A Message From The Chair

Dalhousie Theatre Productions is now in its seventh year, bringing you a mixture of classical and contemporary plays, hopefully served up in a challenging way. In these times of artistic retrenchment, it is increasingly important that we keep opening new doors for our students and our audience. This year we are presenting material ranging from the contemporary irreverence of CLOUD 9 to the re-examination of classical roles in SHAKESPEARE'S WOMEN, with two classics of the modern repertoire in between. We are presenting the excitement of all four streams of the department - Costume Studies, Acting, Technical Scenography and Theatre Studies - working in concert under the guidance of some of Canada's finest directors. And we are presenting an opportunity for you to see plays that go beyond the normal regional repertoire.

Without you, of course, none of this happens. So we are also inviting you to engage in a more active dialogue with us. Starting with HAPPY END, we will be presenting a series of departmental colloquia where audiences will be invited to interact with the various artists whose combined talents produce the work you see. We hope you will come and participate.

Welcome, then, to the 1989-90 season. We hope it both entertains and challenges you.

A Message From The Producer

Dear Patron,

When professional theatres select their seasons, their primary responsibility is to the audience. At Dalhousie Theatre Productions our responsibility is to our students. The stipulations below are the ones which we try to follow:

1. Male/Female ratio of returning students in the 2nd. and 3rd. year of the Acting Programme.
1990/91 3rd. years -- 5 females, 3 males
2nd. years -- 7 females, 10 males.
2. Budget.
3. Scenography/Costumes to choose at least two plays that prove a practical challenge for the needs of these students, e.g. period costume plays and technically complex productions.
4. Audience Development to encourage attendance by creating an eclectic season which includes both Comedy and Drama with a minimum of two choices suitable for high school audiences.
5. Content: must meet the requirements for the education of Acting students, introducing them to all forms of Dramatic expression. Modern and experimental work. Topical works.
6. Unfamiliar works: to choose plays that have not been commercially produced in the immediate area within the last 3 years.
7. Touring: in alternate years to choose a play that can be adapted for performance within the public school system. (40-50 minutes)
8. Plays which are included in the existing Dalhousie Curriculum.
9. To produce at least one play which by its nature might not be produced in the region by a commercial theatre.

Two of the above address the audience -- you. We would appreciate your giving us your comments on how successful we have been. Thank you.

Graduation Class - Acting

John Beale now tells people he's from Nova Scotia. This will mark his 17th year of being schooled and he's only 21 - doesn't leave time for much else, does it? He did appear in a lab production of *A MIDSUMMER NIGHT'S DREAM* as Demetrius, in *DARK OF THE MOON* as Mr. Summey, as a forest ranger in *LITTLE MARY SUNSHINE*, and as Mr. Trapland in *LOVE FOR LOVE*. He was also Looka in the Independent Student Production of *THE BEAR*. John spent the summer with the Ship's Company in Parrsboro, N.S., performing as Louis in *SISTERS*. He will soon be seen in an independently produced film, *ROOM AT THE BACK*. He returns to Dal for his final year.

Carol Cude, a native of Cape Breton Island, is returning for her final year in the Acting Programme. Her past credits for DTP include Mrs. Summey in *DARK OF THE MOON*, Gwendolyn in *LITTLE MARY SUNSHINE*, the Pageboy in *LOVE FOR LOVE* as well as Popova in the Independent Student Production of *THE BEAR*. This summer Carol played the part of Mary in the Chester Theatre Festival production of *VANITIES*. Her future plans include studying for a Masters in directing.

Shawn Isenor returns for his third and final year at Dalhousie. Born and raised outside Halifax, Shawn first got the acting bug in a grade three Christmas play. In his first year at Dal he played Lysander in a lab production of *A MIDSUMMER NIGHT'S DREAM*, going on to greater things in his second year when he appeared as Hank Gudger in *DARK OF THE MOON*, Tex in *LITTLE MARY SUNSHINE* and Sir Sampson Legend in *LOVE FOR LOVE*. Shawn hopes this year offers as many new opportunities as he has received in the past.

Christopher MacDonald returns to the Acting Programme for his final year. This summer Chris returned to his native Prince Edward Island where he played the villainous knight in the Confederation Centre's theatre for young audiences production of *MERLIN AND ARTHUR*.

Heather Nurnberg, a native Haligonian, spent this past summer in Newfoundland at the Stephenville Festival, where she played Louise in Tom Gallant's STEP DANCE. At Dalhousie her roles have included Hermia in the lab production of A MIDSUMMER NIGHT'S DREAM, Mrs. Bergen in DARK OF THE MOON, Dee Dee in THIRD & OAK: THE LAUNDROMAT (an Independent Student Production), and Mrs Frail in LOVE FOR LOVE.

Glynis Ranney, a native of Ontario, has enjoyed living in Halifax and Prince Edward Island for the past few years. She performed in Dalhousie Theatre Productions last year, including the roles of Margaret in DEAR BRUTUS and Mrs Foresight in LOVE FOR LOVE. As well, she has been involved with summer theatre on PEI, playing in Governor's Feast productions and the Charlottetown Festival Children's Theatre. This past summer Glynis was active in three productions at the King's Playhouse in Georgetown, PEI, including the premiere of the musical HARVEST MOON RISING.

Michael-Ann Rowe is a native of Moncton and has been on this earth for 26 years. Ever since she was just a little shorter than she is now, Michael-Ann has wanted to dance, sing or act, and maybe all three. Well, here she is in her final year in the Acting Programme and has had a chance to do all three. This year brings her even more of these challenges and she's all excited about them. She has played such roles as a beggar in THE CHRISTMAS CAROL SCROOGE, Estella in WALTZ OF THE TOREADORS, Hermia in the lab production of A MIDSUMMER NIGHT'S DREAM, Hattie/Witch in DARK OF THE MOON, and Blanche in LITTLE MARY SUNSHINE. One of her latest, greatest experiences was working on a Broadway Revue called NEW FACES in the Summer Musical Theatre programme at Dalhousie.

Linda Smilestone is a native of Halifax. Her awareness of what theatre should be, of the need for important messages to be conveyed through this medium, and of the need to separate the important from the trivial, took root in Israel where she lived and studied for six years. Linda's stage appearances at Dal include DEAR BRUTUS as Mrs. Coade, LITTLE MARY SUNSHINE as one of the Young Ladies from Eastchester Finishing School, and LOVE FOR LOVE as the Nurse. She participated in Dalhousie's first Summer Musical Theatre programme. She feels indebted to the education received at Dalhousie and hopes for the opportunity to put it to good use. Above all, Linda believes that rules were made to be broken, if they are broken in honesty, good faith and humour. "Tis Age that Nourisheth".

Stephen Szewczok stems from the Isle of Cape Breton. He is very happy to be in his third year and looks forward to a challenging season. In his first year at Dalhousie he was fortunate enough to work on *THE HOSTAGE* as a musician, and in *ROMEO AND JULIET* in the role of Balthasar. He may be remembered as Uncle Smelicue in last season's *DARK OF THE MOON*, Fleetfoot in *LITTLE MARY SUNSHINE* and Jeremy in *LOVE FOR LOVE*. Stephen has worked the past three summers with Festival on the Bay, performing in such shows as *FIDDLER ON THE ROOF*, *OLIVER* and *GODSPELL* as well as playing Rick Stedman in *THE NERD*. This past summer with the Festival he performed as Rooster in *ANNIE*, and in a number of successful cabarets.

Kiersten Tough is a native of Halifax. She returns to Dal and her final year of the Acting Programme after working in Chester this summer where she appeared as Kathy in the Chester Theatre Festival production of *VANITIES*. Her film work includes *LIFE CLASSES* and CBC TV's *HERO OF THE FAMILY*. At Dal, Kiersten has appeared as Titania in the lab production of *A MIDSUMMER NIGHT'S DREAM*, Lady Caroline in *DEAR BRUTUS*, Mabel in the musical *LITTLE MARY SUNSHINE*, and Greeny Gorman in *DARK OF THE MOON*.

Technical Scenography

Douglas Russell Betts, originally from Edmonton, has been finding it harder each year to leave Nova Scotia. Doug has returned for his 3rd year of Technical Scenography after spending the summer in Chester as the Technical Director for the Chester Theatre Festival. His DTP technical credits include *ROMEO AND JULIET*, *THE BONDS OF INTEREST*, *DEAR BRUTUS*, *DARK OF THE MOON*, *LITTLE MARY SUNSHINE* and *LOVE FOR LOVE*.

Daniel Crowley returns to Dal for his third year in Technical Scenography after spending the summer at the Lighthouse Festival Theatre in Port Dover, Ontario as a Production Assistant and Apprentice Stage Manager. Daniel stage-managed DTP's *DEAR BRUTUS* and *LITTLE MARY SUNSHINE* last season, and was an ASM on *THE BONDS OF INTEREST* the previous year. He also stage managed last year's Independent Student Production, and was a stage manager at this year's Nova Scotia High School Drama Festival. Rumour has it Daniel is a stage management major. A former student of Russian, Daniel switched to Theatre two years ago to escape the concept of an alphabet having more than 26 letters.

Denise Dolliver, a native of Nova Scotia, returns to Dalhousie for the final year as a Technical Scenography student, majoring in stage management. Her past stage management credits at Dal include THE HOUSE OF BERNARDA ALBA, THE HOSTAGE and THE BONDS OF INTEREST. She has also worked as a stage manager for the past three years with the Nova Scotia High School Drama Festival. This year she will stage manage THE DINING ROOM and SHAKESPEARE'S WOMEN for Dalhousie Theatre Productions. Denise's future plans are to stage manage for opera, and finally put to good use the eight years of piano lessons her mother paid for.

Ken Wiebe, originally from Toronto, has been involved in technical theatre for the past six years, after deciding that the life of a heavy metal musician wasn't worth the effort. From his humble beginnings as a lighting board operator with the Characters Incorporated Story Theatre troupe, he has scraped his way up to lighting the Independent Student Productions of THE BEAR and THIRD & OAK: THE LAUNDROMAT. Upon graduating this year, Ken hopes to find a job in a theatre close to a ski resort.

Special Topics Directing

Morgan Douglas feels returning to school has been a wonderful experience. She is currently completing her honours year in Theatre, with special topics in directing and musical theatre. She is directing THE WOOLGATHERER as her main project, and assists R.H. Thomson on HAPPY END and Patrick Christopher on SHAKESPEARE'S WOMEN. Having worked in the theatre in Calgary, Morgan returned to Nova Scotia in 1984. Last year she worked on several CBC radio dramas, as well as commercial work and some summer stock theatre. This summer she took the Summer Musical Theatre programme with Alan Lund and Howard Cable.

Martha Hancock is currently completing her honours year in Theatre, with a special topic in Directing. This year she is assistant director for two mainstage productions at Dalhousie and is also mounting a workshop production of her own. As a King's student she has been heavily involved with the King's College Theatrical Society where she directed THE KOMAGATA MARU INCIDENT and THE SHADOW BOX. Last year Martha also directed Queen Elizabeth High School students in a production of TONGUES for the Nova Scotia High School Drama Festival.

A Note From The Director

It has been a privilege to work with the second and third year acting students on this challenging piece of theatre. Shakespeare is always an exciting author to interpret, and in this new form he is even more complex and fascinating.

We have been working on the complexities of poetic prose and verse throughout the past two years, and this production gives us the much needed opportunity to test our skills in performance. Our exploration process has included watching video productions of the plays, devouring books, sound and movement exercises, textual analysis, and a thorough study of the R.S.C.'s "Playing Shakespeare". Our Voice and Speech instructor, Kim Collins, has been doing in-depth work with the students, and we have all shared the experience of trying to communicate the ambiguities and intricacies of the greatest of all dramatists. Our discoveries have been simple and basic and we are truly looking forward to sharing them with you, our audience.

Once again we have been provided with wonderful scenography and costumes which can only enhance our work. Our "measure of success" is to continue to ask creative questions, only to discover that the answers are more creative questions, and that the search is never-ending. We share some of our questions with you, and send our best wishes with the graduating students, as they enter the professional world of asking questions.

Patrick Christopher, Director of Shakespeare's Women, is now in his second year as head of the Acting Programme. During the past 12 months he has been actively involved in Radio Drama for the CBC, directing for the Chester Theatre Festival, teaching for Henson College's Summer Musical Theatre and becoming acquainted with the needs of the Dal theatre programme. After 24 years of professional involvement as an actor/director/teacher across Canada, Patrick is now committed to the exciting process of training young artists in a creative and productive atmosphere which will allow the living theatre to have a responsible voice in today's world. This is his third production for DTP.

Peter Perina worked as a designer at the Town Theatre in Ottawa upon emigrating to Canada from Czechoslovakia in 1968. In 1970 he joined the Drama Department at the University of Saskatchewan, and two years later became Assistant Professor in the Department of Theatre at Dalhousie, where he established the now nationally recognized Scenography programme. He was the only Canadian to exhibit at the Prague Quadrennial in 1987. He held the position of Chairman of the Department from 1980 to 1989. Mr. Perina has designed over one hundred productions for the stage.

Robert Doyle, Director of the Costume Studies programme, is one of Canada's outstanding costume designers. Now on permanent staff at Dalhousie University, he prefers to pass on to other generations the skills of the professional theatre costumer and fashion in what in 1974 was Canada's first and only full-time Costume Studies Programme here at Dalhousie University. Mr. Doyle was also responsible for creating the costumes for the restored Fortress of Louisbourg in Cape Breton, and has designed for most of Canada's major theatres, CBC television, and independent film companies.

Bruce MacLennan is the Lighting and Sound Technician for Dalhousie Theatre Department. Prior to working at Dal, he freelanced on various productions throughout the Maritimes. For DTP he has designed lighting for WAITING FOR THE PARADE, BONJOUR, LA, BONJOUR, THE HOSTAGE, DEAR BRUTUS, DARK OF THE MOON, LITTLE MARY SUNSHINE, LOVE FOR LOVE, CLOUD 9, HAPPY END and THE DINING ROOM. Recently Bruce designed lights for the 1989 Neptune Theatre production of B-Movie: The Play.

Theatre at Dalhousie University

The Theatre Studies Programme

Leading to B.A. Degree in Theatre, or to a B.A. Degree with Honours, the Theatre Studies Programme at Dalhousie is designed to provide its students with an overview of all aspects of the theatre. Classes are available in Theatre History, Performance, Playwriting, Theatre Criticism, Developmental Drama, Technical Theatre, Script Analysis, and the Modern Theatre. By a judicious selection of classes, students within this area may prepare themselves for a teaching career, for graduate studies in Theatre, Writing for the Theatre, or, by affiliating themselves with classes in other departments, use the experience of theatre to reinforce and develop the connections between the theatre and such other disciplines as psychology, sociology, history, literature, language, and recreation.

The Acting Programme

An intensive three-year programme of practical training and performance, taught entirely by professional theatre artists, and designed for the student who has declared an interest in pursuing a career in theatre. Following an introductory first-year course in Voice, Movement and Acting Exercises, the second and third year student undertakes three hours a day of practical training, including Scene Study, Acting Exercises, Voice and Text, Ballet, Jazz and Movement, and Singing. Courses in Stagecraft, Theatre History, and The Modern Theatre are also required. Third year students form the core of Dalhousie Theatre Productions' company, and are featured in all major productions. Second year students may appear in two or more major productions. Studio and Workshop productions provide additional opportunities for all. Enrollment in all years is strictly limited. To enter the programme, the student must pass an audition held yearly in May and September; to continue in the programme the student must demonstrate continuous growth in professional potential.

The Technical Scenography Programme

For the student interested in Scenography and/or Technical Scenography, the department offers classes in Theatre Organization and Stagecraft; Technical Scenography I and II which deal with the more complex problems of the preparation of theatre production in lighting, sound, construction, photography, and properties; and Scenography I and II which is designed to give students basic visual judgement and understanding of three-dimensional theatre space, perspectives, dynamics and composition, technical drawing and methods of executing constructionally a designed work. Students, as part of their training, are required to work on departmental productions. Students wishing to pur-

sue the scenography specialty are urged to make an appointment with the scenography professor before they register to ensure they plan their specific programme in line with their particular needs.

The Costume Studies Programme

This programme is designed for the student whose goal is the professional theatre. Over a three-year period students follow a careful course of studies designed to illustrate the link between design ideas and reality. Included in the two-year certificate course are classes in History of Costume and Decoration, Designers Language, Costume Accessories, Pattern Drafting, Sewing, Millinery, and Media. All students during their period of study are required to work on departmental productions as a means of gaining proficiency in garment assembly. The third year is reserved for those students who wish to pursue a career as theatre designers - their responsibilities will involve designing productions for the department under the close supervision of the Costume Studies faculty.

The Dalhousie Theatre Department offers different ways to study the theatre:

A B.A. in Theatre in

1. Acting
2. Technical Scenography
3. Theatre Studies

A Combined Honours Degree

**A Certificate or Diploma in
