I am sure the publisher, Harry Abrams Co., in New York, will send you your fee in the near future.

I wish we could have used more of the pictures, but at any rate, those that were chosen do fill a real gap. I want to thank you again for your generous help.

I hope your health is getting better and better. Please remember me to Mrs. Korringa, and I hope to see you again during a forthcoming visit to the Netherlands.

Yours very cordially,

Dear Mrs. Boyer,

Assuming that you will spend  
Christmas and New Year at home -  
Santa Barbara we write you to  
your address in California to  
wish you a Merry Christmas and a  
Happy New Year.

We have not heard from you  
for quite a while and presume  
that you are extremely busy with  
your new book. Does it proceed  
satisfactorily and can you already  
foresee whether you can make use  
of the photos you selected from  
my collection? If you need more  
pictures still, you know that I  
have quite a few, included  
those reproduced in my books  
on Japan, the sea.

Fortunate of my state of health  
remains quite stationary, even  
improves somewhat. May be I get an  
easier regime next February.

Please accept our best wishes  
and kind regards.

Yours sincerely,

J. P. Morris + Mrs.  
(P. KARRING)

Dear Mrs Mann Borgese,

I herewith acknowledge receipt of your letter dated February 9th, 1979. It is a pleasure to see that so many of my pictures will be used for your book. I went carefully through the captions and wish to make the following remarks. I feel sure that you have a carbon copy of your letter dated February 9th, so that you can see what I mean:

Colour picture : my first name is officially spelled "Pieter" and not "Peter", though the pronunciation is exactly the same.

Black-and-White :

No.1 Courtesy P. Businger

No.2 Courtesy P. Businger, not V. Businger

No.9 I am not sure it is an oyster farmer who is seen here to string tiles into "bouquets". I presume it is a working hand paid by the farmer.

No.11 The 5th word should read "park" not "bark"

We look forward to your next visit to our country, on which occasion you will return me the pictures which are not used, later probably also the pictures which have been used for the book.

The publisher can send me a fee either by a cheque of some sort or by sending the money to my bank account :  
AMRO Bank P.O.Box 34 IJMUIDEN, account : 48.59.18.315

Please accept our best wishes and kind regards. My state of health remained quite stationary for several months, but just now there is again a little trouble, which I hope will disappear again. I feel sure my specialist will again find a way out.

Yours sincerely,

We hebben op 13 juli afscheid moeten nemen van mijn lieve man, onze  
zorgzame en onvergetelijke vader, opa en oom
