Dear Sir,

Please have me excused for bothering you for your kind autographing of the book and the two special cards I would be very happy to add to my library and my autographs collection as well.

I have read your book with great interest and enjoyed it so much. I read a great deal in my free time and always am very happy in getting some wonderful books autographed by their authors. Have read about your novels in our Toronto Czech paper "New homeland" - Nový domov. Do hope to have time to get acquainted with your other novels especially "The Governor's Lady" and "His Majesty's Yankees".

I started this hobby more than 30 years ago and today I have quite a few books autographed and am always very happy to add some new personalities' autographs to my collection.

There are even Tagore, S. Lagerlöf, S. Albert Schweitzer, Axel Munthe, W. Somerset Maugham, Georges Duhamel, A. Malraux, A. Maurois, Jules Romains, Isak Dinesen, John Günther, Emil Ludwig, Upton Sinclair, Gerhard Hauptmann etc etc.

Please find enclosed 15¢ for postage and 2 special cards.

Do hope I do not waste too much of your precious time. Accept please my most sincere thanks and my best wishes for God's blessings in your literary activity.

Respectfully yours  
Rev. A. Stanislas  
U. Ch. Minister.
