# *Congratulations to the Class of 2002*

Congratulations on your graduation Olivia! We're very happy for you and proud that you made use of your God-given gifts to achieve this milestone. Love from Mom, Dad, Joshua, Rebecca, Micah, John William, and Stephen.

Congratulations Jacqueline! Love Mom, Dad, Clancy, and Tafel

Justin, we are very proud of you. We knew all your hard work would be rewarded. Congratulations to you and your classmates. Love Mom, Dad, Stephen, Dianne and Niko.

Dear Lia, even as a little one you were eager to tackle every challenge. Congratulations on achieving this important goal. You will be a great therapist. Love Dad, Mom and Aaron.

Congratulations Carolyn! We're proud of you. We wish you and your fellow graduates successful careers and happy lives. Love Mom, Dad, Lisa and Gran.

Congratulations Amy! Wow, you did it! Your hard work and dedication has paid off. We are very proud of your accomplishments and wish you every success in the future. Love Mom, Dad and Ryan.

Congratulations Adam! It's been a long time coming. We will look forward to having you in Saint John again. Love Mom, Ike, Erin and family

Erin- What a great achievement- no one deserves it more. All of our love and best wishes in the days to come. You did it! -Your loving family!

Warmest Congratulations Ana! We knew you could do it! We love you and we are proud of you. We wish you and your classmates all the best. May success and happiness be yours in all you do. Love Mom, Dad, Zlatan & Tyler.

Congratulations Tim! We're very proud of you and wish you all the best. Love Mom, Dad, and family.

Congratulations Shawnda! We are all very proud of you. Love Mom, Dad and Kelly.

Wanda! Congratulations on your graduation. May this day be the beginning of a future filled with success and happiness. Love Mom, Dad, Tracey, Nan & Papa

Congratulations Dee, on realizing your dream. Love Blair, Mom & Dad, Kelly-Ann, Sean, Christopher & Jeffrey, Paula & Sean

Congratulations Thelma! We are very proud of you. Good Luck to you and your class in the future. Love Mom, Dad, Sisters Erin & Tammy, brothers George, Troy, Travis & Matthew, Nephew Alex, special greetings from Nanny & Poppy Hardy. Extra special greetings from Jeremy.

Well done, Brian! We are very proud of your accomplishments: your hard work and dedication has paid off and we wish you success and happiness. Love Mom, Dad, Sandra and Paul.

Congratulations Tarra! We are so proud and happy for you. We wish you and your classmates all the best. Love Mom, Dad Jeremy and Jaren.

Yeah Stacey. You have reached another goal. Congratulations! Mom, Dad and Adam.

Congratulations Bradley, your hard work has finally paid off. We wish you and your classmates all the best. Love Mom, Dad, Jason and Jamie.

We are proud of you Elisa, for all of your hard work and accomplishments. Wishing you much happiness and success in your chosen career. Love Dad, Mom, and Alanna

Congratulations Tara. We are very proud of you. Love Mom, and Dad

Congratulations Jill! We knew that your determination and drive would ensure your success! Your compassion and caring heart will help you to make your career a success too. Love Mom, Dad, Dad & family.

Congratulations Kim, your long hours of hard work and determination have paid off. We hope you are as proud of yourself as we are of you. You have grown up inch. Love Dad, Anna, Brad and Joey.

Van, you have surpassed our greatest expectations in all of your accomplishments...même te rendre à l'Afrique-du-Sud, "You did conquer the world"...Félicitations à un effort et un travail exceptionnelle. Nous sommes très fiers de toi. Bonne chance à l'avenir. Mom, Dad, Vance, Wendy & Shannon

Melissa, your hard work and desire to become a Physiotherapist since high school has finally arrived. We are all so very proud of your determination. This is going to be a great year in your life, in more ways than one. Love you, Mom, Dad, Sarah, Auntie and Steve.

Oh the places you'll go! Congratulations Rebecca. You did it and we are proud of you and your accomplishments. All the best to you and your classmates. Love Mom, Dad, and Sean.

Congratulations Kelli! You've finally made it! We are very proud of you and wish you and your fellow grads a lifetime of success and happiness. Love Mom, Dad and Mocha.

Congratulations Stephanie! Stepping up to the greatest of dreams now fulfilled. Wishing you and your classmates the "Best". Love Mom, Dad, Lindsay and Mark.

Congratulations Joanne. Your hard work and dedication have paid off. Good luck to you and all of your graduating class. Love Mom, Dad, and Kim.

Congratulations Jane! We are so proud of you. Love always from Mom, Dad, Alex and David.

Jos...you did it! Congratulations baby girl.... Best of luck to you and your fellow classmates for a happy and prosperous future- Love Mom, Dad and Kevin.

Congratulations Kelly! You've made us all very proud! Love Mom and Dad, Paula and Lorne, Joann and Dave.

Congratulations Tanya! We are very proud of your accomplishments, your hard work has paid off. Valedictorian Wow!! May all your dreams come true. Good-luck Love Mom, Dad, Trevor, Sarah, Jody, Gloria, Mitch, Ryan and Lindy.

Words cannot express the pure joy that this day has brought, not only your huge accomplishment of graduation but also the amount of pride this family feels for your success. Congratulations Paula! Love your Mom, Dad, Daughter, Sisters and Husband.

Congratulations Corey! We're all proud of you. Love Mom, Dad & Family. Special wishes from Leah and Erin.

Congratulations Melony! We are very proud of you. All our love, Dad, Dianne, Jessica and Nicole.

Congratulations Shari on a job well done. Best wishes for a successful future. Love Mom, Dad, Brian and Grandparents.

Congratulations Kyla on achieving your goal. Through a continuing pursuit of caring and excellence you will make a great Physiotherapist! As always from a very proud family, Love Mom, Dad, Dean, and Casbah.

Congratulations Alison! You deserve an A+ for perseverance. Wishing you and your classmates all the best! Love Mom, Dad, Brent and Ryan.

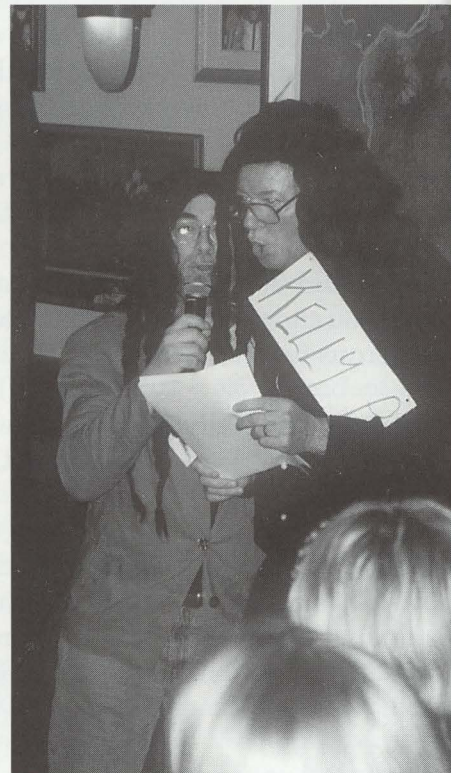

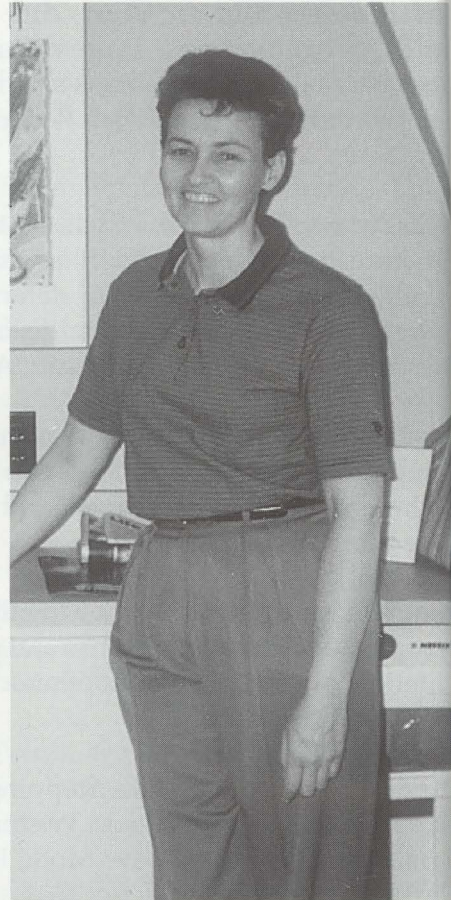

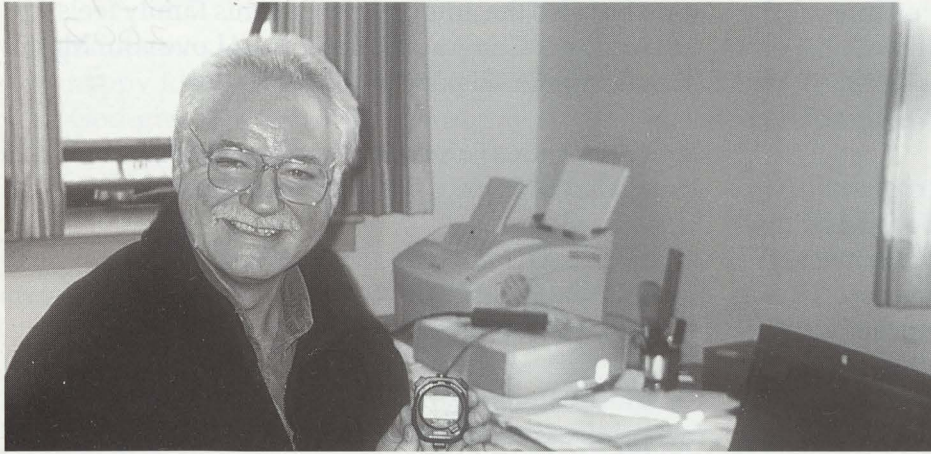

Congratulations Jamie! Your accomplishments over the years and the person you have become has filled us with so much pride, admiration and love. Thank-you for that and may all your dreams come true! Proud of you, Love Mom, Chad, Mark, Kenda, Devin and Grandparents.

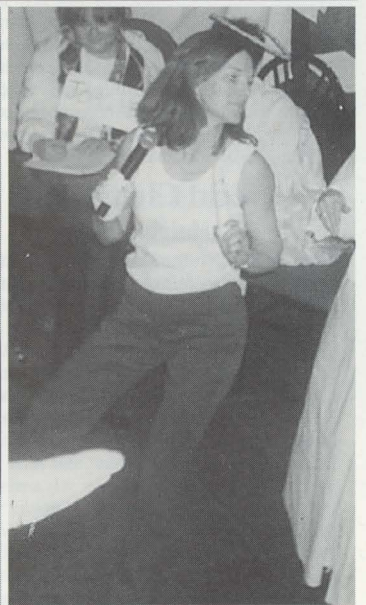

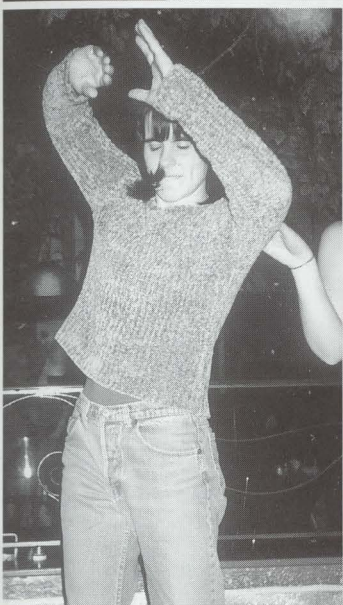

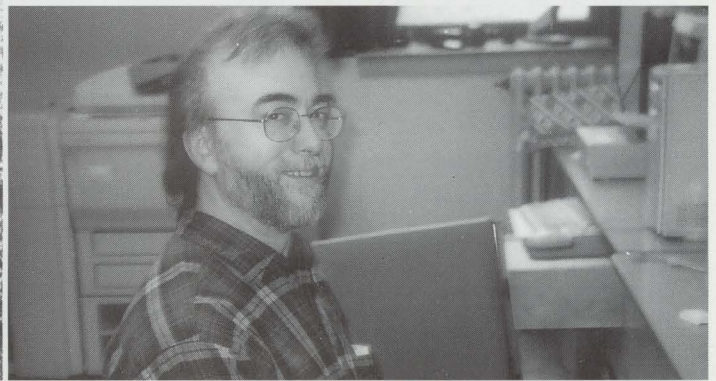

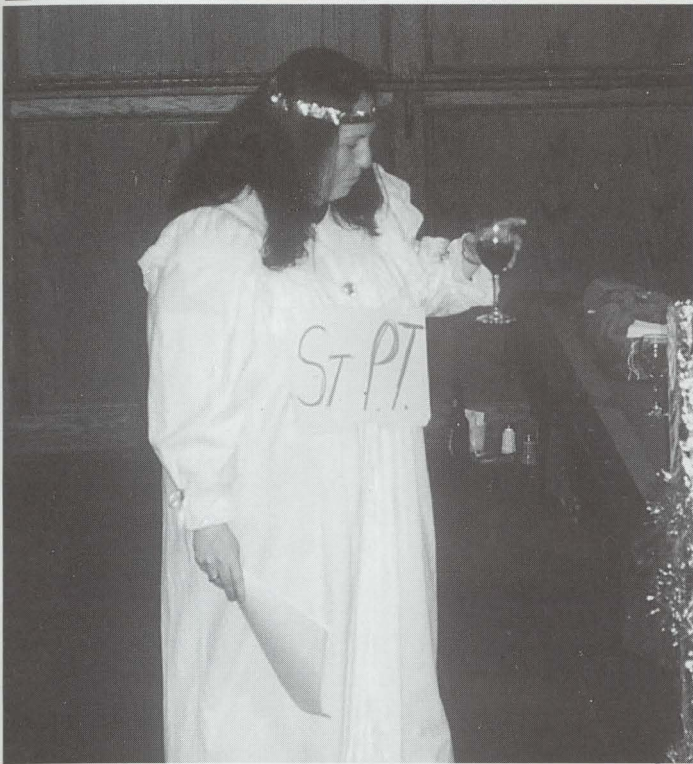

Congratulations Michael! We are so proud of you! All the best to the class of 2002. Love Mom, Dad, Robert, Steve and Angie.

Congratulations Roger! It has been a long seven years but all your hard work has paid off. Love Mom, Dad, Shannon, and Timmy.

Congratulations Stephanie on a job well done. Best wishes on a job well done. Much love Mom, Dad, Sarah, Niki, and Tony.

# "The All Knowing Ones"

# Dalhousie Physiotherapy

## Tara Barter

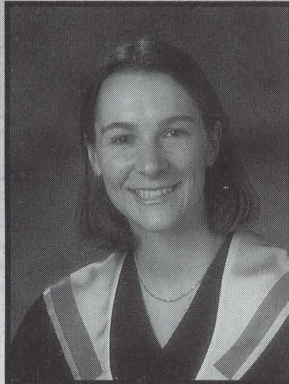

Tara arrived from the small town of Kouchibouguac, NB for life in the big city. While here she was very active in various physio activities including FTHOI, Run for the Cure and the Physio Student Society. Tara is known to the class as the "powerpoint queen" and is often heard saying, "I have an announcement to make." Over the course of three years she has made many friends and contributed to many class memories. Her great big smile and fun loving personality always had a way of cheering everyone up, which in our class says alot. Tara, you truly made this experience a better one for all.

## Jacqueline Bonn

*Toronto, ONT*

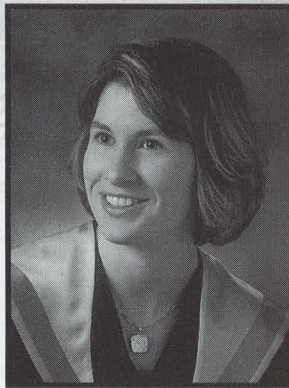

Having now been screamed for, Jackie has become a true maritimer with vocal talent and the love for coffee. Jackie, a novice ice hockey player, loves the sport and could be seen weekly lugging her equipment by bike with stick in hand to play in the north end. Jackie was also involved in the physio student council, Job Fair chairperson and RA of the Annex for 2 years. Never thinking that Halifax was a real city, Jackie learned her lesson quickly when her car was broken into and her textbooks were stolen before finals in first year. To the scoffing of other classmates, Jackie enjoyed going diligently to aerobics on most days.

## Lia Breen

*Saint John, NB*

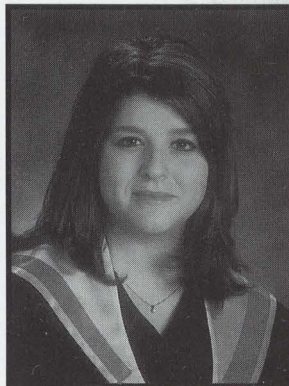

Come for a Kahlua and tell me a story! And what a story it was. If Lia can find her car she'll meet you at Mexi-s before histology, otherwise you can find her stranded at 705 for free drunken study sessions. Honestly, I forgot my wallet! After criticizing her secret Santa she was banished to the front of the bus and tortured with sing songs. She now relies on canoes and horseback to get home to Sackville. This badminton star found a secret exit out of Dalplex which lead straight into a house warming roast, filled with topless males and lifting breasts. Are you sure you're getting married? Let's ask the guy on the floor. Thanks for the many laughs!

## Erin Clements

*Halifax, NS*

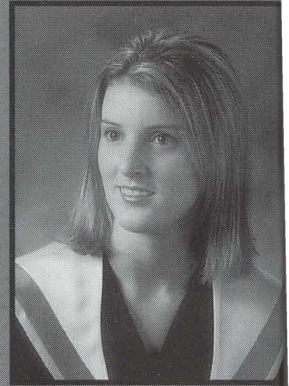

Erin hails from the United States, but is a true Canadian at heart. She can often be heard in class sharing her extensive vocabulary and travel plans with Jamie. This girl has been all over the world studying the male anatomy, and plans to write a second edition to her favorite book based on her travel "experiences." Best of luck in the future.

## Olivia Blakeley

*Miramichi, NB*

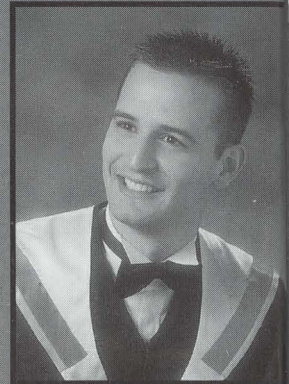

In her other life, this nudist may have been a quiet and shy girl, but in this was she was always found having fun and loving life. When not found attached at the hip with her roomie Stacey, she was known to have great talents in Halloween cookie making. We are all glad to know that she will soon be learning short wave diathermy since her teeth are no longer potential heat sources. Don't change, we love you just the way you are.

## Justin Boutcher

*Corner Brook, NF*

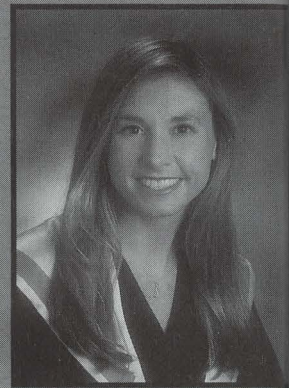

Justin will be remembered for his hard work and long hours of studying. Although Justin did not find his peace of mind in Halifax, he did find his 3rd year Physio sweetheart. Known by his close friends to be carefree, this individual could be found on roadtrips topless in the PPM. Cuddles, coffees and quiet nights at home define his character. We will miss this pool shark when he returns to Corner Brook to have a house, wife, kids, picket fence and a Tim Hortons franchise. Thanks for the good times Justin. Good Luck in the future.

## Carolyn Campbell

*Cole Harbour, NS*

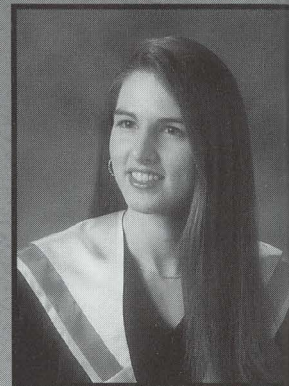

After completing a degree in kinesiology, Carolyn joined the physio class at Dal. Carolyn normally arrives to class and all social events at least a half hour later than expected. It's a challenge to find parking for this "hobo's" home on wheels a.k.a. her Saturn station-wagon. Although late, you can count on her to mow lawns on the various dance floors in the city. She is known for her unique dance moves and assisted in choreographing the "Beat It" dance in this year's FTHOI. Carolyn is considering a career in either physiotherapy or advertising. Rumor has it that she would serve as an excellent "Energizer Bunny". Maybe tomorrow this littlest hobo will settle down. Best of luck Carolyn.

## Amy Cook

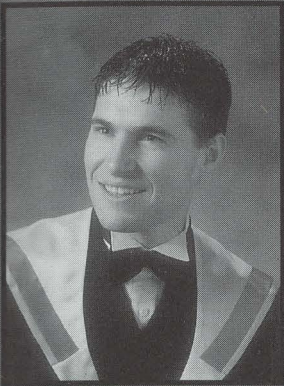

*New Ross, NS*

This crazy girl from New Ross (where?) always had a warm, cheerful smile for anyone she talked with. Dad can I borrow you and your trailer? I'm moving again! In 4th year Paeds she finally found a course (took 2 yrs) that could hold her attention for more than, well...at all. Aimes managed the full time task of both managing a certain PT friend without having to spend time in an asylum...well done!!! She was known for her athleticism in soccer and basketball, and she was also a trainer for Dal athletics. Outside school in the summer she could always be found harassing animals and eating blueberries while camping and hiking.

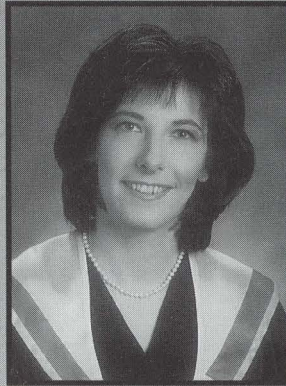

# Class of 2002

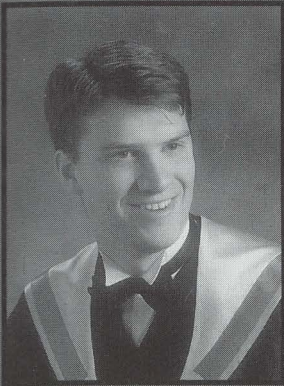

**Adam Coyle**  
*Saint John, NB*

This crazy NBer came to the Forrest with a huge friendly smile and bigger laugh. He called in sick for many non-orthopaedic classes, and only managed to have it catch up to him in roll call in 4<sup>th</sup> yr. ethics. Despite acting up a bit at times he always had good marks. Outside school, Adam always had a knack of going a little too far (french smooching codfish at the screech in, performing interesting dance numbers with bowling shoes, primitive reflexology at Mexicala Rosa's, ortho practise show and tell, PMS games). A very special lil PT friend did seem to settle him down a bit. ACAC...many warm smiles in keji, CB, New Year's, X-mas, and July 2. *Most folks are about as happy as they make up their minds to be.* Abraham Lincoln

**Ana Craft**  
*Saint John, NB*

Although she was a late addition to our class, she was a welcomed one. We all hope that Paeds class hasn't ruined your thoughts of extending your family!! Juggling a husband, baby daughter, language barriers, and full time school, she always had a smile on her face and good things to say. Good luck in the future!

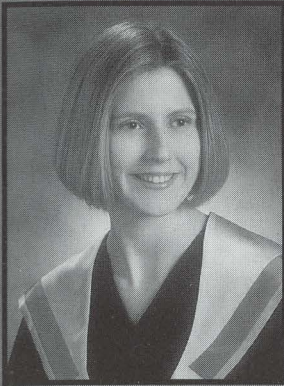

**Tim Cullinan**  
*Saint John, NB*

Tim arrived as a boy but will leave us all a man. The first of the males to break free and become engaged, Tim will make a wonderful husband as he has perfected his mop robbery getaways by going topless in the ppm and staying young carrying groceries up 19 flights. Loved by all Tim was often forced to break plans with fellow classmates in order to spend a little more time with the boys at the lower deck (so they say) or to put his great sense of humor to use. But beware if you see him laughing in class because you might just be at the brunt of his joke.

**Shawnda Eatmon**  
*Saint John, NB*

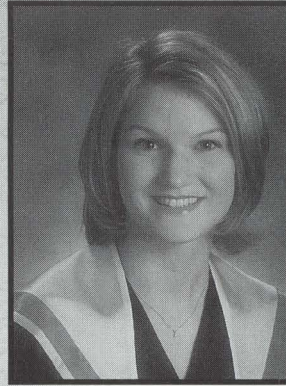

After exhausting the party scene at UNB, Shawnda came to Halifax to take on Dal Physio. When this bag lady is not living at the gym she can be found shaking her booty with her skirt on backwards. Although a DO ME Dome Queen award recipient, this Queen requires at least 6 pieces of ID to get in the door. Shawnda has invested in all the latest snowboarding gear and someday plans to learn to use it. If trying to locate Shawnda in the future, perhaps check out the slopes in Nfld. Congrats and best of luck for the future.

**Wanda Forward**  
*Cape Breton, NS*

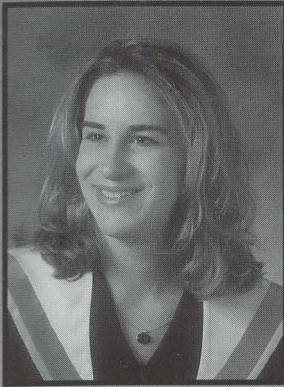

Roses are red, violets are blue,  
Had you written one,  
We would not have done this to you.

Wanda, were the hell were you?  
Good luck and best wishes in the future!

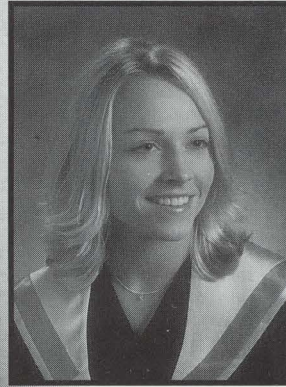

**Dee Galway Adams**  
*Gander, NFLD*

After a "tough" decision between OT & PT, this SMU Grad followed her dream! This fun-loving "chick" never failed to bring a smile or words of encouragement to her classmates. Never stressed by school, Dee did not hesitate to skip classes and voyage to Jamaica with her hubby Blair! Dee will always be remembered for her inquisitive mind, love of playing "hostess", maternal instinct & loyalty to friends. Though she'll miss "gathering the clique" at her "grown-up" apartment, Dee will return to the ROCK to make a great Physio! We love ya, Dee. Congrats!

**Trisha Godfrey**  
*Saint John, N.B*

Come for a Kahlua, and dear God-NO STORY!! The energizer bunny could often be found perfecting her skills in dancing, singing, or best of all public speaking. Always up for anything, first to plan an event, last to commit to it, and "maybe" is her favorite word. Olympics & airline tickets, Fenwick nights & 705's open bar. Late night drives are good but not if she's at the wheel. More laughs than studying, stiffy on a horse, and full Nelson with no bra. My bad santa will make a better physio, incorporating funnels, balloons, and hugs for her boys. "Sugar Daddy" can give it as good as she takes it, but is like a broken record when she hears an embarrassing story. "Its my life, its now or never".

**Thelma Hardy**  
*Burnt Islands, NF*

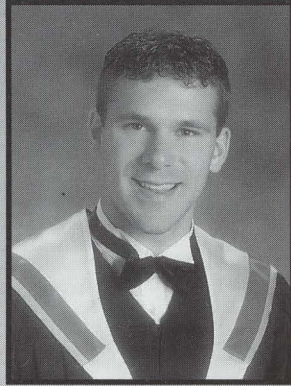

This sweet girl from Burnt Islands (where?), even though she doesn't know her multiplication tables, is one of the shining stars of the class. No, wait that's her hair! Teasing aside, she is a brilliant girl both in friendship and in school. Thelma is known for her love of the "boys" (her many younger brothers), NF, Jeremy, and her relaxing baths. Recently, she has taken up guitar playing, and we may find her entertaining with her "talent" in the upcoming years. Thelma is a great friend, dedicated to her "clique". Her inner and outer beauty, her generous nature, and her sweet smile will stay with us long after we graduate. We love ya lots Thelma, Congratulations!!!

# Dalhousie Physiotherapy

## Brian Head

*Lab City Nfld.*

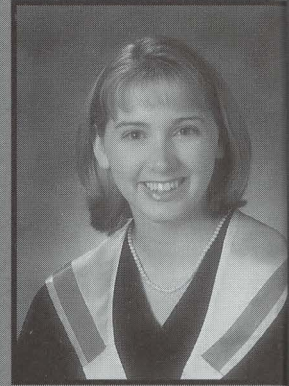

Fenwick Romeo is always around when you need a hug or even when you don't. Brian is known for his big heart and willingness to do anything for his friends. If you can't find him in class he is probably helping out at church or cooking dinner for his research group. He will make a great Awife@ someday. A true competitor on the soccer field, he wasn't as much of a challenge in the pool or topless race car driving in the ppm. He'll have fun anywhere he goes as long as he can drive in circles. The girls in Labrador won't know what hit them as he is heading back up north to pay off his Tim's bill. We'll miss you.

## Tarra Henry

*Harvey, NB*

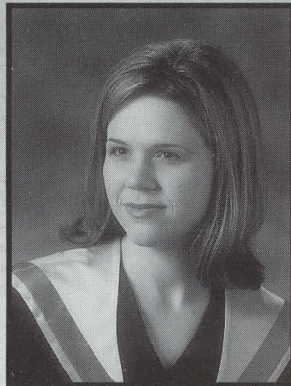

Tarra comes to us from smalltown Harvey, NB with a BSc from UNB. With coffee in hand, she's heading home early to NB for the weekend. Tarra's specialty is casseroles, the staple of her diet. You'll find her watching TV on Thursday night with "the girls" or renting a movie with her roommate Shawnda (who knew?). We hope she is remedied of her "physio syndrome" when she graduates from the physiotherapy program. Good luck Tarra!

## Stacey Hickey

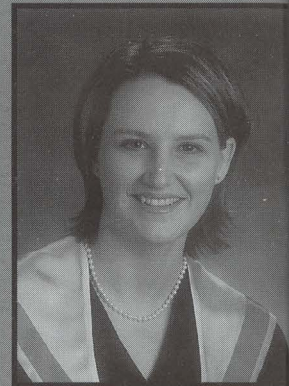

*Fredericton, NB*

From Fredericton, NB, and a graduate of UNB faculty of Kinesiology, Stacey Hickey enthusiastically entered the Dal School of Physiotherapy in 1999. Known from day one for her many questions, Stacey holds a future in Ottawa, Ontario but will never forget the Maritimes or her Dal Physio family. She cherishes her supportive and exceptional Husband, Ryan, and family, Ruth, Larry, Adam, her Gram & Roger. Stacey says "Thanks everyone for the awesome experience! I truly believe we are a one of a kind class- more like a family. Let's really mean it when we say 'We'll keep in touch!'"

## Debbie Hillier

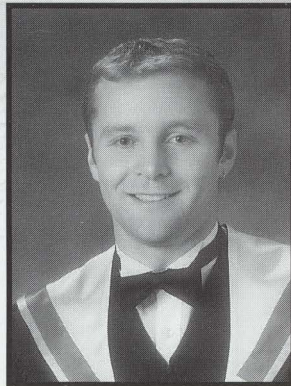

Debbie came to us from Cormack, NF. Over her three year presence she has been an active participant in various physio activities including intramural hockey, basketball, Run for the Cure and job fair. Debbie is one person who always takes a moment for her friends. She has graced us all with her hearty laugh and has tried hard to win the oddest T-shirt contest. Debbie has contributed to fiery class spirit with all her heart. It is an honor to call her a friend.

## Brad Hopkins

*Brownsdale Nfld.*

(Beep) This true Newf adds a new meaning to the term Mrs. Claus. We've let this guy believe he's the best catch in the class but after seeing his hip dance we're not so sure he's perfect! Who we kiddin' he'll always be perfect! Jill will have her work cut out next year treating him as well as he has been at Fenwick. At least you'll have your own room again! Well rounded Brad played as hard as he worked. His laid back personality wasn't altered with topless road trips in the ppm but sports could almost get him excited. Dedicated as sports rep he also played everything from basketball to hockey but watch out on the badminton court or you might lose an eye. Trying to convince himself he won't miss us we know you will! (Beep Beep)

## Elisa Jenkins

*Cape Breton, NS*

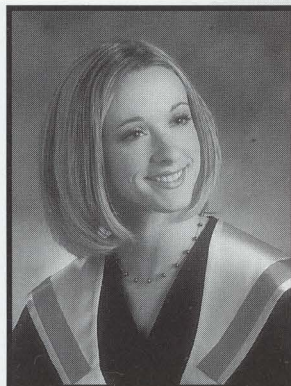

As any true Caper, Elisa is quiet by day...crazy and loud by night. Known for traveling all over the place, we were lucky to have her stop in for 3 years. Her friendly demeanor and calm spirit has helped many of us through stressful times. Often seen courtside at King's, she's either with the team or playing some b-ball herself. Never forget: AP theme parties, car rentals with Kellimi, "it was the wrong fork, but it was the safest!", navy boys, "there was a class this morning?", BC with v-ball, and many great nights out. Elisa's ship is about to sail...Where? Nobody knows, but we're sure she'll be a great physio!

## Jill Kowtaluk

*Moncton, NB*

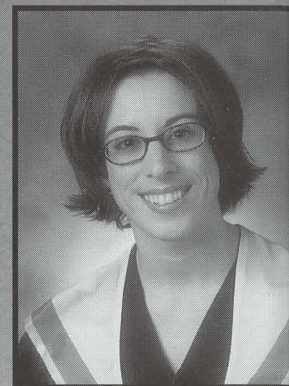

Our Dance Nazi can often be seen on stage at the theater or at a local bar. Regardless of the location, she's sure to keep us all "in line". We're not sure why she chose us over a career in dance, but we do know that were ever she decides to settle in, she'll make a great physiotherapist. Her charismatic and fun-loving personality will take her far in life. To the grads she'd like to say "Let's do again guys, one more time!"

## Van Landry

*Nova Scotia*

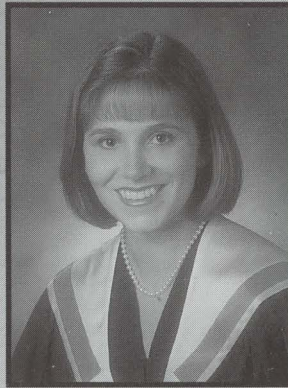

What can we say, who knew that we would have two celebrities in the class?? Cuddos to Milli and Vanilli. We were all glad to see our little "joker" rejoined us after following her call to the wild in Africa. Hugs and Kisses!!

# Class of 2002

## Kimberly LeBlanc *Glace Bay, NS*

Kimberly came to Dalhousie after completing a biology degree at UCCB. Known for her quiet demeanor in class and huge heart, she'll be remembered by most of her classmates as a great listener who was always willing to share some good advice. Kim's genuine smile was always present, guaranteed to lift the spirits of her friends and classmates. Kimberly will be starting her physio career at home in good-ole Glace Bay, N.S., happy to be home after 3 years in Halifax. Kim is a sweet girl who knows what she wants out of life, and is willing to do whatever it takes to achieve her goals. Congratulations to you Kimberly for your perseverance and accomplishments and to the Grads of 2002.

## Melissa Lewis *Saint John, NB*

Persistence paid off and Melissa's dream was finally realized when she moved to Halifax to attend Dal Physio in '99. This bride to be will always be remembered for intimate relationship with Tims' coffee, her blue Tercel, Thursday TV nights, and her sweet smile. Her hallux valgus and Osgood Schlatter's set her apart from the rest. Missy was a dedicated yearbook editor and became class advocate in her final term with her "To Do List"! Good luck Melissa, we know you will be successful PT! Be good to Steve!

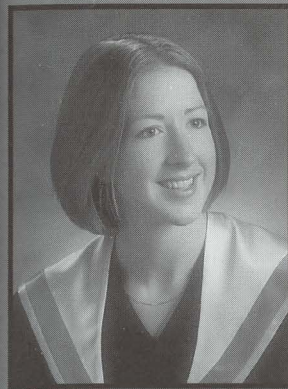

## Stephanie MacEachern *New Dominion, PEI*

This native Island gal made a difficult decision to leave the farm behind and pursue her second degree on the mainland. Known for her free spirited yet conservative personality, Stephie could be found downtown with her roomies or in the stands at the Tiger's games. A blast to party with, an amazing listener and a true honor to be her friend; this "chicklet" is dedicated to her success (and her "clique"! ). Stephanie will always be remembered for her perseverance, her efficiency, her mental health Thursdays, and of course her devotion to her friends - the old and the new! We love you Steph, Congratulations!

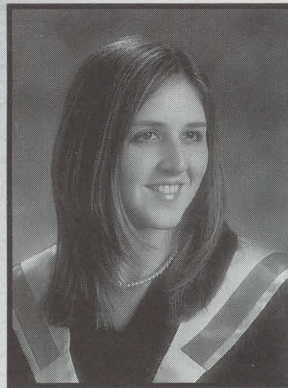

## Rebecca Libby *Yarmouth, NS*

This sailor from Yarmouth never strays too far from the nest or her first mate. She is never late for her class naps and is known to be a dancing queen. Some may say she's a bit laid-back. Don't be deceived by her innocent look - bottoms up! Good luck in the real world without the groupies.

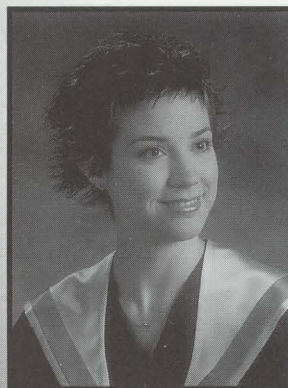

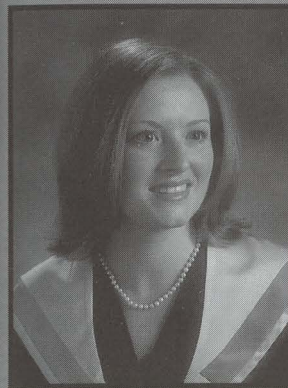

## Joanne Marrie *St John's, NFLD*

Joanne, a newfie from St John's flew into Halifax for a three year stay. While here she enlightened us with her classic vocal talent. She has been an active participant in various physio events including FTHOI and Run for the cure. Joanne frequently shows her Newfoundland roots and is always ready to have a good time. (She even operates in her own time zone which is approximately 15 minutes behind Atlantic time!).

## Kelli McIntyre *Sydney, Nova Scotia*

Kelli hails from "God's Country" and can sometimes be heard speaking the dialect of her homeland! She arrives for class on time everyday and takes great notes (just ask Stacey!). She can often be found downtown on the speakers at a certain drinking establishment. Never forget DQ blizzards with Olivia and Stacey, ortho practice with Sujji, car rentals with Elisa, dog-sitting at Linda's, and the "funnest" research group ever! Kelli would like to thank the class of 2002 for a great 3 years.

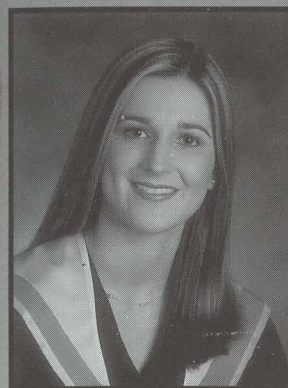

## Jane Mitchell *Cole Harbour, NS*

Jane broke onto the PT scene in 4th year. Back in the day, she was trying to pass off as the shy, silent type, but the soul harbour in her has come shining through. She is this years recipient of the prestigious "Do me Dome Queen" award and undoubtedly earned it. When not asleep, she does make contributions to group work, however, this is often difficult due to her extensive night life. It's tough being the best speaker dancer in Halifax! She will have a prosperous life...or at least full of prospects. In the future Jane plans to start her own nudist colony in PEI.

## Joslyn Moore *Windsor, N.S.*

Joslyn joined the class of 2002 after completing a BSc (Biology) at Acadia U. She will always be remembered for her role as class rep, reading sappy poems, Fantasia parties, her post-formal nudity display, and being a great speaker "with regard" to class presentations. I'm sure she's made "Daddy Parkinson" wish he had never adopted his research group! Her "vibrating" personality has resulted in the development of many lifelong friendships. Thanks for gracing us with your smooth moves "MJ."!  
- "Only those who risk going to far can possibly find out how far one can go" - Eliot

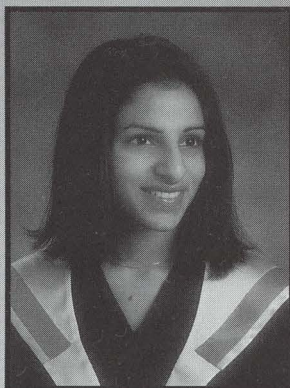

# Dalhousie Physiotherapy

## Sujji Murthy

*Saint John's, NFLD*

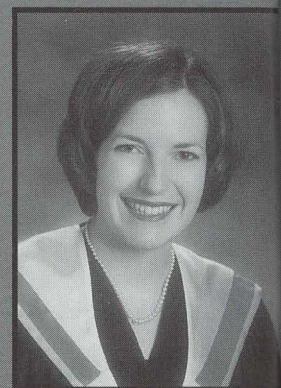

Our little Sujji naively came to us from NFLD (or so she would like us to believe). During her stay with us, she learned invaluable lessons such as how to make toast and Kraft dinner, how to finance your whole life using a credit card, and but still needs some education regarding household cleanliness. What else can we say, it's been PHENOMENAL and FANTASTIC!!

## Tanya Nichol

*Harvey, New Brunswick*

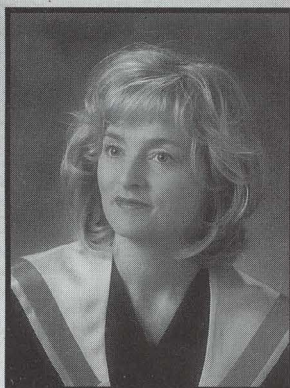

Our class Valedictorian left her farm behind when she arrived in Jod's Rav4 with her BSc. Now she leaves us in the Lexus with her BScPT. Tanya's impeccable organization and time management skills had us certain that shesomewhat had more hours in her day than anyone else. Our Treasurer will always be remembered for her infinite attention span, her new found love for Tim's coffee, and her promotion of the CPA. On pub crawls she could always be found taking care of everyone...or in the center of the dance floor headbanging. All the best Tanya, you are most deserving of the greatest success.

## Paula O'Quinn

*Codroy Valley, NF*

Paula joins her class with 1 year of university, a masters in life & a PHD as *Super Mom*. Attending university with a husband & daughter didn't coincide with gross anatomy or any other physio courses, so she occasionally bought Victoria along! Paula was known by her classmates as being well-spoken, & by her profs as the outspoken one. She relentlessly hounded students to Run For The Cure but the class participation made the event a fun and rewarding one for all. We wish Paula & her family success and happiness in their newfound endeavors.

## Kelly Prendergast

*Cape Breton, NS*

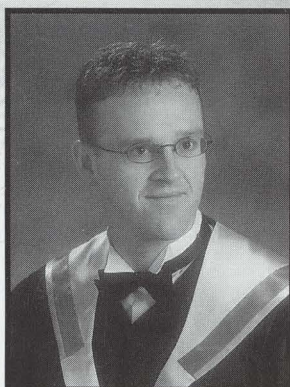

What can we say, who knew that we would have two celebrities in the class?? Cuddos to Milli and Vanilli. We were all glad to see our little "joker" didn't "run" off to further her career in lip-synching. Hugs and Kisses!!!

## Corey Pritchett

*Gander, NFDL*

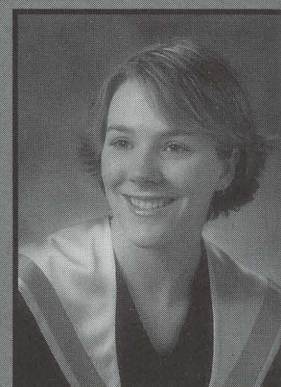

Corey (AKA Einstein) Pritchett, our librarian from Gambo, is the most recent, and gender violating addition to the "clique". Having accomplished all degrees at MUN, this "young" lad has obtained a masters in bullshitting, a degree in interpersonal relations, and an honors in sing-songs here at DAL! Now that Cor is a rock star, he'll be sure to nab all the babes back on the ROCK! He'll always be remembered for his words of wisdom and sincere passion for physio. "Practice what you preach"! We love ya, Cor! Congrats!

## Martha Purdy

*Truro, NS*

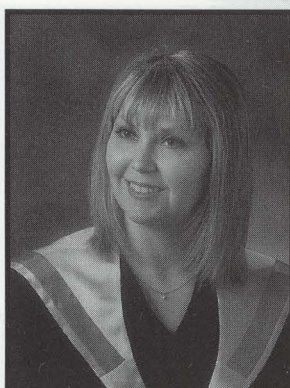

This young Martha Stewart frequently places decorative kegs throughout her fancy student housing. With a drink (or two) in hand she'll greet you at the door, wearing a goofy grin and low cut shirt. Her cleave shots have earned her some genuine Chick Club bonus points. If she's not bouncing around on the trampoline she's cracking the whip at her groupies to keep them in line. Martha is always easy going and up for a good time. Good luck Dirts!

## Renee Rudolph

*Halifax, NS*

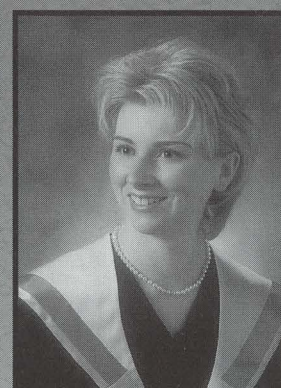

The ortho queen will forever be remembered for candle parties, drag queen shows, trying to pick a fight with other vacationers in Cuba, and the only member of the class to have two generations attending a physio pub-crawl. Thanks for the memories

## Melony Schriver

*Nackawic, NB*

The bride to be came to Dal after 3 years at UNB in Science. She arrived with yummy treats to share with all, especially at group meetings and weekend trips home to NB. Although a coffee lover she was not, 3 years have passed and her daily half hot chocolate half coffee has become a necessity. In her spare time you could find Melony at the gym, eating out, or laughing at the shows on Thursday Night. You will forever be remembered for your infectious laugh, and your sweetness. Good Luck from the class of 2002!

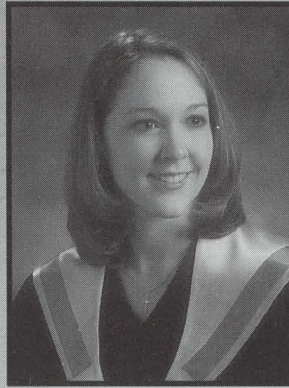

# Class of 2002

## Shari Sinyard

*St. Anthony, Nfld.*

Sherry - I mean Shari! What's on the go tonight? This fun loving girl even used class as a social event. Self proclaimed as shy she is a true entertainer. From the knee to sing songs with a fellow Newfie it doesn't matter as long as her many friends are around. Hardly a loser, Shari is up for anything except meetings at Fenwick. Buncha Jerks! Teased bout her vanishing acts and karaoke raps, she escaped to Europe for some topless sunbathing but he's still gay. What odds! Guys we're graduating and I still haven't started studying yet! We are the physio's in blue and we're gonna mss you.

## Kyla Smith

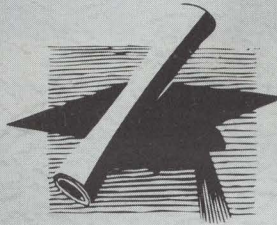

*Charlottetown, PEI*

Kyla joined us after obtaining a BSc (Biol), from UPEL, and proved to be the most hypermobile member of the class. This "singing" islander is known for her love of pizza, chocolate, her dog Casbah, and her ability to comment on anything. For the sake of her hypermobile L spine, we hope she retires her huge "kit-bag" real soon. We wish you happiness and success in your PT career and in life with your "Northender" roomie!

## Jamie Turnbull

*Stellarton, NS*

The most fashion conscious chicklet in the class; Jamie was born, but not bred, in Stellarton, N.S. This flamboyant individual can be found in any spotlight, especially at Thursday night karaoke at the Oasis (Ice Ice Baby). Always wearing a smile (and a nice outfit), this gent can sure bust a move on the dance floor. Although Jamie may not be remembered for schoolwork, he is a great addition to the class. He has a great sense of humor and gives it as well as he takes it. Question is: will he ever stop traveling the world and settle down? Thanks for the good times (and the Big Boy Breakfasts). You'll be missed.

## Alison Trenholm

*Fredericton, New Brunswick*

Alison joined our class after contemplating Nursing, and even retail. She is a constant source of compassion & thoughtfulness to the "clique" and is an amazing friend to all. She often procrastinates by shopping for clothing sales, and cooking up yummy dishes. This deceptive goody two shoes has been known to live it up with the Windsor locals, impressing them with her free-spirited wild side. Al is better known for her trendy hairstyles, sarcastic sense of humor, and "optimistic" outlook. Her conversational skills and "gentle handling" will make her an amazing physiotherapist. We love you Al, Congratulations!

## Elizabeth VanZutphen

*Port Hood, NS*

Liz left the farm in Port Hood in search of higher educational pursuits. After conquering Acadia, Liz joined the physio program at Dal, where her talents were put to good use making costumes for FTHOI. She is one of the tallest table/speaker dancers around and can be found at local drinking establishments showing off her skills... "I've never seen a worm like that before!" With so much going for her, this lap top editing queen is unlikely to settle for the first knight in shining armour that comes her way. When not being carried off the nearest bball court, Liz can be found guest lecturing as Mike Ritchie. The time and dedication Liz has put into passive ranging is reflective of her love for the profession, and her desire to keep patients satisfied. These skills are sure to serve her well in the future. GOOD LUCK LIZ!!! WE'LL MISS YA!!!

## Michael Wadden

*Sidney River, NS*

Not just a pretty face, this shy guy fooled us all. His sarcasm and wit were freely given to a few innocent classmates. Maybe a few more swift kicks or unexpected snowballs will sweeten' him up. Thanks to his research girls Mike has found life outside the library, unfortunately we only made it as far as Fenwick. Whirlwind trips across NB, landed him in the US and no REAL injustices were done along the way. We're glad to keep this basketball star north of the boarder as he is always fun and willing to go to events just don't expect to be invited to his place first. We know you'll miss us when we are gone so don't blame it on the wind.

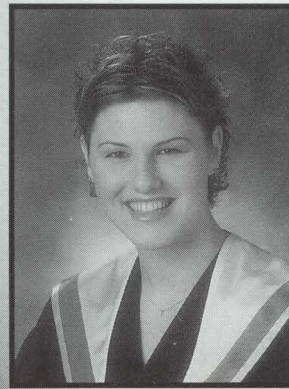

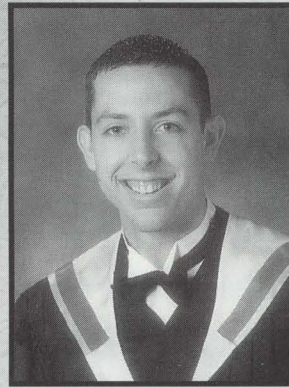

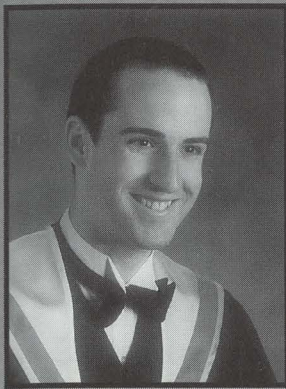

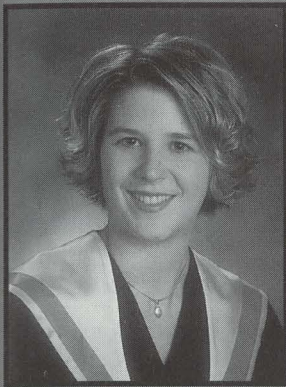

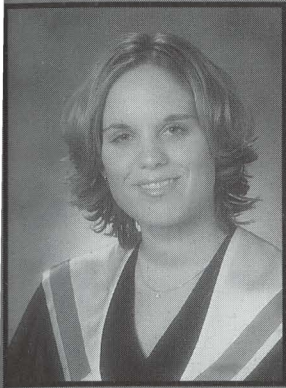

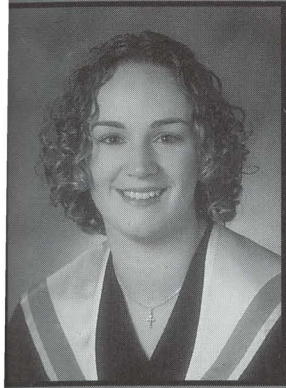

## Roger Wentzell

Roger who? A quiet guy who has shown his true colors in his class presentations. From performances with the singing nun to Mr. Rogers to Jim "The Hammer" Shapiro. He was always up for a big night on the town, just not with our class. Best of luck Roger, wherever you end up. Keepin touch... yeah right!

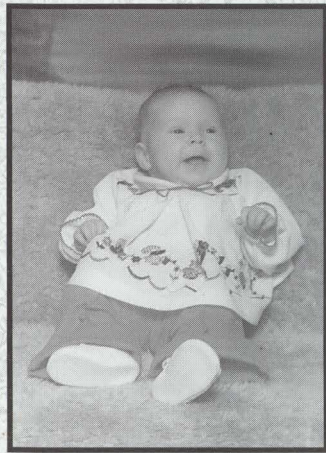

## Stephanie Wyer

*Milford, NS*

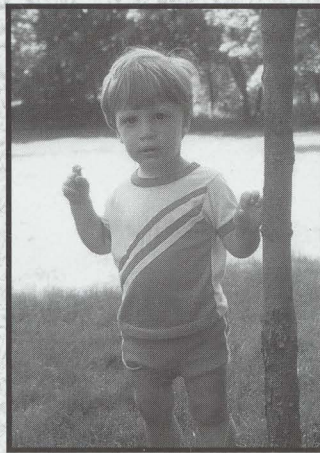

Flailing from the metropolis of Milford, this Acadia grad parted from her "Sar" to pursue Physio! Steph is undoubtedly known for her outspoken opinion and her support for alternative approaches! Steph will always be remembered for her ease to give a compliment, especially to the "clique". She can usually be found at the gym, writing in her planner, planning her BIG move to Sudbury, or at the Spa pampering herself. Stephanie's hardy laugh and sincere thoughtfulness will bring all her patient's HAPPY DAYS! We love ya Steph, Congrats!

## A leader in shaping health care for tomorrow

Your next step will **open doors** to new experiences and opportunities. As a leader in ambulatory care, genetics, paediatrics, neonatal critical care, and seniors' health, our growth in diagnostic and medical services has created opportunities to satisfy the most **ambitious of careers.**

### Do we measure up to your expectations?

As a model community teaching hospital, we **listen** to our highly skilled staff and **promote** the avenues that keep you **excited** about your career and **encourage work** and **life balance**. We promote teaching and **support** for ongoing education offering **tuition** and **conference days** and we nurture a **progressive work environment**.

We **strive** to make sure you develop **expertise** by providing **mentorship** with clinical leaders and senior staff.

Our North Toronto location, **state-of-the-art technology**, new facilities, and our futuristic approach to health care will provide you with a career path to **success**. Check out Toronto on [www.toronto.com](http://www.toronto.com)

Your expertise and enthusiasm will drive our success. Tomorrow's challenges need your dedication. Our opportunities will give your career **every avenue to excel** and grow as a member of a team that builds a better health care for our community. Please contact us quoting File #UOW-04 at:

HÔPITAL GÉNÉRAL DE  
NORTH BAY  
GENERAL HOSPITAL

**PHYSIOTHERAPIST (Rehabilitation)  
AND  
PAEDIATRIC PHYSIOTHERAPIST**  
Integrated Service For Northern Children (ISNC)

North Bay General Hospital is looking for a part time Physiotherapist in our Rehabilitation Department, and also for a part time Pediatric Physiotherapist in our ISNC Program, which represents a co-ordinated multi-agency and multi-ministerial method of service delivery for children from newborn to age 18 years. As a member of an interdisciplinary team of health, mental health, special education professionals, the successful candidate will provide assessment and intervention services to special needs children utilizing such methods as direct therapy consultation, mediator training and parent education.

The successful applicant will be a Graduate of a recognized school of Physiotherapy, have a current BCLS and registered with the College of Physiotherapy of Ontario. Previous Physiotherapy experience, excellent interpersonal and communication skills and bilingualism (English/French) are required.

Since the ISNC program provides service to children in their homes, day cares or schools outside the city limits, a valid drivers licence as well as availability of a vehicle and previous Paediatric Physiotherapy experience is required for ISNC.

The North Bay General Hospital is currently a district referral centre of 207 beds and is well on its way to transitioning to a new hospital on a new site scheduled to open in September 2005. The new hospital will have 265 beds.

Situated on the shores of Lake Nipissing, North Bay offers access to fishing, sailing and skiing, quality educational opportunities through Nipissing University and Canadore College. Our community offers a wide variety of cultural and recreational activities.

Qualified candidates are invited to submit resumes, quoting **File No. Physiotherapy indicating preference to:**

## Remarkable Care starts with REMARKABLE PEOPLE

Are you looking to pursue your career in an innovative, caring community hospital that puts patients first? Then, Humber River Regional Hospital (HRRH) is the place for you! At HRRH, we firmly believe that our ability to provide *remarkable care* to one of Canada's most culturally diverse communities depends on the *remarkable people* who comprise our health-care team. Our people's expertise, commitment and caring are integral to fulfilling our vision as *the hospital of choice ... committed to patient needs.*

HRRH is an organization with great plans for the future, as we continue to update and expand our facilities and programs to make our hospital a better place - for patients and staff. In addition, Rueben Devlin, our President and CEO, has confirmed that the hospital has been given the go-ahead to proceed with the planning of

**"a new model of care, [under which] HRRH will implement a new health-care system that is integrated with a new state-of-the-art acute care hospital."**

With top marks for health-care delivery, we have remarkable career opportunities for **Physiotherapists** who are dedicated to service excellence, to help us realize our exciting plans. In return, we provide comprehensive orientation and ongoing educational support, and give our people every opportunity to stretch their limits.

The largest city in Canada, with a truly cosmopolitan lifestyle, Toronto ([www.city.toronto.on.ca](http://www.city.toronto.on.ca)) offers something for everyone. Relocation assistance is available.

Interested in joining a remarkable team? Forward your resume to: **Humber River Regional Hospital, Human Resources Department, Finch Site, 2111 Finch Avenue West, Toronto, Ontario, M3N 1N1. Fax: 416-747-3758. Call toll-free: 1-866-397-2483. E-mail: [recruitment@hrrh.on.ca](mailto:recruitment@hrrh.on.ca)**

# Fraser Health

AUTHORITY

Serving the residents of Simon Fraser, South Fraser and the Fraser Valley

## Right place, right time and...

The place where you work and the professionals with whom you interact on the job can make a huge difference in your life. At the Fraser Health Authority, you will discover there is a feeling of excitement and dedication.

The Fraser Health Authority is the merger of three Health Regions: Simon Fraser, South Fraser and the Fraser Valley encompassing the communities of Burnaby, New Westminster, Belcarra, Coquitlam, Port Coquitlam, Port Moody, Pitt Meadows, Maple Ridge, Delta, Langley, Surrey, White Rock, Mission, Aldergrove, Abbotsford, Chilliwack, Agassiz/Harrison, and Hope.

The Fraser Health Authority provides a wide range of quality health services including hospital care, mental health, continuing care and public health. We are a value-driven organization committed to improving the health of our residents by ensuring that their health service needs are being met.

While our people are the most important element of the Fraser Health Authority, we also recognize that providing the right tools and technology are two critical components of today's modern healthcare. For these reasons, and many more, we invite you to consider joining our dynamic team.
