Mr. Thomas H. Raddall, -  
Liverpool, Nova Scotia,

Dear Sir, -

I have been reading, His Majesty's Gazette with so much pleasure and a pang of homesickness at your fine description of the country I know in Spring, Winter, Autumn. Mr. W.A. Deacon of "Globe Mail" likes your book, His Majesty's Gazette. It was reading his comments that sent me to the Public Library to find it a few days ago.

What a lot of work, Mr. Raddall! I could see Uniache - he been in East Uniache in the Autumn - It is so lovely there great trees, the quiet lakes, the coloring - but the poor, sick-in people - I did pity them. I hope now, with travelling libraries and medical care and interest from people who care help, their lot has improved.

I was born in Windsor, at the Long Hill road where it goes over the hill. (The "new" Halifax Road goes round the hill.)
