Dear Mr. Warren:

The enclosed ^{copy of} check from Florence Eggers was sent in response to a telegram from Mrs. McAllister in line with your letter of November 9 and an attempt to bring in "another \$800" before the end of the year.

Unfortunately the check was received only today as it had been forwarded to Elisabeth in Switzerland on December 26, did not reach there (air mail) before she left in early January, and was returned from Zurich surface mail. The question is, can it be considered a 1973 contribution? I spoke with Mrs. Eggers and she is, I believe, claiming it as a contribution during December 1973. Can we also?

Yours sincerely,

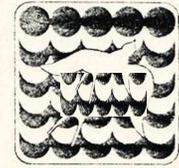

Jean Muller

Dear Peter:

I'm glad to see from Ecologist, May 1974 (the most recent we have received), that Kenneth Barlow still finds the IOI Reports a useful source of "information for survival" (Four items out of thirteen). We shall continue to send them to him.

However, seeing Barlow's page - and certainly not wanting to take away his thunder - led me to wonder whether you would even be interested to publish the Reports as a whole. I am not "pushing" them, only "offering" them! We have, so far, prepared them bimonthly, and they were, for eight months, published in the California "glossy" Oceans magazine. That stopped a few months ago - it was unsatisfactory from both sides: delays in publication, large but geographically limited distribution, and not the kind of readers to be much interested in our sort of stuff. Now we have started to print and distribute ourselves on offset sheets.

I enclose a couple of samples to show the form so far (more recent ones are now being printed - but I think we have been mailing them to your office anyway). We report not only what we do, but also action by other "NGO's" such as the "Environmental Coalition on the Law of the Sea".

Interested to pursue the matter?

Best wishes,

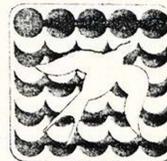

Sidney J. Holt

Gentlemen:

The International Ocean Institute takes pleasure in inviting you to attend Pacem in Maribus V, to be held in Malta from September 9 through 13, 1974.

As during the past four Convocations, we shall have the participation of distinguished statesmen and legal experts, industrialists, fishery experts, ocean scientists, ecologists, and students and junior civil servants, with a maximum interaction among these groups.

The Convocation will be presided over by H.E. Mr. H. Shirley Amerasinghe of the Republic of Sri Lanka who, as you know, is President of the U.N. Conference on the Law of the Sea. Sir Anthony Mamo, Governor-General of Malta, will be the Honorary Chairman. The inauguration will take place on September 9 at 8:00 p.m. at the Corinthia Palace Hotel.

The Convocation will deal with two major topics:

1. An assessment of the results of the Caracas session of the U.N. Conference on the Law of the Sea, with special emphasis on
 - a. The implications of the Economic Zone concept for the development of an international ocean regime, and
 - b. The prospects for arms control and disarmament in the oceans. This topic will be introduced by Mrs. Alva Myrdal of Sweden on the afternoon of September 13. Her presentation will be followed by a report by Dr. N. K. Panikkar of India on the Indian Ocean as a Zone of Peace, and by general discussion.
2. The development of the living resources of the Mediterranean. This topic will be introduced by Dr. Sidney Holt, Director of the IOI.

Dear Sirs,

The International Ocean Institute takes pleasure in inviting you to attend Pacem in Maribus IV, to be held in Malta from June 23 to 26, 1973.

As during the past three Convocations, we will have the participation of distinguished statesmen and legal experts, industrialists, fishery experts, ocean scientists, ecologists, and students and junior civil servants, with a maximum interaction among these groups.

The Convocation will be preceded this year by a special conference on Marine Parks in the Mediterranean to be held in Naples and vicinity from June 18 to 22.

Enclosed you will find:

1. Program and agenda for Pacem in Maribus IV,
2. Program and agenda for the conference on Marine Parks (please note that both programs are provisional and may undergo minor changes), and
3. Registration form for either or both events, with a return envelope. Please return this to us at your earliest convenience.

We very much hope that you will be able to take part in these deliberations and shall be happy to answer any questions you may have.

With all good wishes,

Sincerely yours,

Elisabeth Mann Borgese
