**Date:** 19 June, 1995

**Subject:** World Commission, etc.

Dearest Ronald,

I have just sent the attached fax to Alicia. Is she there? Could you help to get this thing going? It is so important. We are way behind in Costa Rica, and we have to catch up!

Whatever you can do to help will be most fervently appreciated.

Much love,

*Elisabeth*

FACSIMILE TRANSMISSION

To: Dr. Ronald Leger  
FAX No: 506 255 2197

From: Elisabeth Mann Borgese  
FAX No.: 1 902 868 2455

Date: 23 June, 1995

Subject: Hearings, PIM XXIII

Dearest Ronald,

Thanks for your fax of June 21.

I do think it would be useful if you could meet with Alejandro as soon as possible and assure him of Earth's Council's interest in the hearings.

You remember that also the Deputy Minister for the Environment, whom you and I visited, showed great interest and might support the project.

Hearings have already been held in China, and all our other Centres have made all preparations and schedules. So it would be wonderful if we could get things organised in Costa Rica as well. I would say, for the Caribbean and Central America.

The World Commission now has a Brazilian Vice Chairman, and he will be in charge of organising the hearings in South America.

When you talk to <sup>ALEJANDRO</sup> him, it would also be useful to touch on PIM XXIII. I have not yet received the brochure which was supposed to go out as first mailing, and I have no idea of what papers have been commissioned. I would be so grateful if he could send me the brochure and a list of speakers/papers that they have lined up. I am keeping him informed about everything I am doing from here, but I hear nothing from there, and we do have to coordinate better. The time is getting short!

Thanks for everything. Much love,

*Elisabeth*
