Dear Elisabeth,

As requested in your letter to Gary Vernon, I will advise you before the end of April of ICOD selected participants in the IOI summer course. As noted previously, these candidates will be selected from ICOD-sponsored projects which are presently being established. Also, it will be helpful for budgetary reasons to receive your itemized breakdown of costs associated with course attendance as soon as possible.

All the best in the New Year.

Yours sincerely,

Dear Mrs. Mann Borgese,

Re: ICOD-sponsored participants in IOI Summer Course

Please be advised that the following candidates have been selected by ICOD in accordance with the Centre's regional Technical Assistance focus:

1. Mr. Terrence Phillips of Guyana
2. Mr. Noah Idechong of the Republic of Palau
3. Mr. Idrissa Bodian of Senegal
4. ~~Ms. Lalitha Bandaranayake of Sri Lanka~~

I would request that a copy of Mr. Idechong's and Ms. Bandaranayake's application be forwarded to ICOD when received. ICOD will write each participant with respect to the Centre's sponsorship, but assumes that IOI will notify the candidates of their acceptance into the course.

ICOD will forward, directly to IOI, the total cost of tuition fees (\$7,500 per student) for the above participants. I understand that IOI is prepared to make travel arrangements but, as you are aware, ICOD is not authorized to grant IOI bursaries in excess of \$10,000 per participant. Should an individual's travel expenses exceed \$2,500, it would be necessary that the balance of these expenses be absorbed by the nominating agency or by the individual. ICOD will require individual invoices for both travel and tuition expenses.

.../2

Page 2.

I hope the above arrangements are acceptable to IOI.
If you have any questions, please do not hesitate to
call me. Thank you for your cooperation on this project.

Yours sincerely,

Dear Sir,

I have recently received a copy of your letter of recommendation concerning Mr. Thomas Sherman's application for an International Centre for Ocean Development scholarship. Professor Borgese has previously forwarded the applicant's curriculum vitae which I have retained on file.

ICOD is presently forwarding information on the scholarship programme to eligible governments; for your reference, I have enclosed a copy of the letter sent to the Liberian Ministry of Foreign Affairs.

As I believe you are aware, successful scholarship candidates will be in a position to enroll at Canadian universities for September, 1987. I expect that the Scholarship Selection Committee will meet in mid-January, 1987 and awards will be announced shortly thereafter.

I have enclosed the scholarship brochure and included application documents. I would request that the documents be forwarded to Mr. Sherman for completion. Given your letter of recommendation, it will not be necessary to complete the nomination form; however, two academic references should accompany the formal application. I appreciate that the time frame for application is rather tight but expect ICOD to be somewhat lenient in the first year of the programme.

On reviewing Mr. Sherman's file I consider him to be a very promising candidate and look forward to receiving the remaining application documents. Thank you for your interest in the programme.

Subject: ICOD Awards, IOI Summer Course in Halifax, Nova Scotia

Dear Elisabeth,

In connection with ICOD awards, I have recently been requested to forward information on the IOI summer programme (i.e. course programme outline and applications) to the organization indicated below. As a general policy, in such cases I will follow the practice of directing such requests to the IOI.

Notices on the availability of ICOD awards for participation in the IOI course have been sent to governments, primarily in the South Pacific and in the Caribbean regions, as these are areas where ICOD has established Technical Assistance projects. When I receive an indication of interest for an ICOD award, I will forward ICOD's nomination form which will form the basis of selecting award recipients.

Once successful candidates are selected, I will advise you of our list of recipients and request that IOI forward application information directly to those individuals. I would anticipate that our selection would be made by the end of February which will give you adequate time to determine the admissibility of each participant.

I trust that this arrangement will be acceptable to you. Should you have other comments please feel free to contact me.

Yours sincerely,

Thank you for your letter dated February 15, 1987 requesting information on the availability of International Centre for Ocean Development (ICOD) scholarships granted for participation in the International Ocean Institute (IOI) summer training programme. I will forward your C.V. to IOI for information purposes.

As you can appreciate, it is not possible for ICOD to support course participants from developed countries. ICOD scholarships are reserved for developing country students. For information purposes, I have enclosed information on the IOI programme. I am aware that the IOI has other sources of scholarship funds, though I cannot comment on the eligibility criteria.

be ample opportunities (at opening/closing) to acknowledge ICOD's

I hope you received my letter of September 01 in which I enclosed your IOI Certificate.

We have been requested by the International Centre for Ocean Development (ICOD) to send a copy to them.

I hope this note finds you well and I do look forward to hearing from you.

Dear Elisabeth,

Thank you for your note of 5 November 1987 outlining various IOI training activities over the next year.

As you are aware, the Class B, EEZ (Halifax) course received ICOD Board approval for five years, two of which have been utilized. ICOD support for participants attending the 1987 EEZ course conducted in Tanzania received approval under Presidential authority which would again be required should there be interest indicated by ICOD contacts in the Indian Ocean region. I will bring to the Director's attention the possibility of a francophone African course.

Thank you for the information.

Best wishes.

Yours sincerely,

From: Elisabeth Mann Borgese
Subject: IOI Training Programmes 1988.

Dear Carol:

I was waiting for the new posters to arrive from Malta, but since they are not yet here, I'll give you a fairly accurate picture anyway:

Our schedule for next year looks as follows:

Class A, Ocean Mining

This has been considerably updated and brought in line with the work of the Preparatory Commission. There will be three five-week programmes, utilizing the Group of Experts of the Prep.Com.

Cartagena, Colombia, February/March, 1988. Director: K. Saigal.

Senegal: Autumn, 1988. Director: Baidy Dien, Senegal

India: Autumn, 1988. Director: K. Saigal.

Class B: EEZ

Dalhousie University: 13 June - 19 August 1988. Director: S.P. Jagota.

Class C: Regional Development and Cooperation

Malaysia, Autumn 1988. Director: I am going to ask Ambassador Pinto, but I don't know whether he can get away for that long.

Class D: One week, WMU, Malmö. Director: Judge Jens Evensen.

There may be a C2 in the Mediterranean, but it is not yet sure. The Director would be Aldo Chircop who will be Academic Director of the IOI by that time.

The courses of special interest to ICOD would be

Class B, Dalhousie

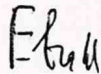

Class C, Malaysia (Indian Ocean).

Perhaps you might also be interested in the course in Francophone Africa. This will be in French language.

We are looking forward to your usual generous cooperation.

With all good wishes,

Yours sincerely,

Elisabeth Mann Borgese
Chairman

Elisabeth,

As you know, accounts
& report are not ready,

Maybe you know how to get
us out of this one!

Will dig up the application & mail
them direct. But I have a
feeling I've done this already
months ago.

Lucy.

Dear Mr. Tenga:

Thank you for your nice letter of 23 April, just received.

I have forwarded it to the ICOD staff, with my warmest recommendations, and I hope you will hear from them in the near future. If you don't -- do let me know.

I am glad the course in Arusha was useful. I very much enjoyed the week with you and only wish I could have stayed longer.

Quite unexpectedly, I shall be back in Nairobi next month. Actually, I might take a little side trip to Dar, if that were useful. You might mention it to Dr. Mahalu, if you see him.

With all good wishes,

Yours cordially,

Dear Elisabeth,

Thank you for your notes of May 6 and 8, 1987, concerning Mr. N. Macalincag-Lagua's enquiry on the Marine Affairs Programme. I will forward pertinent information to the Dalhousie coordinators for follow-up. You will recall, however, that the Phillipines is not an area of ICOD concentration.

I will proceed in the same way for Mr. Tenga of Tanzania but will acknowledge his letter as it is addressed to ICOD and enclosed relevant forms.

Thank you for forwarding the 1987 Course Report on the IOI Summer Training Programme.

I should advise you that, in future, Evelyne Meltzer will be responsible for this ICOD project. Further correspondence related to the project should therefore be directed to Evelyne.

As you note, 1988 will be a very busy year for IOI. I trust these activities will be most successful.
