Caledonia,
January, 17, 1947.

Dear Mr. Raddall;

The ladies of our
Institute are writing a History of
Central and West Caledonia.

Have you any data on the early
settlers that you could let me
have?

I am specifically interested in
the discovery and operation of
the ^{whiteburn} gold mines. Other members
are working on other sections, and
family histories.

I would appreciate any help
you can give me.

May I also add that I am a
great admirer of your work. Altho'
I have not read your last book
I enjoyed your discussion over the
radio, and hope to read the
book in the near future.

Yours truly,

Mrs. Maxine Smith.
