Dear Raddall:

When it was suggested at a recent meeting of the Executive of the Lunenburg County Teachers' Institute, of which I have the honour of being president for the year, that we endeavour to have you come and speak to the Institute here on the afternoon of Friday, November first, I said at once that an ordinary night letter from the secretary wasn't enough. I wanted to add my special appeal to you to come to Mahone Bay for that afternoon. I have even hinted to my High School that, if you consented to come, they might be able to sneak in by disguising themselves as teachers, and they are living in anticipation. You see, I have been talking to them.

Will you think it over carefully and try to cull out a little time from your busy life to come and talk to us on your own topic that afternoon from 2.00 to 3.00. And will you please let me know as soon as possible so that we may get our programmes out. But try to make it, as we are all looking forward to hearing you.

With kindest personal regards,

Sincerely yours,
