1976-77

*Dalhousie University President*

*Dr. Henry Hicks*

DALHOUSIE UNIVERSITY  
HALIFAX, N.S.  
B3H 4H6

PRESIDENT AND VICE CHANCELLOR

March 29, 1977

To the Class of 1977:

"Greek and Roman writers were fond of representing life as a torch race—each succeeding generation handing on its light, its reason, its accumulated wisdom, to the next. The metaphor is especially applicable to the life of a university. Indeed the more one ponders an institution of learning the more conscious is one of the great responsibility which rests on it at all periods. It is not merely that learned men must preserve the treasures of the past, as was done by the Byzantines in a dark and troubled period: there is in addition to that a necessity that the spirit of learning, the thirst for new mental explorations, the desire to quicken and enlarge humanism, should be continually reinforced by the oncoming generation."

I have quoted from the Pharos of exactly forty years ago. President Carleton Stanley addressed these words to the 200 graduates, of whom I was one.

Dr. Stanley went on to ask: "Has the term 'university graduate' ceased to connote readers, explorers, humanists, hungers and thirsts for new knowledge?"

I would not wish to be President of Dalhousie to-day if I could not agree with him in his answer to this question: "There seems to me . . . more and more serious endeavour to retain the best of our heritage and to apply it in an amplified way to our world. The outgoing classes, this year (1977 as well as 1937) in the various faculties, have given evidence of that spirit. I feel sure that they will continue to do so, and that because of them Dalhousie will be, even more than it has been, a home of living causes and unquenchable beliefs."

  
Henry B. Hicks

*First the Past —  
Then onto the  
Present.*

*George Ramsey  
Ninth Earl of Dalhousie*

"Before I proceed in this ceremony, I think it necessary to state to you, gentlemen, the object and intention of this important work; I think it necessary to do this because I have never yet made any public declaration of the nature of the Institution I am here planting among you, and because I know that some part of the public imagine that it is intended to oppose the college already established at Windsor. This College of Halifax is founded for the instruction of youth in the higher Classics and in all Philosophical studies; it is formed in imitation of the University of Edinburgh; its doors will be open to all who profess the Christian religion; to the

youth of His Majesty's North American Colonies, to strangers residing here, to gentlemen of the military as well as the learned professions, to all, in short, who may be disposed to devote a small part of their time to study. It does not oppose the King's College at Windsor, because it is well known that college does not admit any students unless they subscribe to the tests required by the Established Church of England, and these tests exclude the great proportion of youth of this Province. It is therefore particularly intended for those who are excluded from Windsor; it is founded upon the principles of religious toleration secured to you by the laws, and upon

of His Sacred Majesty George the 4<sup>th</sup>  
**KING OF THE UNITED KINGDOM OF  
 GREAT BRITAIN & IRELAND**  
 &c. &c. &c.

*Cornerstone of the  
 Original Dalhousie*

that paternal protection which the King of England extends to all his subjects. It is under His Majesty's most gracious approbation of this institution that I meet you here today, and as his humble representative. I lay this corner-stone of the building. I here perform an act which appears to me to promise incalculable advantages to this country; and if my name, as Governor of the Province, can be associated with your future well-being, it is upon the foundation of this college that I could desire to rest it. From this college every blessing may flow over your country; in a few months hence it may dispense those blessings to you whom I now address; may it continue to dispense them to the latest ages! Let no

jealousy disturb its peace; no lukewarm indifference check its growth! Protect it in its first years, and it will abundantly repay your care!"

Address of George Ramsey,  
 Cornerstone laying,  
 May 22, 1820

The site of the original Dalhousie on the Grand Parade.

Dalhousie University was founded as the result of an idea of George Ramsey, ninth Earl of Dalhousie, Lieutenant-Governor of Nova Scotia in 1817, that a university be open to any student, regardless of class or creed. The funds used to begin construction of the university were obtained from customs duties acquired by the British during their period of occupation of Castine, Maine in 1814.

The original site of Dalhousie University was the Grand Parade, where Halifax City Hall now stands. On May 22, 1820, the Earl of Dalhousie laid the cornerstone of the first Dalhousie College.

The buildings were ready for occupation in 1823, but the professors had not been chosen, and even the early supporters of Dalhousie were becoming apprehensive, believing that King's College in Windsor was sufficient as an educational centre. As a result, the college was closed and served as a community centre from 1829 to 1838. There were two attempts to amalgamate with King's College, but both failed. Eventually, Dalhousie came to function as a college, in 1838,

with Reverend Thomas McCulloch as President until 1843.

There were only three possible chairs at Dalhousie when it opened, classical languages, mathematics and natural philosophy, logic and rhetoric. The first class consisted of twelve students, which later increased to sixteen. The courses lasted four years with the tuition being \$20, \$24 and \$6 respectively.

When President McCulloch died, the college again closed. It remained so until enough funds accumulated, which was in 1848. A Board of Governors was appointed by Joseph Howe, with Sir William Young as Chairman. During the period between 1840 and 1860, Dalhousie College became a high school named Dalhousie Collegiate School and later, Dalhousie High School.

In 1863, Dalhousie had a second President, Reverend James Ross. President Ross resigned in 1885 and he was succeeded by Dr. John Forrest, who, with his brother-in-law, Mr. George Munroe, founded five new chairs. They were Physics, History and Political Economy, English Literature

The Forrest building became Dalhousie's new campus at the turn of the century.

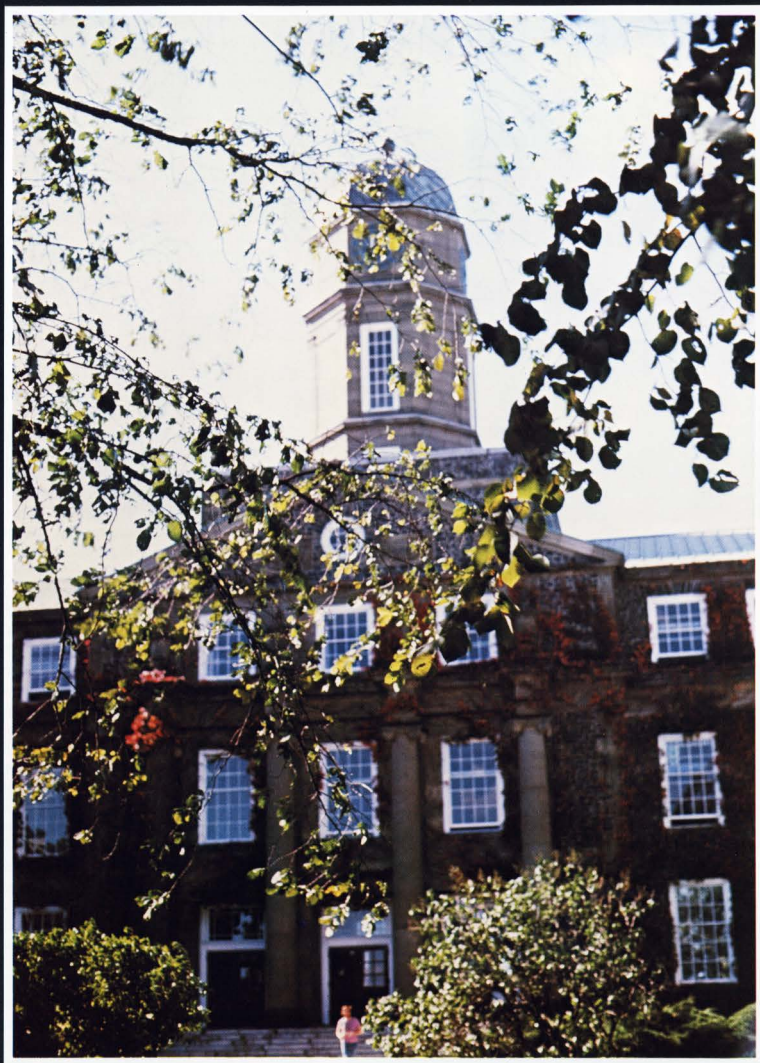

and International and Constitutional Law and Philosophy. Munroe donated \$350.00 which was used to erect new buildings and to improve the quality of the teaching staff. Mr. Munroe's generous grant was honoured with the proclamation of an annual University holiday in his name.

In 1882, due to a bequest of Alexander MacLeod, the chairs of Classics, Modern Languages and Chemistry were founded. Dalhousie moved to Carleton St. in 1886 where the Forrest Building was built housing the Faculties of Law, Medicine, Dentistry, Pharmacy and Biology. In 1912, for \$50,000, the Studley Estate was purchased and here the Science Building (now the Chemistry Building) and MacDonald Library were constructed.

Between 1920 and 1930, Sheriff Hall and the Law Building were completed. During the 1930's the Gymnasium and the Medical-Dental Library were built. The 1950's saw the construction of the Arts and Administration Building and the Memorial Rink. In the early 1960's, the Dunn Building was constructed, now housing Physics and Geology, and the Sir Charles Tupper Building, the new medical institute. The fall session of 1970 saw the completion of the beautiful Isaac Walton Killam Memorial Library where the faculties of Mathematics and Languages, and the Computer centre are located. The following year, the elegant Arts Centre opened, containing the Rebecca Cohn Auditorium. The vast Life Sciences followed in 1972, and it now incorporates the Biology, Oceanography and Psychology departments.

As Dalhousie celebrates her 158th anniversary, plans are in the making for further expansion of the educational facilities. The first sod was turned in the fall of 1976 for the Building of a new Dalhousie Sports Complex which is expected to be completed by 1978. The erection of a Physical Sciences Centre, and a Dentistry Building are also in the offing.

*Registration*

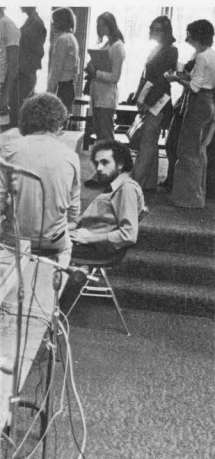

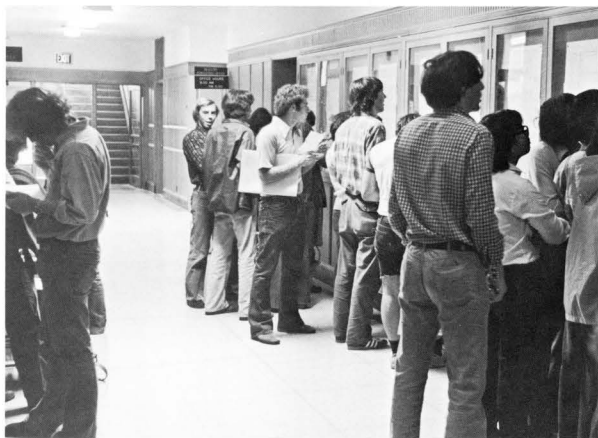

This year the intention of the Orientation Committee was to deemphasize the alcohol-party syndrome by including other aspects of the SUB and the rest of campus in its program. Clubs and societies set up displays in the SUB lobby during the week, CKDU broadcasted from the green room daily and the faculty freshmen buffet was continued. The main effort was to get the attention of residence students. The general feeling of the committee was that it worked well. Both on and off campus freshmen had events planned around them. The creation of the Dalhousie.

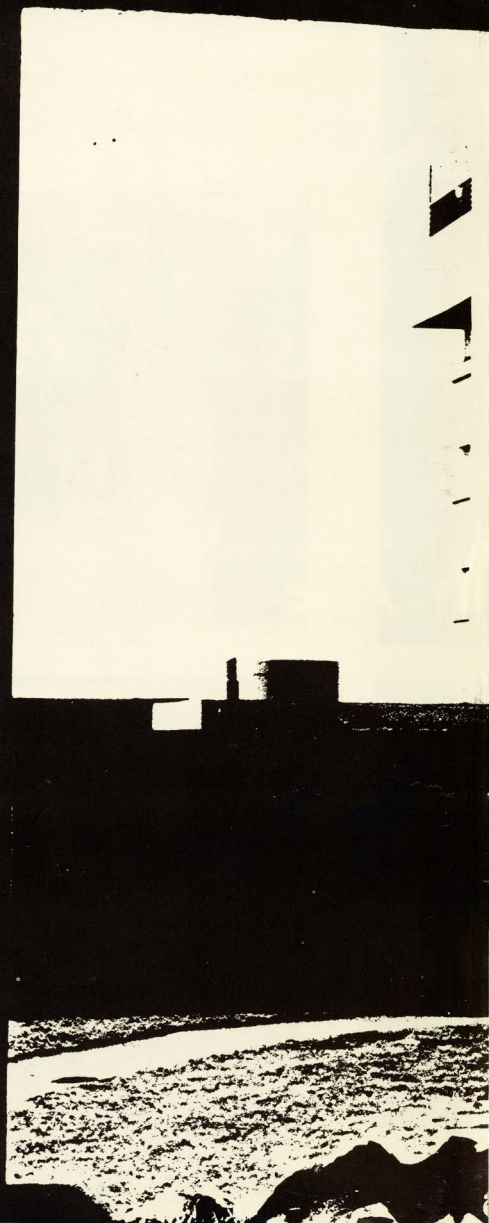

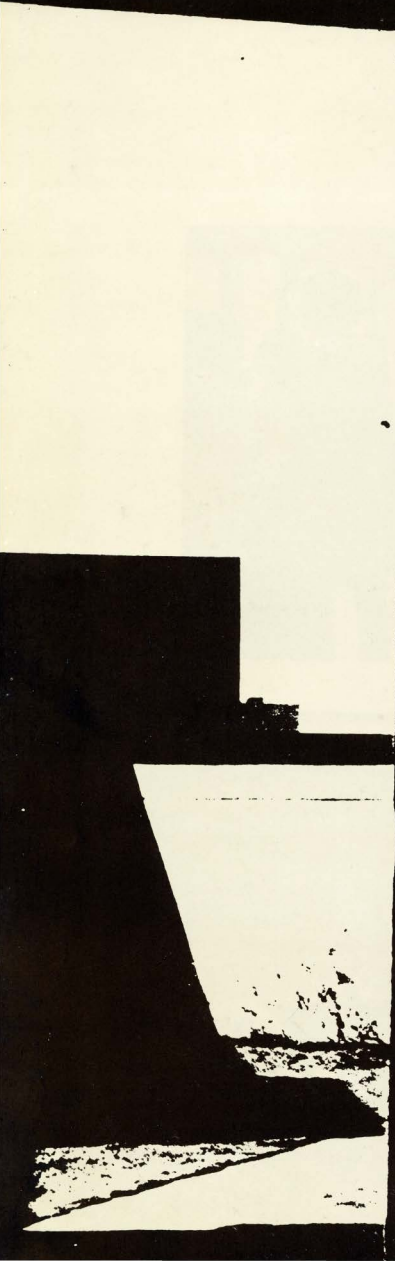

Tiger added some spirit to the week. Shinerama was again incorporated in the week and the Freshmen did a great job of shoe-shining. Aside from a few frenched beds, bugle calls at ungodly hours every morning and the week it took to recover from loss of sleep, all went well. Peter Bloxham, Chairman and his committee are congratulated.

### *Men's Soccer*

This year, the men's soccer team finished first in the Atlantic University Athletic Association play-offs. This gave them the right to represent Dalhousie and the Atlantic Provinces at the Canadian Nationals. Thanks to the great team work and efforts by their coach, Tony Richards, the team placed second in Canada. Team members include: Martin Bates, Kieran Cogan, Chris Coleman, Jeffery Dahn, Andrew Heyliger, David Houlston, Denton Hurdle, John Hutchinson, Kevin Mayo, Bob Moss, Stephen Purcell, David Riddell, Ray Riddell, Brian Shaw, Len Vickery, Clause Willett. Congratulations!

The men also claimed several other championships this year. Jay Abbass, Michael Barry, Stuart Hankinson and Peter Wardrope coached by Bruce MacArthur were the AUA Men's Tennis Champs.

The Basketball and Football team both placed 5th respectively in their AUA divisions.

Dalhousie's Men's wrestling team has been scoring convincing victories over most of their opponents for the past number of years. This year the men again showed their skill and came away with a 1st place finish in the AUSA championships. Coach Bob Thayer headed the squad consisting of Carl Arsenault, Murry Davis, George Fieber, Wally Kaczowski, Peter Lamothe, Tom McLeod, Bill Sanford, Ray Simmons, Ray Williams, Greg Wilson, Terry Young, and Randy Zaroski.

Dalhousie's Track and Field Team coached by Cathy Campbell placed 1st in the AUSA for 1976-77.

The gymnastics and Cross Country squads of the Men's division both placed second in their AUSA sections.

The men's swim team and the Volleyball team captured third place this season in the AUSA categories.

Golf placed 5th and Hockey placed 6th in their respective divisions of the AUSA. All in all it was a very good year for Dal men as they managed to place many of their team in the top 3.

## *Women's Field Hockey National Champions*

Led by Coach Nancy Buzzell and Manager Barb Graves the women's Field Hockey team worked for a 1st place finish in the AUSA and then went on to win the Canadian Nationals of the CWIAU. Team members include Diane Boulanger, Shelley Deakin, Pam Dickey, Karen Kelly, Wendy MacMullin, Andrea Mann, Donna Misener, Erin O'Brien, Maeve O'Mahoney, Merle Richardson, Kim Robson, Brenda Sacre, Heather Shute, Jocelyn Webb, and Julie West. Congratulations!

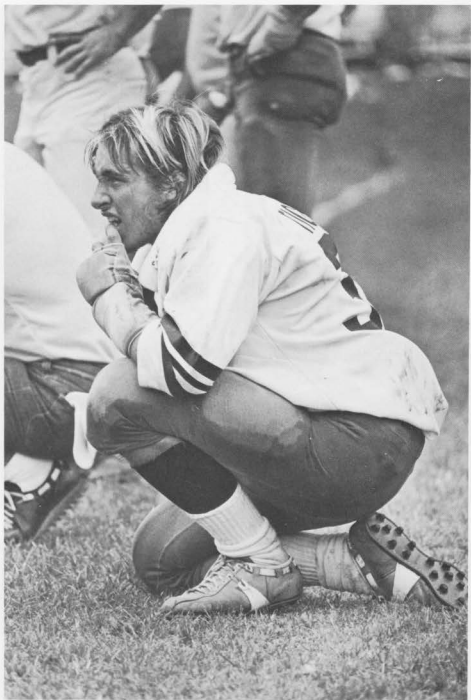

The Women's Junior Varsity Field Hockey team coached by Helen Castonguay were also top contenders as they placed 1st in the AUSA.

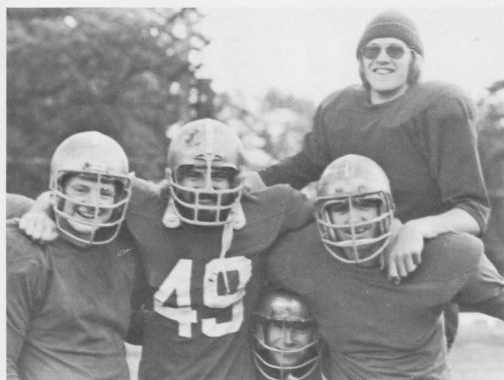

Three other Dalhousie Women's Teams placed first in their respective AUSA Divisions. Gymnastics with Lynn Ferguson, Debi Peberill, Donna Scotten and Catherine Wanlin coached by Vivien Symington; The Tennis team consisting of Lynn Bourinot, Catherine Gurret, Michele Martinello, Jane Mitchell, Helena Prsala coached by Bruce MacArthur; and Track and Field Team. The Ladies Swimming Team placed 4th in the AUSA.

*Football*  
*1976-77*

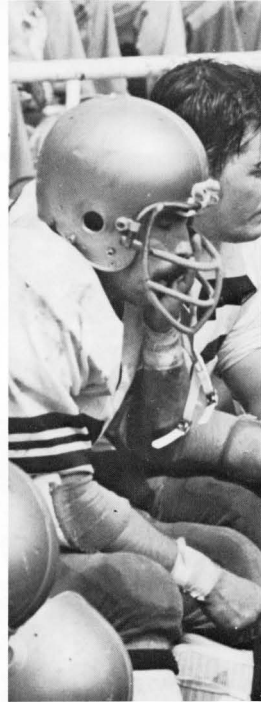

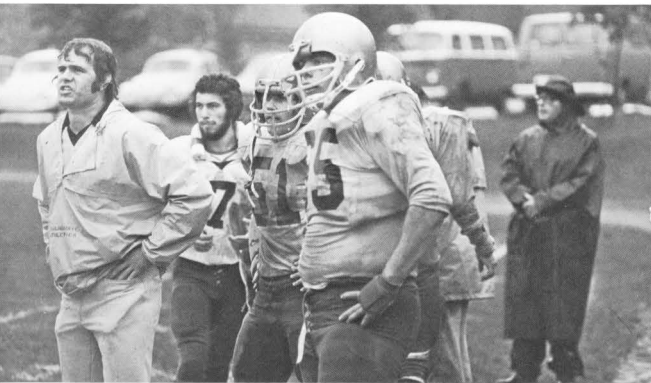

*Team Dropped from Sports Department*

The University community was shocked on November 25th when Dr. Henry Hicks announced that Dalhousie was withdrawing from inter-collegiate football.

Football at Dal goes back to 1947, when the university became the first in the Atlantic region to field a team. At the time it was hoped that the game would grow in the high schools. Unfortunately, this was not the case, and now, in order to field a team, Dal must look outside the province, a practice strictly against the University's principles.

Athletic Director, Ken Bellemare, has expressed regret, but agrees that "It's hard to compete, when you don't have a chance." This is not the only reason, but the University feels that "if the product isn't the best" then "in these inflationary times .... we'd rather spend it (money) where it's of greatest benefit to more students."

Officials are quick to agree though, that while football is at present dropped, the door is not closed forever.

*November 9th*  
*National Union of*  
*Students Day*

George Mitchell, Minister of Education, met with over 125 Dalhousie students on National Student Day, November 9th, to explain the position of the Provincial government on educational cutbacks. During a question period which followed a panel debate, the subject of new bursary policies were raised.

Beginning in September of 1976, students had to provide proof that they had passed 4 out of 5 courses, taken. If a student did not have enough credits, he/she was not eligible for a bursary.

The minister was part of a panel which included Dalhousie Student Union President, Gord Neal, Atlantic field-worker for National Union of Students, Miguel Figueroa, President of the Dal Faculty Association, Dr. Puccetti, and Chairperson, University Vice-President, Andrew MacKay.

The forum was scheduled as part of National Student Day activities. Workshops and lectures were also held on campus in recognition of NSD.

National Student Day was created by a unanimous vote of delegates attending the 4th annual conference of the

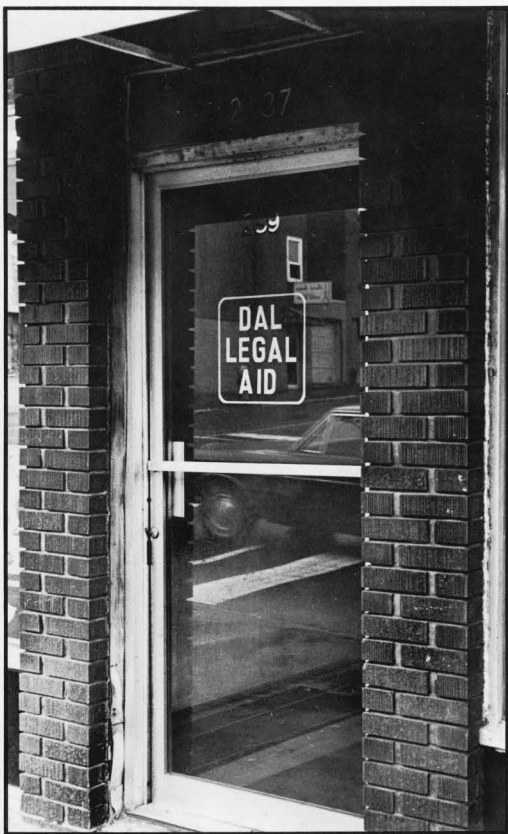

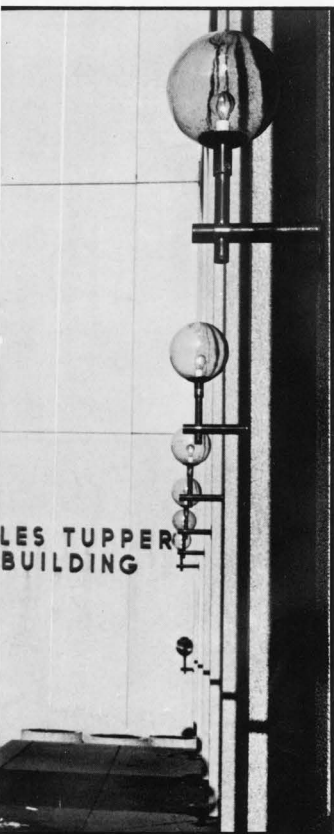

National Union of Students held in Winnipeg May 16, 1976.

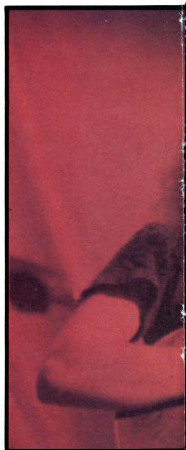

It came as a response to the growing lack of awareness of student issues in Canada both by students and society at large.

*Hello '77!!!*

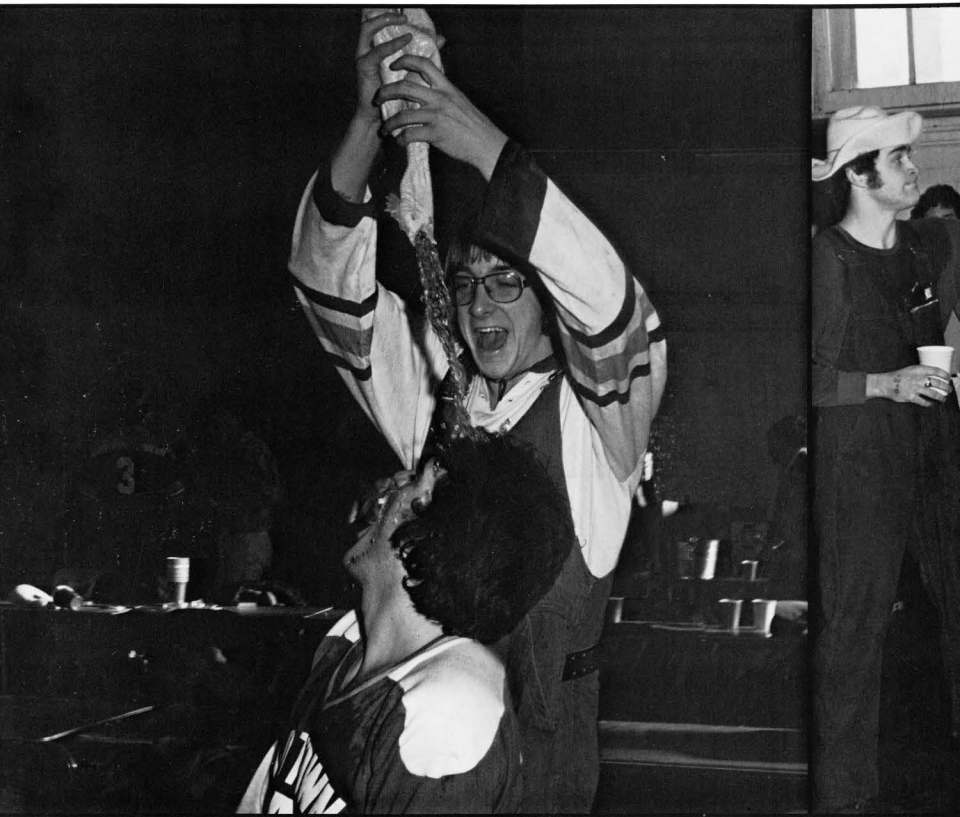

*Bare-Bear*  
*1977*

*Winter Carnival*

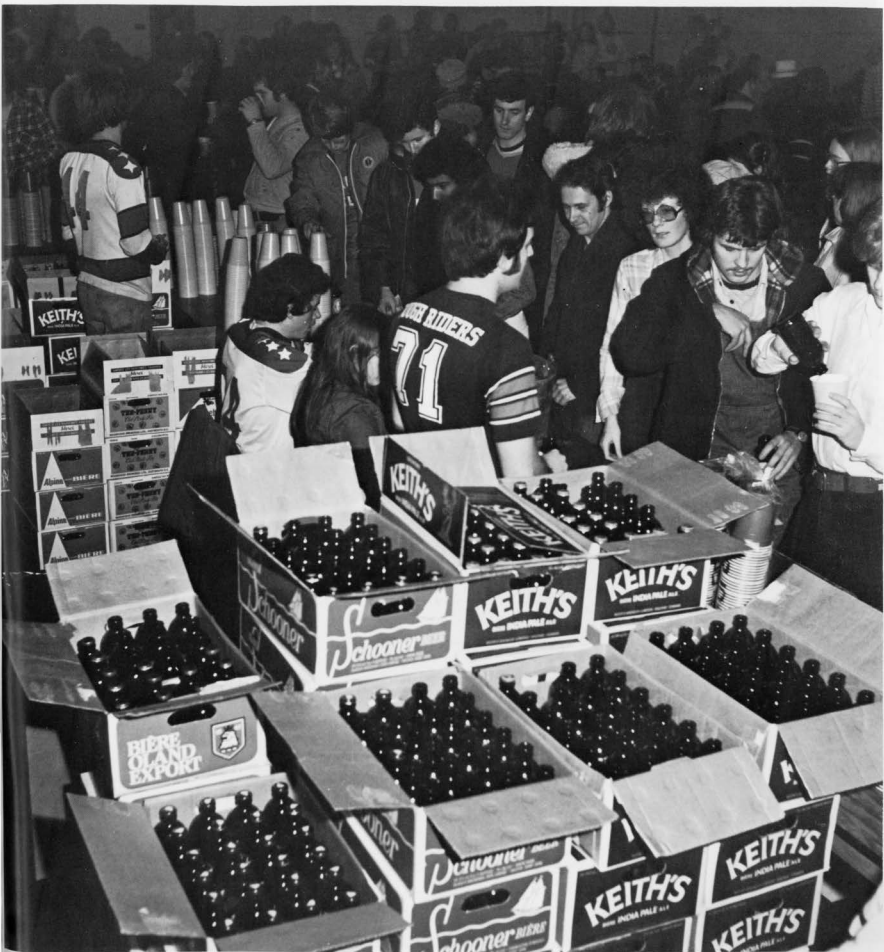

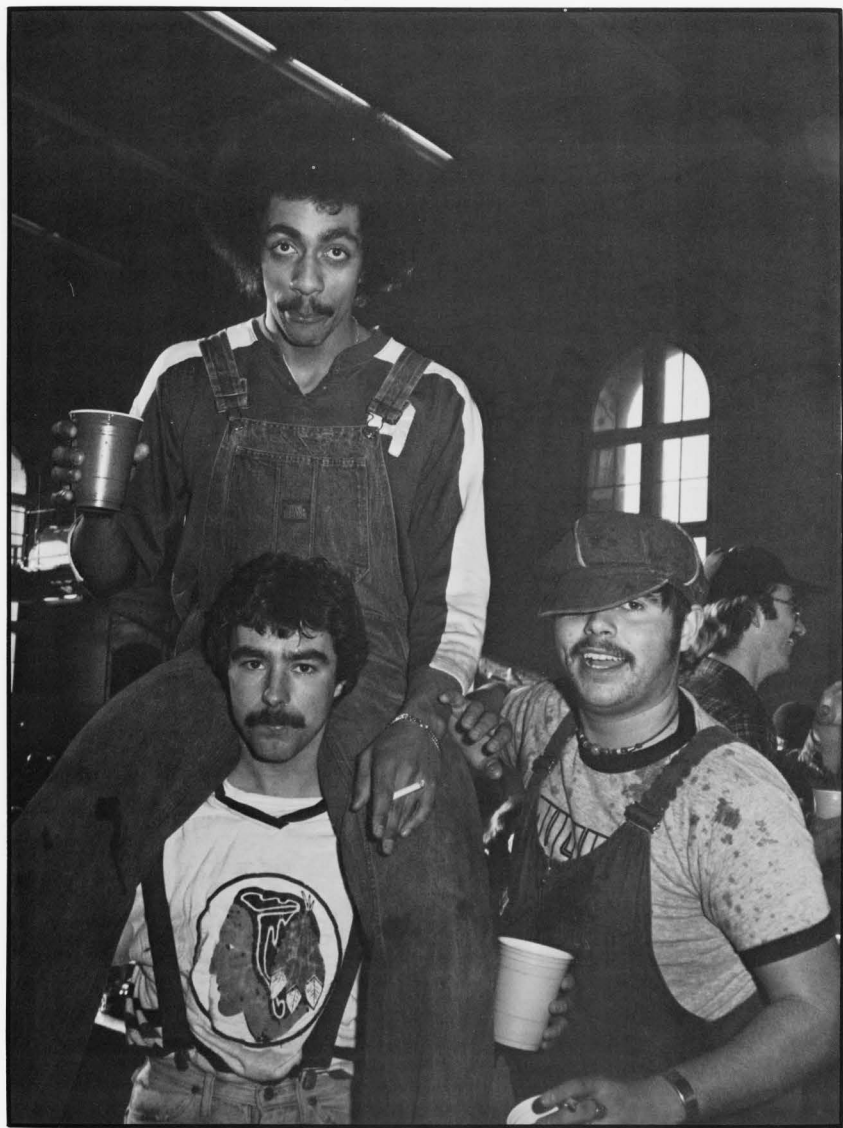

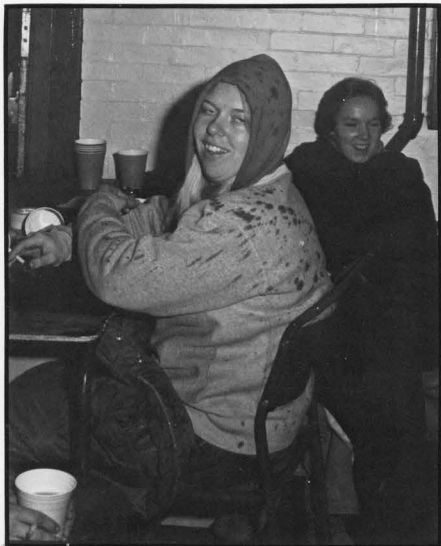

Headed by Chairman Kamal Chopra and a committee of fifteen members, Bare-Bear Winter Carnival was developed along the lines of an "old-fashioned carnival." That is, the most fun at the least cost. All the events which were put together were extremely well attended. In the history of Carnival, a Beer Bash had never been held for more than 600 people. This year 1500 had a wild time at the Halfx. Ar-

mouries. The Bash was the kick-off event to Carnival.

This year the Carnival was nine days and employed two full weekends both outside and inside the SUB. The talent at the Black 'n Gold Review was as interesting as usual with 3 top prizes being awarded and Mama Bear and Papa Bear being chosen that night as well.

For the first week-end of Carnival Halifax's weather was as usual – rain. No Ski trip or sleds! Then for the first time in many years mother nature was kind enough to provide an abundance of snow in the middle of the week, and the motor-cycle snow races and Snow sculpturing were well attended.

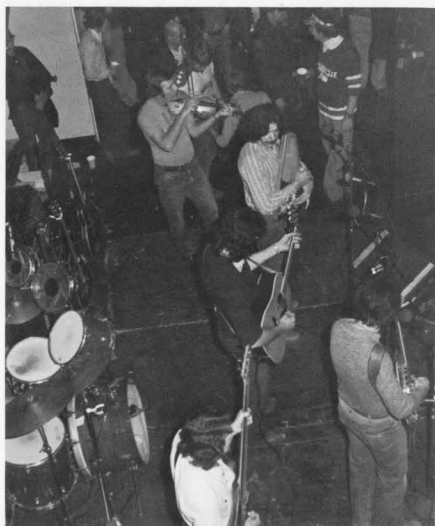

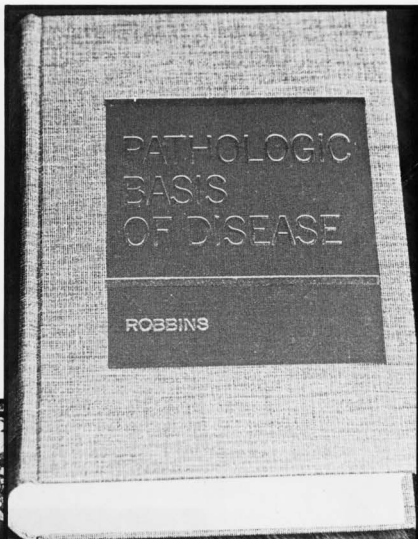

Exerpts from Chairman's Chopra's Report. In the planning of Bare Bear '77, the committee was faced with one major problem. To have a successful "Old Fashioned Carnival" one needs several things ... large turnouts and a lively campus. The former was achieved quiet steadily ... the latter wasn't that easy. Dal. ... is an apathetic campus where students, as a whole, have been comprised of a sleeping giant. We developed one event to try and awaken this giant and what eventually turned out was beyond the imagination and belief of the organizers. This event was called the "Scavenger Hunt," where students could scavenge anything to anybody that appealed to their fancy, ... all hell broke loose in Halifax for almost 12 hours ... some of the scavenged items were: 1) a bulldozer, a Halifax Transit Bus, an ambulance, Dr. Hick's master key, the Lt. Gov. of Nova Scotia, Citadel Hill, Lady Beaverbrook's portrait, etc. ... The success of this event is measured by the fact that members from all over campus participated and that the scavenged items made local, provincial and national newscasts. It is doubtful whether this event will be held again. We are fortunate that all charges relative to these incidents have been dropped."

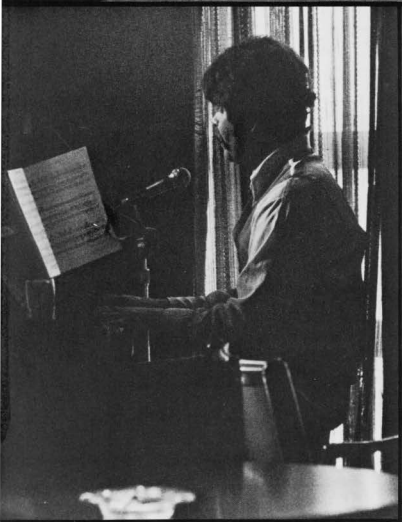

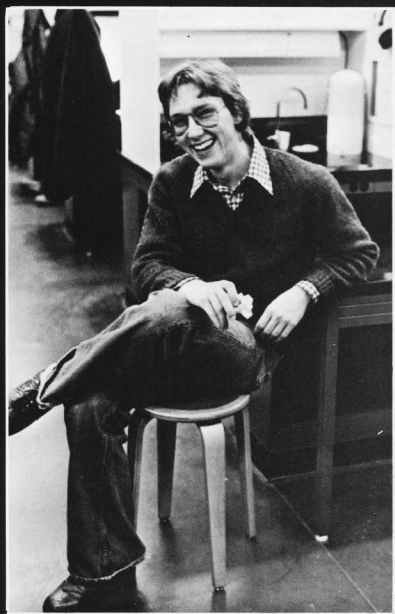

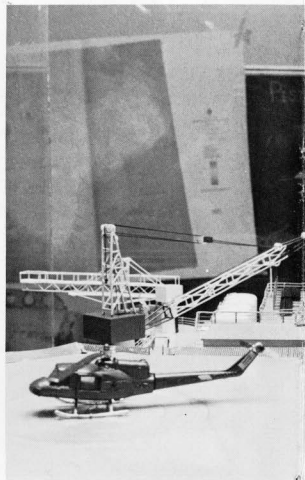

The mind ought sometimes to be amused, that it may

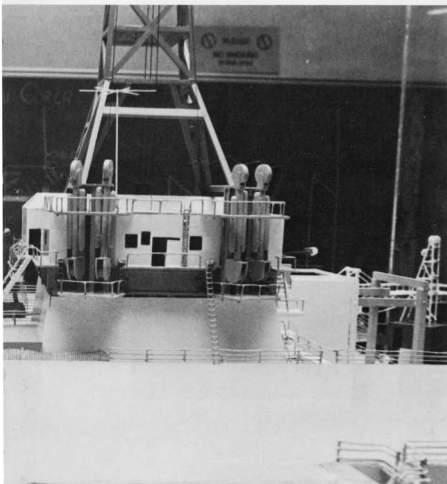

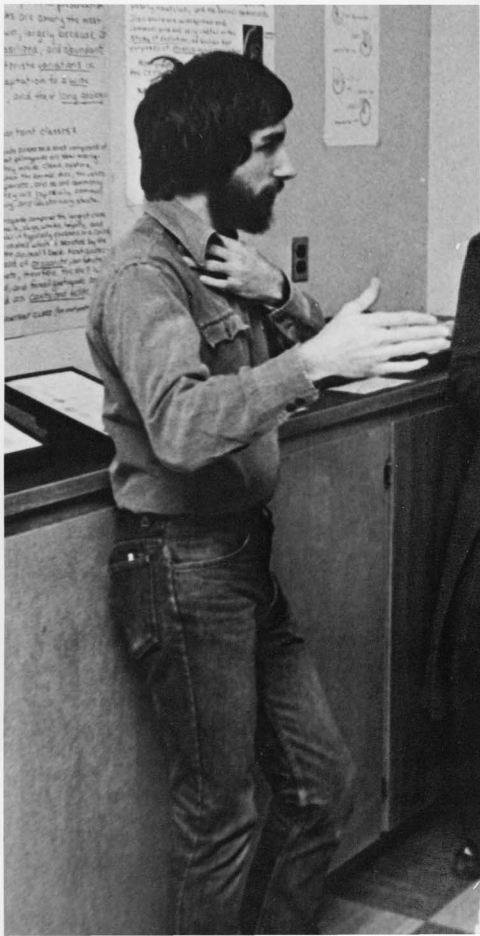

the better return to thought, and to itself.

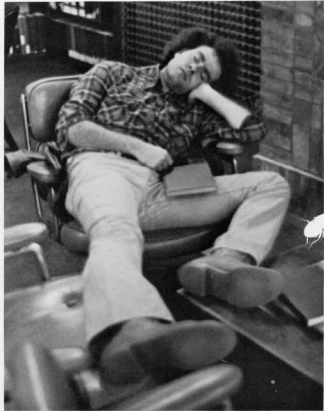

The weekend of February 11th-13th saw Dalhousie University open its doors to the public once again with the staging of its 7th biennial Open House - *Intro Dal '77*. Hosting such an event has become an integral part of University publicity. The theme of "We Can Do It Together" aptly describes what the University is trying to initiate - that being - more co-operation and understanding between the community and campus. Chairman Joey Roza and his committee are to be congratulated on the success of Intro Dal '77.

## *Intro Dal* 1977

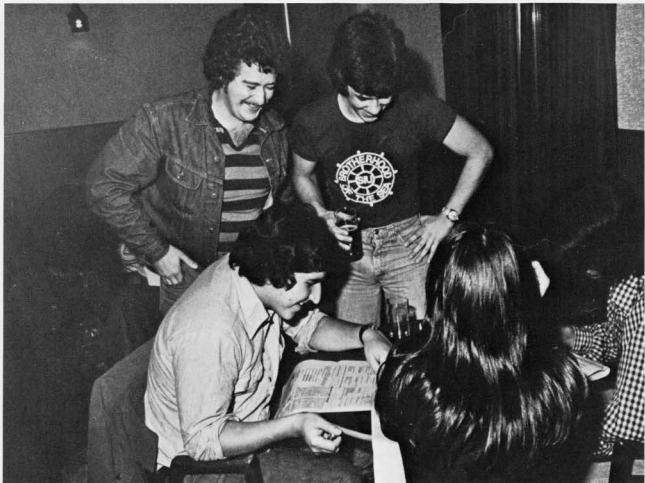

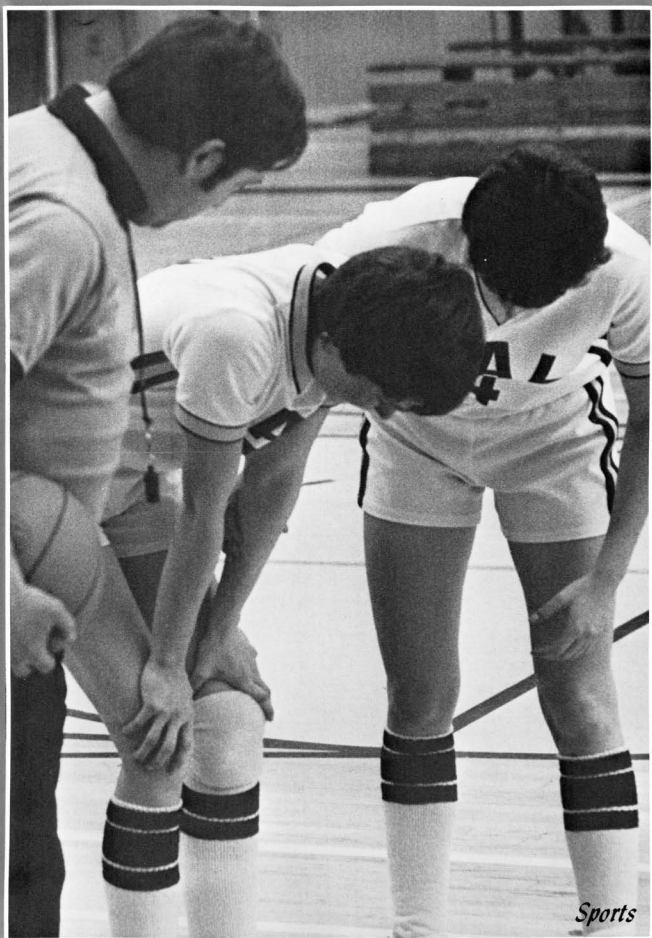

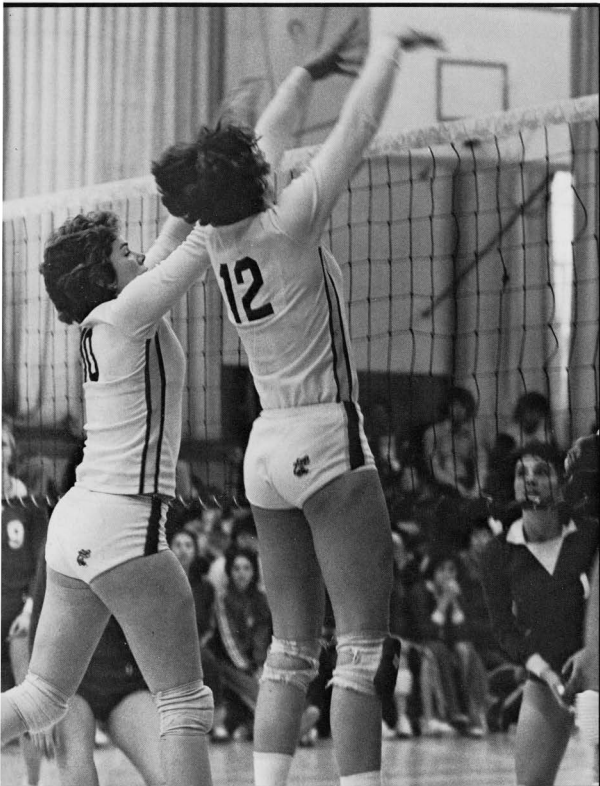

Rest for the weary...

Dalorama — a creation of the Dal Gazette provided many busy hours in the Grawood!

### *Euphoria*

The Dalhousie Medical Students staged their annual variety show on Feb. 14 ... so much for the myth about "serious, steady med students!"

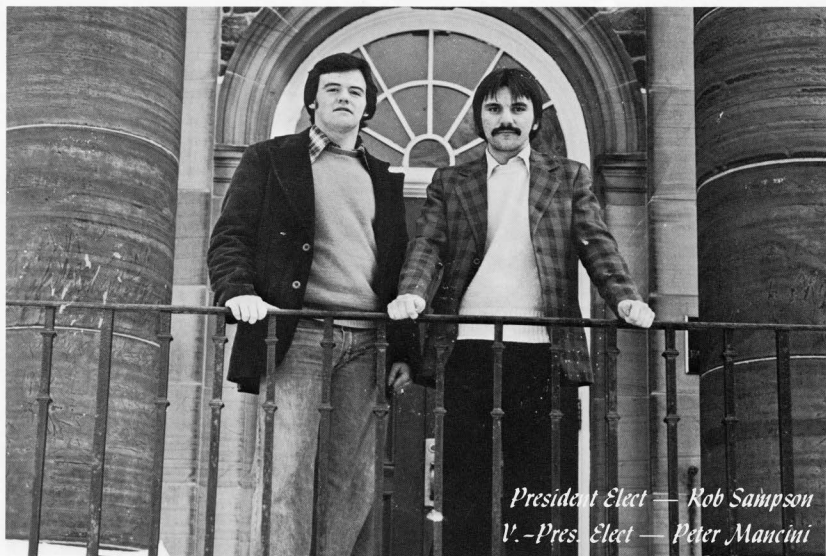

## *Council Elections*

Dal student apathy came to the fore again with the election day voting on February 16th. Only 2321 students of approximately 7500 cast their ballots. Numerous positions were filled by acclamation, but a stiff fight, going down to the 5th ballot ensued for President and Vice. The main issue proved to be leadership and not the usual political platforms. Next year will see a young council with many 2nd and 3rd year students. Rumours circulated extensively about election irregularities, but the elections were ratified, after a formal complaint to Council was defeated by a narrow margin of 10-8-1. Council recommended an election review committee to be set up before wishing the Council elect luck in the coming year. Many thanks to campaign organizers who did a great job, and Chief Electoral Officer, Sandy MacNeil, who gave many hours of his time to the election.

*March 25th, Tuition Protest — Provincial!*

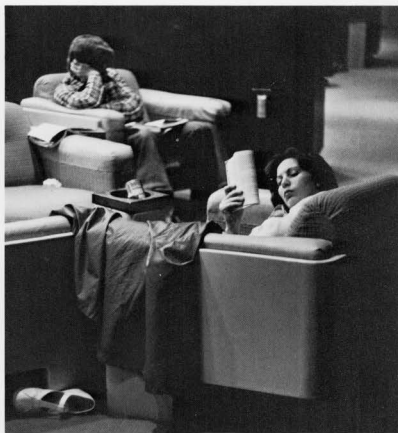

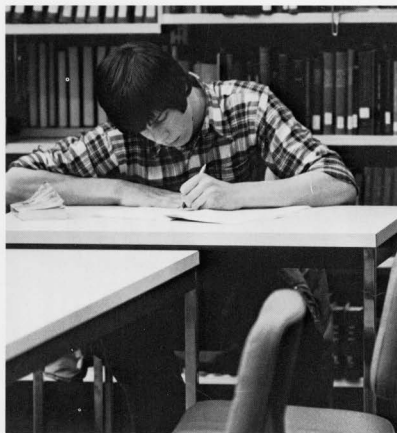

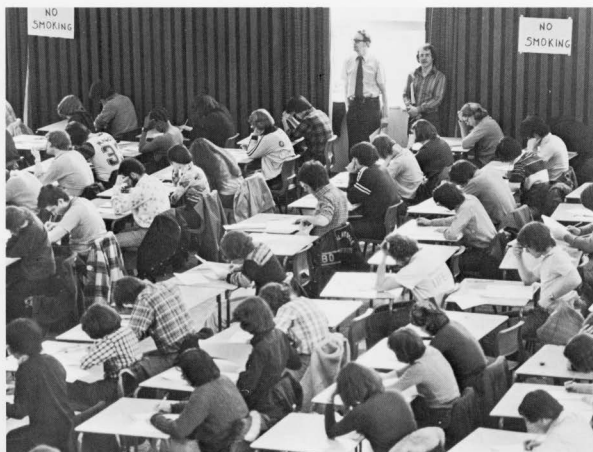

## *They Marched . . .*

AFS, NUS and the student executives from all the provincial universities lent their combined forces to allow an organized march on Province House to take place protesting tuition hikes.

Earlier in the week government officials including Premier Gerald Regean and Education Minister George Mitchell attended an open forum at Dalhousie University. Questions from the floor were received but the answers apparently gave the students little satisfaction and plans for the march continued.

Approximately 1500 students marched peacefully on Friday. An amazing amount of solidarity was displayed by all campuses.... but was the march effective?

## *Editor's Message*

Fellow Students:

Firstly — I wonder if anyone is as relieved as I to have survived another year?

Secondly — must give thanks to my patient staff who could never find me when they needed me...

Mike and the boys in photo for being in good moods most of the time — and then putting me in one ... Peter for his inspiration...

My main purpose in preparing this book was to give a picture of Dal as it was last year, not as it could or should have been. Thus, if you find the editorials a bit blunt in places, they probably are and were meant to be.

Any criticisms you may have of technical faults are undoubtedly justified and for those I apologize.

Hopefully when you glance through this book you'll be able to recall all the complaints, hangovers and good times you've had...

no snow for Winter Carnival ... again!  
I failed, I KNOW I failed!  
I most certainly *am* 19...  
your 161st cup of SUB "coffee???"  
rain? just because we've only had 3 sunny days...  
a paper due? ... today? ... well sir, it's like this...  
Carleton Campus ... uhm ... where's that?  
Who us? Keep *what* breweries in *what* business?!!

Keep this book, show it to your children (after all, this is tangible proof of where your student fees went...).

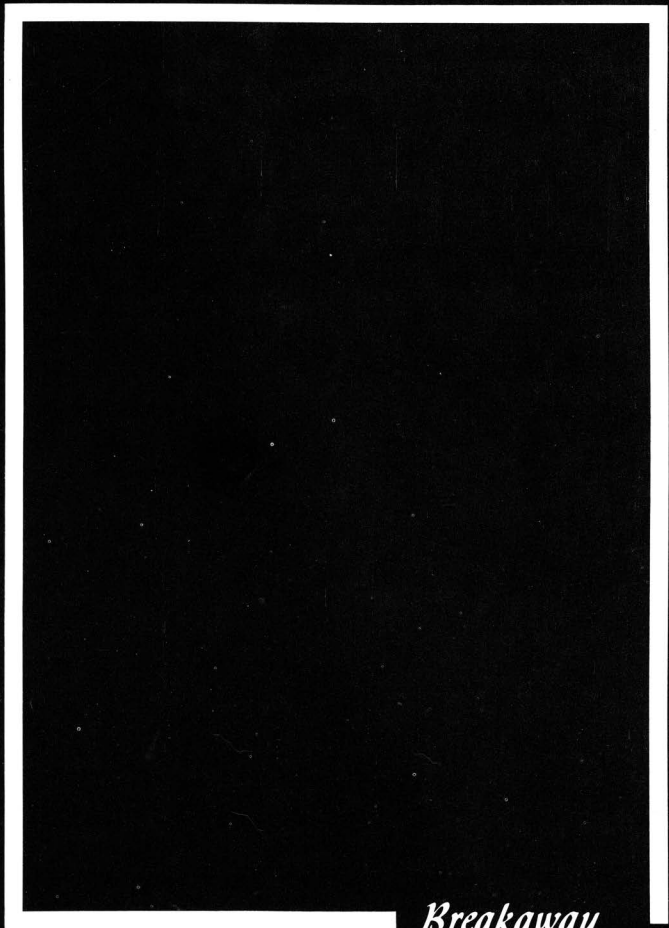

don't forget — you were young and foolish  
you were impatient and frustrated

if your finished — glad you survived in one piece  
if your still here next year — Give 'em hell!!

Anita Lathigee

*Breakaway*

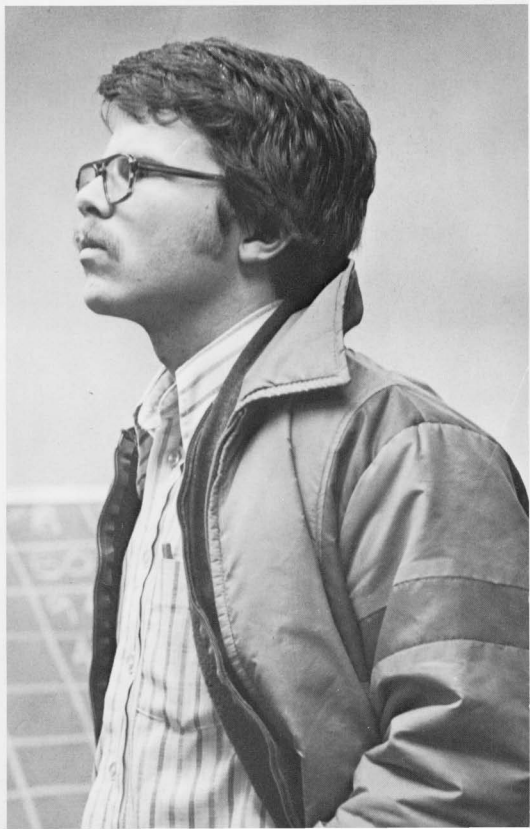

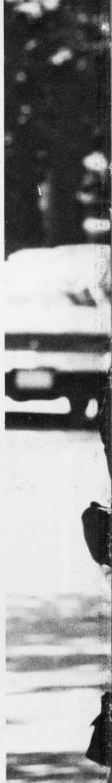

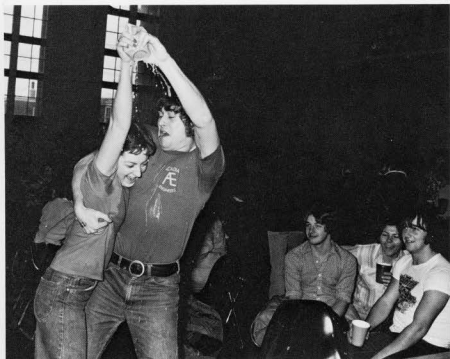

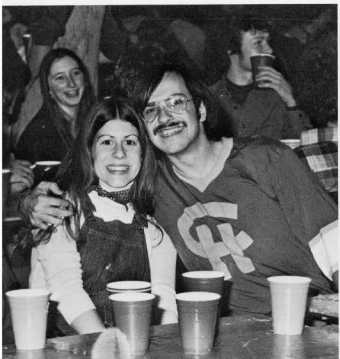

It's not the sun your tryin' to find  
Something else is on your mind  
You need a little space in time  
To breakaway —

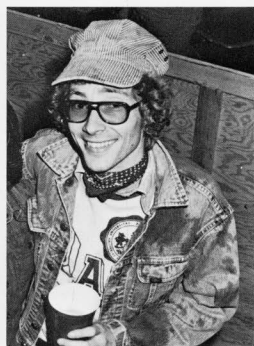

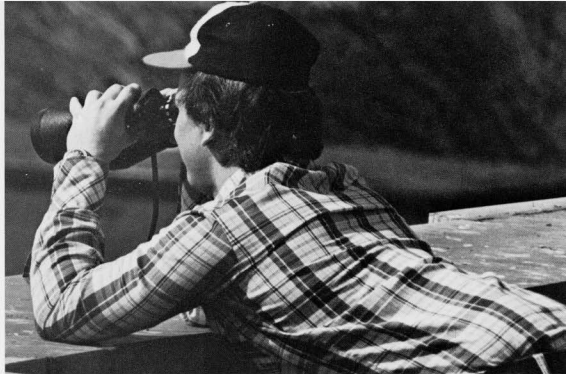

It's not the place your going to  
It's just a change your going through  
tho' I won't stop you I don't want you to  
Breakaway

Sometimes  
not often enough  
We reflect  
upon the good times

And those thoughts always  
seem to surround those we love.  
And I think about those people  
And what they mean to me  
And just how much I love them...

## **When you top off your education with a degree, you don't start off at the bottom with us.**

Your education deserves responsibility.  
We can give it to you.

With your degree, you can start right off with us as an Officer, a leader with responsibilities. We can help you add experience to your knowledge.

And if you have the courage, you can go as far as you want with us.

That's what your degree can do for you in the Canadian Forces. Together we can put your education to good use.

• Salaries are very attractive • Raises and promotion opportunities come regularly • Four weeks paid vacation annually • Many benefits ranging from free medical and dental care to a handsome pension plan

And by the way, if you don't have your degree yet, we can help you get it and pay you while you do.

An Officer's job is a far better alternative to an office job.

# Guess Who Didn't Transfer?

Someone in this picture (can you guess which one?) didn't have his account transferred to a more convenient bank location when he moved. Too bad he doesn't know how easy it is to arrange for account and even loan transfers.

And that the cost (no charge) is so moderate. If you see this person on campus, please give him the news.
