My dear Sir -  
I have been very  
taken a moment of your  
valuable time but I  
must tell you the day  
you gave me when  
you were full  
I was with us the  
1st of last week

I had despaired of ever again  
reading & writing that type  
most of the times very impossible  
This of yours is like a breath  
of fresh air in a foul  
atmosphere. It brings to me  
the joy of the sea, the  
freshness of the air, beyond  
I almost admit the remainder  
of the season I had sometimes  
more its quantities and do  
light ones I can get a  
little more of me, not make  
Dolphin but may be of the same  
Bats in the White Gardens

Just remember that the hatch string
