THE GROWING FAMILY OF COMMUNITY DRUG STORES

And every store is owned by a pharmacist

THE ASSOCIATE CONCEPT

There are Shoppers Drug Mart stores in every province of Canada and in several of the United States. Each one is owned by a Pharmacist/Owner, known as the Associate.

This arrangement offers the benefits of both an independent business and a large chain operation. As an owner, the Associate is highly motivated to develop the business potential of his or her store, with the freedom to purchase, hire, and administer. As part of a national organi-

zation, the Associate has the benefits of financial backing, national advertising, bulk purchasing professional store design, management guidelines and staff training.

This Pharmacist/owner arrangement is one of several factors which complete the Shoppers Drug Mart concept. Others are: mass merchandising sales techniques; concerned and courteous response to consumer needs; and low prices.

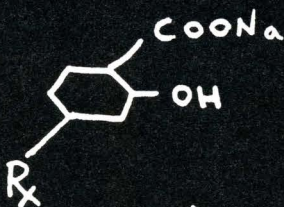

OUR SUCCESS CAN BE YOUR SUCCESS

FACULTY

DIRECTOR'S MESSAGE

It is indeed a privilege to be asked by the yearbook editors, Susan Wark and Celine Guinard, to write a message for the 1984 "Modo Optimum." I am pleased that the Dalhousie Student Pharmacy Society (D.S.P.S.) appears to have made a commitment to publish this yearbook on a regular basis. There has not been an interruption in the publication since 1973.

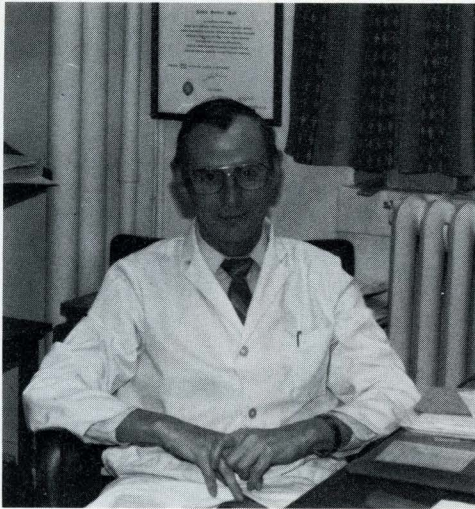

I am writing this message a few days before the Convocation Day for our 1984 graduates. Therefore, my thoughts are with them. Let me congratulate you most sincerely and wish you every success for your future. Please remember that we all have an obligation to serve the profession of pharmacy as well as our society.

This has been a better year for the College than last year when the University declared a situation of financial constraint and the College lost two faculty members in the middle of the academic term. This year we have something more cheerful to talk about. We have graduated our first doctoral student and appointed our first full-time pharmacy administration faculty member. We have initiated our first pharmacy residency programme in New Brunswick. We had an increase in the number of applicants for admission to the College, the first time in the last five years. More important is that the uncertainty created in the year of 1982-83 has not destroyed our spirit, nor has it reduced our commitment to excellence. For this, I am indebted to the dedication and cooperation of my faculty colleagues, staff, students, and Dean Tonks.

I have always been impressed by the diligence of the executives of the D.S.P.S. and this past year is no exception. It is no wonder, therefore, that the D.S.P.S. has always enjoyed the reputation of being one of the most active student organizations on campus. I sincerely hope that the graduates will carry this vitality with them into their future professional life and the returning students will carry on this tradition in the years to come. The provision of excellent educative and social programmes to the students and the faculty by the D.S.P.S. this year, under the leadership of Leanne Jardine, is very much appreciated.

THE PROFESSION OF PHARMACY

is one of the oldest professions in the world, with a long and honourable history of dedication to healing the sick.

Pharmacy, like all professions, has changed immensely over the years and has generated many new skills and disciplines.

Today, Professional Pharmacists may have different skills from their ancestors, and instead of mixing "ad secundum artem" in the dispensary, depend on the integrity and reliability of the manufacturers of the medications dispensed.

Apotex is proud to salute all pharmacists and especially those now entering the profession.

THE POWER TO HEAL

The Wellcome Trust has donated well over one and one half million dollars to medical schools and libraries throughout Canada.

The Wellcome Foundation Ltd., of which we are one of the worldwide constituents, is an organization without parallel in the pharmaceutical industry.

The energies and resources of the Foundation are channeled into the Wellcome Trust, set up exclusively to fund and advance research in medicine and allied sciences. We are proud to say: "Research is our only stockholder."

Our symbol, the unicorn, is linked to the power to heal and cure. The advancement of medicine and the detection, prevention and cure of disease is our high goal, as it is yours.

PRESIDENT'S MESSAGE

This past year was a very successful and rewarding one for the D.S.P.S. Credit for this goes out to the students and staff at the College for it was their continued support and enthusiasm which made all of our projects and events so worthwhile.

Dr. Yung's guidance proved to be invaluable throughout the year. His genuine interest in the students at the College was expressed by the active role which he played in the D.S.P.S. He was always willing to assist in every way possible and I could not have done without his support.

Having Dr. Parker as our faculty advisor was indeed a pleasure. He added a special excitement to the D.S.P.S. council and his input was a great benefit.

We could not have upheld the high level of efficiency without the cooperation of the secretaries in the main office. Thank-you Evie, Jane, Lisa and Brenda for your understanding and "rush jobs." And thanks Liz for your patience and interest and your smile that brightened everyone's day. Finally, congratulations to Susan and Celine for preparing this excellent yearbook.

It was an honor to serve as President for such a vibrant group. You certainly made my job easier and I enjoyed every minute of it.

Best of luck to everyone!
Leanne Jardine

CAPSI

This was a good year for CAPSI, both on the local and national level. National CAPSI Day was held in September when we displayed posters on CAPSI and other pharmacy schools in Canada, distributed CAPSI kits, and of course had our annual button sale (Pharmacists Do It OTC).

The University of Saskatchewan hosted PDW in February. Four students from Dal attended, and we had a fantastic time representing 'the Easterners'!

This year was mainly a year for strengthening ties - which is what CAPSI is all about. Communication with SAPHa (Student American Pharmaceutical Association) and IPSF (International Pharmaceutical Students' Federation) greatly increased. We might even host the first exchange student from Sweden here in Halifax.

We hope that CAPSI at Dalhousie will maintain this effort to build ties with national and international pharmacy student organizations.

Michelle Mezei
Cecilia-Marie Lahey

The Dalhousie Student Union was faced with many difficulties this year, but with the good input from the councillors, many obstacles were overcome. Strong emphasis was placed on promoting the students needs and academic resources available to them, via the University TV program "Ivory Tower." The University has begun to recognize the problems of accessibility for students of low to middle income families. Thanks to persuasive bargaining by the students with Dalhousie, there will only be a 7% increase in fees next year. Last year students faced a 14% hike in fees.

Students from the Health Professions, will be able to enjoy their lounge at the Tupper in the upcoming year.

I hope in the upcoming years the Pharmacy students will get more involved with Student Union activities as the Student Union is only as good as its participants. In conclusion, I would like to wish Roy Cairns the best of luck on next year's Student Council. I also want to thank this year's D.S.P.S. for their support and best wishes for next year's D.S.P.S.

Randy Boudreau

GRAD EXECUTIVE

As President and Secretary of the Graduating Class of 1984 we were mainly responsible for fund raising and planning some events for graduation.

Our main fund raising event was Sociables which were held Friday afternoons. The Sociables were very successful this year. From this money we raised the 1984 grad class gave the College a microwave for the student lounge.

We had a wine and cheese reception for the graduates and their families. Also a champagne brunch for the graduates was held the day after graduation.

We are also responsible for holding class reunions and keeping in touch with classmates over the years.

PUBLIC RELATIONS

In February, Public Relations held a display at Simpsons Mall. The topics covered were Cough and Cold Preparations and Pharmacy Education. Included in the display was a demonstration of compounding skills. The public's response to the display was very encouraging so hopefully this project will be continued in future years.

The workbook on drug awareness for grade four students was completed after three years of preparation. The workbook had a trial run in two schools this year. Hopefully it will have a significant role in elementary health education.

We want to thank everyone who helped with the projects this year and to wish the best to the 84-85 PR committee.

The past year has been a busy one and we hope we have met your social needs! Orientation week, the Halloween party and the Xmas party filled the calendar first term. Special thanks to the 2nd year class for their great Halloween party and to the 1st years for a spirited Xmas party. The New Year started with Pharmacy Week - movies, skating, skit night, Punk Rock night and the Pub Crawl. In March the Pharmacy Ball was held at the Lord Nelson Hotel.

It has been a very worthwhile year for us. We would like to thank all the students for their enthusiasm and support and we wish the best of luck to you new social directors. Have fun!

Diane Bliss
Belinda Lidstone

Fund raising events for the year included: the TV draw, two bake sales, the sale of T-shirts, sweat tops, turtle-neck sweaters, lapel pins and locker rentals.

It has been a prosperous year for the D.S.P.S. At this time we welcome the opportunity to say thank-you to all pharmacy students for their many contributions to fund raising activities. The money we have collected will allow the D.S.P.S. to maintain the high standards we set for our educational and social endeavors. Best Wishes.

Bernie Jessome and Joanne Stackhouse

This year, 1983-84, was another successful year for us in sports. We managed to enter a team in almost every team sport. This year we had two teams represent us in the annual President's Sports Festival. Our best placing was ninth and everyone really enjoyed it. In the team sports we captured eight titles. Most noteworthy was our Women's Volleyball team who has placed first four consecutive years, our watervolleyball team who placed first for two years and our co-ed basketball team who also placed first for two years. Other wins we claimed were in Men's basketball, women's soccer, bowling, and Men's volleyball. The year ended with the Awards Presentation night where we were recognized for our wins. We won the Co-ed Sports Supremacy Award for 1983-84. As well, our deserving Male Sports Rep. Bernie Jessome was named Male Outstanding Sports Person 1983-84. I'd like to congratulate him again. Bernie and I would like to thank all of those people who participated this year and made it a good year for the College. We wish you all the best of luck in the fall.
