Dear Ms Amadi,

On behalf of the Chairman of the International Centre for Ocean Development, I have been asked to reply to your letter of January 17, 1989 in which you requested funding for a short-term attachment at the Bedford Institute of Oceanography.

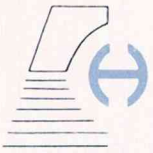

The short-term attachment program is presently available to applicants from the Centre's primary focus countries only. I regret to inform you, therefore, that applicants from Nigeria are not eligible for funding under this project.

I thank you for your interest in the International Centre for Ocean Development and wish you success in identifying an alternative source of funding.

Madam,

Just a few words to offer you my best wishes of success in your new responsibilities and to offer you my support as member of the board. Having spent much time in administrative problems since the beginning, I would like to suggest to you that it might be a good idea to have a board meeting as soon as possible to spend some time on the fundamental orientation of the organization.

Since the beginning, we have not spent much time discussing the policy and the fundamental philosophy of the organization that we are trying to put in place and I feel that we have to tune ourselves a bit more if we want to be an effective board.

With all good wishes and looking forward to seeing you soon.

Kindest Regards,

Jean Claude,

Please find attached an application for the Montserratian fisheries officer (John Jeffers) to attend the IOF programme in 1988.

As the covering letter from the OECS states, John is indeed a prime candidate from the region. I trust he will be given full consideration despite his lack of formal (university) training.

Dear Mr. Nandan:

Thank you for the opportunity to meet with you during my visit to New York last week. I am submitting the following as an informal record of our discussion with identification of follow-up activities.

Fellowships:

As discussed, ICOD is prepared to consider sponsorship of one or more finalists in the Hamilton Shirley Amerasinghe Fellowship. We are currently examining the procedures we might follow in this regard and will be back to you shortly with our views. You are aware that any candidate we sponsor will have to be from one of our target countries, a list of which is attached.

Follow-up on ICOD's Ocean Forum

In follow-up to our own discussion of ICOD's Ocean Forum on the "Contribution of Ocean and Ocean Development to Wealth and Welfare in the Particular Reference to Developing Countries", I had discussions on the subject in Washington with the World Bank. I understand that the Bank intends to publish a compendium entitled "Environmental and Resource Accounting and Their Relevance to The Measurement of Sustainable Income". An Expert Group met in Vienna during March 1988 to discuss environmental and resource accounting issues and the forthcoming compendium is

expected as a follow up to this meeting. It will be useful to examine what the compendium contains before considering any further action. In the meantime, I am sending under separate cover, a copy of the paper presented by Prof. Orio Giarini and Dr. Max Börnin at the ICOD Ocean Forum, for your information.

#### Country Data Base

During our discussion, I indicated that we were in the process of preparing profiles on ICOD target and secondary focus countries. Access to your own country data base would be very helpful to us in this regard. I would be grateful if you would ask your staff to send us a printout of your data base on all of our target and secondary focus countries in the South Pacific, the Caribbean Basin, South West Indian Ocean and West Africa. Alternately, it might be possible for us to access it through a network. If this is the case, please let me know so that we can make the necessary arrangements. A list of our target and secondary focus countries is attached.

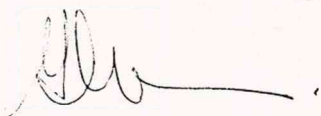

#### Non-Fuel Minerals Course

I was pleased to note that you are agreeable to make available Mr. Nii Odunton for the mineral course to be held in Accra in November 1989. I assume that, as a contribution from the UN, this will include the underwriting of his expenses. We are confident that he can make a positive contribution to the course.

#### WMU Simulation

As I indicated, it is our understanding that this project would be jointly published after making further necessary refinements to the text. You agreed to look into this matter and I would appreciate hearing your subsequent views on this joint effort.

Yours sincerely,

Gary C. Vernon  
President

Madame,

Par la présente, nous accusons réception de votre lettre récente.

Nous devons vous informer que le CIEO effectue présentement une revue en profondeur de certains de ses programmes de bourses. Par mesure temporaire, et jusqu'à nouvel ordre, le Centre n'offrira aucune bourses pour le Programme d'Études au Canada (860076) pour l'année académique 1990/91.

Nous avons deux programmes de Diplôme de deuxième cycle, d'une durée de un an, en affaires maritimes. L'un est dispensé en français à l'Université du Québec à Rimouski (UQAR), et l'autre en anglais à l'Université Dalhousie en Nouvelle-Écosse.

Les dates limites sont novembre pour le programme de Dalhousie (programme débutant en juin) et mars pour le programme de l'UQAR (débutant le 1er septembre).

Il s'agit d'un programme spécifique, dédié, aussi une certaine flexibilité existe-elle. J'ai le plaisir de vous faire parvenir le document ci-joint concernant le programme français.

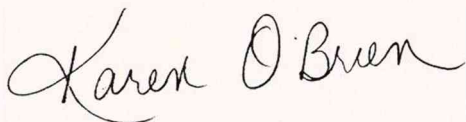

Pour être admissible à une demande de bourse du CIEO, un candidat doit être nommé par son gouvernement (ministère/agence) ou une organisation intergouvernementale régionale.

Dear Dr. Nikundiwe,

Thank you for your letter of May 3 bringing me up to date on your sabbatical leave and the current situation at the University of Dar Es Salaam.

You asked whether ICOD would be interested in funding two doctoral level scholarships. To date, ICOD has restricted its scholarship activities to the diploma and masters degree levels. However, the division of ICOD responsible for training programmes has been mandated to conduct a feasibility study to examine the possibility of broadening ICOD's scholarship programmes to include undergraduate as well as doctoral level scholarships. This study will take place once the evaluation of our current scholarship programmes has been completed.

Therefore, it will be several months before ICOD can really respond to your question. It might therefore be advisable for you to seek other potential sources of funding for the PhD programmes of the two candidates mentioned. You might apply to the International Development Research Centre at 250 Albert Street, Ottawa, Ont. K1G 3H9

I have asked Dr. Carol Amaratunga of our Interregional and Cooperative Activities Division to keep a copy of this correspondence so that she can let you know the results of the feasibility study when it is completed. I wish you success in your future endeavours.

Sincerely,

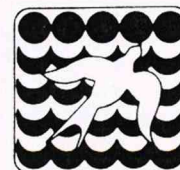

Elisabeth Mann Borgese  
Chairman, ICOD

Dear Michele:

I've searched high and low for the remaining 8 participant nomination forms and resumes. Had terrible luck! The only one I came up with was Mr. Hemasiri Sarathchandra Jayatilaka from Sri Lanka. I also found Mr. Cuthbert Tenga's address -- Tanzania Legal Corporation, PO Box 2203, Dar es Salaam, Tanzania. If we find anything on the other 6 participants I will let you know.

Elisabeth will be in town on the 11th so she will be able to meet with you and Gary. Please let us know a time so that she will be sure to be available.

Sorry about the sudden confusion on Friday - I guess you'll never forget your first visit to IOI Halifax.

Yours sincerely,

Judy
