I like the idea of offering Kelly the story.

The fire can it be set for insurance purposes. Anne sets it. Alphonsic.
Borrom himself.

Alphonsic + Clara to Lawrence one!

What does Borrom want from Anne
What makes their relationship special.

Borrom needs to feel. As he is
helping people. - he has an enormous
ego. - needs to be seen as a well loved
individual. His ice private
life is very cold - he cares little
for his wife and family & spends
as much time away from them
as possible.

Anne's attractive and by dress attracts
him. He is the kindest woman

Sunday.

his mother was - the kind he should
have married.

Bertram is lonely. + Anne is so
delighted by her new life. It clears
him up - he likes her personality -
besides his own daughter's had more
of it. At first May sees on likes
her or fire!

Anne is however being too merry
for the young sister Lizzy. She
betrays her - Madame de Merteuil's
daughter only 12 - Clara looks
up to Anne - though Clara Anne
begins to see the underside of
life at the man. She is introduced
to Mrs. de Merteuil's daughter
+ the Zep who looks after them
also Mphinstat Leger de Lesur
there spreading presence

both try to escape towards Anne

Anne releases the animals in
Tweelkil Night. - at Bertram's
suggestion - the breeding scene
happens.

Clea running away.

leads to overabundance + death

twined. Anne releases she is
trapped not freed by
Bertram.

at the twined she is held Sec?
from going the whole but
is the most possible way.

Anne produces something new for
Europa - heart broken that Bertram
'has taken the time'
