My Dear Brother

Your welcome letter rec'd last week
and think it is about time that I was
answering it I have sent three different
lots of Postal Cards since I wrote last
I one to Wray's Mother and yourself
the last two lots that I sent are views of
Louvain or Louvain just as you wish to
permanence it well we were there on an
trip the whole Battalion and had a
very good time the people are just as
kind as you could possibly find in

This Country ² the girls almost were
foolish and are & it's they were heard tell
of such a mess before how can you picture
no fellows getting around them to tell
you the truth Lloyd & Quire had such
a time in all of my life to keep clear of
trouble they were possessed & I think they
asked if we were Kilt in Civil life in
Canada and of course we told them the
truth as you know we never saw such
a thing and selves not to my knowledge
they are the funniest lot of people that
I ever heard tell of they do not seem to
mind any thing and what gets one
they are all alike they would be
either pinching an leg - pulling at an

Kilt for one Minutes fears, can tell you
 Ganka & Was more than thank full when
 we pulled and saw understand how it
 is with the diabolish girls (makes a fellow
 scratch his head some times and I will
 tell you the honest facts I Loyd, I have
 kept my self straight for and I think
 that I can do so until we leave this
 Country for good but it takes just a little
 bit of self will to do it how ever the place
 is very pretty & very Beautiful Bldgs as
 you will see ~~the~~ ^{the} cards would like
 for you to see it but never visit it with
 Kilt an ha ha my Loyd & would
 rather that you would not have
 Mother or the girls read this letter

As this is just a little confidential I am
 between an oldes and I thought that
 I spoke just a little to plain to have
 them read it, but just assumed I doyd I
 am not taking any names, now we
 are having beautiful weather just like
 mid Summer in Canada terrible warm
 to day the old Farmers are putting out
 plants Cabbogs and Turnips looks pretty
 nice We'll be looking for a letter from you
 soon again expect to see you end of next
 month if all goes well give my love to
 all and take good care of you self
 Your ever loving Brother
 Webster
