Dear Sir,

My wife & I were fortunate enough to receive a copy of "Rager Sudden" for Christmas. It was one of our most hoped-for gifts & will be prized & re-read for many years to come.

For both of us, away from our native province, its pages were most enjoyable. It was easy to follow your descriptions as we both know Halifax well & the country about it, too. It helped fill a spot in our memories as we were unable to travel home for the holidays. So, thank you for a readable, informative novel.

yours sincerely,
Edmundsworth W.D.
