Dr. Thomas Raddall,
Liverpool, N. S.

Dear Dr. Raddall:

Can you please tell me where I can obtain two copies of your book "Halifax - Warden Of The North"? I have written to the Book Room in Halifax but not having received a reply within a reasonable length of time I have concluded that they are sold out.

You probably do not know it but about two years ago I wrote a letter which was published in the OTTAWA JOURNAL and the HALIFAX CHRONICLE HERALD in which I advocated that your book be made compulsory reading in High Schools in Canada and possibly first year courses in college. As far as I know my suggestion was not acted upon but I still think it was good.

Sincerely Yours,

Laura J. Strum
