Dear Elisabeth,

The reply from the publisher of NEW DIRECTIONS came promptly--as a non-reply, however. The material you had so kindly forwarded to him for consideration came back with the usual dry rejection slip and that was all, I am sorry to say. Thank you for trying. You have done me a great favor and I am grateful. And I am not discouraged, far from it. I only wish I knew how to get in touch with some other reliable publishers.

We have been thinking of you and other friends from Santa Barbara during the disastrous fires. Our son writes us from Jerusalem that even they saw reports on them on TV. It's a relief now to have some rain.

Baruch is leaving next week for British Columbia in connection with CEPEX. When he comes back I will be leaving shortly afterwards for a five-week visit to Israel.

With fond regards, also from Baruch,

Sincerely,

Emma

Dear Elisabeth,

Thank you for your letter of May 20, 1977, with your contact address in New York.

While Emma will precede me by about 10 days, I will arrive in New York for the Protozoology Congress on June 25, 1977. I was able to get the reference to the Schuster paper in the Scripps Library, which is the following:

Schuster, W.H. 1952

Fish-culture in Brackish-water ponds of Java,
Indo-Pacific Fisheries Council. Special
Publications No. 1. SIO I IN1867

I have made arrangements to bring this brochure with me to New York, so that you can peruse it while we meet in that city. It is the practice of the Scripps Library not to lend such journals for more than one week, but they will make an exception in this case, as I will be away from La Jolla for about 4 weeks. I will, therefore, pick it up from the Library just prior to my departure.

Looking forward to our forthcoming meeting,
Best regards from Emma and myself,

Yours sincerely,

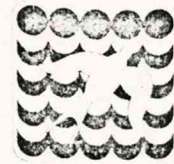

Baruch
