Dr. A. E. Kerr

A five-year \$16,100,000 expansion programme for the University was announced by President Kerr at Convocation Exercises in May.

The programme to 1966 will enable the University to accommodate a full-time enrolment of 3500 students—55 per cent increase over 1961-62 and more than twice the University's 1958-59 enrolment.

Capital requirements for new construction total \$10,100,000; non-capital needs of an urgent nature total \$6,000,000.

Unveiling of the five-year programme follows more than a year's careful study of the University's overall needs by the Board of Governors, the Senate, and members of the faculty and administrative staff. "The estimate of total costs is a careful and considerate one and includes no provision for extravagances of any kind", Dr. Kerr said.

The larger part of the finances required for the University's expansion programme will be sought through a public appeal, international in scope. Objective

**\$16,100,000
Expansion Programme
for the University
Announced by President**

of the campaign, which is now in the planning stage, will be announced in the near future. Almost certainly, it will be among the largest ever sought by a Canadian university.

Business, finance and industry will be asked to join with alumni and other loyal friends of the University in making the appeal a success.

In his announcement, Dr. Kerr stressed the importance of providing for non-capital needs as well as for physical expansion to meet the rapid growth in student numbers. Provision is being made in the total programme for 100 new full-time professors within the five-year period.

In the University's capital expansion, highest priority is being given to increased students' residence facilities, a new Medical School Building and a new Law School Building. Other projects include an extension of the Macdonald Memorial Library, an additional wing to the Arts and Administration Building, an additional wing to the Science Building, and student recreational buildings including a Students' Union Building and a swimming pool.

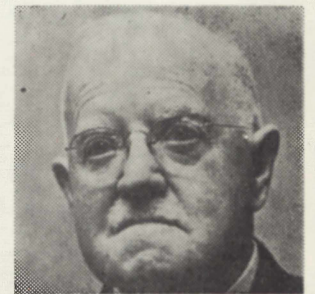

OUR HONORARY PRESIDENT

The Honorable John Doull, Honorary President of the Dalhousie Alumni Association, recently retired as Justice of the Supreme Court of Nova Scotia, having served on the bench since 1933.

Mr. Doull was born in New Glasgow and received his B.A. from Dalhousie in 1909 and his LL.B. in 1910. He was Town Solicitor for the town of Trenton, N. S. from 1914 to 1930 and Mayor of New Glasgow in 1925. He was elected to the Nova Scotia Legislature for Pictou in 1925 and again in 1928. He was made a member of the Executive Council without Portfolio in 1929, appointed Pro-

vincial Secretary in 1930 and was Attorney-General from 1931 until 1933.

Mr. Doull served many years on the Board of Governors of Dalhousie and has always been a most loyal and active member of the Alumni Association. Because of his many years of service to the University, the Association has conferred its highest honour upon him.

A Challenge for Dalhousie: The Five-Year Expansion Programme

More than a year of intensive study preceded President Kerr's recent announcement of a five-year \$16,100,000 expansion programme for Dalhousie.

During that time a special Committee of the Senate consisting of the President and Deans considered the basic needs of the University between 1961 and 1966 and carefully studied the recommendations of members of the Board of Governors, the Senate, faculty and administrative staff. As a result of the study, the Committee was able to determine the absolute minimum requirements that will be necessary if Dalhousie is to accommodate 3,500 students by 1966.

These requirements are clearly set forth in the following summary of the reports of the various faculties and departments.

FACULTY OF ARTS AND SCIENCE

Students: Enrolment is expected to reach 2,100 by 1965-66.

Faculty: In order to maintain and improve standards, within a five-year period the staff of the Faculty of Arts and Science ought to be increased to include approximately 132 full-time professors and lecturers, with adequate secretarial and stenographic services.

Buildings: The following additions will be required to enable the faculty to serve a student body of 2100, assuming that a new medical science building and a new law school building are built:

- (a) a wing to the Chemistry Building having regard to requirements of the Faculty of Graduate Studies; and
- (b) space for offices for approximately 45 additional professors. This assumes the continued use of the space on the second floor of the Men's Residence (Old), so-called. If use of this space is discontinued, provision of alternate space for the Departments of Psychology and English, now housed there, will require the provision of approximately 30 additional rooms, having regard for the special needs of Psychology (laboratories and testing rooms) and rooms for graduate students.

Expenditures: The Faculty Budget, based on current estimates and allowing only for modest salary adjustments within the present scale, will approach \$1,900,000 per year by 1965-66. To increase salaries to the median levels proposed in the March 1961 Report of the Salary Committee of the Dalhousie Faculty Association would cost an additional \$300,000 or thereabouts.

Recommendation I. That a wing be added to the Arts and Administration Building to provide forty-five additional offices and seminar rooms with necessary modifications of the present building.

Recommendation II. That the present law building, when a new law building is completed, be used in the most effective manner for Arts and Science or administration.

Recommendation III. That a wing be added to the Chemistry Building having regard to graduate study requirements.

Recommendation IV. That the Arts and Science faculty be increased to one hundred and thirty-two, taking into account the Faculty of Graduate Studies.

FACULTY OF LAW

Students: Enrolment is expected to reach 200 by 1965-66. 118

Faculty: To maintain and improve teaching standards and methods and develop the curriculum to keep pace with the increasing complexity of law, it will be necessary to increase the full-time faculty from the present eight to at least eleven during the five year period. If there is a moderate increase of post-graduate education and the expected increase in enrolment occurs, thirteen will be required.

Library: There are now about 32,000 volumes, and volumes must be added at the rate of about 2,500 a year to meet requirements for instruction and research.

Building: There is now room for a maximum of (a) eight faculty offices; (b) one hundred students in the Library Reading Room; (c) shelving for 32,000 volumes; (d) fifty students in the only classroom; (e) twenty students in the only seminar room. Work space for present secretarial and library staff is cramped. Additional space must be provided immediately if the work of the Faculty is to progress. A consulting architect has advised that the necessary space can best be provided by erecting a new building.

Expenditures: The Law School budget, with a full-time faculty of eleven with salaries at the median levels proposed in the March 1961 Report of the Salary Committee of the Dalhousie Faculty Association, and including estimated increases in operational costs will approximate \$267,000 in 1965-66.

Recommendation I. That a new building be constructed to house the Faculty of Law to accommodate 200 students initially but so designed as to be readily expandable.

Recommendation II. That the Law Library continue to be improved.

Recommendation III. That the full-time faculty be increased to eleven with adequate secretarial and stenographic services.

Recommendation IV. That during the latter part of the five year period, the full-time faculty be increased to twelve or thirteen if the estimated enrolment is reached or if there is an increased program of graduate work.

FACULTY OF MEDICINE

The report of the Faculty of Medicine on the requirements for the five-year period 1961 to 1965 described the present facilities and the inter-relations of the Faculty with other faculties and organizations. Eight distinct functions of the Faculty in undergraduate, graduate and post-graduate education were listed, indicating the linkage between this Faculty and the Faculties of Dentistry, Graduate Studies, Arts and Science, Health Professions and the affiliated hospitals.

Students: Present facilities were designed for fifty medical and ten dental students in the first year class, but the enrolment is

now sixty-three in medicine and fifteen in dentistry. Plans are based on an increase to seventy-five in medicine and twenty-five in dentistry, in the five-year period. An increased enrolment of undergraduate and graduate students of the health professions (pharmacy, nursing and physiotherapy) is also expected.

Faculty: To provide for the increased enrolment and for medical research and graduate education, the staff of the pre-clinical departments should be increased by twelve, and the clinical departments by five full-time and ten part-time. Facilities should provide for twelve additional medical research associates and post-doctoral fellows supported by research agencies.

Buildings: The present facilities in the pre-clinical departments are grossly inadequate. Clinical facilities are being enlarged in the affiliated hospitals. The Medical-Dental Library building is inadequate. Practically no research facilities are available for the clinical departments.

Expenditures: Apart from capital requirements for buildings, it is anticipated that the annual budget should be increased by approximately \$300,000 in the five-year period to permit half of the increase in the pre-clinical and clinical staff to cover the associated increases in other services, and to permit higher salaries for the present staff. The University should continue its efforts to obtain increased grants from the Federal and Provincial Governments to finance this increase.

Recommendation I. That a new Medical Sciences Building be constructed to house the Departments of Anatomy, Microanatomy, Physiology, Biochemistry, and Pharmacology.

Recommendation II. That the Library facilities of the Medical and Dental Libraries be enlarged.

Recommendation III. That the Public Health Clinic building be remodelled to provide teaching and research facilities for the clinical departments.

FACULTY OF HEALTH PROFESSIONS

The Board of Governors and Senate have approved the establishment of a Faculty of Health Professions to correlate the existing programme and plan for future programmes in pharmacy, nursing, physiotherapy and occupational therapy and other fields of professional education relating to human health.

Recommendation I. That adequate provision be made for the housing of the Faculty of Health Professions in the present Medical Sciences Building and, if necessary, the Forrest Building when the Faculty of Medicine obtains a new building.

Recommendation II. That the University request financial assistance from governments for this Faculty.

FACULTY OF DENTISTRY

Students: Enrolment cannot exceed 100 dental students, and approximately 24 dental hygienists by 1965-66, due to physical accommodation. This number is not adequate for the Atlantic region.

Faculty: To meet the needs of the Faculty, and the requirements for accreditation, an additional nine staff members are required, including a librarian and an administrative assistant to the Dean (Faculty Secretary).

Building: (a) Although Office and Research Laboratory space is at a premium, a physical expansion within the five-year period is not visualized. Within the decade, physical expansion will be

essential, but only possible with much more substantial assistance from governments than in the past.

(b) Additional space is now required for the Dental Library, which in time should be housed within the Dentistry Building.

(c) Additional space for Dentistry and Dental Hygiene is urgently needed in the basic science departments of the faculty and this should be borne in mind when planning new facilities.

Expenditures: Approximately \$25,000 will be required by 1962-63 for air turbine equipment.

Recommendation I. That plans for expansion of the Medical-Dental Library facilities make provision, at least on a temporary basis, for the needs of Dentistry.

Recommendation II. That provision be made for the needs of Dentistry in the basic science facilities of the new Medical School building.

FACULTY OF GRADUATE STUDIES

Students: Over the period of the plan three factors are combining to produce a phase of rapid expansion in the Faculty of Graduate Studies. The percentage of an expanding undergraduate body electing to take higher degrees is increasing; Dalhousie is taking on a responsibility to provide graduate education to students from other universities in the Atlantic Provinces; the concentration of research institutions in the Halifax area is growing. The plans of the Faculty are based on the estimate that student enrolment will rise from 100 graduate students in 1961-1962 to 300 in 1965-1966.

Faculty: To ensure adequate instruction in research and graduate studies a staff to student ratio of about one to five is generally held to be desirable. At the end of the period of the plan, sixty professors will be needed for graduate students. Of these professors, the equivalent of 28 are to be drawn from the staffs of other faculties, and perhaps 22 may, by then, be supported by grants from external sources, leaving not less than ten appointments to be made in the regular way.

Buildings: Space for research and offices will be needed for an additional 200 students (graduate) and 24 professors. As a result, new space will be needed by the departments of Biology, Chemistry, and Geology in the Sciences. Cubicles, rooms and additional stack space will be required in the library. The Social Sciences, Psychology, the Humanities, and particularly English, will need extra space within their departmental areas.

Except for Geology, space for these needs is included in the building plans for Arts and Science.

Operating Costs: To meet the threefold expansion in enrolment, provision must be made for increases in staff, in scholarships, in library holdings and in research development funds. The increase in annual costs for these items by 1965-1966 is estimated to be \$589,000. This figure includes the salaries of additional appointments, on the assumption that the salary levels that have been projected for 1965 are reached. It is anticipated that a substantial portion of these funds will be provided by fees and grants.

Recommendation I. That suitable provision be made for the needs of research and graduate students in the new medical building and law building, and in the additions to the arts and administration, chemistry and library buildings.

Recommendation II. That efforts be begun and continued to obtain grants from governments and foundations to meet the rapidly expanding costs of operating the Faculty.

Recommendation III. That efforts be begun and continued to obtain funds from governments and foundations to meet the costs of an adequate scholarship program.

Recommendation IV. That fees be raised in 1962 for all regular students in the Faculty and to reach \$500 by 1965-66.

UNIVERSITY LIBRARY

Staff: The Report of the University Librarian concerning the needs of the Macdonald Library from 1961 to 1965 requests substantial increase in salaries over the period. Eleven new positions, two of which are professional, are requested.

Books and Periodicals: With respect to books and periodicals, an increase in the budget is stipulated in the Report of \$51,000 by 1964-65. In a later appendix to the Report, presented after the estimates for the Faculty of Arts and Science were tabled, the revised estimated total book and periodical budget for 1965-66 was placed at \$100,000.

Building: After stressing the inadequacy of existing Library facilities, the Report requests that a new Library structure be erected east of the present Chemistry building.

Equipment: The Report points out that the capital expenditures for the new library quarters should include the installation of new equipment. The Report requests immediate acquisition of additional furniture for the Morse Room and the Reference Reading Room, three microfilm readers, and one planetary type microfilm camera.

In conclusion the University Librarian stresses that the needs presented by him "must be considered minimal if Dalhousie hopes to support its existing programme of studies and expects to attract research to its campus".

Recommendation I. That a wing be added to the Macdonald Library Building to contain 31,000 square feet.

Recommendation II. That the budget for books, journals, binding, etc., including material for graduate research, be increased to \$80,000 by 1965-66.

Recommendation III. That eleven new positions be added to the library staff.

UNIVERSITY RESIDENCES

With the addition already planned for Shirreff Hall, the University will have residence accommodation for approximately 225 women (including 10 in the graduate house) and for 157 men.

Having regard to the number of applicants for residence accommodation over and above space presently available, the need for more accommodation is pressing.

Recommendation I. That before the end of the five year period, additional accommodation be provided for approximately 125 women, bringing the total women's residence accommodation to approximately 350.

Recommendation II. That residence accommodation for men be doubled to accommodate approximately 300 men students.

Recommendation III. That these projects should be undertaken while the present Federal Government policies are in effect, whereby approximately 90 per cent of construction costs can be obtained under the National Housing Act.

Recommendation IV. That an attempt be made to operate residences as nearly as possible on a break-even basis, including reasonable charges for amortization of new capital invested.

STUDENT RECREATIONAL FACILITIES

There is general agreement that facilities at Dalhousie for student recreation should be enlarged and improved. There is an immediate need for building space suitable for social activities and for indoor aquatic sports, including swimming and diving.

Recommendation I. That early action be taken to provide a Students' Union Building.

Recommendation II. That early action be taken to provide an indoor swimming pool.

INSTITUTE OF PUBLIC AFFAIRS

Dalhousie University established its Institute of Public Affairs twenty-five years ago. Its functions include research, publication, conference and training, and adult education in the public affairs field, the scope of which was defined to include particularly the public administrative branches, with special attention to the municipal, and industrial relations. Integration of the work of the Institute with that of the faculties has not been effectively accomplished. As a matter of future policy, a research institute should not be set up until integration with a teaching department has been agreed upon.

Staff: The authorized full-time staff of the Institute now consists of a Director, Assistant Director, Research Associate, and an Industrial Relations Associate. On part-time are a Municipal Research Consultant and a Librarian. Projected during the next five years are a full-time Municipal Associate and a Research Assistant or Technical Worker.

Building Space: The Institute now occupies space in the Arts and Administration Building. Its needs should be taken into account in any enlargement and addition of that building or reallocation of other space.

Recommendation I. That the present grant of \$25,000 per year to the Institute of Public Affairs be continued.

Recommendation II. That the increase in staff requested in the submission by the Institute be made, subject to the necessary funds being obtained from sources other than University funds.

Recommendation III. That a committee be appointed to consider the establishment of closer relations between the Institute and teaching departments and Faculties of the University.

INSTITUTE OF OCEANOGRAPHY

The Oceanographic Institute has now been in operation for three years, supported by a block term grant of \$90,000 per year from the National Research Council. Dalhousie provides the Director of the Institute and the necessary space for offices, seminar rooms, laboratories, etc. Application is being made for an increase in the grant over the next three-year period, and this will be considered at the March 1962 meeting of the National Research Council. In addition, the Institute is currently in receipt of an annual grant in the amount of \$15,000 from the Defence Research Board. A total of 18 rooms is requested in the 1960 Report of the Director. However, some of this space will be provided by the cooperating departments and some further space may be available in the Bedford establishment and the Forrest Building.

Recommendation. That as the activities of the Institute increase, consideration be given to

(1) provision of a Director who will not also be required to administer a major University Department, although he ought to be a member of one, and

(2) provision of additional space for offices, seminar rooms, stores, and specialized laboratories.

EXTENSION COURSES

There is evident an increasing demand in the community for extension courses for which credit is given toward a degree. A serious attempt to satisfy this demand should be made.

Recommendation I. That an extension program be developed by the University.

Recommendation II. That Senate make a careful study of extension organization of other universities, ascertaining, among other things, the function of a Director of Extension and the methods used to integrate extension work with other academic work.

MUSIC AND FINE ARTS

It is believed that the University should avail itself of any useful means to strengthen its educational program in music and fine arts. In doing so, experience has shown that there should be adherence to the following principles:

(a) If Dalhousie is to grant degrees in Music and Fine Arts, this ought to be done in cooperation, by way of affiliation or otherwise, with good institutions dealing with the practical aspects of these subjects.

(b) In any future affiliation there ought to be an assurance that the University will have effective control of the curricula and that a realistic proportion of the courses leading to degrees either in Music or Fine Arts will be given by the University.

Recommendation. That the nature of Dalhousie's participation in Music and Fine Arts education, including the possibility of affiliation with other institutions, be the subject of immediate consideration by a joint committee of the Board of Governors and Senate of the University.

ART GALLERY

During the past few years the Art Gallery has been used to bring exhibitions of works of art before the students and staff of Dalhousie, and it has sponsored lectures on art. The exhibitions and lectures have also been open to the alumni and to the general public. Many of these exhibitions and most of the lectures have come from the National Gallery of Canada by virtue of membership in the Maritime Art Association. In addition, prominent Nova Scotian artists have been asked to exhibit their work and each year there has been an opportunity for students, staff and alumni to exhibit.

This programme was organized by a committee of the Faculty of Arts and Science and is now administered by the Art Gallery Committee of Senate.

Recommendation. That if and when an affiliation with another art educational institution is arranged, the operation of

the Art Gallery be reviewed, and in the meantime its operation be continued very much as at present, that is to say, largely on a voluntary basis as an extra-curricular contribution to the general life of the University.

BUSINESS OFFICE

The growth of the University during the past fifteen years in faculty, staff, student attendance, buildings and projects has resulted in taxing the senior staff and the equipment in the Business Office to the limit. The three units of accounting equipment are under continuous usage and are becoming inefficient in production and operation. Two of the units are about worn out and within five to ten years the third one will be in the same condition. Steps should be taken to provide increased efficiency immediately and to meet satisfactorily the needs of continuing growth of the University.

Recommendation I. That a senior staff member be employed promptly to assist the Business Manager and the Accountant with their administrative duties.

Recommendation II. That within the next one or two years new accounting equipment be obtained to replace two of the units now in use.

OFFICE OF THE REGISTRAR

The demands upon the office of the Registrar at registration and for information throughout the session will continue to increase each year for some time. Senior staff are not now able to keep up with the flow of work in normal working hours.

Recommendation I. That in the office of the Registrar (a) the staff be made adequate to meet the normal operations and to provide for a continuity in senior positions; (b) the staff be increased at peak periods of work to process information and records; and (c) there be greater participation of academic staff as counsellors to students.

Recommendation II. That equipment and procedures in the Office of the Registrar be modernized.

PUBLICITY AND PUBLIC RELATIONS

The following recommendation is made having in mind (1) the growth of the University and its activities since the end of World War II, the present extent of its operations and the further increase that is assumed in this Report, (2) the importance of keeping the University and its work before the community through the press and other news agencies, (3) the desirability of taking advantage for the benefit of the University of national and other important conventions and meetings held in Halifax, (4) the detailed attention that should be given to visitors at the time of the Spring Convocation and throughout the year, (5) the time required by numerous other matters belonging to what is commonly known as "public relations", and (6) the need for an ambitious programme of publicity before a campaign for funds is launched.

Recommendation. That the University engage a Publicity and Public Relations Officer on a full-time basis at a salary that will attract a well-qualified person.

ALUMNI OFFICE

1. *Alumni Population*: By 1965-66 the number of known alumni should equal approximately 9,600.
2. *Alumni Branches*: By 1965-66 all areas that have sufficient numbers to warrant alumni branches should be organized. This will give a total of 23 branches.
3. *Alumni Records*: The present system of records is inadequate since it does not permit the efficient segregation of alumni according to class year or degree received. In order to correct this deficiency, a new Addressograph machine with automatic selector is needed. Along with the mailing and listing machine, a plate making machine should be acquired so that Addressograph plates can be made out in the office instead of being sent downtown as at present.
4. *Staff*: By 1965-66 the office staff, which presently consists of a Records Secretary and a Stenographer, should be enlarged so that the work of the office can be divided as follows:
 - Records Secretary — to be responsible for the keeping of all records and for operating the Addressograph machine.
 - Bookkeeper-Cashier — to account for all receipts and maintain records on Campaign and Annual Giving Programme contributions.
 - Stenographer — to do regular stenographic duties and assist the Records Secretary.

Recommendation I. That immediate consideration be given to furnishing the Alumni Office with an automatic selector Addressograph machine and plate making machine.

Recommendation II. That before 1965-66 the Alumni Office staff consist of (1) a Records Secretary, (2) a Bookkeeper-Cashier and (3) a Stenographer.

ACQUISITION OF NEW PROPERTY

Most of the land now owned by the University will be required for the new buildings proposed in this report. Need for future expansion and relocation of athletic fields is foreseeable. Acquisition of land adjoining and adjacent to the University grounds is desirable.

Recommendation I. That the University continue its present policy of acquiring property on University Avenue and elsewhere in the vicinity of the campus.

Recommendation II. That the City of Halifax be requested to extend the zoning regulations now applying to University Avenue to include property located on the west side of LeMarchant Street from Coburg Road to South Street.

A NOTE TO OUR READERS

Because of the length of the above report, which we felt should be printed in its entirety, a number of shorter articles have been dropped from this issue of "The News". We will be printing these in the next issue which should reach you by early fall.—Ed.

JULY 1962

VALUABLE SCHOLARSHIPS AWARDED LAW SCHOOL GRADUATES

Four members of the 1962 graduating class of Dalhousie Law School have been awarded valuable post-graduate scholarships. Recent announcements from the University have reported the following awards:

Lawrence J. Hayes, B.A., LL.B., Halifax, a member of the graduating class of Dalhousie Law School has been awarded a Postgraduate Research Scholarship by Harvard University Law School for 1962-63. The value of the award is \$3400. He will be a candidate for a Master of Laws degree.

Award of the Carswell-Sweet and Maxwell Scholarship for 1962 to Innis McLeod Christie, B.A., LL.B., Amherst, N. S.; is announced by the selection committee. He is a member of the graduating class at Dalhousie Law School. The scholarship is tenable at the University of Cambridge for postgraduate study in Anglo-Canadian Law and is open to competition by graduates of all Canadian law schools. He has elected to do his work in public law. The value of the scholarship is \$2,000 plus cost of return travel from Canada to England.

Award of a Mackenzie King Memorial Scholarship for 1962-63 to Paul Brian Nicholas Flemming, B.Sc., LL.B., Halifax, a member of the Dalhousie Law School 1962 graduating class, is announced by the Board of Scholarship Trustees. Valued at \$2000, the purpose of the Scholarship, established in the will of the late Right Honourable W. L. Mackenzie King, is to enable graduates of a Canadian university to engage in post-graduate studies in the field of international relations either in the United States or the United Kingdom. Mr. Flemming will do advanced study in international law at the University of London.

Peter Alison Outhit, B.A., LL.B., Halifax, a graduate of Dalhousie University Law School in 1962, has been granted a post graduate scholarship by the Law Institute of the Americas. The scholarship is valued at over \$1500, and is for study in Comparative Commercial Law at Southern Methodist University, Dallas, Texas. He will be a candidate for the degree of Master of Comparative Law.

FIRST HONORARY DEGREE CONFERRED

The newspapers of 1892 report that for the first time in the history of Dalhousie University, honorary degrees were awarded at the annual Convocation Exercises held at the Academy of Music (Capitol Theatre) on April 26th.

The candidates recommended were Very Rev. Principal George M. Grant; Sir John S. D. Thompson, K.C.M.G., Alexander H. MacKay, B.A., Edwin J. Gilpin, M.A., F.G.S., Inspector of Mines. The first two were not present. (Sir John Thompson was then Minister of Justice in the Dominion Cabinet, and Dr. MacKay had just been promoted from the staff of Halifax Academy to be Superintendent of Education).

Another "first" in that Convocation 70 years ago was scored by a native Haligonian, Miss Agnes S. Baxter, B.A., who was the first lady in the long history of the University to win an M.A. degree.

On that day, 20 graduates received Bachelor of Laws degrees and 19 received B.A. degrees. There were six graduates in Medicine, one Bachelor of Science and one Bachelor of Letters.

J. B. Martin, Dartmouth, N. S.

The photo top left shows some of the "new" and "old" alumni enjoying themselves at the Homecoming Ball. The other two candid shots were taken at the Annual Meeting in the Men's Residence.

Successful Year For Alumni Association Reported At Annual Meeting in May

Convocation Week at Dalhousie, which is always a busy time on campus, was particularly busy for the Alumni Association this year. Along with the usual buffet supper and annual meeting, this year's programme was enlarged to encompass the Alumni Homecoming.

The Homecoming, tried on an experimental basis, achieved some measure of success, but not nearly the measure originally envisaged by the planning committee. While the various social affairs were fairly well attended, the number of out-of-town alumni taking part fell considerably short of original expectations. In spite of the disappointing response from out-of-town alumni, the Alumni Executive has profitted from the experiment and is satisfied with the interest shown in the various social functions.

THE ANNUAL MEETING

The annual meeting of the Association was held on May 15 in the Men's Residence with 140 alumni in attendance. The business meeting was preceded by an informal buffet supper which was greatly enjoyed by all present.

During the meeting Mrs. D. K. Murray, First Vice-President and Chairman of the Women's Division reported that a total of \$742.67 was realized by the Division at the Annual Tea and Sale. Reports were also presented by Bruce Irwin, Director of Alumni Affairs; John Moore, Treasurer; and Dr. C. M. Bethune, President of the Dalhousie Medical Alumni Association.

In his report, President Aaron Zive covered the highlights of the past year. He reported that a new high of 2113 paid-up memberships had been achieved and that an annual giving programme had been developed but was being held in abeyance because of University plans for an expansion programme.

President Zive also reported on the student projects undertaken by the Association during the year. These were the After-Game Dances in the fall and the subsidization of symphony tickets for students, both of which were very successful and well patronized by the undergraduates. He also reported on the formation of three new branches during the year and on the enthusiastic programmes being undertaken by the various local branches.

The President also covered the progress being made toward the establishment of the Dalhousie Club, administrative changes that have facilitated a more efficient control of Association funds, the proposed re-drafting of the Constitution and the work of the Scholarship Committee, which is investigating the possibility of using alumni funds to provide scholarships for Dalhousie students.

Following the presentation of his report, the President called on Donald McInnes, Chairman of the Board of Governors, who tendered regrets from Dr. Kerr who was unable to be present because of the Graduation Banquet being held that night. Mr. McInnes told the meeting, that the next five years will be years of challenge for the University and urged alumni to give their wholehearted support to Dalhousie in her endeavours.

One of the touching moments of the meeting was the presentation of a silver tray to Miss Helen Reynolds for all the many kindnesses she has bestowed upon the Association during the years of her tenure of office at Shirreff Hall. Miss Reynolds who is leaving Dalhousie this year for a position at McGill, accepted the gift from the Association most graciously.

Mrs. E. C. Harris reported on the progress being made toward the establishment of an Alumni-Faculty House to be known as the Dalhousie Club. She told the meeting that everything was in order to proceed as soon as a suitable house was acquired. The meeting, on motion, authorized the Club Committee to incorporate, acquire and operate a Dalhousie Club in cooperation with a similar committee from the Faculty Association.

The Hon. E. T. Parker then rose to nominate the Hon. John Doull to the office of Honorary President for the coming year. Dr. D. C. Harvey seconded the nomination which was passed unanimously by the meeting.

Mrs. H. T. Creighton, reporting for the Scrutineers, announced the results of the election, which were as follows: President, Carmen Moir; First Vice-President, Miss Janet Sinclair; Second Vice-President, Dr. William Murray; Executive Members—Rev. Alex Farquhar, Nathan Green, Q.C.; Dr. Byron Reid, Mrs. H. L. Roper and Mrs. H. B. Ross. Elected Alumni Representatives on the Board of Governors were Donald K. Crowdis, Murray M. Rankin and Miss Dorothy Rhind.

Mr. Zive then turned control of the meeting over to the new President, Carmen Moir, who expressed his gratitude at having been chosen to fill the office for the coming year. Following the appointment of Professor E. C. Harris and W. D. Outhit, Q.C. as auditors for the year there being no further business, the meeting was adjourned.

THE BANQUET AND DANCE

The Homecoming Banquet was held in the Lord Nelson Hotel on May 16 and attended by 120 alumni and their guests. Informality was the order of the evening and while there was a Head Table, there were no speeches or guest speakers. Special guests for the evening, however, were the Hon. C. J. Burchell and Dr. Melville Cumming, both of the Class of '97.

The evening started with a reception in the hotel lounge which gave alumni an opportunity to circulate among their friends and new-found acquaintances. A string quartette provided suitable music for the reception and banquet, and also played a short concert after dinner.

Following the concert, the Homecoming Ball was held with Don Warner's Orchestra supplying the music. Members of the Class of '62 were invited to the Ball and a good representation of the "new" alumni were present. The Ball was an unqualified success and an excellent way to welcome the new graduates to the ranks of the Alumni Association.

ALUMNI DUES

for 1961 - 62

ARE NOW DUE!

Please send in your cheque
and be a

Member in Good Standing

Annual Membership \$3.00

Life Membership \$50.00

PIANO OR ORGAN NEEDED FOR FOUNDERS ROOM CHAPEL

When the Founder's Room and Chapel was opened in the Arts and Administration Building a small organ, which had been given to the University as a gift by one of our alumni, was placed in the room. This organ has since been transferred to the Chapel in the Men's Residence, where it is constantly used for religious services.

A piano or organ to take its place in the Founder's Room and Chapel is urgently needed. It has been suggested that some member of the Alumni might be interested in purchasing a piano or organ for the Chapel in the Arts Building.

For further details please write the Alumni Office, Dalhousie University, and we will be pleased to make the necessary arrangements.

News From The Branches

MONTREAL

The second annual meeting of the Montreal Branch of the Alumni Association was held in the Hotel de LaSalle on April 26 and over 90 people were in attendance. Branch president Ken Dauphinee presided at the meeting which took the form of a reception and buffet supper.

Guest speaker for the evening was Dr. Will R. Bird, author and humorist, who entertained the alumni with his amusing observations on "Who is a Canadian." In his speech he covered every province and made reference to the interesting people he has met in his travels. Dr. Bird was thanked on behalf of the alumni by Dr. H. S. Morton.

During the short business meeting that followed, the executive for the coming year was elected and installed in office. They are: President—Miss Suzanne Palmer; Vice-President—Howard Pye; Secretary—Jack Rowe; Executive Committee—Miss Dorothy McIntosh, Mrs. Jean Morgan, Mrs. Elka London, Wally Wright and Ken Dauphinee.

The new Executive has already started planning for next year's meeting and has set up a committee to discuss the branch activities and to formulate new ideas for the next meeting.

OTTAWA

The spring meeting of the Ottawa Branch of the Alumni Association was held in the beautiful new Ottawa City Hall on April 26. Guest of honor for the evening was Dr. A. E. Kerr, President of Dalhousie University.

Hosts for the evening were city aldermen, Mrs. Simon Webber and Jess Wentzell, both graduates of the Dalhousie Law School. Mrs. Webber is president of the Ottawa Branch of the Alumni Association and presided at the meeting.

During the evening, Dr. Kerr met members of the alumni in the main foyer, where dessert and coffee were served. Following the informal reception, Dr. Kerr spoke to the group and told them of the challenge that faces Dalhousie in the years ahead. He also explained the serious disadvantage the present system of calculating federal grants places on the Universities of Nova Scotia.

Dr. Kerr was accompanied on his visit by Alumni Director, Bruce Irwin, who spoke briefly to the alumni and thanked them for their continuing interest in the affairs of the University.

TORONTO

Dr. A. E. Kerr, President of Dalhousie University, was the guest speaker at the tenth annual meeting of the Toronto Branch of the Alumni Association held in the King Edward Hotel on April 27.

Prior to the banquet, alumni had an opportunity to welcome Dr. Kerr at a reception held in the hotel. J. Chisholm Lyons, president of the local branch presided at the meeting and proposed a Toast to the University to which Alumni Director Bruce Irwin responded.

Dr. Kerr was introduced to the meeting by the Rev. Dr. E. M. F. Howse and thanked by George Meagher. In his address, Dr. Kerr told the alumni about recent developments at Dalhousie and explained the need for a major expansion in university facilities within the very near future. Dr. Kerr also defended the number of universities in the Atlantic provinces and said that there is not nearly

Continued on page 10

the duplication that some critics suggest.

During the business meeting that followed the banquet, the report of the Nominating Committee was accepted and the following alumni were installed in office for the coming year:

President - George Meagher; Past President - Chisholm Lyons; 1st Vice-President - Stephen Sexton; 2nd Vice-President - Mrs. Sally Richter; Secretary-Treasurer - Purdy Crawford.

Members at Large: John Foster, Mrs. Frieda Pipe, Alexander MacIntosh, Kemp Morrison, Hugh Latimer, James Slaven and Marie Milton.

SAINT JOHN

Alumni from the Saint John area of New Brunswick spent an enjoyable evening in the Garrison Officers' Mess on May 4. The occasion was the second annual meeting of the local branch, attended by more than 75 members.

The party began with an informal reception followed by an attractive buffet supper which proved to be very popular.

Guest speaker for the evening was Dr. Guy MacLean, Associate Professor of History and Head of Residence at Dalhousie, who delivered an interesting and informative talk on "The Realities of Divided Germany". Dr. MacLean illustrated his talk with slides taken last summer on a trip by car behind the "Iron Curtain".

The Rev. Robert Mumford introduced the guest speaker and E. L. McElmon thanked him. Alumni Director Bruce Irwin, who accompanied Dr. MacLean, spoke on future plans for the University.

Dr. G. W. A. Keddy was elected President of the branch for the coming year, succeeding Dr. G. L. Ramsay who was chairman of the meeting.

William G. Lovatt and Miss Carolyn Page were re-elected Vice-Presidents, and other officers are: Secretary, Peter Darby; Assistant Secretary, Mrs. John Irving, and Treasurer, John Cook. Dr. G. R. Trask headed the Nominating Committee.

Following the business meeting, the newly-elected President, an accomplished pianist, entertained the members and played for a sing-song which was thoroughly enjoyed by all.

At the Saint John meeting—standing: Peter Darby, Dr. G. L. Ramsay, William Lovatt and John Cook. Seated: Dr. G. W. A. Keddy and Mrs. John Irving.

NEW YORK

One of the most delightful and pleasant social events of THE DALHOUSIE CLUB OF NEW YORK is its Annual Spring Party. The Party held this year on Wednesday, May 2nd., was no exception and, if anything, was more enjoyable than ever. As in the past few years, the affair which consists of a wonderful Buffet Supper and Cocktail Party, was held in the attractive and comfortable quarters of The Canadian Women's Club of New York in the Savoy Hilton Hotel, Fifth Avenue at 58th Street, New York City.

The arrangements for the Party were under the direction of the President, Mrs. Edward Corsi, ably assisted by the Party Committee, of which Mrs. Douglas S. Thompson was Chairman. Those serving on the Committee with Mrs. Thompson were Mrs. Tobias Beeber, Mrs. Harold Davis, Mrs. Howard C. Glube, Mrs. Perry M. Sachs, Mrs. Albert Sloane and Mrs. Samuel N. Rosenberg—all of whom are associate members and who, with others, have so efficiently and effectively provided for our parties during the past several years.

Our Party this year was honored by having as our special guests, Mr. Bruce G. Irwin, Director of Alumni Affairs, and Dr. and Mrs. David Ebeoglu. Dr. Ebeoglu, a nuclear scientist from Turkey, has been offered a position as assistant professor of physics at Dalhousie University. We were very happy to welcome these special guests who were in-

troduced to the gathering by the President, Mrs. Corsi.

Mr. Irwin, who had visited us before at our Annual Meeting in 1961 and is now very much at home in our Club, gave a short but most interesting informal talk. He brought us greetings from Dr. A. E. Kerr, President of the University, and from the Alumni Association at the University, and told us of his recent meetings with Dalhousie alumni groups in Ottawa and Toronto in the past week. He gave us a picture of the continuing growth at Dalhousie and envisaged the tremendous expansion planned in the University in the next ten years. A happy note was the assurance that while the student body is rapidly growing in quantity, the quality of scholarship is being maintained at a high level so that the scholarships won and awarded to Dalhousie students in the past year is comparable to any student body in Canada, and that Dalhousie still stands high in scholastic attainments amongst our sister universities in the burgeoning expansion in education taking place across the country from the Atlantic to the Pacific.

In addition to our special guests, the following were present: Mr. and Mrs. Frederick M. Baird (Bertha Woolaver); Dr. and Mrs. Seymour S. Balkin; Dr. and Mrs. Tobias Beeber; Mrs. Herbert M. Bradley (Mildred Lavers); Dr. and Mrs. Moe Brody and guests, Dr. and Mrs. Berg; Dr. and Mrs. Irving Chipkin; Mrs. Edward Corsi (Emma Gillies); Miss Jean Gertrude Cox and guest, Dr. Charles Bergman; Dr. and Mrs. Harold Davis;

Dr. and Mrs. J. Arthur Dawson (Christina Myrtle MacLean); Mr. and Mrs. Howard Charles Glube; Dr. and Mrs. Leo Green; Dr. and Mrs. Robert Levin; Mr. J. Ralph MacLean; Dr. Kenneth Sheldon MacLean; Dr. and Mrs. Roy Douglass McNutt (Janet Farquharson); Miss Isabel Macrae Metherall; Mrs. Orpha McNutt Rake; Miss Alice M. Randall; Mr. John Day Rathbun and guest, Miss Vera Mason; Dr. and Mrs. Samuel N. Rosenberg; Mr. and Mrs. Douglas Stewart Thompson; Dr. and Mrs. John Victor Tokosh; Dr. and Mrs. Perry Marsters Sachs; Dr. and Mrs. Albert Sloane; Mr. and Mrs. Henry M. Stoddard (Harriet Morrissey); and Dr. and Mrs. Robert D. Weitz.

Rev. Dr. John Sutherland Bonnell, our Honorary President, had advised us that he could not be with us on May 2nd., as he would be on a preaching mission in North Carolina on that date, and that Mrs. Bonnell was confined to hospital suffering from a broken hip. Dr. Anna C. Laing telephoned the Secretary during the Party that professional calls would prevent her coming as she had planned to do. The President received word that Mr. and Mrs. Ross McLeod and Mrs. McLeod's mother who had planned to attend were unable to come to the Party because of Mr. McLeod's serious illness occurring that day.

The Club members were saddened to learn of the death on April 23 of Mr. Frank Rogers Archibald (B.A. '09). Mr. Archibald died in Vancouver where he had resided since his retirement a few years ago. While he lived in New York he was a most faithful and enthusiastic member of the Dalhousie Club of New York, serving as Treasurer for several years and President in 1949. He was also a Director and first Treasurer of the Dalhousie University Foundation, Inc. His very friendly nature made him an excellent companion and endeared him to all our members.

KINGS-HANTS

A fair-sized delegation of Dalhousians from Kings and Hants attended the third annual meeting of the local branch which was held in the Paramount Hotel, Wolfville, on May 22. Branch President, Robert Dimock, of Windsor presided at the meeting which was preceded by a reception and buffet supper.

Guest speaker for the evening was Dr. H. B. S. Cooke, Associate Professor of Geology at Dalhousie. Dr. Cooke was

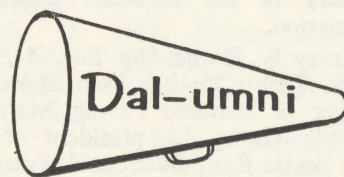

born and raised in South Africa and spoke to the meeting on "The African Revolution". In his talk he traced the development of Africa during the past several centuries and explained the reasons for some of the complex problems that arise in that country today. Dr. Cooke was introduced by Rod Fredericks and thanked on behalf of the alumni by Seymour Gordon.

The meeting was pleased to welcome several senior and distinguished Dalhousians who were present that evening, including Dr. R. A. MacLellan, M.D., C.M. '08, LL.D. '53, who was Honorary President of the branch in 1961-62; the Rev. Dr. G. R. McKean, Arts '00-'04, '05-'06, who was elected Honorary President for the coming year, and the Rev. Dr. D. A. Frame, B.A. '95, M.A. '97.

Also in attendance at the meeting were Mrs. Cooke, wife of the guest speaker, and Alumni Director, Bruce Irwin, who spoke briefly to the group on the future plans for expansion at the University.

During the business meeting the following were elected to office for the coming year:

President - Seymour Gordon, Wolfville; Vice-Presidents - Roderick G. Fredericks, Kingston; Judge H. B. Dickey, Q.C., Kentville; Mrs. Charles Parker, Waterville; Secretary-Treasurer - John Hills, Kentville. Elected Executive Members were—Rev. W. H. Thompson, Windsor; Rev. F. H. Guy, Hantsport, and D. J. C. Waterbury, Kentville.

Peter Walker, B.A. (K) '54, LL.B. '57, one of four Crown prosecutors in Calgary, has resigned from his position with the attorney-general's department. He has accepted a position with the legal department of Shell Oil in Calgary.

Major-General H. A. Sparling, Sp. Arts '31-'32, is one of three men named to the Ontario Police Commission. Their duties are to supervise law enforcement and observance as well as affairs of the Ontario Provincial Police.

Dr. Charles A. Roberts, B.Sc. '39, M.D., C.M. '43, has been appointed Chairman of the Scientific Planning

Council of the Canadian Mental Health Association. He is also scientific advisor to the National Board of Directors of the Association.

Donald McInnes, Q.C., B.A. '24, LL.B. '26, was named chairman of the board of directors of the Fairey Aviation Company of Canada, at a meeting held in Halifax in March.

Dr. A. L. Doucette, Sci. & Eng. '17-'19, recently retired head of the Calgary branch of the University of Alberta is being honored by having a new \$750,000 student union building named for him. It will be named the Doucette Memorial Union.

G. W. I. Creighton, B.A. '27, was elected a director of the Canadian Forestry Association at their last annual meeting. He is Nova Scotia's deputy minister of lands and forests.

Julius Forster, B.Sc. '35, retired navy commander, is now with the Commonwealth War Graves Commission in France. He has supervision over all the war graves from France to the Russian border, on a six-year term.

Dr. C. MacK. Blackwood, B.Sc. '50 has been appointed Chief of the Federal Department of Fisheries Inspection Branch for the Maritimes area. His headquarters will be in Halifax.

Peter A. Clarke, Dip. Eng. '57, senior work study analyst with Canadian National Railways in Moncton has been awarded an Athlone fellowship. He was chosen from hundreds of applicants and will spend two years of post-graduate study in the United Kingdom.

James A. Nesbitt, LL.B. '55, has been made a director of the Montreal Trust Company. In 1961 he was appointed Branch Manager of the St. John's, Newfoundland office. He is a member of the Bars of Newfoundland, Nova Scotia and New Brunswick.

Russell B. Webber, Sci' & Eng. '40-'43, has been appointed Sales Manager for L. E. Shaw, Limited. He is a graduate in Civil Engineering from the Nova Scotia Technical College.

Mrs. Jonas London (Elca Kaplansky) B.A. '51, has opened an art gallery at her home featuring the work of Maritime artists. She lives at 4120 Badgley Street, Montreal.

Dean Horace E. Read, LL.B. '24, is Chairman of the Educational Standards Committee, which is concerned with requirements for admission of lawyers from British Commonwealth countries to practise law in the provinces of Canada. The object is to maintain high standards of education and ethics, and other matters

of concern to lawyers throughout the country.

Eric D. Murray, B.A. '33, LL.B. '35, is the newly appointed provincial magistrate in Halifax City police court to succeed the late J. F. McManus. Mr. Murray has been practising in Halifax.

Miss Jean Begg, B.Com. '35, has become the first woman to hold the post of Bank Manager in the Maritime Provinces. She has been associated with the Bank of Nova Scotia since graduation, and is now manager of the Nova Scotia Hotel Branch in Halifax.

Dr. Mary C. MacKay, M.D. '60, is on the staff of Hall-Brooke Hospital in Newport, Mass. After July she will be in the Columbia Presbyterian Hospital, New York in the paediatric department.

Rev. A. J. Farquhar, B.A. '47, of Halifax is to go to Japan this summer as a member of a 12-man team of evangelists from seven North American churches. He will be the only Canadian in the party which is sponsored by the Inter Board Committee for Christian work in Japan.

Deno Pappas, LL.B. '57, has been appointed assistant city solicitor for the city of Saint John, where he has been practising since graduation.

Dr. F. R. Hayes, B.Sc. '26, M.Sc. '27, head of the department of Biology and director of the Oceanography Institute at Dalhousie has been re-appointed to a three-year term on the National Research Council.

Sol Samuels LL.B. '50, Q.C. (Federal), has been appointed director of the Advisory Section in the Justice Department at Ottawa.

Prof. J. R. McCormack, B.A. '48, M.A. '50, Ph.D. (Tor) '60, assistant professor of History at St. Mary's University has been awarded a senior Canada Council Fellowship valued at \$5,000. He will spend a sabbatical year in England pursuing post-doctoral studies at the British Museum and Bodleian Library, Oxford.

H. Ray Milner, LL.B. '10, has retired recently as president of two gas companies, the Western Natural Gas Company Ltd., of Calgary, and the Northwestern Utilities Ltd., of Edmonton.

Dr. Donald J. Mackenzie, M.D., C.M. '18, has retired after 36 years as director of Nova Scotia's public health laboratories. He was honored by a testimonial dinner and presentation by a hundred of his former and present associates.

Emanuel E. Laufer, B.Sc. '58, M.Sc. '60,

was made a new full member of the Virginia Chapter of Sigma Xi, national honorary scientific society, at the University of Virginia, in May.

Robert C. Barnstead, B.Sc. '35 is now vice-president of Smith Transport Limited a subsidiary of Canadian Pacific. For the past five years he has been manager of the Canadian Pacific's department of research.

George van Beek, B.Sc. '47, Dip. Eng. '47, is now President and General Manager of Roxalyn Paint Company, Toronto, a subsidiary of Courtaulds, England.

N. A. M. MacKenzie, B.A. '21, LL.B. '23, has been appointed to the Vancouver Advisory Board of Canada Permanent Toronto General Trust Company.

Roderick MacD. Black, LL.B. '50, has been appointed president and publisher of The News Sentinel Limited of Amherst succeeding his father, the late Percy Black who headed the company for 52 years. He is a member of the Halifax law firm of Walker, Dunlop and Black.

John A. H. Young, Com. '55-'59, is head of the syndicate department of the Toronto office of Bache & Company, international investors, bankers and brokers. He is editor of the Philatelic Society Journal.

Robert S. Smith, Eng. & pre-med. '42-'44, has been appointed vice-president and director of Oatway and Thompson Limited, general insurance, in Halifax.

Freeman K. Smith, B.A. '34, has received an honorary doctor of laws degree at the spring convocation of the University of Alberta. He is executive secretary of the Canadian Education Association.

Harvey W. Doane, Dip. Eng. '54, B.E. (N. S. Tech) '56, has been appointed manager of Standard Paving Maritime Limited. He is also president of the Nova Scotia Road Builders Association.

Dr. Florence Murray, M.D., C.M. '19, who has served 40 years in Korea as a medical missioner was honored recently at a buffet supper at the home of Mrs. F. R. MacAloney (Elsie Campbell), B.Mus. '19, by a group of former classmates and friends. She was presented with a gift by Dr. Roberta Nichols, B.A. '21, M.D., C.M. '25, on behalf of those present. Dr. Murray now officially retired, has been asked by the Mission to Lepers, an interdenominational and international organization to spend her next two years in one of their hospitals in Taegu, South Korea. She will return to Korea in August.

Donald H. Waller, Dip. Eng. '50, has been appointed Secretary of the Halifax Branch of the Engineering Institute of Canada. He is on the staff of the Nova Scotia Technical College.

Dr. D. F. Macdonald, M.D., C.M. '29 of Yarmouth was named president of the Nova Scotia Medical Society at their last annual meeting.

R. Lorne MacDougall, Q.C. '43 of Truro was re-elected president of the Colchester branch of the Canadian Mental Health Association, and Rev. J. H. Graven, B.A. '35, M.A. '36, was elected chairman of the Cobequid Mental Health Centre at the recent combined annual meeting.

Dr. W. Alan Curry, B.A. '05, M.D., C.M. (McGill) '09, was honored with a Senior Membership in the Canadian Medical Association at their annual meeting. He is former chief of surgery at Victoria General Hospital and Halifax Children's Hospital, and one time president of both Halifax and Provincial Medical Societies. Senior membership scrolls were also presented to Dr. M. G. Tompkins, M.D., C.M. '14, of Glace Bay, and Dr. G. A. Barss, M.D., C.M. '13 of Rose Bay, Lunenburg County.

Edward K. Wood, B.Com. '50 is serving with the RCAF with the rank of Squadron Leader in Clinton, Ontario, and prior to this appointment was in Vancouver. He is married and has two children, a son born in Vancouver in August, 1959, and a daughter born in Clinton, December 1960.

Dr. A. D. MacDonald, B.Sc. '45, M.Sc. '47, has been appointed professor in the department of Mathematics and head of the division of applied mathematics at Dalhousie University. A former professor of physics at Dalhousie, he left in 1960 to take charge of a new research laboratory of Sylvania, California, and has been residing at Palo Alto the last two years.

Miss Florence Wall, B.A. (Mt. St. V. '39) Dip. Ed. '40, M.A. (Col), has been appointed a delegate to the World Confederation of Organizers of the Teaching Profession, in Stockholm, Sweden. She is first vice-president of the Nova Scotia Teachers' Union, and a former president of the Halifax Teachers' Union.

Mrs. H. Terry Creighton (Rita Bailey), B.A. '27, M.A. '57, has been made a life member in the Archibald MacMechan Chapter of the I.O.D.E. in Halifax. She has been an active member of the Chapter

Continued on page 13

since its inception, and was instrumental in the founding of the Archibald Mac-Mechan Scholarship, which is the interest on a capital amount of \$5,000.

Dr. Walter E. Taylor, D.D.S. '32, of Saranac Lake, N. Y., has recently been named President of the Dental Society of the State of New York for the coming year. This Society is said to be the fourth largest Dental Association in the world with some twelve thousand Members.

Weddings

March, 1962, Mary Catherine Madeline Laplante of Moncton, N. B. to Alan B. Creaghan, LL.B. '59, of Newcastle, N. B.

April 23, 1962, Dorothy Louise Austin of Yarmouth, N. S. to Hugh Allan Farquhar, B.A. '60, of Halifax, N. S.

April 25, 1962, Carol Helen Cameron of Halifax, N. S. to Derek Alexander Liddell, Dip. of Engin. '60, of Halifax, N. S.

April 27, 1962, Sheila Elizabeth O'Connell, of Kingston, Ontario to Ronald James Simmons, B.Comm. '60, of Halifax, N. S.

April 28, 1962, Patricia Louise Curry of Shubenacadie, N. S. to Myron William Fenton, Comm. '55-'57, '59-'60, of Bedford, N. S.

April 28, 1962, Margaret Ann Shatton of Leamington to David B. Meynell, LL.B. '56, of Toronto, Ontario.

May 5, 1962, Bonita Mae Beazley of Miami, Florida to Peter Alison Outhit, B.A. '59, LL.B. '62, of Halifax, N. S.

May 5, 1962, Janet Annabelle Owen of Charlottetown, P.E.I. to Dr. Ian Omar Drysdale, M.D. '61, of Halifax, N. S.

May 11, 1962, Leslie Ann Cutler, Arts '57-'58, Science '58-'59, of Halifax to Rev. Richard E. Walsh, L.Th. '56-'57, of Saint John, N. B.

May 12, 1962, Barbara W. Bateman, Science '51-'53, Arts '53-'54, of Dartmouth, N. S. to Rev. D. B. Lennerton, B.A. '50, of Truro, N. S.

May 26, 1962, Carolyn Elizabeth Myers, Arts '59-'62, of Bedford, N. S. to Rev. John Charles Hilborn of Brantford, Ontario.

May 26, 1962, Linda Jane Whitlock of Dartmouth, N. S. to Ralph Douglas Scott, B.Comm. '60, of Dartmouth, N. S.

June 2, 1962, Valerie Ann MacCallum, B.Comm. '61, of Truro, N. S. to Wayne Robert Smith, B.A. '59, B. Com. '61, LL.B. '62, of Halifax, N. S.

June 2, 1962, Janet Elizabeth Doyle of Halifax, N. S. to John Jacob Leidl, Science '58-'61, of Prince George, B.C.

June 2, 1962, Joan Morton of Red Deer, Alberta to Laurence Elliott Bowes, LL.B. '57, of Dartmouth, N. S.

June 2, 1962, Caroline Ann Matheson, Jr. Dip. Educ. '58, of New Glasgow, N. S., to John Rae Aikman of Vancouver, B. C.

June 2, 1962, Joan Margaret Sheridan of Halifax to Granville Vincent Kelly, B.Ed. '62, of Halifax, N. S.

June 2, 1962, F/O Patricia Burns of Halifax to F/L Robert Morrow, Science '50-'52, Com. '52-'54, of Halifax, N. S.

June 2, 1962, Lorraine Elizabeth Kirby, B.A. '61, of Halifax to Peter Garfield Green, B.Comm. '61, of Halifax, N. S.

June 2, 1962, Penelope Joy Stanbury, Arts '58-'62, of Halifax to Lt. Harold Barry Andrew Russell of London, Ontario.

June 2, 1962, Heather Ellen Hebb, Sr. Dip. Ed. '62, of Halifax to Richard Hummer Kinley, Science '55-'60, Med. '60-'62, of Halifax, N. S.

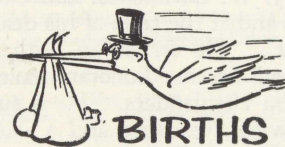

June 2, 1962, Mary Evangeline Hault, B.Sc. '57, of Halifax to John Robert Hanrahan of Halifax, N. S.

June 9, 1962, Bonita Louise Regan, B.A. '61, B.Ed. '62, of Halifax to Michael John Langtry Kirby, B.Sc. '61, M.A. '62, of Lachine, P.Q.

June 9, 1962, Nancy MacKay Crease, Sr. Dip. Ed. '62, of Halifax to Gavin Joseph Rainnie, B.Com. '61, of Mahone Bay, N. S.

June 16, 1962, Miriam Catherine MacLeod, of Sydney, N. S. to Rev. Donald Clare Ruggles, B.A. '58, of Weymouth, N. S.

June 16, 1962, Marilyn Balcom Schurman, B.Ed. '62, of Halifax to Peter Brian Corkum, Dip. Eng. '62, of Halifax, N. S.

To Mr. Laurie MacCallum Allison, B.A. '49, and Mrs. Allison at Sackville, N. B. on March 21, 1962, a son.

To Mr. John F. Armstrong, Comm. '52-'56, and Mrs. Armstrong at Halifax, N. S. on March 10, 1962, a daughter.

To Mr. Dennis Biggs and Mrs. Biggs

(Valerie Cato), B.A. '50, at Halifax, N. S., on March 18, 1962, a son.

To Mr. C. A. Cantley, B.Comm. '57 and Mrs. Cantley (Barbara Doull), B.A. '54, at Halifax, N. S. on March 13, 1962, a daughter.

To Mr. David Chaplin and Mrs. Chaplin (Joyce Whittier), B.A. '50, at Lewisburg, Pa., USA, on March 8, 1962, a son.

To Mr. Leonard Clarke, B.A. '58, B.Ed. '61, and Mrs. Clarke, at Halifax, N. S. on April 22, 1962, a daughter.

To Rev. Robert Coote, L.Th. '57-'59, and Mrs. Coote, at Halifax, N. S. on April 10, 1962, a daughter.

To Dr. Gerald Davis, M.D., C.M. '49, and Mrs. Davis, at Halifax, N. S. on March 19, 1962, a daughter.

To Mr. John Gordon Dawson, Dip. Eng. '55, and Mrs. Dawson at Calgary, Alberta, on March 25, 1962, a son.

To Dr. William Dennis, M.D. '61, and Mrs. Dennis, at Moncton, N. B., on March 6, 1962, a daughter.

To Lieutenant J. D. Douglas and Mrs. Douglas (Jane Lindsay Bennet) B.Ed. '57, at Northampton, England, on April, 1962, a son.

To Mr. David Dunlop, Arts '56-'58, and Mrs. Dunlop (Virginia Worth) P.H.N. '60, at Halifax, N. S., on March 29, 1962, a son.

To Mr. William C. Firth, B.Comm. '54, and Mrs. Firth, at Toronto, Ontario on Jan. 23, 1962, a daughter.

To Dr. Wilmur F. Fraser, B.Sc. '34, and Mrs. Fraser, at Montreal, P.Q., on April 19, 1962, a son.

To Mr. Stephen Harper, LL.B. '58, and Mrs. Harper, (Anne Thompson) B.A. '56, at Halifax, N. S., on March 15, 1962, a son.

To Mr. J. Bernal Sawyer, B.A. '49, Dip. Ed. '50, B.Ed. '52, and Mrs. Sawyer at Halifax, N. S., on May 20, 1962, a daughter.

To Dr. Robert S. Grant, B.Sc. '44, M.D., C.M. '48, and Mrs. Grant (Kay

Harrison) B.A. '45, on May 29, 1962, a daughter.

To Mr. S. P. Chisholm, LL.B. '50, and Mrs. Chisholm, at Halifax, N. S. on May 22, 1962, a daughter.

To Mr. Paul Flinn, Comm. '53-'54, '55-'56, and Mrs. Flinn at Halifax, N. S. on June 3, 1962, a daughter.

To Dr. Nordeau Goodman, B.Sc. '40, M.Sc. '46, and Mrs. Goodman, at Halifax, N. S. on June 4, 1962, a son.

To Mr. Dexter Kaulbach, Dip. Eng. '56, and Mrs. Kaulbach, at Halifax, N. S., on May 27, 1962, a daughter.

To Dr. Charles J. MacDonald, M.D., C.M. '53, and Mrs. MacDonald at Halifax, N. S., on May 21, 1962, a daughter.

To Mr. John R. Nichols, B.A. '55, LL.B. '57, and Mrs. Nichols, (Kathleen Houghton) at Digby, N. S. on June 4, 1962, a son.

To Mr. Robert H. Nichols, B.A. '62 and Mrs. Nichols, at Halifax, N. S., on June 5, 1962, a daughter.

To Mr. Lester John Page, Engin. '44-'49, and Mrs. Page (Elizabeth W. Robertson) B.A. '53, at Halifax, N. S., on June 1, 1962, a son.

To Mr. G. David Thomas, B.Sc. '57, and Mrs. Thomas at Edmonton, Alberta, on May 30, 1962, a son.

To Mr. Robert Weld, Dip. Eng. '59, and Mrs. Weld (Heather MacDonald) Jr. Dip. Educ. '61, at Halifax, N. S., on June 1, 1962, a son.

In Memoriam

Donald Carmichael Sinclair, Q.C., B.A. '09, LL.B. '11, died at his home in New Glasgow, March 24, at the age of 73. Except for a few years of law practice in Halifax, most of his life was spent in New Glasgow. In addition to his law practice he was associated with the family firm of J. W. Carmichael and Company Limited, and at the time of his death was president. He served in both World Wars, and became honorary colonel of the Pictou Highlanders. He is survived by his wife, two sons and a daughter, two of whom are Dalhousians.

Rev. Woodrow LeVatte, B.A. '44 (K), an R.C.N. chaplain, died in Victoria, B.C., March 27, at the age of 42. A native of Sydney, he served in parishes in the Halifax area before joining the Navy. For the last 18 months he served as chaplain at HMCS Naden in Victoria.

Senator John A. McDonald (Law '16-'17), B.A. (Acad.) died April 16 in Halifax after a lengthy illness. He served as Nova Scotia agriculture minister for two decades before his appointment to the Senate.

Dwight S. Wickwire, '03-'07, Sci. & Eng., died in Yarmouth, April 19, after illness of a year. He was born in Milford, N. S. in 1883, and after completing studies at Dalhousie he worked in New Brunswick and Ontario in railway construction. He went to Yarmouth in 1921 as Town Engineer, retiring in 1954.

Frank R. Archibald, B.A. '09, died in Vancouver April 22. Born in Minnesota, he came to Halifax at an early age where he was educated. Most of his life was spent in New York, but since retirement had lived in Vancouver.

Dr. R. W. L. Earle, M.D., C.M. '03, died in Perth, N. B. in March. He was born in Hampton, N. B., but spent most of his life in Perth where he practised until his retirement some years ago. He was at one time president of the New Brunswick Medical Council.

Donald Hugh Currie, B.Sc. '61, died suddenly as a result of an automobile collision April 30. He was 26 years old and was studying for his master of science degree at Dalhousie.

Herbert Cramm, B.A. '34, died February 5 at Gander, Newfoundland, at the age of 55. A native of Newfoundland, he spent some time in teaching in that Province before his appointment as Director of Child Welfare. This position he held for 10 years, and then resigned from it in order to resume teaching. At the time of his death he was principal of Gander Academy.

Dr. John A. M. Murdoch, M.D., C.M. '11, died December 27, 1961 at La Canada, California. He was born in Sherbrooke, N. S. and graduated from Truro Academy before coming to Dalhousie in 1906. Most of his practice was in Ontario, but since retiring had been living in California.

J. Bertram Hayes, OBE, B.Sc. '13, died in Halifax May 21, after a short illness, at the age of 70. A native of Springhill, N. S., he received his education there, and later at Mount Allison, Dalhousie and the N. S. Technical College. He served three years in the First World War, and for service with the ARP in Halifax during the Second World War he received the Order of the British Empire. He held managerial positions with companies in the United States and Jamaica returning to Nova Scotia in 1929 on appointment as manager of the Nova

Scotia Light and Power Company. He is survived by his wife the former Alice Hunter, B.A. '23, two daughters, one of whom is Leslie Ann, (Mrs. Bruce Keddy) B.A. '50, and a son Dr. Kempton Hayes, M.D. '62. Dr. F. R. Hayes, Head of the Department of Biology at Dalhousie University is a brother.

Evan MacKenzie Forbes, Q.C., LL.B. 12, died in Edmonton May 20 at the age of 73. He was born in North Sydney, and after a year in practice at Kentville, moved to Glace Bay where most of his life was spent. At one time he was mayor of that town and for several years stipendiary magistrate, retiring in 1960. Since then he lived in Edmonton. He is survived by his wife a daughter and son Hugh, LL.B. '40 of Edmonton.

Miss Sarah Dand Fraser, Arts 1901-'02, died in Victoria, British Columbia, May 3, after a brief illness. She was born in New Glasgow, Pictou County, but for the past several years lived in Victoria, returning for frequent visits to her native county. She is survived by her sister, Mrs. W. G. Wilson (Annie C Fraser) Arts '97-'98 in Victoria, and a brother Alistair Fraser, B.A. '06, LL.B. '09, LL.D. '48, a former Lieutenant Governor of Nova Scotia.

Miss Mary Elizabeth MacKenzie, B.A. '06, died in Vancouver in May. Born at Flat River, Prince Edward Island she graduated from Prince of Wales College before coming to Dalhousie. She taught for some years in Vancouver, and later was Warden of Victoria College, McGill University. Since retirement she lived in Vancouver.

The following notices have been received recently at the Alumni Office, and have not been previously published in the NEWS.

Dr. Joseph Houle, D.D.S. '36, died July 15, 1961 at the age of 49. He was born at Nicolet, Quebec, and for the last several years had lived at Drummondville.

Mrs. Percy J. Shaw, B.A. '96, M.A. '97, the former Mary Alexander McKay died in the Fall of 1961. She was a native of Halifax, but since her marriage had made her home in Berwick, N. S.

Miss Mabel F. Kingdon, Arts '98-'99, died at her home in Wolfville, January, 1961. For many years she lived in Boston, Mass., but of late years had lived in Wolfville.

Clarence Gordon Dickie, B.A. '06, a native of Truro, died in the Spring of

1962. He was a former employee of the Royal Bank of Canada, for a number of years at Head Office, Montreal.

Ross D. Campbell, Arts '03-'04, died at his home in Dartmouth in February. For many years he was a chemist with the Imperial Oil Company.

Murray Elliott, LL.B. '06, died in Middleton early in the Spring. He was born in Middleton and for many years conducted his law practice in his native town.

OUR NEW ALUMNI PRESIDENT

Carmen F. Moir, President of the Dalhousie Alumni Association, is Assistant Superintendent of Schools in Dartmouth and a former Dalhousie professor.

Born in Dartmouth, he received his early education there before coming to Dalhousie where he received his B.Sc. in 1950 and Diploma of Education in 1951. In 1953 he received his B.Ed. from Dalhousie and was awarded an M.A. by Columbia University in 1957.

Prior to his coming to Dalhousie as assistant professor in the Department of Education, Mr. Moir taught high school in Lockeport, N. S. and Tower Road School, Halifax. He is Past President of the Maritime Guidance Association, Treasurer of the Dartmouth Museum Society, Chairman of the Advisory Board of the Stevens Road Baptist Church, and a member of the Canadian College of Teachers—N.S.T.U. and C.A.P.E.

Mr. Moir has written many articles on education for newspapers and magazines and wrote Biology and Physics Lab. Books used by Grades XI and XII in the Nova Scotia Schools. He joined the Executive of the Alumni Association in 1953 and has maintained an active interest since, holding office as Membership Secretary, Second Vice-President and this year, President. He is married, has three sons and resides at 36 Raymoor Drive, Dartmouth.

Alumni Furnish Seven Additional Rooms in Mens Residence and Shirreff Hall

Since the last issue of the Alumni News, five more rooms have been furnished in the Men's Residence by Dalhousie Alumni. This brings the total number of rooms furnished in the Residence by alumni and friends of Dalhousie to twenty-three.

In addition to the rooms in the Men's Residence, two rooms will be furnished in the new extension to Shirreff Hall in memory of Beth Moir Leslie, for many years a most active and beloved member of the Dalhousie Club of New York. It is noteworthy that members of the Club donated the funds for the furnishing of the two rooms even before the construction of the extension has been started.

The four rooms furnished in the Men's Residence will have plaques bearing the following information:

Furnished by
Harry Oxorn, M.D. '45

Furnished in Memory of
Professor "Archie" MacMechan
By two who owe him much
John Barnett, B.A. '05, LL.B. '07
Blanche E. (Murphy) Barnett, B.A. '06

Furnished in Memory of
Joseph Anselm Clark
by his daughter
Ruth Iris Clark Padgett,
B.A. '35, M.A. '36

Furnished in Memory of
Professor Ebenezer Mackay
By Harold S. Davis
Mary Davidson Davis

Furnished in Memory of
Professor Archibald MacMechan, Ph.D.
Master of the Written Word
by H. H. Blois, B.A. '03

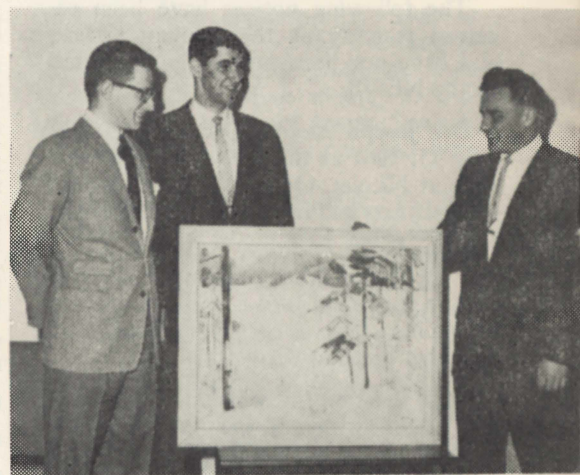

Alumni or friends of Dalhousie may furnish rooms in the Men's Residence or Shirreff Hall in their own names or in memory of a friend or relation. To furnish a room in either the Men's Residence or Shirreff Hall, send \$300 to Dalhousie University, c/o The Alumni Office. Be sure to include the exact wording that you wish to have appear on the plaque which will be placed on the door of the room you have furnished. The University will send you a receipt for the gift which may be used for income tax purposes.

STUDENTS GIVE PAINTING TO MEN'S RESIDENCE

Students in the Men's Residence during the 1961-62 term have presented a beautiful oil painting to the University. The painting, which cost \$150.00, will be hung in the Residence and will be a valuable addition to the decorations of the new building.

Funds for the painting were contributed by the resident students and the painting was purchased by the Residence Art Committee. Such a gift, given by the men in appreciation of the Residence, clearly shows the mature attitude of today's students.

The Alumni News takes pleasure in publicly offering a vote of thanks to the Art Committee and the students who so generously contributed to this worthwhile project.

Members of the Student Art Committee are shown examining the \$150 oil painting given to the Men's Residence by the 1961-62 resident students.
