Halifax 16th October 1863

Mr. Joseph R. Muir

Dear Sir

Your favour of 12th inst. duly at hand, and contents noted. Talking about Immunity with Mr. Fulton, we thought it advisable for Messrs. Black & Co. to effect all the Immunity you may require in the Barge, think it better for all parties to have but one policy. If they only insure for the amount of their bill, we will see that your interest is attended to. We observe your remarks about your Note falling due at Bank 2nd next month; we enclose an Order 3rd Mo. for \$109⁶⁵/ to us if required to pay your note when due. You will please accept (where your Name is written in pencil) and return to us by Mail. We handed Mr. Fulton Twenty Pounds £20.0.0 for you as requested, and charge you with the Amnt. Charts and other articles ordered are shipped for "Lucknow" to sail in a day or two.

Yours truly

Dear Sir

Your of 22nd inst duly received and we enclose Cash Draft Pounds as desired. We wish you to have all the accounts, between yourself Mr Hulton & Mr Purdy, adjusted and settled before you leave. We want to know exactly what portion of the fitting Purdy's proportion may be liable for. Will you please have some competent person to compute her Invoice, under Carpenter or old King Muhammad, and let us know what it is.

We think it would perhaps be as well to send your remittances to us, and we will apply them as you may direct, you had best keep some Insurance on your freight and Kupen will advise of all your proceedings. We have every confidence in your management. We have insured on an Interest of \$3000⁰⁰ valued at \$16000⁰⁰, will endeavor to send you a Blank Policy, that you may be aware of the restriction. Plain is here and will take your men with him.

Dear Sir

We received your letter of 2nd inst and learn from a postscript from your wife, that you did not get away until 4th and hope you will be pretty near your destination, by the time this reaches London. Mr. Fulton sent the £25.0.0 advanced to Blair, which we have credited.

We think you had best pay, as Messrs Black & Co desire, any monies you can spare, to Messrs Cannon & Mellow & Co Liverpool. We do not expect any of her earnings from the purchase from Pandy until she pays her bills. You will however, of course do with her earnings as you think best.

The £60.0.0 advanced you can remit to us. We send you Policies of Insurance that you may know all about the conditions. You will please keep us advised as to how you are getting along. Dial Freight have fallen about 20 p cent in Gr John WA.

that you have got along so safely, so many

Have not heard from Dr. Gutter on the subject.

You will be enabled to learn at Havana

Dear Sir,

Yours 22nd Int^l at hand and
herewith you have Service R/S Iron be ordered
from St. John's for tomorrow shipped for Sch. Ware
Am^t to debit Barque Janet \$311⁵⁸/₁₀₀ and trust may
reach safely - we have not insured the above as
the iron is on deck and would have to be specially
covered and at a higher rate of premium &
we consider the risk small. if you think otherwise you
can insure in Picton on quite as good terms as here.
Capt Woodin expects to get away tomorrow or next day.
We saw Black Broth about the insurance and find
it expires about the last of next month and on
talking it over think it would not be worth
while to cancel the Policy as the probable saving
would be small and besides the Ship might
at anytime be destroyed by fire or some other
accident might occur and upon reflection think
you will concur with us

Dear Sir

Dear Sir,

We were much pleased to learn from your Telegram of your safe arrival in New York. we at once sent the \$300⁰⁰ to your wife & charged it to your private account. We enclose herewith statement Janet's Account made up to this date and the Balance of \$361.00 we paid over to Platt & Perce in acc^t outfit & shot their receipts for the same. Mr Fulton was here a few days ago & visited the Balance paid to them. You will see by the Account that we rec^d the apps from Portland & Matanzas. As Gato has gone down we trust your freight may produce a good result and that profitable employment may offer in delivery of cargo.

We are quite pleased with your management of matters and feel that you do the best that can be done ~ We send herewith copy statement Insurance, we however gave you father a copy which he has no doubt forwarded ~ We think your present freight is no doubt the best that you could have done and will if nothing happens have a fair sum ~ We must all remember that things are very dull now for vessels. Dear Sir

Mr Pandy left for home on Saturday, and who has no doubt informed you that we had purchased his quarter of the "Janet". We will under the circumstances effect the Insurance, and would think £2500. or £3000.00 at most would be enough to put on her to be preferable to ownership, and to insure your freight in addition. We are interested in two Barques of similar size, and we cover £2000.00 ^{only} and freight in addition. Think best insure for that amount. Let us hear from you at once, as no time should be lost in effecting the insurance.

We enclose Invoice & Bill Lading Goods shipped to Lucknow, amount to your debit \$39.00. Hope they may reach you safely and from Calcutta.

Dear Sir,

Yours 19th inst at hand this morning and sorry to hear of the loss of Spars and sails. On looking into the Matter and consulting with Black Bell^r Co., we have concluded as you say that Gum repairs will cost from £100. to £200., that it will be best for you to go on and repair, without any reference to the Insurance, doing them as economically as you can as they will not amount to an average, in order to amount to an average they must come to \$1000⁰⁰ as from this must be deducted $\frac{1}{3}$ for new and the balance at Gum estimates will not be sufficient to claim upon, and besides if no claim be made for loss, there will be a reduction of 2% on the \$13,000. insured which will be \$260⁰⁰ this is a consideration, the Policy expires next month, Amount insured \$13,000. valued at \$14,000.

We sent the Permit to Boston for you ^{19th Aug^r} and received your letter from Portland ordering Sails and yesterday put on board the Brig^t "Stranger" under charge our friend Capt. Campbell a fore course, fore topmast Stay Sail, Jib and Main top mast Stay Sail, and the 2 Bolls Cornas, We entrusted him to leave the William Iron Son. The Main topsail, and Main top gallant sail are nearly finished, and he will at once make the Flying Jib, and main top gallant Stay sail, which we will send forward

Dear Sir

Yours 25th ult duly to hand with letter from
your son and we received this day the missing letter which we
enclose herewith. It must have come a roundabout way to have
been so long on the way. We regret the mishap but glad that
he had a Pilot and no blame can be laid to John and sincerely
hope he may get a freight and have better luck for the
future, he was very fortunate in his passage.

We learn from Messrs Black Bro & Co that they received
21st March from Lion Office \$285.70 to your credit in Lons
and on 7th March \$250.00 from Minias Office to credit of
Pulton & Co. The Coleridge Office has not paid yet, but it will
we understand be all right there. In settling the underwriters
took 1/3 off the \$1500.00 old for new and claimed all the
premium and would not allow the 2% off. There can
be no difficulty about the insurance as the Insur had a
perfect right to go to Lons.

Yours truly
John Northup & Son
