

Dr. Jock Murray.....on research...

INTRO:

We continue today with the third in our series on the research careers of several Halifax doctors. Dr. Jock Murray has been involved in ~~research on~~ ~~multiple~~ multiple sclerosis research for the past ten years....a decade in which MS research has grown tremendously in Canada. ~~He asked Dr. Murray~~ I asked Dr. Murray how he first became interested in researching the disease.

TAPE IN: My interest...

TAPE RUNS: 8.48

TAPE OUT:....thank-you.

EXTRO:

Dr. Jock Murray. Next week we bring you a two-part interview with Dr. Alexander Layton, a psychiatrist who conducted one of the world's foremost ~~studies~~ investigations of the incidence of mental illness... the experiment took place in ^{Western} ~~Eastern~~ Nova Scotia.
