My dear Sir

I return you thanks for having so obligingly sent me Bin, and Mr Maxwell's Essay. I have this day written to Mr. Spruce to receive the Amount for Bin - I hope you enjoy your health at Calcutta, and that you are employing yourself in some way that will turn out to your Advantage -

I wish much to obtain a Model of the Engine for driving piles, if you could oblige me by having one made after that in your possession I should be highly gratified, and shall in addition to paying the Expense incurred, have much pleasure in sending you round anything you may require from the Court.

Your old friend Andrew Ross is in good health and as busy as ever, he is a proper man in these times to circulate news, and I believe he has full employ in that way.

I shall return you the Essay on

on time by some future opportunity.

If I can be of any Service to You  
here I request that you will not hesitate  
freely to command me, I shall have much  
satisfaction in Executing any Commission you  
may require.
