydney River. For the past two years he has been minister of Greenwood United Church at Baddeck.

R. D. Mitton, Q.C., LL.B. '21, was re-elected president of the New Brunswick Barrister's Society at their last annual meeting.

Howard MacKinley, B.A. '51, B.Com. '52, C.A., has been appointed manager of the New Glasgow office of Nightin-

gale, Hayman & Company, Chartered Accountants.

Dr. Harry S. Weiner, M.D., C.M. '41, has recently moved from Bloomfield, N. J. to Miami Beach, Florida. In June he completed a two year residency in Anesthesia at Beth Israel Hospital, N. Y. C. and has been certified by the American College of Anesthesiologists, and now intends limiting his practice entirely to this branch of Medicine.

Dr. Daniel S. Nathanson, M.D., C.M. '53, has begun duties in medicine and surgery with the New Waterford Medical Clinic. Since graduation he has been doing post graduate work at the V. G. Hospital and at Camp Hill Hospital in Halifax.

Dr. W. J. Archibald, B.A. '33, M.A. '35, Dean of Arts and Science at Dalhousie University, has been appointed to the Defence Research Board of Canada for a 3-year term.

Claude L. Sanderson, Q.C., LL.B. '05, recently celebrated his Golden Anniversary as a law practitioner in Nova Scotia. A testimonial dinner was held in Yarmouth in his honor, attended by many members of the legal profession, their wives and many special guests. From 1911 to 1954 Mr. Sanderson served as deputy town solicitor for Yarmouth, and for several years was stipendiary magistrate.

Dr. H. B. Colford, M.D., C.M. '51, has resigned as director of maternal and child welfare for the City of Halifax, to take a similar position with the Province of Nova Scotia.

Dr. Charles J. MacDonald, M.D., C.M. '53, and Mrs. MacDonald have left for Minneapolis, Minn., where Dr. MacDonald will be resident doctor at the Minneapolis General Hospital for the coming year, and will do post graduate study at the University of Minnesota.

Fred W. Coolen, Arts '29-'30, was honored in June by the students and teachers of St. Patrick's Boys' and St. Patrick's Girls' Schools by a tribute and presentation, the occasion being his retirement as principal of St. Patrick's Boys' School.

H. P. Connor, B.A. '34, LL.B. '37, has been appointed to the Board of Directors of the Acadia Insurance Company. Mr. Connor is a Director of National Sea Products Limited, Vice-

President of Eastern Canada Savings and Loan Company, and on the Halifax Advisory Board of the Royal Trust Company.

Earl A. Ripley, B.Sc. '53, has returned to Nova Scotia from Toronto where he was studying for his Master's degree, and has taken up duties with the Dominion Weather Bureau in Halifax.

Dr. Donald H. MacKenzie, M.D., C.M. '47, is now associated with Dr. Watson Sodero in Sydney. He practised at Grand Manan, and Sydney Mines, before doing post graduate work in Boston City Hospital and the Lahey Clinic from 1951 to 1955.

Rev. H. M. Upham, B.A. '03, marked the 50th anniversary of his ordination to the ministry in May this year. A presentation to him and Mrs. Upham was made by the Erskine Church Congregation in Glenholme, where Mr. Upham has been serving, and good wishes were received from other congregations in the County and Province. His entire ministry was spent in Nova Scotia congregations except for one charge in Doaktown, N. B.

A. David Churchill-Smith, LL.B. '48, was recently elected Assistant Secretary of the Canadian Westinghouse Company, Ontario. He joined the company in 1953 as a solicitor, and will continue to act in that capacity. He now resides at Burlington, Ontario, with his wife, the former Jessie Morrison, B.A. '49, and three children.

Miss Elinor Barnstead, B.A. '26, M.A. '27 (Tor.), has become the first woman director of the Family Welfare Association in Montreal. She is the daughter of Mr. A. S. Barnstead, B.A. '93, LL.B. '95, of Halifax.

Peter Maddin Power, B.Sc. (K) '53, D.Eng. '53, has been awarded a prize of \$50, and a prepaid membership in the Canadian Institute of Mining and Metallurgy on a joint essay on the subject "A Metallographic and mineralogical Study of a Basic Open Hearth Heat." He is a Metallurgical Engineer with the Dosco Plant in Sydney.

Dr. D. C. Harvey, B.A. '10, Provincial Archivist for Nova Scotia, was honored at the spring convocation of St. Mary's University, by the degree of Doctor of Letters.

Three prominent Halifax dentists were honored in May by the Halifax

Dental Society at a dinner meeting, and presentations of life memberships in the Society. They are, Dr. W. W. Woodbury, B.Sc. '05, Dr. A. W. Faulkner, D.D.S. '12, and Dr. J. S. Bagnall, D.D.S. '21. The presentations were made in appreciation for their contributions to dentistry over a long period of years.

Bryant H. Balcom, LL.B. '51, for the past two years acting Prosecuting Officer and registrar of probate for Shelburne County, has been appointed Assistant Prosecuting Officer for Halifax County. His wife is the former Beth MacNichol, B.A. '51, and they have two children.

Horace E. Read, O.B.E., Q.C., Dean of Dalhousie Law School, was elected president of the Association of Canadian Law Teachers for 1956-57, a national organization comprised of all persons engaged in the teaching of law in the country, with the purpose of co-operative improvement of legal education.

Rohan Duchemin, D.Pharm. '20, of Sydney succeeded in winning the senior title in the golf championship tournament held at Charlottetown in the summer.

Dr. S. A. Hopper, M.D., C.M. '42, was moot chief of the 2nd Canadian Rover Moot held in Sussex, N. B. early in the summer. Dr. Hopper is Assistant Provincial Commissioner for the Boy Scout Association.

Charles T. M. Collis, B.Com. '53, of Bermuda, has passed his final English Bar examinations in London. He went to Oxford on a Rhodes Scholarship in 1953.

Dr. David H. Blinkhorn, M.D., C.M. '54, who has been on the staff of the Glace Bay Clinic Hospital, has left for Detroit to enter the Henry Ford Hospital for post graduate work in surgery.

J. Harrison Cleveland, B.A. '33, LL.B. '36, arrived back from Karachi, Pakistan, where for the past two years he had been acting Canadian High Commissioner and Counsellor for the Department of External Affairs. He came home by way of the Pacific Ocean, and after a brief visit with relatives in Nova Scotia left for headquarters of the External Affairs Department in Ottawa.

Dr. C. H. Harry Neufeld, B.Sc. '47, writes that he is now in charge of "fruit

texture and color" research at the Western Regional Research Laboratory (U.S. Dep't. Agriculture) in Albany, California. He adds that he and his wife, the former Jocelyn Robb, M.D. have a lovely daughter, Alison Carol, born last October 20.

Dr. Eldon L. Eagles, M.D., C.M. '36, until recently director of child and maternal health and communicable disease control, has resigned that position with the Provincial Department of Public Health to accept a fellowship for post-graduate work at the Johns Hopkins School of Hygiene and Public Health in Baltimore. He had been with the Department for the last 16 years, and a presentation was made him by the Department on his departure.

Dr. George H. Murphy, M.D., C.M. '02, received one of the highest honors granted by the Canadian Medical Association, at their 89th annual meeting held at Quebec this year. In special ceremonies, Dr. Murphy along with nine other Canadian colleagues, was made a senior member of the Association, an honor granted to those who are outstanding doctors and citizens.

C. Robert McLean D.Pharm. '49, of Kingshurst was re-elected president of the New Brunswick Pharmaceutical Society at its annual meeting in Charlottetown. During the session, an Atlantic Provinces Advisory Council was formed.

Dr. S. J. Shane, B.S. '36, M.D., C.M. '40, Medical Superintendent of Point Edward Hospital, has been advised of his election to membership in the Canadian Heart Association, a distinct honor, as this society is made up of well-known cardiologists throughout Canada. Dr. Shane has been Medical Director of Port Edward Hospital for six years.

Edward A. LeBlanc, B.Com. '49, LL.B. '52, has been appointed secretary of the Nova Scotia Light and Power Company Limited, Halifax. He was in private practice for a short period before joining the Company.

Victor Frank Burstall, B.Com. '52, LL.B. '55, was recently admitted to the Alberta Bar. He spent the past year in Calgary where he he was articulated with the Canadian Pacific Railway

legal department, and is now with their legal department in Winnipeg.

Douglas Milton Fraser, B.A. '54, son of Rev. Milton Fraser, B.A. '28, and Mrs. Fraser, Augusta Messenger, B.A. '28, has joined the teaching staff of MacDonald College, Montreal. During the summer he worked on his thesis for a Master's degree.

Miss Gaylan Rutledge, B.A. '54, has accepted a position teaching in the Noranda High School. She is an honors graduate of Dalhousie University, and for the past two years has been on the staff of the Public Archives of Nova Scotia.

Thomas R. Judge, LL.B. '55, of Yarmouth has been admitted to the Alberta Bar. He is now associated with the Estates Branch of the Canada Permanent Trust Company at their head office in Toronto.

Dr. John O. Godden, M.D., C.M. '51, M.Sc. '55 (U. of Minn.) with Mrs. Godden and three children have returned to Halifax from Rochester, Minn., and taken up residence in Dartmouth. Dr. Godden is associate professor of preventive medicine at Dalhousie Medical School and also has taken up private practice.

Capt. Sandy N. Campbell, M.D., C.M., '54, of Yarmouth, with his wife and two children has left for West Germany where he has been posted for two years.

Miss Beryl Anderson, B.A. '46, M.A. '49, B.S.L. has been appointed a lecturer on the staff of McGill University Library School. She is a former lecturer on the staff of Dalhousie.

MissAnn Margaret Gerrard, B.A. '55, who graduated with the highest average in her class, has left for Montreal to study library science at McGill University, having won a \$400 Library Scholarship. She has been on the staff of the Halifax Public Library.

Norman R. Beckett, B.Sc. '51, M.Sc. '53, and Mrs. Beckett, Gretchen Herman, Sci. '50-'52, and young daughter, lately of Val D'Or, Quebec, are now residing at Capreol, Ontario, where Mr. Beckett has a teaching appointment.

Dr. James McL. Hendry, B.A. '39, LL.B. '47, S.J.D., has been awarded first prize of \$750 in an essay contest conducted by the Canadian Bar Asso-

ciation. His subject was "Sovereign Immunity from the Jurisdiction of the Courts." Dr. Hendry is Professor of Law at Dalhousie and holds Masters of Laws degrees from Harvard and from the University of Michigan. His wife is the former Shirley Weatherby, B.A. '48 of Truro, N. S.

Rev. Douglas M. MacIntosh, B.A. '30, M.A. '31, for the last several years minister of Central Congregational Church at Jamacia Plains, Boston, has been appointed to the position of Protestant Chaplain of the Reception-De- tention Centre operated by the Youth Service Board of the State of Massachu- setts.

Rev. J. C. MacDonald, B.A. '11, D.D. lately of the Trinidad Mission of the United Church of Canada, has conclud- ed an acting appointment as Minister of Visitation at St. Andrew's United Church, Sydney, and has sailed for the British West Indies to take up an ap- pointment at St. George's, Grenada, under an arrangement between the Colonial Committee of the Church of Scotland and the Presbytery of Trinidad.

Dr. Cyril A. Elliot, Dent. '17-'18, (DDS Tor. '21), writes that his son Jim graduated in June, 1956 from the University of Southern California School of Dentistry. After two years with the United States Air Corps, Dr. Elliot, Jr. will associate with his father in his Los Angeles office.

James L. Harrison, B.Sc. '41, is now Chief Chemist with the Imperial Oil Company at Winnipeg. He was pro- moted in June this year. Previously, he was with the Company in Edmonton. His wife is the former Catherine Weldon, B.A. '42, D.Ed., '43, of Dartmouth, N. S.

William S. MacFarlane, B.A. '53, who has been with Swift Canadian Company, Ltd., is now connected with Prudential Insurance Company of America as an executive trainee, with office in Toronto.

Dr. Lachlan MacPherson, M.D., C.M. '29, Assistant Medical Superintendent at the Saint John Tuberculosis Hospital, writes that he has just re- turned from a post-graduate course in London, England, where he enjoyed visiting Dr. John Cameron, Emeritus Professor of Anatomy at Dalhousie.

He visited with him both in London and at his home in Bournemouth, and says that he found him active and en- joying health. He also writes that they had many long conversations about his "boys" and years at Dalhousie.

Rod. M. Richardson, B.A. '22, B.Eng. '22, B.Sc. '24 (McGill), has retired from the New Brunswick Telephone Com- pany Limited, where since 1947 he was Chief Engineer, and is now living in Westville, Pictou County.

Mrs. W. G. Fawcett (Joan Black- wood), B.A. '40, D.Ed. '41, is at present residing in Germany, where her husband is stationed with the 2nd Canadian Brigade. The posting will probably be for the next two years.

Richard H. W. Hill, B.A. '48, B. Ed. '52, is with the R.C.A.F. weather fore- casting bureau at Grostengum airport in the department of Moselle, France, which is about 30 miles east of Metz. He and his family expect to be there for the next three years. He writes that at present they are living in a little village of about 300 inhabitants who speak French or German or a mixture of both interchangeably, and he finds his school French and German of little help.

Dr. James M. Corston, Sci. & Med. '30-'34, M.D., C.M. (Edin. '41), and Dr. Irving Perlin, B. SC'40, M.D., C.M. '43, were recently made qualified fellows of the International College of Surgeons at the 10th biennial congress in Chicago. The ceremonies were attended by 3,500 distinguished surgeons from all parts of the free world.

W. Struan Robertson, B.Com. '51, LL.B. '53, has been appointed counsel of the Maritime Telegraph and Tele- phone Company Limited, Halifax. He has been practising law in Regina for some time past.

Claude A. Dingwall, LL.B. '49, is a Flight Lieutenant serving with No. 1 Air Division Headquarters, Metz, France.

George C. Thompson B.Com. '33, LL.B. '36, president of Acadian Lines Limited, was re-elected president of the Canadian Motor Coach Association for the fourth term, at the recent annual meeting held in Montreal.

Alison Archibald Cumming, B.Sc. '30, is now president of Union Carbide Canada Limited, a company whose

sales run between \$70 to \$80 million a year. He joined the company in 1934 as radio engineer of the National Carbon division. After serving for three years with the U. S. Army Air Force he rejoined the Company in 1946 as assistant to the Vice-President, and general manager. In 1953 he was appointed president of National Carbon. In June last year he became vice-president of Union Carbide, and in April this year was elected president and director of the Company.

Jack Nicholson, B.A. '21, LL.B. '23, over a span of 33 years has completed three separate careers, first in law at Vancouver, in synthetic rubber in Sarnia and in public utilities in Brazil. During the summer while on a two-month holiday, he and Mrs. Nicholson (Jean Annand) B.A. '22, returned to school to study French at The University of Western Ontario's summer course at Pistoles, Quebec. He has just finished a five-year term as head of the Brazilian Traction Light and Power Company in Brazil, and before that was head of the Polymer Rubber Corp. He is now considering a fourth career, or returning to something along the lines of the other three.

R. J. Bethune, B. Eng. '07, was recently honored by a life membership award in the Engineering Association. He was president of the Association in 1930, a councillor for seven years, and an active supporter of both the Association and the Engineering Institute. At the time of his retirement in 1952, he was divisional engineer with the Nova Scotia Department of Highways.

Joseph U. Gallant, B.Com. '50, has been appointed supervisor of Employment, C.N.R. Atlantic Region, Moncton, N. B. Prior to this appointment he was Assistant Supervisor of Employment in the Personnel Department. During the War he served with the R.C.A.F., and was awarded the Distinguished Flying Cross.

Ross MacLeod, B.A. '19, LL.B. (Harv.), has been promoted to the post of vice-president of the New York Life Insurance Company, New York. For many years past he was general counsel for the company.

Dr. Charles W. Beckwith, B.A. '24, M.D., C.M. '27, has been appointed full-time executive secretary of the Nova

Scotia Medical Society, which position up till the present was a part time elective one. Dr. Beckwith was for many years administrator of the Halifax Tuberculosis Hospital.

Gilbert F. Vail, D. Eng. '41, has obtained leave of absence from his professional duties at the Nova Scotia Technical College in order to carry on experimental research and advance studies at the University of Michigan.

John Rettie Eugene Parker, B.Com. '52, has received an appointment on the staff of the University of Saskatchewan in the department of Commerce. He is formerly from Halifax.

Elmon G. Nicholle, D. Eng. '55, is now on assignment from his company, Montreal Engineering Co. Ltd. to their southern associate, Bolivian Power Co., Ltd., in Oruro, Bolivia, for an 18-month project.

An almost forgotten page of history — how Canada claimed possession in 1904 of Ellesmere and Southampton islands in the Arctic — has come to light in the Commons.

Information supplied by Dr. L. E. Borden B.A. '99, M.D., C.M. '02 to the House of Commons has established proof that the islands of Ellesmere and Southampton belong to Canada on the basis of first discovery. Dr. Borden was medical officer and botanist on the 1903-04 government expedition aboard the Neptune, a Newfoundland sealing vessel, and through means of memoirs, photographs, examples of Eskimo art and other information about the expedition, and proclamations which Commander Low used to claim the islands for Canada, this claim is now maintained. It is suggested that Dr. Borden's records be placed with the Dominion Archivist and also that he himself be given some recognition in the form possibly of having some geographical feature named for him. Apart from a few sketchy notes made by Capt. Low and kept in the Parliamentary Library, Dr. Borden's records are the only ones in existence.

Dr. Myles G. Tompkins, M.D., C.M. '49, has recently been admitted as Fellow of the Royal College of Surgeons of Canada. He is practising in Halifax.

Diane Matheson of Moncton, the only Maritime Province entry on the Olympic team is a daughter of Rand

Matheson, B.Com. '29, who was one of the top sprinters while at Dalhousie, as well as a top basket-ball player.

Laurie M. Allison, B.A. '49, librarian at Mount Allison University was re-elected president at their annual meeting of the New Brunswick Library Association.

Robert C. Bezanson, D. Eng. '48, M.E.I.C., has accepted a position with the Montreal Engineering Company, Ltd. in Montreal. He was formerly associated with the Dominion Steel and Coal Company in Sydney, N. S. in connection with the Seaboard Power Plant.

John W. Church, B.Sc. '26, D. Eng. '26, a native of New Glasgow, N. S., has been appointed manager of Eastern Manufacturing, Building Products, Ltd. He will be responsible for the Company's four Eastern plants. He has been associated with the Company since 1937, latterly as manager of the Ville Salle, Quebec Plant.

R. Currie-Ferguson, Pharm. '37-'38, has been promoted by the CIBA Company Limited to the position of Eastern District Manager.

Douglas Stallard, D. Pharm. '48, is now partner and manager of McLeod's Drug Store in New Glasgow. He has been associated with McLeod's Pharmacy since 1946, after service with the R.C.A.F. in Europe.

David MacDonald, D. Pharm. '54, recently opened his own drugstore, The MacDonald Rexall Pharmacy, in Moncton. Since graduation he has been associated with drug stores in Campbellton and Moncton.

W. Dan Chilcott, LL.B. '55, was recently sworn in as Assistant Crown Attorney for Carleton County, Ontario. He is a native of Ottawa.

Alan Murray Sinclair, LL.B. '56, of Saint John has been awarded a fellowship for advanced study at the Law Institute of the Americas, Southern

Methodist University, Dallas, Texas. He is the third graduate in the past five years of the Dalhousie Law School to receive one of these fellowships. The Law Institute of the Americas brings together students from Canada, the United States, and South American countries.

Dr. Clarence H. Pottle, M.D., C.M. '44, Superintendent of the Hospital for Nervous and Mental Diseases, St. John's, Newfoundland, and Assistant Professor of Psychiatry on the staff of Dalhousie University, was elected President of the Canadian Psychiatric Association at their last annual meeting. He is a native of Carbonear.

Colleen Elizabeth Ashworth who received the degree of Bachelor of Arts with Honors in French this year is now doing post graduate study at the Sorbonne in Paris for a year, having received a French Government Scholarship. Her home is in Halifax.

Thurlow Bradbrooke Smith, of Hamilton, a member of this year's Law graduating class received an award for overseas post graduate study. The award is a Chief Justice Newton W. Rowell Fellowship from the Canadian Institute of International Affairs for work at the Institute of International Studies, University of Geneva.

Donald McInnes, Q.C., B.A. '24, LL.B. '26, has been appointed honorary secretary of the Dalhousie University Board of Governors. His father, the late Hector McInnes was honorary secretary for many years, and chairman from 1932 to 1937.

Stuart H. Wallace, LL.B. '50, has been appointed to the Board of Directors of the Burrard Dry Dock Company Limited. He is a member of the law firm of Messrs. Russell & DuMoulin in Vancouver.

DEATHS

Dr. Philip Stanley Borkow was killed in an automobile accident in Brooklyn, New York, January 8 this year. He was born in Brooklyn in 1911 and attended New York University before coming to Dalhousie where he obtained his medical degree in 1939. In 1941 he joined the United States Army as a lieutenant and next year was promoted to the rank of captain. After the war he practised for a time in Brooklyn, and since 1950 at Dover, N. J.

Matthew N. Doyle, a retired Winnipeg lawyer, died at his home March 12. Born in Halifax, he graduated from Dalhousie Law School in 1892, and was called to the Nova Scotia bar the same year. He practised law here until 1907 when he was admitted to the bar of Manitoba. He retired three years ago. He is survived by his wife and six daughters.

Miss Jeanette Aubrey Cann died in Victoria, B.C. April 6, after several months' illness. She was born in Yarmouth and came to Dalhousie in 1899, obtaining her B.L. degree in 1902 with High honors in Philosophy, and winning the University Medal for that year. Most of her life since was spent in Victoria where she taught in Victoria High School and University School. After her retirement a few years ago she opened and operated an Art Shop in Victoria, until forced to give up by ill-health.

Reverend Murdoch Charles MacKinnon died at Etobicoke, Ontario May 24. Born at Canoe Cove, Prince Edward Island in 1889, he was educated at Prince of Wales College and at Dalhousie, receiving his B.A. degree in 1915. His first pastorate after his graduation from Pine Hill College was at Hallville, Ontario, and he served at Peterborough, Perth, Walkerville and Orangeville before going to Toronto. Illness forced his retirement from the active ministry in 1949. Surviving are his wife and two daughters.

Thomas Melville DeBlois died at his home at Fort Lauderdale, Florida, March 8. He was born at Bedford and graduated from Halifax Academy. He studied Engineering at Dalhousie, '05-'09. He was associated with an

engineering firm in Chicago for many years, and since retirement lived in Florida.

Hon. Robert Henry Graham, for 25 years Justice of the Supreme Court of Nova Scotia, died at his residence in Halifax, May 28. He was in his 85th year. Born in New Glasgow he was educated at the New Glasgow High School and Pictou Academy. He received his B.A. degree from Dalhousie in 1892, and his LL.B. in 1894. Called to the Bar of Nova Scotia in 1894 he first practised with the law firm of Fraser, Jennison and Graham and later entered practice for himself at New Glasgow. He was made King's Counsel in 1913. He was twice elected to the Provincial Legislature for Pictou, and served his home town as a member of the Town Council, then Mayor, and from 1906-10 as stipendiary magistrate. He was the author of numerous legal articles including a book "Notes and Digest Nova Scotia Cases." Both daughters, Jane (Mrs. George Mitchell, B.A. '27, and Dorothy, the late Mrs. Cyril Mackenzie, B.A. '23, graduated from Dalhousie.

Mrs. Cyril E. Mackenzie (Dorothy Johnston Graham) died in hospital in Montreal, August 6, after a few months' illness. She was the daughter of the late Honourable R. H. Graham, and received her early education in New Glasgow, before coming to Dalhousie. Since her marriage she lived in Montreal.

Milton Daniel Grant, formerly of Riverton, Pictou County, died at his home in Winnipeg July 12, at the age of 83. He received his education at New Glasgow, Pictou Academy, and Dalhousie University, where he received his B.A. degree in 1894. He continued studies in Mathematics and Classics at Harvard, earning his M.A. Returning to New Glasgow in 1902 he taught Mathematics for three years and then went with the insurance department of the Dominion Government, becoming in 1910 the chief actuary for the Dominion. He was a fellow of the Institute of Actuaries (London) and the Actuarial Society of America. In 1916 he became associated with the Sovereign Life Assurance Company in Winnipeg, first

as actuary, then assistant manager, managing director, and in 1946 was named president. He served three times as president of the Winnipeg Chamber of Commerce. The late Rev. D. K. Grant, B.A. '88, LL.B. '95 was his brother.

Col. John E. Andrew, assistant medical director of medical services for the Canadian Army died suddenly at his home in Ottawa, July 5, apparently from a heart seizure. Born in Charlottetown, he received his B.A. at King's in 1930, and received his medical degree at Dalhousie in 1934. He was also a fellow of the Royal College of Surgeons, and a fellow of the Royal College of Surgeons of Canada. He had served with the Army since 1939. During World War II, Col. Andrew served in Italy and Northwest Europe with field surgery units and hospitals, commanding the Fourth Canadian Field Surgery unit in Italy. After the war, he served as chief surgeon of the Northwest Highway system, Whitehorse, Y. T., officer-in-charge of surgery at Toronto military hospital, surgical specialist for Canadian troops in Korea, and medical officer for western Ontario area, London. He held his last position since 1953.

Word was received in July of the death of Mrs. W. B. Parker, Winnifred Blanche Chisholm, at her home in Middle Musquodoboit, where she had lived since 1949. She was born in Halifax, and attended Dalhousie in the faculty of Arts and Letters, 1892-1896. She spent her life in Nova Scotia, living first in Ellershouse, and then New Germany before going to Musquodoboit.

Mrs. D. M. MacRae, Edith Frances Sutherland, died in July at her home in Baddeck. She attended Dalhousie in Arts, '97-'99, and following her marriage to Rev. D. M. MacRae, went with him as a missionary to Korea. She returned to live in Halifax while her family attended Dalhousie. Her husband predeceased her in 1949. A son, Allister Sutherland MacRae, D.Eng. '34, and a daughter Helen, Mrs. Gordon H. Parker, B.A. '33 survive.

G. Kelley Butler, died at his home in Toronto, July 24. He was born in Liverpool, N. S. and came to Dalhousie in 1906, receiving his B.A. in 1910. Most of his life since was spent in

Toronto where he was a broker and accountant.

Dr. Daniel Alexander McKay, died at Prince Albert, Sask., in July. He was a native of River John, Pictou County, and graduated in Arts at Dalhousie in 1905, and in Medicine in 1906, receiving the Medical Faculty Medal for that year. He practised in the West, first at Crane Valley, then Asquith, and finally at Prince Albert.

Angus Norman Morrison, died in Truro, February 22. He was born in Sydney in 1898, and attended Dalhousie in Pharmacy in '17-'18, '19-'20. He managed a drug store in Sydney at one time, later coming to Truro where he owned and managed a drug business for the last number of years.

Dr. Bruce A. Archibald, died of a heart attack August 6, in Ottawa where he resided since early this year. Born in Bridgewater, in 1897, he was a graduate of Dalhousie Medical School in 1921. After graduation he went to Glace Bay where for 15 years he carried on a medical practice, and served as medical officer for the town. Following the outbreak of World War II, he enlisted and served in the Canadian Army Medical Corps first in Canada and later at a base hospital in England. After the war he was posted to Sydney with the D.V.A. in charge of outpatient duties. Later he was transferred to the Department of Indian Affairs, and in February this year was promoted to the post of assistant to the Deputy Minister of Indian Affairs in Ottawa. His wife is the former Marjorie MacDougall, B.A. '18, LL.B. '21, and two sons, Dr. David Archibald, M.D., C.M. '47, and Dr. Willis Archibald, M.D., C.M. '53 are graduates of Dalhousie. A daughter also survives.

Dr. Michael Clarence Connors, died in Wyandotte, Michigan August 8. He was in his 65th year, and had been ailing for several months. He was born in Bayfield, Antigonish County, and prior to entering Dalhousie Dental School, he studied at St. Francis Xavier University. He received his D.D.S. degree in 1919, and was awarded the University Faculty of Dentistry Medal for that year. After graduation he established a practice at Wyandotte, and resided there since. His youngest

son, Carlin, is a final year student in Dentistry at Dalhousie.

Dr. Henry Douglas Reid, a native of Truro, N. S., died in Ottawa August 18, at the age of 58. He served overseas in World War I, being seriously wounded at Courcelette. He received his medical degree from Dalhousie in 1924, and for a time practised at Pubnico, later moving to Saint John, where he resided for 20 years as port doctor and had charge of the Veteran's Hospital at Lancaster. In 1947 he joined the Department of Public Health at Ottawa as chief of the division of quarantine, immigration, medical and sick mariners' services. He is survived by his wife, three daughters, and one son Dr. Neil Reid of Leduc, Alberta, M.D., C.M. '51.

Donald David Boyd, a former member of the Nova Scotia legislature, died suddenly at his summer home at Prospect, in August. He was born at River Bourgeois 73 years ago, and graduated from St. Francis Xavier with a B.A. degree in 1907, and from Dalhousie Law School in 1912. Following graduation in law, he served as a high school principal in Halifax for several years, and later practised law in Richmond County. In 1937 he was elected to the N. S. Legislature, and again in 1941, but resigned shortly afterwards and joined the Department of Mines and Labor. In 1948 he transferred to the Attorney General's Department as solicitor, in which capacity he served until his death. He is survived by his wife, a daughter and four sons.

Rev. Frank M. Milligan, died August 15, in hospital in Huntsville, Ontario, at the age of 70. He was born at Bear River, N. S., and received his B.A. degree at Dalhousie in 1910. He was a United Church of Canada minister for over 40 years, serving 12 years in the Maritimes as a religious education field secretary and a further 14 years in Saskatchewan, in similar work. His last ministerial charge was at Huntsville, Ontario. His wife is the former Josephine Macdonald, B.A. '12, of Cape Breton, and James Milligan, concert baritone is a son.

Right Rev. W. T. T. Hallam, D.D., LL.D., assistant Anglican Bishop of Huron and professor of apologetics and practical theology at Huron College, died in hospital at London, Ontario,

July 25, from a heart ailment. He was 78. He was born in Derby, England and came to Canada as a boy of nine. He graduated from Dalhousie in Arts in 1901, with honors in classics. In 1909 he received his M.A. from King's College, and the same year received an appointment to the staff of Wycliffe College, remaining there until 1922. From 1918 to 1922 he was editor of the Canadian Churchman. For the next five years he was principal of Emmanuel College at Saskatoon, later going to Hamilton. He was elected Bishop of Saskatoon in 1931. He is survived by his wife, two sons and a daughter.

James MacGregor Davison, Q.C., died at his home at Jollimore, Halifax, May 5, at the age of 89. He was born at Rockingham, and received his B.A. from Dalhousie in 1889, and his LL.B. in 1891. After admission to the Bar, he practised law alone for a time, and later set up a partnership. He was active in a number of prominent cases including several admiralty cases. He served as consul for Sweden in Halifax. He is survived by his second wife, and one son, J. Forrester Davison, B.A. '21, LL.B. '23, professor of corporation and administrative law at George Washington University in Washington, D.C.

Ronald J. MacKinnon, died May 4 at his home in Kentville, following a lengthy illness. He was 21 years old. Born at Glace Bay, he went to school there, and moved to Kentville in 1942. He attended St. Francis Xavier receiving his B.A. in 1955. He entered Dalhousie Medical School the same Fall, but was forced to give up because of ill-health.

Mrs. MacCallum Grant, the former Laura McNeill Parker, died July 1, at her home in Halifax, at the age of 94. She was born in Dartmouth, N. S., and attended Dalhousie University when it was located on the parade near the City Hall, in the years 1882 to 1884 in Arts. The wife of the late Hon. MacCallum Grant, Lieutenant Governor of Nova Scotia from 1916-24, she took a keen interest in civic affairs and charitable works. During her life she was honorary president of the Victorian Order of Nurses, honorary president of the Halifax Infants' Home, a member of the Dominion Board of the Canadian Institute for the Blind, and at one time

was commissioner of the Nova Scotia Girl Guides.

John Robert Macleod, for many years prominent in the legal and business life of the Province, died at his home in Halifax, June 28, following a lengthy illness. He was born at Springhill in 1875, and attended public schools there and at Pictou Academy, later coming to Dalhousie. He graduated from Law School in 1898, and went to Ottawa where for a few years he was associated with the National Defence Department, but later returned to Halifax to practise Law in partnership with J. Y. Payzant. He formed the Nova Scotia Fire Insurance Company at this time. In 1905 he organized and operated the Macleod Pulp Company at Liverpool, and in 1920 became associated with the late F. B. McCurdy in the firm McCurdy and Company at Halifax. He later was appointed managing director of the Halifax Chronicle, which position he held until he retired.

John Angus MacMillan, Q.C., of Wadena, Saskatchewan, died August 12, at the age of 68. He was born at East Lake Ainslie, and attended High School at Inverness, and later attended Dalhousie, graduating in Law in 1915 with distinction. He was admitted to the Saskatchewan Bar in 1918, and made a King's Counsel in 1936. In 1945 he was appointed Judge but resigned immediately. Since going to Wadena in 1915, Mr. MacMillan was prominent in politics, being elected to the provincial legislature in 1917, and to the House of Commons in 1933 and 1935. He also served for a short time as Mayor of Wadena.

Rev. William Keiver Read, died at his home at Elmsdale, January 27. He was born in Athol, N. S. in 1882, and was educated at Pictou Academy where he entered on a Professor's Scholarship, and later at Dalhousie, receiving his Arts degree in 1908. He then entered Pine Hill for his theology course, and was ordained in 1911 by the Truro Presbytery. He served in Blackville and Grand Falls in New Brunswick, and at Valley, Middle Musquodoboit and Bridgewater in Nova Scotia. Due to ill health he was forced to retire at the age of 57, and since then had made his home at Elmsdale.

Mrs. Roger J. Almain, the former Marjorie Mary Sabeau, died in hospital at Lachine, P.Q., September 20, after a short illness. She was born in Halifax, and was a graduate of Sacred Heart Convent. She received her B.A. degree at Dalhousie in 1937, and M.A. in 1938. Before moving to Montreal, she had lived in Moncton where she held the office of educational convenor for the I.O.D.E. chapter and was president of the University Women's Club in that city. She is survived by her husband.

Dr. W. C. Ross, a native of Sunny Brae, Pictou County, died in Halifax September 23, after a short illness. He was 71. He attended Halifax Academy and entered Dalhousie on a Sir William Young Scholarship, graduating in Arts in 1910. He graduated in Theology at Pine Hill in 1914, and took up a pastorate in Amherst where he also directed young people's work. He enlisted in 1915 with the Army and served overseas until the Armistice, and remained in London until 1920 on the staff of the Canadian Y.M.C.A. For the next five years on his return to Canada he served as dean in the Presbyterian boys' residence in Pictou Academy, and for the 11 years following was principal of Mount Allison Ladies' College. In 1936 he joined the Nova Scotia Department of Education, first organizing the department of physical education, and later becoming director of temperance education, retiring from the department in 1954. Since then he lived in Sunny Brae and held ministerial charges in that place and Bridgeville. Earlier in the century he acquired an outstanding reputation as an athlete, embracing track, rugby and hockey. He was given an honorary degree by Mount Allison in 1935. His wife and three sons survive.

News was received in June this year of the death of Henry Gordon MacG. Crawford, at Ottawa. He was born at Mahone Bay in 1891, and attended Dalhousie University in Arts 1909-10. After a course at the N. S. Agricultural College in Truro, he went to the Ontario Agricultural College, obtaining his degree in 1915. He later received his M.Sc. in Agriculture at the University of Illinois, and was appointed lecturer in Entomology and Zoology at Ontario

Agricultural College, for the next two years. For the next several years he was associated with the Entomological Branch of the Department of Agriculture at Ottawa, and in 1944 was appointed Dominion Entomologist.

The Rev. Robert A. Watson, minister emeritus of the First Reformed Church, Jamaica, New York, died after a short illness in Greenfield, Mass., at the age of 72. He was born in Baddeck, and received his B.A. at Dalhousie in 1907, and M.A. in Philosophy in 1910. He studied theology at Presbyterian College in Halifax, and later at Union Theological Seminary, and at Columbia University. Mr. Watson served for several terms as president of the Jamaica Ministers' Association. He was also founder and member of the board of directors of the Queens Federation of Churches. He was Minister of the First Reformed Church for twenty five years, retiring in 1953.

Dr. George A. Dunn, died at his home in Pictou, October 20. He was in his 77th year, and although he had been in failing health for some time, had been in active practice up to six weeks prior to his death. In August of this year he was honored by the Pictou County Medical Society by a banquet and presentation, commemorating his 50th anniversary in medical practice, nearly all of which was in Pictou County. He was born at Lyons Brook, and was a graduate of Pictou Academy, and of Dalhousie Medical School in 1906. For a short time he was ship's surgeon on a steamship running to the West Indies, and also practised for a few months at Marble Mountain before moving to Pictou. He was actively interested in all that concerned his town and its people, and served in several local societies. He is survived by his wife and two sons, one of whom is Dr. Stewart D. Dunn, M.D., C.M. '43 of Pictou.

Howard C. Oxley, manager of the Halifax Branch of the Eastern Trust Company died at Halifax in October, at the age of 52. Born in Oxford, he attended Mount Allison graduating with a B.A. degree, and in 1934 he received his law degree from Dalhousie. He entered service with the Eastern Trust Company the same year, and in 1950 was appointed manager of the Halifax branch, and in 1955 he was

made assistant general manager of the company. He is survived by his wife, also two sons and a daughter.

Dr. Donald Campbell, surgeon at Charlottetown Clinic, died October 18. He was born at Marble Mountain in 1905, and graduated from Dalhousie with a B.Sc. in 1931, and in Medicine the same year. He was a Major with the R.C.A.M.C. during the Second World War, and was promoted to Lieutenant Colonel in 1942. In 1945 he was made an officer of the Order of the British Empire. Since then he practised in Charlottetown.

Miss Agnes Ross, died at Malone, New York, November 21. She was born at Woodstock, New Brunswick, and graduated from Saint John High School before coming to Dalhousie. She received her B.A. degree in 1914, and for the past several years had made her home in New York. She is survived by three sisters and three brothers.

Dr. Louis Liebowitz, died in New York in October, according to word received by the Dental School. He was a native of New York, having been born there in 1908. He attended the University of Tennessee before coming to Dalhousie. He graduated in Dentistry in 1936. During the Second World War he served with the United States Army in active service.

Dr. Archibald Francis MacKay, died in Oshawa in October this year, at the age of 61. Born at Truro, he was educated there before spending a year at Dalhousie. He enlisted with the 85th Highlanders in 1915, and was wounded while serving overseas. He finished his medical course at Toronto University on his return to Canada. In the Second World War he served as Captain in the R.C.A.M.C., and since then had practised at Oshawa.

Dr. G. Boyd Robinson, died in October at Cochrane, Ontario. He was 39 years old. He was born at Diligent River, Cumberland County, and obtained his B.A. degree at Acadia, before entering Dalhousie Dental School. He received his D.D.S in 1941 and served with the C.A.D.C. as Captain during the Second World War. He returned to Canada in 1945, and practised for a time at Smooth Rock, Ontario, before taking up residence at Cochrane.

Hugh Hunt Simpson, a native of Charlottetown, died at his home there in November. He was born in 1928, and graduated from Prince of Wales College. Later he spent a year, 1945-'46 in the Faculty of Arts, at Dalhousie.

J. A. Boyd, died at Blaine Lake, Saskatchewan where he had made his home for many years, in November, 1956. A native of Antigonish he received his B.A. degree at St. F.X. before entering Law School at Dalhousie. He graduated with an LL.B. degree in 1898, and shortly afterwards removed to Saskatchewan.

Roy Buckley, died in Calgary, November 6, after a brief illness. He was born in Halifax 71 years ago, a son of the late Dr. Avery F. Buckley. He graduated with a B.A. Degree in 1906, and since 1909 had been a resident of Calgary. In his early years he worked with the Canadian Customs in Calgary, and later was office manager with Mason and Risch Piano Company. For the next few years he served as

recorder at the Al Azhar Temple, and in 1941 became manager of the Maple Leaf Creamery. He retired in 1954. His wife, daughter and two sons survive.

Dr. David Soloan, died in Yarmouth, November 16, at the age of 89. He was a native of Windsor, N. S., and was a well-known teacher and principal in Nova Scotia schools and colleges. He received his early education in Windsor, graduated from Dalhousie in Arts in 1888, and started his teaching career in Pietou, and St. John's, Nfld. In 1892 he was appointed principal of schools in New Glasgow, which position he held for some years before studying for 18 months in Europe at Berlin University, Heidelberg, and the Sorbonne. In 1900 he was appointed principal of the Normal College at Truro, which position he held for the next 28 years. From that time until his retirement in 1935, Dr. Soloan held the position of Inspector of High Schools in Nova Scotia.

RUGBY GREATS OF THE PAST

The collection of football pictures of Dalhousie teams of years gone by, which now hangs in the Men's Common Room of the Arts and Administration Building, is proving a source of interest to many visiting alumni.

Thanks are due to Dr. Luther B. MacKenzie (B.A. '01), a rugby player of note during his student days, who was instrumental in collecting the pictures, and to all those who sent in pictures to make the collection possible.
