Dear Mr Raddall:

Just a line to tell you I heard your interview on the radio last night. I was driving along with my employer when ~~the~~ he turned the radio on I said, "That is a Canadian station as that is a familiar voice. He laughed at me! It wasn't long before I found out who it was and I was quite excited. We heard the whole thing very clearly and I did enjoy it so much.

Just thought I would drop you a line and tell you.

I brought "The Governor's Lady" down with me. One of my neighbors enjoyed it so much she asked me to bring back some more of your books if I had room. I brought the Nymph & The Lamp.

Please excuse the mistakes as  
I am writing in haste - but I  
did want to tell you how thrilled  
I was to hear some one from home.

Sincerely

Margaret Moses
