International Ocean Institute,
The Royal University of Malta,
Msida, Malta - April 1973

The International Ocean Institute (I.O.I.) is a self-regulating institute for research and education established at the Royal University of Malta, by decree of the Governor General, in June 1972. It is dedicated to promoting study of "the peaceful uses of ocean space and its resources, including the regulation of such uses." The Institute is an international non-governmental organization governed by a Board of Trustees and a Planning Council. Both these governing bodies have a membership drawn from many countries. Support for the Institute, financially and in kind, comes primarily from private sources ("Friends" and foundations), but also from a number of governments - including especially that of Malta - and from the United Nations.

Chairman of Board of Trustees: Ambassador H.S. Amersinghe
(Delegate of Sri Lanka to the
UN Sea-bed Committee)

Chairman of Planning Council: Mrs. E. Mann Borgese

Treasurer: Rector Magnificus of the
Royal University of Malta

Acting Director: Prof. E. Borg Costanzi
(Rector, R.U.M.)

Acting Secretary: Dr. Sidney J. Holt
(UN Senior Regional
Scientific Adviser)

This is the first of an irregular series of occasional papers issued by the International Ocean Institute. The series will be available free to "Friends" of the Institute and on request to other institutions and persons interested in international ocean affairs. The activities of the Institute are reported every two months in "I.O.I. Report" incorporated in "Oceans" magazine (Menlo Park, California, U.S.A.). Proceedings of P.I.M. Convocations are published by the Royal University of Malta Press.

The bibliography is compiled from materials available at the Institute and at the Center for the Study of Democratic Institutions, Santa Barbara, California. It was prepared by Bill Tover, Fox Vanderbilt, Rose Zammit and Sidney Holt.

The main part lists, in alphabetical order of names, the working documents of P.I.M. Convocations and various preparatory conferences; these meetings are listed in Annex I. The Index to the references (Annex II) is by projects adopted by the Planning Council of the Institute and by its predecessor, the P.I.M. Continuing Group for Policy Research. Entry numbers preceded by an asterisk indicate references to papers referring to Pacem in Maribus, but which were not working documents of meetings or projects.

PIM/IOI STUDY PROJECTS

(Numbers and letters used for classifying PIM/IOI documents)

1. Constitution for the oceans - legal foundations of an ocean regime
2. Ocean enterprises (PIM I)
3. Disarmament
 - 3.1 Phase 1 - Arms control and police forces (PIM I)
 - 3.2 Phase 2 - Disarmament and arms control (PIM II)
 - 3.3 Phase 3 - Disarmament and environmental policy: controlling the dual-purpose agent.
4. Ocean environment
 - 4.1 Phase 1 - Ecology and the rôle of science (PIM I)
 - 4.2 Phase 2 - Necessary conditions for the effective conduct of research (PIM II)
 - 4.3 Phase 3 - International sea service (PIM III)
5. Ocean resources
 - 5.1 Planning and development in the oceans (PIM I)
 - 5.2 Economic potential of the ocean (PIM II & III)
 - 5.3 Heritage of living marine resources
6. Ocean development tax
7. Impact of energy policies and new energy sources on the international system (continuation of elements of projects 1 and 5.2).
8. Mediterranean
 - 8.1 Pollution of the Mediterranean (PIM II)
 - 8.2 Development of the Mediterranean and its impact on the marine environment (PIM III)
9. Caribbean and Gulf development and its impact on the marine environment
10. Arctic basin
11. Pacem in Mari Pacifico
