Mr. Thomas H. Raddall,
Liverpool, N. S.

Dear Mr. Raddall:

RE: THE GOVERNOR'S LADY

There are a number of people in Canada who are unable to read conventionally due to blindness or some other disability such as paralysis. This letter is to request your permission for the issuance of a talking book edition of THE GOVERNOR'S LADY.

The book will be recorded on cassette and made available only to handicapped people. Your favourable consideration of this request would be very much appreciated.

With all best wishes, I am,

Yours sincerely,

(Miss) I. J. Schmidt,
Assistant Cataloguer.
