Dear Mr. Raddall :

A few weeks ago I read one of your stories " The Amulet " which appears in my Grade 10 literature textbook .I am interested to know if this ~~stories~~ story is true . My literature teacher and the students in my class are also interested .

If your story is true, then this Micmac Indian woman would be about three hundred years old . This fact is quite incredible .

Would you be so kind asto write to me telling me if this story is true or not . If this is not possible due to various reasons please forget ~~the~~ matter .

Thank you very much .

Yours truly ,

Tom Thibault
