DEDICATION

To you, Dr. Yung:

- many thanks for all you've done
- for your continual smile and kind, encouraging words
- for your drive and enthusiasm that have been the heart of so many things at the College
- for the time you've taken for even the littlest of crises
- for your genuine concern and understanding for each and every one of us
- for the outstanding example you've set for us to follow and the pride you've instilled in us for our profession
- for all the things you do for us that are seen and heard and also for the many unseen tasks you perform on our behalf . . .
- for this and so much more, Modo Optimum '81 salutes you!

DIRECTOR'S MESSAGE

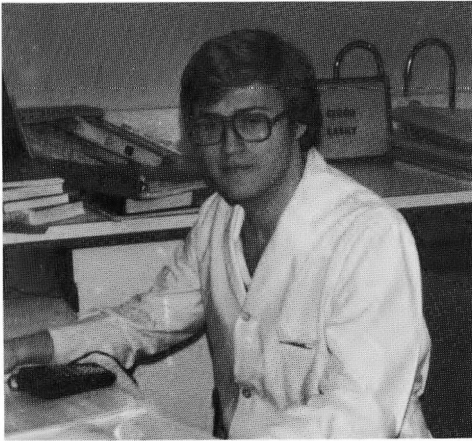

DR. DAVID YUNG

It is a pleasure and a privilege for me to be asked by the editors of the yearbook, Jane Benson and Lori Simpson, to write a message for this publication. Many of you may not be aware that this year marks the tenth anniversary of "Modo Optimum." The yearbook was first published in 1969, the first year we spent in the Burbidge Pharmacy Building. However, publication ceased after the first issue and was not resumed until five years later. Fortunately for all of us, the yearbook has been published annually since 1973.

When one looks through the last nine issues of the yearbook, one cannot help but observe that so many things have changed; for instance, people get older, faculty members come and go, the old parking lot beside the building is gone, the building is a floor taller, etc. However, in my opinion, the excellent leadership provided by the executive of the Dalhousie Student Pharmacy Society, and the active participation of the students in society affairs have not changed. We are fortunate in continuously having fine leaders amongst our students. It is not surprising to see that during the year of 1980, four former graduates and one present student were selected as presidents and vice-president of national organizations such as the Canadian Society of Hospital Pharmacists, the Canadian Association of Pharmacy Students and Interns, the Canadian Pharmaceutical Association, the Canadian Council on Continuing Education in Pharmacy, and the Pharmacy Examining Board of Canada. The excellent public relations programme carried out by the students of the past two years to provide greater visibility for pharmacy practice and education, demonstrates that our students also are leaders in this area. I know of no other groups of Pharmacy students in the country who have done more to promote the profession of pharmacy to the public than the students at Dalhousie. A very sincere congratulation is extended to all of you for your achievements.

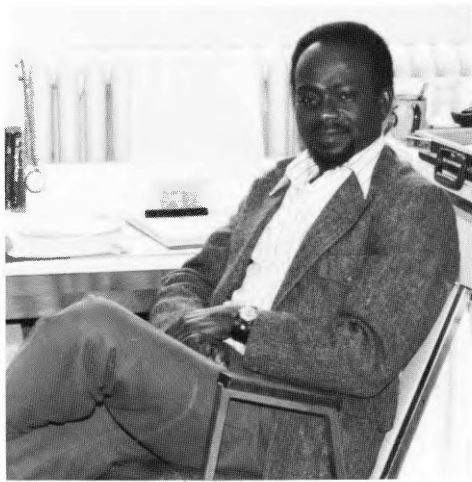

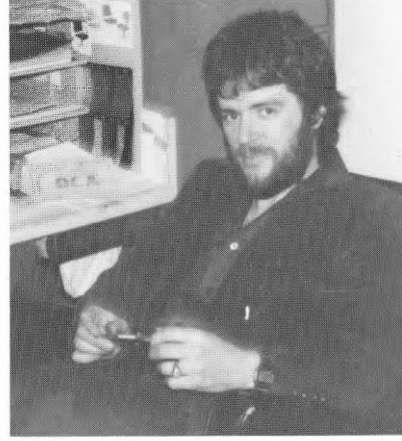

To those fifty students who will soon be graduating, I hope that you will carry the same degree of enthusiasm into your professional lives. Your future and the future of pharmacy are what you are willing to make of them. My faculty colleagues and I wish you good luck and good health, and hope that you will always look to the College as a resource centre and a place where you are always welcome to return for a visit. To the students who are returning in the Fall, have a good and productive summer!

SHOPPERS DRUG MART®

THE GROWING FAMILY OF COMMUNITY DRUG STORES

And every store is owned by a pharmacist

THE ASSOCIATE CONCEPT

There are Shoppers Drug Mart stores in every province of Canada and in several of the United States. Each one is owned by a Pharmacist/Owner, known as the Associate.

This arrangement offers the benefits of both an independent business and a large chain operation. As an owner, the Associate is highly motivated to develop the business potential of his or her store, with the freedom to purchase, hire, and administer. As part of a national

organization, the Associate has the benefits of financial backing, national advertising, bulk purchasing professional store design, management guidelines and staff training.

This Pharmacist/owner arrangement is one of several factors which complete the Shoppers Drug Mart concept. Others are: mass merchandising sales techniques; concerned and courteous response to consumer needs; and low prices.

OUR SUCCESS CAN BE YOUR SUCCESS

THE POWER TO HEAL

The Wellcome Trust has donated well over one and one half million dollars to medical schools and libraries throughout Canada.

The Wellcome Foundation Ltd., of which we are one of the worldwide constituents, is an organization without parallel in the pharmaceutical industry.

The energies and resources of the Foundation are channeled into the Wellcome Trust, set up exclusively to fund and advance research in medicine and allied sciences. We are proud to say: "Research is our only stockholder."

Our symbol, the unicorn, is linked to the power to heal and cure. The advancement of medicine and the detection, prevention and cure of disease is our high goal, as it is yours.

COUNSELLING

PRESIDENT'S MESSAGE

As graduation day nears, my feelings are difficult to describe. On the one hand, I'm excited about graduation and starting work with its new challenges and opportunities but, on the other hand, I realize this also means leaving friends and the familiar college environment. It's only natural that this will be painful. After all, you can't spend all that time in one place with the same people without forming pretty strong attachments.

To the undergraduates, I wish you continued success. You have shown yourselves willing and able to take part in the many different aspects of DSPS activities and I thank you for this. The new DSPS needs this support as well if it is to be successful - it is your active participation that makes the DSPS one of the most respected societies on campus.

Often times, it appears as though the president of the society gets all the glory for the accomplishments of the past year. In truth, it is the DSPS council and you, the students, that are responsible for these accomplishments. This year's DSPS council nearly wore me out with their enthusiasm. I consider it an honour to have had the opportunity to know and work with them.

Being president has had its bad moments, as does

anything, but with a College Director such as Dr. Yung, who is always there to help, and our faculty advisor, Dr. Duff, whose friendly advice steered us in the right direction on many occasions, these times have been remarkably few.

As with any organization, the very existence of the DSPS seemed to depend on how much paper we could generate. For the many rush jobs, the understanding, smiles and occasional jokes, I thank the secretaries - Evie, Annette, Wendy, and Carrie. Without their help, carrying on the present level of DSPS activity would be very difficult. And a special thank you to Liz Foy for being so cheerful and helpful.

To the editors of the *Modo Optimum*, Jane Benson and Lori Simpson, although I'm sure your job must often seem to be a thankless one, thank you! The memories these pages will spark in future years will forever hold me in your debt.

In closing, I'd like to thank you all for making the past three years at the College so memorable. To you, my fellow graduating classmates, I wish you all the best life has to offer. I'll not forget you.

CAPSI REPORT

Well, another year has passed at Dalhousie University's College of Pharmacy, and once again, CAPSI was here. As your CAPSI reps., we were both heavily involved in CAPSI at the national level this year, which carries on the tradition of CAPSI leaders from Dal. While difficulties were experienced in Journal shipments early in the year, this was resolved, and deliveries are more regular now.

1980-81 saw another referendum over whether or not we were to remain per capita membership in CAPSI.

The results showed that the majority of students favored this arrangement, reaffirming our position as the largest CAPSI chapter.

A new year is approaching, and with it, another DSPS. We look forward to another good year and new innovations on the part of CAPSI at the College of Pharmacy.

Wade Kirk, Sr. CAPSI Rep.

Ann Marie Archibald, Jr. CAPSI Rep.

STUDENT UNION REPORT

This year was fairly busy on the Student Council, being involved in SUNS (Students Union of Nova Scotia) and with the Health Plan.

The DSPS is one of the best societies on campus (no, I am not biased) and I hope the good communication between it and the Student Union will keep up, if not get better. Pharmacy students exhibit excellent drive and determination which is what the Student Council needs, and I hope in the upcoming years the Pharmacy students will get a little more involved with Dalhousie Student Union activities.

There are plenty of nonfaculty seats available on the council and many of the committees have non-councillors on them. With the development of the "A" society entertainment policy, the co-sponsorship of events will give the DSPS an opportunity to work with the Student Union and make a little extra money. Full advantage of this policy should be taken.

The Student Union is there for the students and without student input it cannot function. This year there were only three people on the council from lower campus - that's not too many considering all the faculties involved. There was a little more publicity down here during the past years than previously, and with a little more input we can feel as close as if the SUB was beside us.

In closing, I wish Mike Gallagher luck in the next year on the Student Council and I hope he has the support and help from the DSPS members and executive that he needs. I also wish the executive of 1981-82, the best of luck for a successful upcoming year.

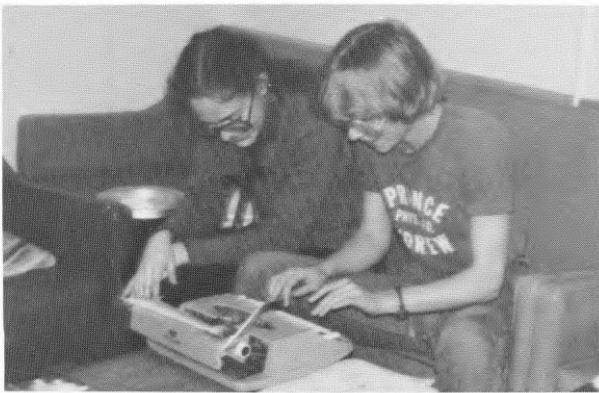

Respectfully yours,

Theresa Reno, Student Council Rep. 1980-81
