Dear Tavarisch,

Another series of "bagging" operations
(two in fact) have prevented
me from thanking you for
your very sound advice as
my acquaintances "couldn't get it in"
I will follow your advice
& wise counsel & forget it
all. That is not only pro-
mised but guaranteed.

Will you accept another
book? It carries my good-will.
It leaves here tomorrow.

I'm having a hard time
for a bit, but, "getting through".

These wars "aint" all
they're cracked up to be.
I am! (fed up)

Affectionately
Owen Jones
