Ottawa, Feb. 25, 1910,

my dear little friend,

It would be a
great pleasure & a greater
pride for Lady Lunnier
& me, to have the
privilege of attending
your first concert, on
the 27th of March. It
so happens that we

must be better, at that
time, otherwise enjoyed.
But we will watch
the newspapers with
them interest, & we will
be glad to hear from
yourself, when it is
all over.

In the meantime,
we better send you across
the space, ~~in~~ the warmest
expression of our wishes
for a complete success.

Your sincere friend
Theophilus Amner
