Dear Colonel Balcom:

I have been deep in thought attempting to find appropriate words to tell you how pleased we are that the City of Halifax has designated a park to honor you, to let you know that its citizens hold you in highest respect, and to tell you that they are grateful for your unfailing interest in Civic matters over so many years. We who are close to you know of your special interest in the newly named "Balcom Square" and it is entirely suitable that in all the days in the future of the City of Halifax, this park should carry your name.

To all the many congratulatory messages you are now receiving, I want to add one from the Management and Staff of Balcom-Chittick Limited-Lawton's Drug Stores Limited. We have particular pleasure in knowing that one of the founders of this firm is again being recognized for his many contributions to his City and, with all the people of Halifax, we too want to say "Thank You". Because of you, Halifax is a better City.

Yours sincerely,

BALCOM-CHITTICK LIMITED
