Ms. Elizabeth Mann Borgese
Department of Political Science
Dalhousie University
Halifax, Nova Scotia B3H 4H6
Canada

Dear Ms. Borgese:

Ambassador Luis Moreno-Salcedo, Permanent Representative of the Philippines to the United Nations, following a conversation with his colleague, Ambassador Tommy Koh of Singapore, suggested I contact you to offer my services to the International Ocean Institute. I have reviewed the information on IOI sent to me by Ambassador Moreno-Salcedo and am attracted by the activities of IOI.

I believe that my qualifications and years of working in aquatic ecosystems from the Florida Everglades to the Arctic Ocean would prove most beneficial to the functions performed by IOI. I have also had extensive experience in public education programs in the marine sciences, including film production, and in public relations for a foreign embassy and the Foreign Students Association during my earlier high school and college days. Moreover, I have acted as liaison between academia, regulatory agencies and the fishing industry in attempts at reconciling the often conflicting demands of the different actors in the continuing drama of marine resource development in Alaska. Please refer to the enclosed vitae for a more detailed account of my education and experiences.

I am very excited about the possibility of working for a dynamic organization as IOI and would welcome an interview with you. I can be reached at (907) 474-7329.

Sincerely,

Pepsi Nunes

Enclosure
