DAL WELCOMES MARITIME FOURTH ESTATE

Fee Referendum Postponed Pending Report Of Investigation Committee

The Dalhousie Student Council is still awaiting the report of the committee investigating council expenditures. The report which was to be presented to the Council meeting last Monday night was not ready and Committee Chairman Jack O'Neill stated that it would be presented at the Council meeting to be held Monday, Feb. 8. The referndum which was to be held has been postponed until after this report has been received.

The investigation arose out of motion passed at the Students Forum held in the gym January 26. The motion was in effect that an investigation should take place into the "avenues of expenditure" of the various student organizations on the campus. A committee consisting of Jack O'Neill, Howard Crosby and Graham Day was appointed and it is their report that the Council is awaiting. Until this report has been made no new developments will take place. that an investigation should take

THE AIR

by John Mercer

The first program in the series entitled "DAL THROUGH THE DECADES" will be aired over station CBH of the Canadian Broadcasting Corporation on Monday, February 8th at seven o'clock in the evening. The major portion of each show will consist of an account, in dramatized form, of incicount, in dramatized form, of incidents which contributed to the present day Dalhousie University.

Program 1, written for radio presentation by Heather Hope and Kiki Houghton, deals with the university from its founding to Confederation. The factors which gave rise to our Alma Mater and which enabled it to develop at a rapid rate: the courses of study offered at the embryonic institution of

higher learning; pranks played by students of the time; the roles played by many famous men asso-ciated with Dalhousie and King's during the American Civil War; opinions for and against Confederation — all these are told in a vivid manner which should create interesting listening not only for faculty members and students but also for anyone who enjoys hearing tales from out of the past. The members of the D.R.C., in cooperation with the CBC have spared no effort in turning out four first-rate radio programs which should prove both informative and entertaining. Program number two, which deals with Dal in the latter part of the 19th century, was written by Dave Murray and Dave Walker.

The cast for the first program includes: Janet Christie, Peggy Preston, Ken Crouell, Carl Webb, Graham Nicholson, Russ Brank Ken Lund, Malcolm Smith, Frank Milne, Don Young, Dave Brown, Dave Peel, Sandy Campbell, Len Clarke, Roland Thornhill, John Mc-Curdy, Jerome Garson, Ken Stub-ington and Art Stone, Nagration ington and Art Stone. Narration is by Matt Epstein and John Mercer. Music for the program was selected by Ken Stubington.

Rounding out each program will be an account of current activities on the campus presented in news

The first full rehearsal for "The Gondoliers" was held last Sunday afternoon in the gym, with the full cast in attendance. The production is slated for the stage during the last week in February.

Prof. Harold Hamer, the director, expressed satisfaction following the complete run-through, the ing the complete run-through, the first with both chorus and principals on stage. He has presented this opera before several times, the most recent being at Mount Allison University a few years ago. "Dalhousie," he said, "should top them all!" Following the success of "Pinafore" and "Iolanthe" in the last two seasons, this year's production of the biggest of the Gilbert and Sullivan operas is bound to be terrific.

Stage manager Wally Bergman reports that the scenery is coming along very well, and he has an ambitious stage crew. There are two complete sets for the production, both of them colourful and intricate. Wally has put a great deal of work into designing the sets, and they show signs of surpassing his previous triumphs in "Pinafore" and in 'School for Husbands".

Rehearsals for both chorus and principals have been underway since October, and the final stages have been reached. The story of the opera is printed elsewhere in the Gazette, and rehearsals are held Sundays and Thursdays.

In a banner headline the McGill Daily announces that the Quebec Government will route several million dollars of the Provincial income tax to Quebec Universities. The Daily further states that "the proposed aid, to which the Quebec Government is committed in both its Throne Speech and in a statement by Premier Duplessis, is expected to D'Oyly Carte. It will be directed by Harold Hamer, one of compensate to some extent for the loss of Fedral subsidies.'

On the lighter side of things the Daily tells of the Marriage of its Editor-in-Chief, Elohim Raman to Anne Irwin, a graduate of McGill, last June. The university chaplin performed the ceremony. Brian Goodwin, a second year Master student in Biology at McGill won one of the two Rhodes Scholarships offered in the province of Quebec.

A change has taken place, and the Argosy Weekly has expanded to the addition of two columns. It has, also, covered the front page with some breath-taking photos of their candidates for Campus Queen. Incidently this is only the second year that Mount Allison has crowned a Queen of the Campus. To quote their Editorial "the girl who will win, will probably be the most popular, not because of her Venus-like beauty, but because she has personality, plus".

MacMaster has a woeful tale to tell. The MacMaster Marauders were voted out of the Intercollegite football league on Saturday. They were voted out not because of their poor performance in the last season, nor because Mac's enrolment was too small to feed a team of Senior Calibre, but now because of the almighty BUCK\$ At least this is the reason given by the controlling powers,-Queens, Toronto and Western. To be more specific the students at MacMasters are mad. In addition the "big three' referred to the old clause in the original constitution that said "nothing shall interfere with the traditional games between McGill, Queens, and Toronto". Queens in particular was most emphatic that they could and would not give up their annual classic with the Blues at Varsity Stadium. In order to sum up the situation the Silhouette says — "Are we sad? The answer to this is an emphatic - No. MacMaster has always stressed and always will have come to visit the Grand Instress sportsmanship on an amateur basis - King Money has no throne quisitor, Don Albambra. A sechere."

It is evident by reading the Sheaf, that the proud and happy when she was a baby she was editors of the student newspaper, haven't shed their light upon the editors of the Greystone Yearbook. After much "campus combing" the Student Representative Council of the University of Saskatchewan finally secured editors for the Greystone. Now these editors have resigned and when the poor Yearbook will be brought to the admiring students is a mystery.

A Highland atmosphere is to be added to the "flatland demise" when Brigadoon hits the boards in March. The staging for the production is being brought in from Vancouver's "Theatre Under the Stars", and the orchestra for the production will consist of members the grand Inquisitor arrives, from the Saskatoon Symphony Orchestra."

And from the Campus Cow comes a quiet note for Sadie Hawkins' Week; "A real ham is the guy who plays 'I Love You truly' looks in the mirror and laughs' Listen - they're playing our song."

Students at Western University are having lectures on Love. Dr. Harold J. Breen began his first lecture of the series for the S.C.M. by titling it "what is this thing called love". The Gazette states, that to the humanist, love is complex. It is not sentimentality or possessiveness. It comes from the subconscious and all human beings share the same subconscious. "Therefore, said Dr. Breen, people need not be glued together when they belong together. Every human being has the capacity to love; it is the achievement that is difficult." Any refuters on the Dal Campus?

or if you're thinking of phoning me, Fanny, don't.

There's something fascinatingly tragic about being a girl Thursday night: like the central person in a drama, you can stalk hither and yon, raging at will; you affect attitudes ranging from bitter resignation to frantic excitement. And why? Because you're waiting for a phone call.

Oh, how the silence of the telephone contrasts with the merry chatter of people who are so dear at any other time of the week - mother, or sister, or even good old radio. Can't they ever be quiet? "Now, now," (you say to yourself), "Don't lose your temper. The last thing you want to do is appear anxious about a call. It's so much more sophisticated to affect a calm, above-all-this appearance. However, you don't need to sit beside the phone. Let's not be obvious about this." So you retire to your room with on eye on the history book, and both ears out in the hall.

Hmmm. You seem to be reading the same line over and over again and if someone asked you what you had just read, you know you would not be able to tell them. This will Giuseppe; to which Tessa retorts that one can't marry a vulgar end of the page is reached. That's enough for now.

> Crimson, the name of one of our most admired colors, has a most un-beauitful source. It comes from the Arabic, "kermez" meaning "per-taining to a worm." It was from this insect that the color originally was made.

> The expression "An exception proves the rule" was not really supposed to be taken in its most frequent modern usage. Nowadays, if a rule has one or two execptions (and most of them do), we say, in order to preserve its validity as a rule, "Oh, well, an exception proves the rule." But when the expression was coined, the word "proved" meant "tests." An exception tested the rule, and certainly by its presence did not make the rule more valid.

> 'Grotesque" comes from the Italian "grottesca," caves. In Italy many of the caves were found by Rennaissance men to be painted in strange and unusual designs, hence any similar design was called 'grotesque.'

'Nice," that adjective which is the bane of girls one and all, will startle them oven more when they realize that its double origin is in the Latin "ne-scire," meaning "not to know," and the Old French "nice," meaning "foolish."

Axemen Wallop Tigers In Second MIAU Cage Tilt

by DIG NICHOLS

Outhustled in their second game of a home and home series with the invading Acadians the Dalhousie Varsity Tigers were beaten 48-29 on their home hardwood after losing the first game 41-30 at Acadia. The game was exceptionally fast and well played throughout with Acadia taking the breaks to come out on the top end of the score.

The first quarter started slow with very cautious ball being played by both teams as they endeavored to find each other's weakness. Dal scored first and with a terrific offensive Acadia rebounded fast from a 4-1 deficit to end the quarter two points up 6-4. Big "Varse" MacLachlan led the Red and Blue squad with four points on one basket and two foul shots while "Bunty" Forde, the fireball of the Acadians, picked up the final two points. Dal scores were made by lanky Carl Webb, a threat throughout the game, and Bob "Gupper" Goss each with a basket.

In the second frame Acadia increased their lead methodically, with a hard-pressing quick attack. Led by Ron Nickerson with 6 points Acadia out-scored Dal 9-5 to lead at the half 15-10. Mac-Lachlan netted 4 points while Douglas and Clarke both had a basket each. Dal's scoring was spread out between Goldman with 3 points, Ron Franklyn with 2, on a beauitful set from outside the keyhole, and Ken Gladwin and Carl Webb also with a basket each. Fouls throughout the half were not numerous.

In the third frame Dal was again out pointed in their bid to In the third frame Dal was again out pointed in their bid to lessen the gap between the scores. Acadia's margin steadily increased and the Tigers could not cope with the superior defense and smart playmaking of Clarke and Douglas. Clarke in this quarter contributed 6 points to Acadia's cause as did Nickerson with 4 and Bob Douglas and Claude MacLachlan with 2 points each. Bespectacled centre Carl Webb paced Dal this quarter tallying 4 points with Ken Gladwin and "Gupper" Goss rounding out the scoring, hooping a basket each, the period ending 35-22 in Acadia's favor.

The final frame opened quickly with Acadia's "Lou" Lewis, freshman forward playing his first varsity game, tapping in a quick 2 points. Bob Douglas followed this up with a beautiful one-hander on the run while just outside the keyhole. Starry guard "Deke" Jones retaliated for Dal with a neat 2 points on a two handed set. Play this quarter was equal with each team missing many scoring opportunities. Lewis led Acadia this final quarter making good on three baskets closely followed by Bob Douglas with 4 points and Jack Garnett and fast flying "Bunty" Forde with 2 and 1 points respectively. Jones and Goss paced Dal with 3 points each with respectively. Jones and Goss paced Dal with 3 points each with Carl Webb, who played a tremendous game for the Tigers, sinking a foul shot for 1 point. Acadia outscoring Dal by 6 points led at the end of the frame and the game 48-29 thus copping their second straight intercollegiate win in as many games.
