

Sir,

happening to mention to Col. Dighton  
the many surprising cures you had effected  
by the use of Galvanism, he expressed a  
strong desire to be possessed of a Galvanic  
apparatus; I informed him that in an  
advertisement I had read in the Palmetto  
Gazette, that you had one for sale,  
should that not be already disposed  
of, be so obliging as to inform me  
what the price of it is, and he will send  
an order on his agents for the amount.  
Should you have parted with it, have  
the goodness to inform me, if you  
could

let him have another.

I am sir,
