No. 12

MUSTANGS TO PLAY HERE?

CAUGHT IN THE ACT — The Gazette's roving photographer, Dick Glube, got this picture last night while roaming in the basement of a university building. The student shown, was apparently in the act of making a batch of "MacBrewgall's Dew" for the Gazette Gambol when he heard a noise and looked up, just in time to have his picture taken. Actually, the student is Bob MacDougall, who was busy preparing some cold water paint for coloring the camouflage net which is to be used for decorating the gymnasium for the Gazette Gambol which is being held tonight.

GLEE CLUB TO PRESENT DEAR RUTH, Feb. 5, 6 and 7

The Dalhousie Glee and Dramatic Society, in its third year of rejuvenation, will present the rollicking comedy Dear Ruth, February 5, 6 and 7 according to a statement by Frank Flemming, D. G. D. S. president.

In a move to bring the best Broadway shows to Halifax audiences, the Glee Club in the past two years has presented You Can't Take It With You and last year's smash hit, The Man Who Came To Dinner. In an all out effort to present a performance of the same high standard of last year's production, the cast of Dear Ruth have been working long, hard hours, under the capable direction of H. Leslie Pigot, director.

Only role left uncast to date is that of the sailor, who rings down the curtain at the end of the play in one of the most hilarious moments of the stage and screen hit.

Already cast are:
Judge Wilkins — Art Hartling
His Wife — Lorna Inness
Ruth — Marg Goode
Miriam — Pat MacKinnon
Bill Seawright — John Trfm
Albert Kummer — John Pauley
Martha Seawright — C. Conrad
Chuck Vincent — Dave Graham
Dora (the maid) — Edith Hills

Gazette To Print "Extra" For Gambol

A special, "extra" edition of the Dalhousie Gazette will be printed as a novel program for the Gazette Gambol which is being held in the gymnasium, tonight, January 23, according to Lou Miller, editor-in-chief of the Dalhousie student publication.

Students are urged to be on hand, both for the fun and games which are to distinguish the Gambol from other society dances and parties at Dalhousie, and to obtain a copy of the rare first edition of the "small" Gazette. Mr. Miller advises that no copies of the "extra" edition will be available for general distribution to the student body.

UNIVERSITY OF WESTERN ONTARIO MAY SEND FOOTBALL, BASKETBALL TEAMS FOR EXHIBITION GAMES AT DALHOUSIE

I. S. S. CAMPAIGN TO OPEN FEB. 8

With a minimum objective to be raised of \$3,000, the Dalhousie I. S. S. committee will launch an all-out campaign for funds commencing February 8, according to Bernal Sawyer, chairman of the committee.

The campaign, in conjunction with the Canadian Aid to Children appeal, will have a duration of three weeks. In Halifax, the committee operates under the whole-hearted support of Mayor J. E. Ahern.

The Campus King contest which year snared Russ Lowndes, of Kings, as title-holder, will possibly operate again this season, the chairman said, and plans are afoot for a big I. S. S. dance to be held in the gymnasium. A city-wide tag day will be held February 21.

It is further planned to request students to sign over their caution deposits to the I. S. S. appeal as was done last year.

Members of the Dalhousie I. S. S. Committee include Bernal Sawyer, chairman; Helen Beveridge, secretary; Geoffrey Payzant, member-at-large; Robin MacLean, publicity; Laurie Ellison, Chairman of Education Department; George and Don Cross, ways and means committee.

SOCIETY WANTS DIRECTOR

The position of dramatics director for the Arts and Science society is still open, according to an announcement by the society Tuesday.

All persons interested in applying for the position are requested to contact Patsy Pigot, dramatics manager of the Arts and Science society as early as possible.

The society intends to begin work on their production for the Connolly Shield competition which is to take place in the near future, and the services of a dramatics director are urgently needed.

Rumors that the mighty Metrasmen, the Western Mustangs, might play Dalhousie teams here next fall were rife around the University this week, following the announcement by John MacCormick, Dalhousie physical director and president of the Halifax Canadian Football League, that he had been in contact with Canada's "Mr. Football," Johnny Metras, University of Western Ontario physical director.

Metras informed the physical director last week that he might be in Halifax this summer to conduct a summer athletic school in conjunction with the Provincial Department of Education. Five days would be devoted to the teaching of football fundamentals, three days for basketball and two days for track and field. However, if the Western Mustangs basketball team is chosen to represent Canada in the Olympic games, Metras will not be able to carry out the proposal.

Metras expressed interest in progress of the Canadian Football league which was formed in Halifax last year, and intimated that arrangements might possibly be made for Western to play exhibition games in football and basketball with the Dalhousie Tigers.

TECH TO GRANT M. E. DEGREES

Nova Scotia Technical College, goal of the majority of Dalhousie engineering students, will, for the first time in its history, offer a post-graduate course leading to a Masters Degree in Engineering this year.

The granting of M. E. degrees has been made possible by the action of the Provincial Legislature in passing a new act, incorporating the college.

Marshall Williams, graduate in civil engineering (Honours) is the only student registered for the post-graduate course. He is attending classes jointly at Tech and Dalhousie University, while his research is under the direct supervision of Dr. Smith, Director of National Research in the Maritimes.

GAZETTE GAMBOL TONIGHT

'Mom and Dad' Endorsed By Students, Survey Shows

All students should see the moving picture "Mom and Dad" which is on show at a local theatre, was the opinion of the majority of Dalhousie students approached by Gazette Researcher Patsy Pigot this week.

The opinion expressed by many students explained that it was a good start, having hygiene pictures shown to high school pupils everywhere, but some students felt that presentation of the controversial film was a money-making scheme.

Students felt that the picture accomplished much, but too much advertising tended to exaggerate the benefits of the show.

All students agreed that the film should not be banned or censored. Gerry "Fuzz" Foster thought it was to be highly recommended, while Ken Coldwell said it "and more like it, should be shown to all high school and

college students".

"It should have been shown at a larger theatre", said Ken Phelps, "because the (one in which it is being presented is too small. It presents an intelligent appeal for hygiene classes in the high schools. Some parts were strong enough to put over their points. Yes, it was a good picture".

Whether the picture was educational was felt to be a debatable point. Bob Williams stated that it was "very educational for the minds of minor students", but on the other hand Newe Bloomer said it "collected in one film what everyone knows anyway".

On the distaff side, Carol Lethune thought that the picture was "educational, and that everyone should see it", but Jane Rogers stated "they didn't tell me anything that I didn't know already".
