LAST ISSUE OF THE YEAR

FROM THE EDITOR

Well, the snowball of our academic year has been building up for the past eight months and soon its all going to hit target with the final exams and projects we have all come to love so dearly within our hearts (boy can I lay it on thick).

I'm sure that for some, this year has been a real trial in a lot of ways. I only hope that although the DISPATCH was obviously not a big part of your life, it did in some small way contribute to your year by letting you know just a little about what was going on with the Student Union and various Dalhousie organizations and individuals.

There were some important changes this year with the DISPATCH when compared to other years. For one thing, Julie Lewis as Communications Chair and I as Editor tried to keep to the true established goal of the DISPATCH, namely presenting the students of Dalhousie with information about the Dal Student Union and giving Dal societies or organizations a place to advertise to the university population FREE of charge. We also kept the issues running regularly every two weeks so that you could depend on our being there to inform you. This was especially important during the strike when there was always some confusion as to what was really going on.

Alas, we are but mortals and so are not perfect by any means. There are things that can obviously be improved in the future concerning the DISPATCH. It is of the utmost importance, however, that you are satisfied. The DISPATCH is a service for you and in order to keep up to our responsibility, we must know how you feel about the DISPATCH. Any comments, suggestions for improvements or any communication from the student body is central to working towards the best the DISPATCH can offer.

For our last issue, I would like to wish you all the best in the future and good luck on the completion of your year. Take note that the position of DISPATCH editor along with several other Student Union positions, is open for next year, so if you are interested on continuing the tradition, please look into applying. Thankyou Dalhousie for allowing me to do my part, however small, and have an enjoyable, productive and safe summer.

DISPATCH Editor

HONOUR AWARDS

The Student Union makes annual awards to graduating students on the basis of outstanding contributions made to student activities during their career on campus. Only graduating students at Dalhousie shall be eligible for any award, except that the Committee may award Honourary Gold or Silver "D" 's where it considers that exceptional service to the student community has been rendered by a non-student who otherwise could not be so recognized.

Candidates must have been, during their time on campus, active in one or more facets of student activity such as student council, orientation, theatre, sports, various committees, clubs and societies and so on.

Anything that can be seen as an original contribution by the candidate in the areas of creative thinking, organization, etc., shall be considered positively by the Committee.

The Committee will consider candidates and make the following awards where the committee deems such to be appropriate:

- (a) Malcolm Honour Award
- (b) The Gold "D"
- (c) The Silver "D"
- (d) The Certificatees of Distinction

Students who have already received an award from the Student Union shall still be eligible to receive further awards.

If you know someone you feel is in line for one of the honour awards, take note of the following points:

1. Any two students may nominate a third student for an award and must submit a completed nomination form and questionnaire to the Chair of the Committee.
2. The Committee may, if it desires, request any student who has nominated another student to appear before it in support of his or her nomination.
3. Applications must be received at the Office of the Vice President, Dalhousie Student Union, Room 222 of the student union building, before 4:30 p.m. on Thur. April 10, 1989.

There are a number of individuals out there that deserve the kind of recognition these awards give, so don't hesitate to do them this service in return for service they have offered the student body at Dalhousie.

Little

Typhoid

Mary

Dalhousie Theatre Productions

Little Typhoid Mary

LITTLE TYPHOID MARY is a Third Year Performance Workshop. From the pens of David Overton and John Arnold, who gave us the recent box office hit TAKE TWELVE at Neptune Theatre. A LITTLE TYPHOID MARY is a one-act "sketch for a musical" based on the life of Mary Mallon, the mythical typhoid carrier. Mallon allegedly transmitted the disease while working as a cook in a series of wealthy homes in the northeastern United States in the early part of the century. Whether she was ever aware of her condition or

not is uncertain, however, we can guarantee you a lively evening of music and lyrics as only Overton and Arnold can bring us.

A LITTLE TYPHOID MARY is being workshopped by members of the third year performance class under the direction of Jennifer Hogan. It is being presented in Studio one of the Dalhousie Arts Centre on April 6 & 7 at 8:00 p.m. Admission is FREE but as seating is limited, it is advisable that you call 424-2233 to reserve a seat. Hope to see you there !

DSU POSITIONS OPEN

Applications are now being accepted for the following 1989-90 DSU positions:

Treasurer

Vice-President Academic

Vice-President External

Chairperson

Board of Governors (1 appointed)

Community Affairs Coordinator
